# Terms of Reference

County Durham
Care Partnership

- Support joint working arrangements across the County Durham Care Partnership and sits alongside the following Partnership Boards:
  - Acute Care Partnership Board
  - Mental Health and Learning Disabilities Partnership Board
  - Primary, Community and Social Care Partnership Board

- **Strategic priorities** identified by the CYPFPB are:
  - Growing up in County Durham
  - Integration
  - Best Start in Life
  - Early help and prevention
  - Supporting young people into adulthood (14-25)

# Progress of Strategic Priorities

County Durham Care Partnership

## Growing up in County Durham

- Rapid review on impacts of Covid-19 on Children and Young People informed work of group
  - Review found that Covid-19 is exacerbating and creating new inequalities
- Working across all priorities to provide a population health management perspective
- The Growing up in County Durham approach is using SEND as a pilot theme to utilise integrated data, understand service performance and 3/4/5-year trends
- Statistical work of the group has been included in a regional bid for Children and Young People's Wellbeing funding which was successful.

# Progress of Strategic Priorities

County Durham Care Partnership

## Integration

- Develop a vision for integration across services for children and young people
- Engagement – co-production journey with children, young people and families
- 0-6 system redesign workshop
- Development of multiagency respiratory pathway

## Best Start in Life

- Health Impact Assessment on inequalities to inform CYPS

# Progress of Strategic Priorities

County Durham Care Partnership

## Early help and prevention

- Completed self assessment to identify key priorities to progress
- Dedicated early help telephone number
- Additional priorities for unborn children and babies under one year old included in action plan

## Supporting young people into adulthood (14-25)

- Development of 14-25 Navigation Team
- Supporting the work through TEWV - development of the community mental health framework focusing on young people and transition
- Development of Adolescent Safeguarding & Exploitation Team (ASSET)

# Cross cutting priorities

County Durham
Care Partnership

- Think Family
- Co-production – ensuring we listen to the voice of the child/ family
- Empowerment
- Early intervention / signposting
- Support for people who need it the most
- Seamless
- Workforce
- Resources

# Example of Service Change: Continuity of Carer - Maternity

County Durham Care Partnership

- Current model of maternity care in County Durham is traditional with acute/community split
- 4500 deliveries a year and 6000 community bookings
- Across the system recognition that number of health outcomes could be improved such as smoking at time of delivery
- Aim to support women and partners to have the experience that they want - personalised care
- Continuity of care means women will have the same very small group of midwives who care for them from booking in appointment, birth and the post natal period
- Improved outcomes for women and babies

# Children and Young People's Strategy 2022-25

County Durham
Care Partnership

- Joint Health and Wellbeing Strategy 2021-25 – Agreed at HWB March 2021
- County Durham Place Based Commissioning Plan 2020-25
  - Support integration within County Durham
- Five new priority themes of CYPFPB as the focus of the CYPS
  - Growing up in County Durham
  - Integration
  - Best Start in Life
  - Prevention and Early Help
  - Supporting Young People into Adulthood (14-25)
- Alignment of CYPS to Vision 2035
- Each section will reflect existing performance management arrangements
- New CYPS developed in 2022

# CYPS Timeline

County Durham
Care Partnership

- Joint Health and Wellbeing Strategy – Agreement at HWB March 2021
- Consult with CYPFPB for initial feedback as part of Development session – October 2021
- Develop draft strategy with CYPFPB and sub groups – October – December 2021
- Agree draft strategy for wider consultation – CYPFPB December 2021
- Wider public consultation (including CYPS O&S and young people/families) – January/February 2022
- Agree CYPS – CYPFPB April 2022
