Dear Cllr Bell

Consultation – Wildlife and Countryside Act 1981 Proposed Amendment to the Definitive Map of Public Rights of Way at West View, Barnard Castle (Ref:6/03/023)

A formal user evidence based Definitive Map Modification Order application was received by us in 2005 requesting that an unregistered path, that leads from Gray Lane North through two plots of land, one being ecclesiastical in nature, to an adopted highway traversing St Marys Church Yard ***(Map 1)***, be added to the Definitive Map.

Due to the ecclesiastical nature of one of the plots of land, a Public Right of Way cannot arise by presumed dedication. Therefore, the application route would lead from Gray Lane North through one plot of land and terminate at the boundary wall of St Marys Church Yard ***(Map 2)***.

Under provisions of the Wildlife and Countryside Act 1981 the Council has a duty to keep the Definitive Map and Statement under continuous review and make appropriate modifications by order.

A consultation was previously carried out in 2008? and a Highways Committee report drafted, however, for reasons unknown the claim did not progress any further. Due to the length of time that has elapsed an additional consultation is required. Therefore, I am currently seeking the views of the Parish/Town Council, Local Councillors, landowners, and user groups and organisations and will be pleased to include any comments you may wish to offer regarding the DMMO application to the Highways Committee. A draft report will be composed and will incorporate representations received by those in receipt of this consultation.

It is likely that the Highways Committee will not review the application mentioned above until November or December of 2021. However, it would be appreciated if you could submit your representations within 30 days of receipt of this correspondence or inform me if you would like more time to consider this matter.

Please note that any representations made, by virtue of the Local Government (Access to Information) Act 1985, the County Council must make them publicly available when a report on this application is considered by the Committee.

Cont.

If you have any queries or wish to discuss the matter, please do not hesitate to contact me.

Your Sincerely
Josephine Upchurch
