Dear Sir/Madam,

I am writing to you to STRONGLY OBJECT to the proposal of CROOK CRICKET CLUB applying for licences to allow;

NEW YEARS EVE 11.00-23.59hrs, NEW YEARS DAY 00.00-23.00hrs.

I am objecting on the grounds of all the problems residents of properties along Dawson Street endured when this was approved for the previous CROOK CRICKET CLUB COMMITTEE when Durham County Council saw sense and rejected the licenses due to:

VANDALISM OF CARS AND PROPERTY ALONG DAWSON STREET  
ABBUSE TO OCCUPENTS OF DAWSON STREET and ATTENDIES BY PEOPLE ATTENDING THESE EVENTS  
NOISE WHEN PARTY GOERS LEAVE LATE AT NIGHT CAUSING DISTURBANCES TO RESIDENTS  
CONGESTION OF PARKING ALONG DAWSON STREET which is already a problem and allowing these license will only make matters much worse than they already are.  
MORE UNNESSARY WORK FOR CROOK AND DISTRICT POLICE FORCES

I Honestly and Truly hope DURHAM COUNTY COUNCIL see sense and disapprove of the events CROOK CRICKET CLUB have applied for and STRONGLY reject any license to allow these events to go ahead.

Yours Sincerelv

## **APPENDIX 4 - STATEMENT OF LICENSING POLICY**

## **DURHAM COUNTY COUNCIL STATEMENT OF LICENSING POLICY**

### **7.0 The Prevention of Crime and Disorder**

7.1 Licensed premises, especially those offering late night / early morning entertainment, alcohol and refreshment may sometimes, if not properly managed, become a source of public nuisance, generating crime and disorder problems.

7.2 As a matter of policy, the Licensing Authority will require every holder of a premises licence, club premises certificate or temporary event notice to be responsible for minimising the impact of crime, disorder and anti-social behaviour by their patrons both on and within the immediate vicinity of their premises, including for example on the pavement, in a beer garden or in a smoking shelter.

7.3 The Licensing Authority recommends that all applicants demonstrate in their Operating Schedules that suitable and sufficient measures, ranging from the design and layout of the premises through to the daily operation of the business have been identified and will be implemented and maintained with the intention of preventing crime and disorder. Procedures to deal with drunken customers, violence and anti social behaviour in and outside premises and the provision of closed circuit 14 television in certain premises should be considered by applicants, licensees and event organisers when addressing this issue.

7.4 The Licensing Authority encourages Personal Licence holders to actively participate in established "Pubwatch" schemes, where issues relating to crime and disorder can be addressed. The Licensing Authority support involvement in "Best Bar None" initiative which enables premises to demonstrate good safe operating procedures. Such schemes have been very successful in reducing the negative impact of alcohol across a range of circumstances.

7.5 The Licensing Authority recognises and promotes effective and responsible management of all licensed and authorised premises through competent and efficient and regular instruction, recorded training, supervision of staff and the adoption of good practice, such as 'Challenge 25'. These are considered to be among the most important control measures for the achievement of all Licensing Objectives. The Licensing Authority will take a positive view of anyone who invests in appropriate training, and in particular nationally accredited qualifications tailored to the Licensing sector. Training records should be kept available for inspection by all enforcement agencies.

7.6 The application for premises licence must identify a Designated Premises Supervisor (DPS) who must also hold a Personal Licence. The DPS does not have to be present on the premises at all times when alcohol is being sold. However, the DPS and Premises Licence Holder remain responsible for the premises at all times. It is important that there is an accountable, responsible person present when alcohol is being sold or supplied to ensure, for example, that alcohol is not sold to persons who have had too much to drink, or to those under the age of 18 years.

7.7 Someone should always be present on premises or at an event during times when licensable activities are taking place who can discuss any problems or

issues arising from the licensable activities offered on the premises with officers from Licensing Authority and Police. The Licensing Authority considers it to be good practice if the DPS or Premises Licence Holder is present in the licensed area of the premises:

- Between 22:00 hours and closing time, when the premises is one that regularly opens after midnight for both regulated entertainment and the sale or supply of alcohol for consumption on the premises.
- At all times when the premises is a "vertical drinking establishment" where little or no seating is provided.
- At times where there is a substantial increase in customers i.e. for televised major sporting events etc.

7.8 The Licensing Authority will only impose a maximum number of people that can attend premises or an event where there is a clear and justifiable need in respect of that particular premises or event. Any such decision will be based on the nature and style of the operation. The Licensing Authority will consider information provided by the applicant and any other body, in particular the Council's Building Control Section, Environmental Health Section and the Durham and Darlington Fire and Rescue Service before setting a maximum number. Applicants will be expected to detail the arrangements that would be put in place e.g. provision of door staff to ensure that the permitted number of people attending the premises or event will not be exceeded.

7.9 Whenever security operatives/door supervisors are employed at licensed premises to carry out security functions they must be licensed by the Security Industry Authority (SIA). If a licensee directly employs security operatives they will need to be licensed by the SIA as a supervisor/manager.

7.10 The numbers of licensed door supervisors, both male and female, required at any premises will be dependent upon the nature of the activities licensed and the characteristics and capacity of the establishment and hours of trading.

7.11 In addition to the requirement of the Licensing Authority to promote the Licensing Objectives, the Council also has a duty under Section 17 of the Crime and Disorder Act 1998 to do all it reasonably can do to prevent crime and disorder in its area and to consider crime and disorder in its decision making process.

7.12 Toughened/Safety Glass Policy: Licensed venues that provide the sale or supply of alcohol for consumption on the premises should consider the introduction of toughened/safety glass. This policy expectation applies to those premises that would be considered as carrying a higher risk for potential crime and disorder. In particular it is expected in premises considered to be high volume vertical drinking establishments and those premises open beyond midnight in areas where there is a high concentration of venues (but not premises in those areas that are viewed as low risk in this context).

7.13 Drugs/Knives/Weapons: The Licensing Authority will expect licensees to take all reasonable steps to prevent the presence of drugs on licensed premises and to take appropriate steps to prevent drugs changing hands within the

premises in order to prevent tragedies as a result of drug misuse. The Licensing Authority will expect licensees to be familiar with the Home Office Drug Strategy booklet entitled Safer Clubbing (ISBN 1840827807) or other subsequent editions. The Licensing Authority also expects that licence holders will also take steps to prevent the presence of knives and other weapons on their premises and that a log be kept of all drug, knife and weapon incidents. Licence holders should also consider arranging training for their staff on drugs, knives and weapons and to have policies for dealing with the possession of drugs, knives and weapons and the supply of drugs.

## **9.0 Prevention of Public Nuisance**

9.1 Licensed premises, especially those operating late at night and in the early hours of the morning, can cause a range of nuisances impacting on people living, working or sleeping in the vicinity of the premises.

9.2 The concerns relate, amongst other things, to litter, light pollution, noxious odours and noise nuisance resulting from music, human voices, ventilation equipment and vehicles. The Licensing Authority will expect applicants to demonstrate that suitable and sufficient measures have been identified, and will be implemented and maintained, with the intention of preventing public nuisance relevant to the individual style, location and characteristics of the premises and events.

9.3 If an external structure or area is to be used by customers, whether for consumption of alcohol or for smoking, the applicant will be expected to offer measures designed to minimise its impact on local residents in respect of both public nuisance and crime and disorder. These measures may include a restriction on hours that areas / structures will be used, appropriate signage requesting customers to consider local residents and monitoring of such areas by staff.

9.4 The placement of tables and chairs outside of licensed premises may give rise to public nuisance including noise and litter. When tables and chairs are situated on the public highway relevant consents will often be required. Enquiries for such consents should be made to the Council's Highway's Section of the Regeneration and Economic Development Department. In predominantly commercial areas such as shopping centres the Licensing Authority, the use of tables and chairs outside may be allowed however, the Council will normally expect them to be removed before the premises close, and any resulting litter/ debris cleared away.

9.5 Applicants should give consideration to reducing potential noise nuisance by, for example (this list is not exhaustive):

- Assessment of likely noise levels in the premises.
- Assessment of likely noise levels if outdoor drinking is allowed.
- The sound insulation the building would provide (e.g. double glazing, double doors / lobbies to entrances, windows used for ventilation).
- The distance and direction to the nearest noise sensitive premises.
- Likely noise sources outside of the premises (e.g. emptying bottle bins, taxis, unruly customers leaving the premises).

- Dispersal of patrons – where necessary the Licensing Authority will expect a dispersal policy for patrons at the end of the evening. The policy will specify such issues as alterations to the style and volume of music played, public address announcements and use of appropriate signage at exits.
- Ways to limit noise / disorder from patrons leaving the premises.

9.6 The extent to which the above matters will need to be addressed will be dependent on the nature of the area where the premises are situated, the type of premises concerned, the licensable activities to be provided, operational procedures and the needs of the local community.

9.7 Applicants are advised to seek advice from Durham County Councils Environmental Health Team and incorporate any recommendations in their Operating Schedule before submitting their applications.

9.8 Takeaways and fast-food outlets: The Licensing Authority expects takeaways and late night refreshment premises to take reasonable steps in clearing litter from outside their premises and along the pavement in either direction as necessary, whilst the premises are open and at the end of the working day. These premises should maintain clean, dirt or grease free frontages. Such premises should also provide notices displayed advising customers of the location of bins and patrons should use the bins any provided.

**Appendix B. Framework Licensing Hours - recommended hours for the operation of licensable activities (the sale of alcohol and the provision of late night refreshment) for categories of licensed premises situated within the County of Durham.**

## APPENDIX 5 - S.182 GUIDANCE

## **S182 GUIDANCE – CRIME AND DISORDER**

2.1 Licensing authorities should look to the police as the main source of advice on crime and disorder. They should also seek to involve the local Community Safety Partnership (CSP).

2.2 In the exercise of their functions, licensing authorities should seek to co-operate with the Security Industry Authority (“SIA”) as far as possible and consider adding relevant conditions to licences where appropriate. The SIA also plays an important role in preventing crime and disorder by ensuring that door supervisors are properly licensed and, in partnership with police and other agencies, that security companies are not being used as fronts for serious and organised criminal activity. This may include making specific enquiries or visiting premises through intelligence led operations in conjunction with the police, local authorities and other partner agencies. Similarly, the provision of requirements for door supervision may be appropriate to ensure that people who are drunk, drug dealers or people carrying firearms do not enter the premises and ensuring that the police are kept informed.

2.3 Conditions should be targeted on deterrence and preventing crime and disorder. For example, where there is good reason to suppose that disorder may take place, the presence of closed-circuit television (CCTV) cameras both inside and immediately outside the premises can actively deter disorder, nuisance, anti-social behaviour and crime generally. Some licence holders may wish to have cameras on their premises for the prevention of crime directed against the business itself, its staff, or its customers. But any condition may require a broader approach, and it may be appropriate to ensure that the precise location of cameras is set out on plans to ensure that certain areas are properly covered and there is no subsequent dispute over the terms of the condition.

2.4 The inclusion of radio links and ring-round phone systems should be considered an appropriate condition for public houses, bars and nightclubs operating in city and town centre leisure areas with a high density of licensed premises. These systems allow managers of licensed premises to communicate instantly with the police and facilitate a rapid response to any disorder which may be endangering the customers and staff on the premises.

2.5 Conditions relating to the management competency of designated premises supervisors should not normally be attached to premises licences. It will normally be the responsibility of the premises licence holder as an employer, and not the licensing authority, to ensure that the managers appointed at the premises are competent and appropriately trained. The designated premises supervisor is the key person who will usually be responsible for the day to day management of the premises by the premises licence holder, including the prevention of disorder. A condition of this kind may only be justified as appropriate in rare circumstances where it can be demonstrated that, in the circumstances associated with particular premises, poor management competency could give rise to issues of crime and disorder and public safety.

## **S182 GUIDANCE – PUBLIC NUISANCE**

2.14 The 2003 Act enables licensing authorities and responsible authorities, through representations, to consider what constitutes public nuisance and what is appropriate to prevent it in terms of conditions attached to specific premises licences and club premises certificates. It is therefore important that in considering the promotion of this licensing objective, licensing authorities and responsible authorities focus on the effect of the licensable activities at the specific premises on persons living and working (including those carrying on business) in the area around the premises which may be disproportionate and unreasonable. The issues will mainly concern noise nuisance, light pollution, noxious smells and litter.

2.15 Public nuisance is given a statutory meaning in many pieces of legislation. It is however not narrowly defined in the 2003 Act and retains its broad common law meaning. It may include in appropriate circumstances the reduction of the living and working amenity and environment of other persons living and working in the area of the licensed premises. Public nuisance may also arise as a result of the adverse effects of artificial light, dust, odour and insects or where its effect is prejudicial to health.

2.16 Conditions relating to noise nuisance will usually concern steps appropriate to control the levels of noise emanating from premises. This might be achieved by a simple measure such as ensuring that doors and windows are kept closed after a particular time, or persons are not permitted in garden areas of the premises after a certain time. More sophisticated measures like the installation of acoustic curtains or rubber speaker mounts to mitigate sound escape from the premises may be appropriate. However, conditions in relation to live or recorded music may not be enforceable in circumstances where the entertainment activity itself is not licensable (see chapter 15). Any conditions appropriate to promote the prevention of public nuisance should be tailored to the type, nature and characteristics of the specific premises and its licensable activities. Licensing authorities should avoid inappropriate or disproportionate measures that could deter events that are valuable to the community, such as live music. Noise limiters, for example, are expensive to purchase and install and are likely to be a considerable burden for smaller venues.

2.17 As with all conditions, those relating to noise nuisance may not be appropriate in certain circumstances where provisions in other legislation adequately protect those living in the area of the premises. But as stated earlier in this Guidance, the approach of licensing authorities and responsible authorities should be one of prevention and when their powers are engaged, licensing authorities should be aware of the fact that other legislation may not adequately cover concerns raised in relevant representations and additional conditions may be appropriate.

2.18 Where applications have given rise to representations, any appropriate conditions should normally focus on the most sensitive periods. For example, the most sensitive period for people being disturbed by unreasonably loud music is at night and into the early morning when residents in adjacent properties may be attempting to go to sleep or are sleeping. This is why there is still a need for a licence for performances of live music between 11 pm and 8 am. In certain circumstances, conditions relating to noise emanating from the premises may also be appropriate to address any disturbance anticipated as customers enter and leave.

2.19 Measures to control light pollution will also require careful thought. Bright lighting outside premises which is considered appropriate to prevent crime and disorder may itself give rise to light pollution for some neighbours. Applicants, licensing authorities and responsible authorities will need to balance these issues.

2.20 Beyond the immediate area surrounding the premises, these are matters for the personal responsibility of individuals under the law. An individual who engages in anti-social behaviour is accountable in their own right. However, it would be perfectly reasonable for a licensing authority to impose a condition, following relevant representations, that requires the licence holder or club to place signs at the exits from the building encouraging patrons to be quiet until they leave the area, or that, if they wish to smoke, to do so at designated places on the premises instead of outside, and to respect the rights of people living nearby to a peaceful night.

GROUNDS FOR REVIEW

1. We are seeking a review of the Premises Licence for Deneburn Stores, 20 Deneburn Terrace, Consett, County Durham as we believe it is an appropriate course of action to address concerns relating to the prevention of crime and disorder objective of the Licencing Act, 2003.
2. The holder of the Premises Licence and the DPS (Designated Premises Supervisor) is Mr Gopilrajh Sundarlingham. Mr Sundarlingham holds a personal licence issued to him by \_\_\_\_\_ in \_\_\_\_\_.
3. We are going to present evidence to the committee that shows that this premise exposed for Sale Vodka to which a False Trade Mark had been applied, contrary to section 92(1)(a) of the Trade Marks Act, 1994
4. In particular, on 11<sup>th</sup> February 2016, Durham County Council Trading Standards received intelligence from Durham Constabulary that Deneburn Stores had been named as the source of alcohol sold to a young people under the age of eighteen.
5. In the afternoon of 11<sup>th</sup> February, 2016, Graham Blount a Senior Trading Standards Officer and PCSO Michelle Williamson entered the store to discuss the matter with the premises licence holder, during the discussion Mr Blount noticed several 70Cl bottles of Glens vodka with a label that was no longer in use. He inspected the bottles and saw that the duty paid stamp did not fluoresce under Ultraviolet light suggesting the product was not genuine.
6. Follow up enquiries made by Mr. Blount revealed that the bottles on sale had been produced for export outside the European Union and at manufacture did not have a rear label with a UK Duty Stamp applied. At some stage of the export process the bottles had been diverted and a fake UK Duty Stamp Applied to a counterfeit rear label.
7. The Premises Licence Holder Mr. Gopilrajh Sundarlingham was interviewed under caution by Mr. Blount and DC Dean Haythornthwaite of Durham Constabulary on 4<sup>th</sup> March 2016, during the interview Mr. Sundarlingham produced all the invoices for the business from his taking the business over June 2015 to the date of the interview.
8. Examination of the invoices show that the premises purchased one or two cases of 70Cl bottles (six bottles in each case) of Glens Vodka every two weeks, up to the end of October 2015, then nothing was purchased again until 10<sup>th</sup> February, 2016 (the date before the visit but Trading Standards). When asked to explain this Mr Sundarlingham stated he had some invoices but they were at his accountants.
9. The single invoice supplied on the 13<sup>th</sup> April 2016, dated 8<sup>th</sup> January 2016 from a cash and carry in Croydon showed only the purchase of 2 cases of

Glens Vodka 70cl. A total of 12 bottles. All the other invoices provided were from local cash and carry's. Analysis of the invoices shows that the business went for 9 weeks without purchasing a single 70cl bottle of Glens Vodka. Strange in itself but more so in that the period covers Christmas and New Year.

10. In my experience a shop this size would continue to sell the same amount, if not more, during the run up to Christmas and New Year. The lack of any purchase invoices for a three month period would suggest it is likely that there will have been more than the original two cases of the non-Duty Paid Vodka delivered in the run up to the Christmas Period. This is reflected in the invoices supplied of purchases before and after the period in question which have shown a pattern of purchases.
11. The sale of Non-duty paid vodka is in direct contravention to the general licencing provision of encouraging criminal activity, and whilst it is for the Licensing Authority to determine the appropriate course of action, the Applicant would ask the Authority to suspend the premises licence as the most appropriate action to promote the licensing objectives.

  - (ii) D is the amount of duty chargeable in relation to the alcohol as if the duty were charged on the date of the sale or supply of alcohol, and
  - (iii) V is the rate of value added tax chargeable in relation to the alcohol as if the value added tax were charged on the date of the sale or supply of the alcohol;
- (c) "relevant person" means, in relation to premises in respect of which there is in force a premises licence –

This statement consisting of 2 pages each signed by me is true to the best of my knowledge and belief and I make it knowing that if it is tendered in evidence I shall be liable to prosecution if I have wilfully stated in it anything which I know to be false or do not believe to be true.

Dated the 8 day of June 2016

I am a Senior Trading Standards Officer employed by Durham County Councils Trading Standards Service in the Safety & Metrology Team. I hold the Diploma in Trading Standards awarded in 1992. I am currently qualified as a Trading Standards Practitioner through the Chartered Institute of Trading Standards. I am an Authorised Officer under the Licensing Act, 2003.

On 11<sup>th</sup> February, 2016 I was employed on routine enquiries into the sale of alcohol to underage youths. At approximately 1445 hours I entered the premises accompanied by PCSO 6832 of the Durham Constabulary Harm Unit to make enquiries. Whilst speaking to a man who claimed to be in charge who I now know to be \_\_\_\_\_, I noticed several bottles of Glens vodka with a front label that was not the label currently used by the manufacturer.

I inspected the bottles and saw that the UK Duty stamp on the rear label did not fluoresce. I advised Mr. \_\_\_\_\_ that I suspected the bottles to be counterfeit or duty evaded stock with a counterfeit rear label, and that I was seizing the bottles for further examination. I entered the details in Durham,

I then seized the bottles and placed them in secure exhibit bags and I now produce them as exhibit GJB/Dene/1. I then checked the stockroom and the remainder of the shop and found no further bottles.

We left the premises at 1515hours and returned to the Office at Annand House, where I put the bottles in the secure evidence store.

On 4<sup>th</sup> March 2016, I interviewed the premises Licence Holder Gapilrajh Sundarlingham under caution. The interview was recorded and complied with the requirements of the Police and Criminal Evidence Act code of practice on recorded interviews. During the interview Mr. Sundarlingham produced a quantity of invoices I now produce copies of those invoices as exhibit GJB/2, and the summary of the interview as exhibit GJB/3.

On 13<sup>th</sup> April, 2016 I received an email from Mr. Sundarlingham with a further invoice dated 8<sup>th</sup> January, 2016. I now produce that invoice as exhibit GJB/4.

## INFORMATION FOR INTERESTED PERSONS

### Applying for the return of seized property

Section 59 gives any person with a relevant interest<sup>1</sup> in property seized using these powers the right to apply to the appropriate judicial authority for it to be returned. The appropriate judicial authority will normally be a judge of the Crown Court.

The grounds on which an application can be made are:

- (a) that there was no power to make a seizure;
- (b) that the seized property is or contains an item subject to legal privilege<sup>2</sup> which there is no power to retain<sup>3</sup>;
- (c) that the seized property is or contains excluded material<sup>4</sup> or special procedure material<sup>5</sup> which there is no power to retain<sup>3</sup>;
- (d) that the seized property is or contains something which there is no power to retain once the examination is complete<sup>3</sup>.

Anyone wishing to make such an application in this case should give notice of that application to the officer who completed this notice.

Following an application, the appropriate judicial authority may order the return or retention of any or all of the relevant property or may give directions for its examination, separation etc. Alternatively it may dismiss the application. Anyone failing to comply with an order or direction given by a judge of the Crown Court under these provisions may be dealt with as if he had committed a contempt of the Crown Court.

### Duty to secure property

Section 60 creates a duty to secure property seized under these powers if an application for return of the property is made under Section 59, notice of the application is given to the relevant person<sup>6</sup> and application is based on the property being or containing legally privileged, excluded or special procedure material.

Section 61 specifies that the duty to secure is a duty in the person in possession of the seized property to ensure that, once notice of an application for return has been given, the property shall not be examined, copied or generally put to any other use without consent of the applicant or in accordance with the directions of the appropriate judicial authority.

---

#### Notes for Information

<sup>1</sup>For the purpose of Section 59 a person with a relevant interest in the seized property is:

- (a) the person from whom it was seized;
- (b) any person with an interest in the property; or
- (c) any other person who had custody or control of the property immediately before the seizure.

<sup>2</sup>Legally privileged material includes communications between a professional legal advisor and his client in respect of legal advice or proceedings.

<sup>3</sup>The legislation does provide for the retention of certain inextricably linked material, including legally privileged, excluded or special material, if it cannot be separated from material that can be seized without prejudicing the use of that seizable material. Excluded and special procedure material can sometimes be seized where it is evidence in relation to an offence or itself the proceeds of an offence.

<sup>4</sup>Excluded material includes journalistic material and personal records which are held in confidence.

<sup>5</sup>Special procedure material includes confidential material created in the course of a business and journalistic material provided neither is excluded material.

<sup>6</sup>A "relevant person" for the purpose of giving notice of an application for return of property is:

- (a) the person who made the seizure;
- (b) the person in possession of the seized property;
- (c) the person whose name and address are specified in this notice.

4.25		Mr. Sundarlingham explained that he had purchased the shop at the beginning of May 2015 (22 <sup>nd</sup> ) and that he had no idea where it came from, he then suggested it might be old stock that had been in the stockroom from the previous owner, or that he often purchased from three or four cash and carries. He again claimed that he did not know where it had come from.
5.13		Mr. Blount then asked Mr. Sundarlingham to explain about how he managed the business and to explain why he gave an address in London.
		Mr. Sundarlingham explained that he ran the shop during the week and then went home to                    at the weekend to stay with his wife and family. During the week he stops in the flat connected to the shop. It is his first off licence but did own a petrol station which he had run for two years. He does hold a personal licence
6.10		Mr Blount asked if there was a stock inventory supplied when Mr. Sundarlingham had purchased the shop. He stated he only got a stock price and that it did not specify brands or quantities. Mr Sundarlingham confirmed that he had bought the shop from                    the previous premises licence holder. He employs two staff. He confirmed that he is the current premises licence holder and the designated premises supervisor. Mr Sundarlingham then produced the invoices for the business since taking over in May 2015.
10.00		Mr. Blount then asked about the purchase of stock for the business, and in particular the purchase of vodka. Mr Sundarlingham stated that he normally bought stock at the same rate, but if it is on promotion he will buy a larger quantity, but if it is not on promotion he will continue to buy as he cannot afford to run out of stock. When asked Mr. Sundarlingham stated that he normally sold a box, which is 6 bottles, a week
		Mr Blount showed Mr. Sundarlingham an example of a genuine bottle and then one of the bottles seized from the shop, Mr. Sundarlingham stated that he hadn't noticed the difference. He confirmed that the cash and carry's he used were Booker, Bestway, and Costco, he has no regular one it is whichever offers the best deals. He denied being offered alcohol by people visiting the shop. He stated that he trusted the staff not to buy anything when he wasn't there as the shop has CCTV.
12.47		Mr Sundarlingham asked what was wrong with the vodka that had been seized. Mr. Blount then explained the reasons why the product had been seized.

		DC Haythornthwaite then asked to clarify some of the areas that had been discussed up to this point. He confirmed the details of the premises address, and that Mr. Sundarlingham's wife was the owner of the premises. Mr. Sundarlingham then was asked if he went home every weekend and he stated that not every weekend.
		DC Haythornthwaite then asked what the business trading hours were. Mr. Sundarlingham stated that the business is licenced 24 hours a day, 7 days a week, but normal week days the business would be open 6 in the morning until midnight, and Friday and Saturday they would be open 24 hours, and Sunday they would close at 2 in the morning. Mr. Sundarlingham stated that either he or , one of his staff would be responsible for locking and unlocking the shop. Mr. Sundarlingham also stated he did most of the stock purchasing, but occasionally if he wasn't available, would go to the cash and carry. When asked he stated would purchase stock about 20% of the time, and that stock was purchased every week, and occasionally twice a week.
17.55		DC Haythornthwaite then asked Mr. Sundarlingham to explain the process of getting the stock from the cash and carry to shop shelves. Mr. Sundarlingham explained the process for Bestway was that he went to the site, purchased the stock and it is then delivered by Bestway, and then the staff put the stock out. The other cash and carry's he brings the stock back to the shop in his own vehicle. Mr. Sundarlingham stated they had a small stock room but most of the stock is kept on the shop floor.
		DC Haythornthwaite then asked about the purchase of the stock and shop, Mr. Sundarlingham stated that a stocktaker, A1 Stocktakers had handled the inventory during the sale. There followed a discussion as to the methodology of the stocktaking and purchase of the shop. Mr Sundarlingham stated he had got a friend who has a business to look over the quantities in the report presented by A1 and that they had said it was right, but he did not carry out a full stock take himself when he took over the business.
23.40		DC Haythornthwaite asked Mr. Sundarlingham if he could remember for certain if there was any Glens vodka in the shop when he took over, he replied that he thought there was but couldn't say for certain, but he did remember all the shelves were full when he took over.
		Further discussion as to Mr. Sundarlingham's experience, he produced his personal licence

		issued by the London Borough of Harrow, and that it had been issued in 2011.
		DC Haythornthwaite then summarised what had been said to this point.
27.19		Mr Blount then outlined his initial findings having looked through the invoices that Mr. Sundarlingham had provided, and that he had checked all the purchases of 70cl bottles of Glens. The first purchase was 8 <sup>th</sup> June 2015, and every two weeks or so, 6 or 12 bottles are purchased. The pattern then stops on the 28 <sup>th</sup> October 2015. There is a gap then until 20 <sup>th</sup> February 2016 when the pattern of 12 bottles starts again. Mr. Blount asked for an explanation of the gap.
		Mr Sundarlingham stated it may have been that he purchased a large quantity on promotion and had been selling during that period.
		Mr. Blount pointed out that the shop was buying 6 to 12 bottles a fortnight, and if, as Mr. Sundarlingham had originally stated the offending bottles were old stock bought from the previous owner surely they would have all been sold within a month of taking the shop over?
		Mr. Sundarlingham then said it may have been in the stockroom and only just put out when the stockroom was cleaned or checked.
23.05		DC Haythornthwaite asked if that was the case with the Glens, and Mr. Sundarlingham stated he didn't think so, but they had found other stuff when they had cleaned out the stockroom, so it may have happened.
30.05		When asked, Mr. Sundarlingham stated he did not have permission to use the Glens Trademark, but he also stated that he didn't understand what a trade mark was. Mr. Blount then explained the offences surrounding illegal use of trade marks. Mr. Blount gave Mr. Sundarlingham the opportunity to tell him where it came from, and he stated that he did not know where it had come from.
		Mr. Blount then put it to Mr. Sundarlingham was it possible that someone could have come into the shop with two cases and sold them. Mr. Sundarlingham said he was 90% sure that had not happened, and he conceded that it could have happened.

		Mr. Blount summarised what had been said, and asked Mr. Sundarlingham if he had any other invoices to cover the period that there is no purchases of Glens vodka. Mr. Blount asked Mr. Sundarlingham to explain again why there was a gap in the purchasing over the Christmas period. Mr. Sundarlingham said he would check with his accountant.
		DC Haythornthwaite asked about the EPOS till system that was in the shop to find out if the till recorded the sales of stock and was it possible to generate a report to see how much vodka had been sold. Mr. Sundarlingham said that he didn't use that facility but he is not sure if it was possible to do that.
36.53		Mr. Blount asked if Mr. Sundarlingham wished to add or clarify anything? He didn't.
38.38		DC Haythornthwaite put it to Mr. Sundarlingham that having looked at the invoices that the shop seems to buy the same amount and at the same price, he then asked did he remember a point at all when he felt that he had so much Glens in stock that he would stop buying it. He said he didn't really remember that. DC Haythornthwaite then put it to him that he had said he bought it when it was on offer but looking at the invoices that doesn't seem to be the case.
		Mr Blount again reiterated the lack of invoices. DC Haythornthwaite gave Mr. Sundarlingham the opportunity to admit anything that he hadn't already said that may be relevant. He did not. Mr. Blount handed Mr. Sundarlingham the statutory notice and ended the interview at 12.55.

I am a serving Police Community Support Officer within Durham Constabulary working from the Harm Reduction Unit, Meadowfield.

At 14:44hrs on Thursday 11<sup>th</sup> February 2016, I attended Deneburn Stores, 20 Deneburn, The Grove, Consett with Durham County Councils Trading Standards Officer Graham BLOUNT to carry out a general licensing enforcement visit. At this time the person in charge of the store at this time was \_\_\_\_\_, dob \_\_\_\_\_

During the visit BLOUNT's attention was drawn to a number of bottles of Glens vodka on the shelves. On closer inspection of one of the bottles looked like the rear label had been removed and another fitted. BLOUNT spoke \_\_\_\_\_ if the owner of the store was available to which we got told no, he was out. BLOUNT then informed \_\_\_\_\_ that he was seizing the 9 bottles of Glens that was on display and completed the relevant paperwork. \_\_\_\_\_ PCSO 6832.

**APPENDIX 4 –  
STATEMENT OF LICENSING POLICY**

## **7.0 The Prevention of Crime and Disorder**

7.1 Licensed premises, especially those offering late night / early morning entertainment, alcohol and refreshment may sometimes, if not properly managed, become a source of public nuisance, generating crime and disorder problems.

7.2 As a matter of policy, the Licensing Authority will require every holder of a premises licence, club premises certificate or temporary event notice to be responsible for minimising the impact of crime, disorder and anti-social behaviour by their patrons both on and within the immediate vicinity of their premises, including for example on the pavement, in a beer garden or in a smoking shelter.

7.3 The Licensing Authority recommends that all applicants demonstrate in their Operating Schedules that suitable and sufficient measures, ranging from the design and layout of the premises through to the daily operation of the business have been identified and will be implemented and maintained with the intention of preventing crime and disorder. Procedures to deal with drunken customers, violence and anti social behaviour in and outside premises and the provision of closed circuit 14 television in certain premises should be considered by applicants, licensees and event organisers when addressing this issue.

7.4 The Licensing Authority encourages Personal Licence holders to actively participate in established "Pubwatch" schemes, where issues relating to crime and disorder can be addressed. The Licensing Authority support involvement in "Best Bar None" initiative which enables premises to demonstrate good safe operating procedures. Such schemes have been very successful in reducing the negative impact of alcohol across a range of circumstances.

7.5 The Licensing Authority recognises and promotes effective and responsible management of all licensed and authorised premises through competent and efficient and regular instruction, recorded training, supervision of staff and the adoption of good practice, such as 'Challenge 25'. These are considered to be among the most important control measures for the achievement of all Licensing Objectives. The Licensing Authority will take a positive view of anyone who invests in appropriate training, and in particular nationally accredited qualifications tailored to the Licensing sector. Training records should be kept available for inspection by all enforcement agencies.

7.6 The application for premises licence must identify a Designated Premises Supervisor (DPS) who must also hold a Personal Licence. The DPS does not have to be present on the premises at all times when alcohol is being sold. However, the DPS and Premises Licence Holder remain responsible for the premises at all times. It is important that there is an accountable, responsible person present when alcohol is being sold or supplied to ensure, for example, that alcohol is not sold to persons who have had too much to drink, or to those under the age of 18 years.

7.7 Someone should always be present on premises or at an event during times when licensable activities are taking place who can discuss any problems or issues arising from the licensable activities offered on the premises with officers from Licensing Authority and Police. The Licensing Authority considers it to be good

practice if the DPS or Premises Licence Holder is present in the licensed area of the premises:

- Between 22:00 hours and closing time, when the premises is one that regularly opens after midnight for both regulated entertainment and the sale or supply of alcohol for consumption on the premises.
- At all times when the premises is a "vertical drinking establishment" where little or no seating is provided.
- At times where there is a substantial increase in customers i.e. for televised major sporting events etc.

7.8 The Licensing Authority will only impose a maximum number of people that can attend premises or an event where there is a clear and justifiable need in respect of that particular premises or event. Any such decision will be based on the nature and style of the operation. The Licensing Authority will consider information provided by the applicant and any other body, in particular the Council's Building Control Section, Environmental Health Section and the Durham and Darlington Fire and Rescue Service before setting a maximum number. Applicants will be expected to detail the arrangements that would be put in place e.g. provision of door staff to ensure that the permitted number of people attending the premises or event will not be exceeded.

7.9 Whenever security operatives/door supervisors are employed at licensed premises to carry out security functions they must be licensed by the Security Industry Authority (SIA). If a licensee directly employs security operatives they will need to be licensed by the SIA as a supervisor/manager.

7.10 The numbers of licensed door supervisors, both male and female, required at any premises will be dependent upon the nature of the activities licensed and the characteristics and capacity of the establishment and hours of trading.

7.11 In addition to the requirement of the Licensing Authority to promote the Licensing Objectives, the Council also has a duty under Section 17 of the Crime and Disorder Act 1998 to do all it reasonably can do to prevent crime and disorder in its area and to consider crime and disorder in its decision making process.

7.12 Toughened/Safety Glass Policy: Licensed venues that provide the sale or supply of alcohol for consumption on the premises should consider the introduction of toughened/safety glass. This policy expectation applies to those premises that would be considered as carrying a higher risk for potential crime and disorder. In particular it is expected in premises considered to be high volume vertical drinking establishments and those premises open beyond midnight in areas where there is a high concentration of venues (but not premises in those areas that are viewed as low risk in this context).

7.13 Drugs/Knives/Weapons: The Licensing Authority will expect licensees to take all reasonable steps to prevent the presence of drugs on licensed premises and to take appropriate steps to prevent drugs changing hands within the premises in order to prevent tragedies as a result of drug misuse. The Licensing Authority will expect licensees to be familiar with the Home Office Drug Strategy booklet entitled Safer

Clubbing (ISBN 1840827807) or other subsequent editions. The Licensing Authority also expects that licence holders will also take steps to prevent the presence of knives and other weapons on their premises and that a log be kept of all drug, knife and weapon incidents. Licence holders should also consider arranging training for their staff on drugs, knives and weapons and to have policies for dealing with the possession of drugs, knives and weapons and the supply of drugs.

## **22.0 Reviews**

22.1 The Licensing Act provides a mechanism for reviewing premises licences and Club Premises Certificates where problems associated with premises undermine the licensing objectives following grant or variation.

22.2 At any stage during the life of a premises licence or a club premises certificate, an application for a review can be made to the Licensing Authority by any responsible authority, elected Member or any other person. However, where an application for a review is considered to be frivolous vexatious or repetitious or where an application for a review is considered not relevant to the licensing objectives the Licensing Authority will reject it.

22.3 The proceedings set out in the Act for reviewing premises licences and club premises certificates represent a key protection for the community. Unless an application is withdrawn, deemed to be frivolous, vexatious or repetitious or does not relate to the licensing objectives, the Licensing Authority will hold a hearing and take any necessary steps to promote the licensing objectives, such as modification of conditions, exclusion of licensable activities, removal of the designated premises supervisor, suspension of the licence/certificate for up to 3 months or the revocation of the licence/certificate.

22.4 Local residents can request that their licensing authority review a premises licence where activities at licensed premises are undermining one or more of the licensing objectives.

22.5 It is always worth considering other options before requesting a review of a licence, including:

- Talking to those who manage the premises to let them know about the problem and give them the opportunity to address the issues,
- Asking the licensing department at your council to talk to those who manage the premises on your behalf, or
- Talking to the relevant "responsible authority" (e.g. local authority exercising environmental health functions in relation to noise nuisance, or the police in relation to crime and disorder) about the problem.

22.6 If a request for a review of the premises licence is made by e.g. a local resident, they are required to notify the holder of the premises licence or club premises certificate and the "responsible authorities", by sending them a copy of the request, together with any accompanying documents, on the same day as the request is given to the licensing authority. The licensing authority will advertise the review to enable others (responsible authorities or other persons) to comment on it.

Responsible authorities have the option, if they wish, to comment on any application for a review.

22.7 A licensing authority must act on requests for review unless they consider the request to be irrelevant, repetitive, frivolous or vexatious. Frivolous representations would concern minor issues which the licensing authority could not reasonably be required to take any action to remedy. Representations may be considered vexatious if they appear to be intended to cause aggravation or annoyance without reasonable cause.

22.8 The licensing authority will advertise the fact that a request for review of the licence has been received, and allow a period of 28 days for other persons to make representations to it (such representations can be for or against the activities at the premises in question).

22.9 After the period for making representations has expired, the licensing authority will hold a hearing to consider the request unless the request for review has been withdrawn. The request will in most cases be considered by the licensing sub-committee who will hear representations from all parties involved.

22.10 The licensing authority will invite you to attend the hearing and give the applicant for the review the opportunity to address the licensing sub-committee in support of the request for review. They must then give the authority at least 5 working days' notice (prior to the start of the hearing), advising:

- If they will attend the hearing in person,
- Whether they will be represented by someone else (e.g. councillor / MP / lawyer / residents' association representative / friend),
- If they think that a hearing is unnecessary (if, for example, the parties have come to an agreement before the formal hearing), or
- They may also request permission for another person to attend the hearing, and must advise the licensing authority how that person may be able to assist the authority in relation to the request for review

22.11 Once the sub-committee has listened to and considered all views and evidence, it must decide what (if any) action is appropriate to promote the licensing objectives. Actions can include:

- No action,
- Modifying the conditions of the licence (change, add or remove conditions – Including operating hours),
- Excluding a licensable activity from the licence,
- Removing the designated premises supervisor,
- Suspend the licence for a period (not exceeding 3 months), and
- Revoke the licence.

22.12 The Licensing Authority will not expect a premises licence to be reviewed more than once within any 12 month period on similar grounds, except in exceptional circumstances or where it arises following a Closure Order.

22.13 Appeals against the decisions of the Licensing Authority - There is a right of appeal for all parties concerned with the request for review (i.e. the applicant for the review, the premises licence holder or any other person who made relevant

representations in relation to the application). This means that they can appeal to the magistrates' court if they are not happy with the decision of the licensing authority.

22.14 If there is an appeal against a licensing authority's decision, and you are unsuccessful, the magistrates' court can award costs against the appellant if it sees fit. This would mean that they would have to pay other parties' legal costs as well as your own. However, the Magistrates' Association and the Justices' Clerks Society has advised that awarding costs for a licensing appeal should be an **exception** and not a rule, and any resident with reasonable grounds for appeal should not be penalised.

22.15 If the licence holder appeals against the licensing authority's decision, the appeal will be heard by the magistrates' court. The licensing authority will be the respondent to the appeal and may call the person who brought the review (and any other person or responsible authority) as a witness in support of its case. The decision of the licensing authority in relation to the review will be suspended until the appeal is determined.

22.16 An application to appeal the decision must be made within 21 days of the notice of decision.

22.17 In hearing an appeal against the Licensing Authority's decision, the court will have regard to this policy and the guidance issued under Section 182 of the Licensing Act 2003. However, the court would be entitled to depart from both of these documents if it considers it justified so to do.

22.18 In respect of personal licences, appeals must be made to the Magistrates' Court in the area where the licence was issued. Appeals in relation to all other authorisations must be made to the Magistrates' Court where the premises or event is situated.

**APPENDIX 5 –  
SECTION 182 GUIDANCE**

## **S182 GUIDANCE – CRIME AND DISORDER**

2.1 Licensing authorities should look to the police as the main source of advice on crime and disorder. They should also seek to involve the local Community Safety Partnership (CSP).

2.2 In the exercise of their functions, licensing authorities should seek to co-operate with the Security Industry Authority ("SIA") as far as possible and consider adding relevant conditions to licences where appropriate. The SIA also plays an important role in preventing crime and disorder by ensuring that door supervisors are properly licensed and, in partnership with police and other agencies, that security companies are not being used as fronts for serious and organised criminal activity. This may include making specific enquiries or visiting premises through intelligence led operations in conjunction with the police, local authorities and other partner agencies. Similarly, the provision of requirements for door supervision may be appropriate to ensure that people who are drunk, drug dealers or people carrying firearms do not enter the premises and ensuring that the police are kept informed.

2.3 Conditions should be targeted on deterrence and preventing crime and disorder. For example, where there is good reason to suppose that disorder may take place, the presence of closed-circuit television (CCTV) cameras both inside and immediately outside the premises can actively deter disorder, nuisance, anti-social behaviour and crime generally. Some licence holders may wish to have cameras on their premises for the prevention of crime directed against the business itself, its staff, or its customers. But any condition may require a broader approach, and it may be appropriate to ensure that the precise location of cameras is set out on plans to ensure that certain areas are properly covered and there is no subsequent dispute over the terms of the condition.

2.4 The inclusion of radio links and ring-round phone systems should be considered an appropriate condition for public houses, bars and nightclubs operating in city and town centre leisure areas with a high density of licensed premises. These systems allow managers of licensed premises to communicate instantly with the police and facilitate a rapid response to any disorder which may be endangering the customers and staff on the premises.

2.5 Conditions relating to the management competency of designated premises supervisors should not normally be attached to premises licences. It will normally be the responsibility of the premises licence holder as an employer, and not the licensing authority, to ensure that the managers appointed at the premises are competent and appropriately trained. The designated premises supervisor is the key person who will usually be responsible for the day to day management of the premises by the premises licence holder, including the prevention of disorder. A condition of this kind may only be justified as appropriate in rare circumstances where it can be demonstrated that, in the circumstances associated with particular premises, poor management competency could give rise to issues of crime and disorder and public safety.

## **S182 GUIDANCE- REVIEWS**

11.1 The proceedings set out in the 2003 Act for reviewing premises licences and club premises certificates represent a key protection for the community where problems associated with the licensing objectives occur after the grant or variation of a premises licence or club premises certificate.

11.2 At any stage, following the grant of a premises licence or club premises certificate, a responsible authority, or any other person, may ask the licensing authority to review the licence or certificate because of a matter arising at the premises in connection with any of the four licensing objectives.

11.3 An application for review may be made electronically, provided that the licensing authority agrees and the applicant submits a subsequent hard copy of the application, if the licensing authority requires one. The licensing authority may also agree in advance that the application need not be given in hard copy. However, these applications are outside the formal electronic application process and may not be submitted via GOV.UK or the licensing authority's electronic facility.

11.4 In addition, the licensing authority must review a licence if the premises to which it relates was made the subject of a closure order by the police based on nuisance or disorder and the magistrates' court has sent the authority the relevant notice of its determination, or if the police have made an application for summary review on the basis that premises are associated with serious crime and/or disorder.

11.5 Any responsible authority under the 2003 Act may apply for a review of a premises licence or club premises certificate. Therefore, the relevant licensing authority may apply for a review if it is concerned about licensed activities at premises and wants to intervene early without waiting for representations from other persons. However, it is not expected that licensing authorities should normally act as responsible authorities in applying for reviews on behalf of other persons, such as local residents or community groups. These individuals or groups are entitled to apply for a review for a licence or certificate in their own right if they have grounds to do so. It is also reasonable for licensing authorities to expect other responsible authorities to intervene where the basis for the intervention falls within the remit of that other authority. For example, the police should take appropriate steps where the basis for the review is concern about crime and disorder or the sexual exploitation of children. Likewise, where there are concerns about noise nuisance, it is reasonable to expect the local authority exercising environmental health functions for the area in which the premises are situated to make the application for review.

11.6 Where the relevant licensing authority does act as a responsible authority and applies for a review, it is important that a separation of responsibilities is still achieved in this process to ensure procedural fairness and eliminate conflicts of interest. As outlined previously in Chapter 9 of this Guidance, the distinct functions of acting as licensing authority and responsible authority should be exercised by different officials to ensure a separation of responsibilities. Further information on how licensing authorities should achieve this separation of responsibilities can be found in Chapter 9, paragraphs 9.13 to 9.19 of this Guidance.

11.7 In every case, any application for a review must relate to particular premises in respect of which there is a premises licence or club premises certificate and must be

relevant to the promotion of one or more of the licensing objectives. Following the grant or variation of a licence or certificate, a complaint regarding a general issue in the local area relating to the licensing objectives, such as a general (crime and disorder) situation in a town centre, should generally not be regarded as a relevant representation unless it can be positively tied or linked by a causal connection to particular premises, which would allow for a proper review of the licence or certificate. For instance, a geographic cluster of complaints, including along transport routes related to an individual public house and its closing time, could give grounds for a review of an existing licence as well as direct incidents of crime and disorder around a particular public house.

11.8 Where a licensing authority receives a geographic cluster of complaints, the authority may consider whether these issues are the result of the cumulative impact of licensed premises within the area concerned. In such circumstances, the authority may also consider whether it would be appropriate to include a special policy relating to cumulative impact within its licensing policy statement. Further guidance on cumulative impact policies can be found in Chapter 13 of this Guidance.

11.9 Representations must be made in writing and may be amplified at the subsequent hearing or may stand in their own right. Additional representations which do not amount to an amplification of the original representation may not be made at the hearing. Representations may be made electronically, provided the licensing authority agrees and the applicant submits a subsequent hard copy, unless the licensing authority waives this requirement.

11.10 Where authorised persons and responsible authorities have concerns about problems identified at premises, it is good practice for them to give licence holders early warning of their concerns and the need for improvement, and where possible they should advise the licence or certificate holder of the steps they need to take to address those concerns. A failure by the holder to respond to such warnings is expected to lead to a decision to apply for a review. Co-operation at a local level in promoting the licensing objectives should be encouraged and reviews should not be used to undermine this co-operation.

11.11 If the application for a review has been made by a person other than a responsible authority (for example, a local resident, residents' association, local business or trade association), before taking action the licensing authority must first consider whether the complaint being made is relevant, frivolous, vexatious or repetitious. Further guidance on determining whether a representation is frivolous or vexatious can be found in Chapter 9 of this Guidance (paragraphs 9.4 to 9.10).  
Repetitious grounds of review

11.12 A repetitious ground is one that is identical or substantially similar to:

- a ground for review specified in an earlier application for review made in relation to the same premises licence or certificate which has already been determined; or
- representations considered by the licensing authority when the premises licence or certificate was granted; or
- representations which would have been made when the application for the premises licence was first made and which were excluded then by reason of the prior issue of a provisional statement; and, in addition to the above grounds, a reasonable interval has not elapsed since that earlier review or grant.

11.13 Licensing authorities are expected to be aware of the need to prevent attempts to review licences merely as a further means of challenging the grant of the licence following the failure of representations to persuade the licensing authority on an earlier occasion. It is for licensing authorities themselves to judge what should be regarded as a reasonable interval in these circumstances. However, it is recommended that more than one review originating from a person other than a responsible authority in relation to a particular premises should not be permitted within a 12 month period on similar grounds save in compelling circumstances or where it arises following a closure order.

11.14 The exclusion of a complaint on the grounds that it is repetitive does not apply to responsible authorities which may make more than one application for a review of a licence or certificate within a 12 month period.

11.15 When a licensing authority receives an application for a review from a responsible authority or any other person, or in accordance with the closure procedures described in Part 8 of the 2003 Act (for example, closure orders), it must arrange a hearing. The arrangements for the hearing must follow the provisions set out in regulations. These regulations are published on the Government's legislation website ([www.legislation.gov.uk](http://www.legislation.gov.uk)). It is particularly important that the premises licence holder is made fully aware of any representations made in respect of the premises, any evidence supporting the representations and that the holder or the holder's legal representative has therefore been able to prepare a response.

#### **Powers of a licensing authority on the determination of a review**

11.16 The 2003 Act provides a range of powers for the licensing authority which it may exercise on determining a review where it considers them appropriate for the promotion of the licensing objectives.

11.17 The licensing authority may decide that the review does not require it to take any further steps appropriate to promote the licensing objectives. In addition, there is nothing to prevent a licensing authority issuing an informal warning to the licence holder and/or to recommend improvement within a particular period of time. It is expected that licensing authorities will regard such informal warnings as an important mechanism for ensuring that the licensing objectives are effectively promoted and that warnings should be issued in writing to the licence holder.

11.18 However, where responsible authorities such as the police or environmental health officers have already issued warnings requiring improvement – either orally or in writing

– that have failed as part of their own stepped approach to address concerns, licensing authorities should not merely repeat that approach and should take this into account when considering what further action is appropriate.

11.19 Where the licensing authority considers that action under its statutory powers is appropriate, it may take any of the following steps:

- modify the conditions of the premises licence (which includes adding new conditions or any alteration or omission of an existing condition), for example, by reducing the hours of opening or by requiring door supervisors at particular times;

- exclude a licensable activity from the scope of the licence, for example, to exclude the performance of live music or playing of recorded music (where it is not within the incidental live and recorded music exemption) 10;
- remove the designated premises supervisor, for example, because they consider that the problems are the result of poor management;
- suspend the licence for a period not exceeding three months;
- revoke the licence.

11.20 In deciding which of these powers to invoke, it is expected that licensing authorities should so far as possible seek to establish the cause or causes of the concerns that the representations identify. The remedial action taken should generally be directed at these causes and should always be no more than an appropriate and proportionate response to address the causes of concern that instigated the review.

11.21 For example, licensing authorities should be alive to the possibility that the removal and replacement of the designated premises supervisor may be sufficient to remedy a problem where the cause of the identified problem directly relates to poor management decisions made by that individual.

11.22 Equally, it may emerge that poor management is a direct reflection of poor company practice or policy and the mere removal of the designated premises supervisor may be an inadequate response to the problems presented. Indeed, where subsequent review hearings are generated by representations, it should be rare merely to remove a succession of designated premises supervisors as this would be a clear indication of deeper problems that impact upon the licensing objectives.

11.23 Licensing authorities should also note that modifications of conditions and exclusions of licensable activities may be imposed either permanently or for a temporary period of up to three months. Temporary changes or suspension of the licence for up to three months could impact on the business holding the licence financially and would only be expected to be pursued as an appropriate means of promoting the licensing objectives. So, for instance, a licence could be suspended for a weekend as a means of deterring the holder from allowing the problems that gave rise to the review to happen again. However, it will always be important that any detrimental financial impact that may result from a licensing authority's decision is appropriate and proportionate to the promotion of the licensing objectives. But where premises are found to be trading irresponsibly, the licensing authority should not hesitate, where appropriate to do so, to take tough action to tackle the problems at the premises and, where other measures are deemed insufficient, to revoke the licence.

### **Reviews arising in connection with crime**

11.24 A number of reviews may arise in connection with crime that is not directly connected with licensable activities. For example, reviews may arise because of drugs problems at the premises; money laundering by criminal gangs, the sale of contraband or stolen goods, the sale of firearms, or the sexual exploitation of children. Licensing authorities do not have the power to judge the criminality or otherwise of any issue. This is a matter for the courts. The licensing authority's role

when determining such a review is not therefore to establish the guilt or innocence of any individual but to ensure the promotion of the crime prevention objective.

11.25 Reviews are part of the regulatory process introduced by the 2003 Act and they are not part of criminal law and procedure. There is, therefore, no reason why representations giving rise to a review of a premises licence need be delayed pending the outcome of any criminal proceedings. Some reviews will arise after the conviction in the criminal courts of certain individuals, but not all. In any case, it is for the licensing authority to determine whether the problems associated with the alleged crimes are taking place on the premises and affecting the promotion of the licensing objectives. Where a review follows a conviction, it would also not be for the licensing authority to attempt to go beyond any finding by the courts, which should be treated as a matter of undisputed evidence before them.

11.26 Where the licensing authority is conducting a review on the grounds that the premises have been used for criminal purposes, its role is solely to determine what steps should be taken in connection with the premises licence, for the promotion of the crime prevention objective. It is important to recognise that certain criminal activity or associated problems may be taking place or have taken place despite the best efforts of the licence holder and the staff working at the premises and despite full compliance with the conditions attached to the licence. In such circumstances, the licensing authority is still empowered to take any appropriate steps to remedy the problems. The licensing authority's duty is to take steps with a view to the promotion of the licensing objectives in the interests of the wider community and not those of the individual licence holder.

11.27 There is certain criminal activity that may arise in connection with licensed premises which should be treated particularly seriously. These are the use of the licensed premises:

- for the sale and distribution of drugs controlled under the Misuse of Drugs Act 1971 and the laundering of the proceeds of drugs crime;
- for the sale and distribution of illegal firearms;
- for the evasion of copyright in respect of pirated or unlicensed films and music, which does considerable damage to the industries affected;
- for prostitution or the sale of unlawful pornography;
- by organised groups of paedophiles to groom children;
- as the base for the organisation of criminal activity, particularly by gangs;
- for the organisation of racist activity or the promotion of racist attacks;
- for knowingly employing a person who is unlawfully in the UK or who cannot lawfully be employed as a result of a condition on that person's leave to enter;
- for unlawful gambling; and
- for the sale or storage of smuggled tobacco and alcohol.

11.28 It is envisaged that licensing authorities, the police and other law enforcement agencies, which are responsible authorities, will use the review procedures effectively to deter such activities and crime. Where reviews arise and the licensing authority determines that the crime prevention objective is being undermined through the premises being used to further crimes, it is expected that revocation of the licence – even in the first instance – should be seriously considered.

#### **Review of a premises licence following closure order**

11.29 Licensing authorities are subject to certain timescales, set out in the legislation, for the review of a premises licence following a closure order. The relevant time periods run concurrently and are as follows:

- when the licensing authority receives notice that a magistrates' court has made a closure order it has 28 days to determine the licence review – the determination must be made before the expiry of the 28th day after the day on which the notice is received;
- the hearing must be held within ten working days, the first of which is the day after the day the notice from the magistrates' court is received;
- notice of the hearing must be given no later than five working days before the first hearing day (there must be five clear working days between the giving of the notice and the start of the hearing).

### **Review of a premises licence following persistent sales of alcohol to children**

11.30 The Government recognises that the majority of licensed premises operate responsibly and undertake due diligence checks on those who appear to be under the age of 18 at the point of sale (or 21 and 25 where they operate a Challenge 21 or 25 scheme). Where these systems are in place, licensing authorities may wish to take a proportionate approach in cases where there have been two sales of alcohol within very quick succession of one another (e.g., where a new cashier has not followed policy and conformed with a store's age verification procedures). However, where persistent sales of alcohol to children have occurred at premises, and it is apparent that those managing the premises do not operate a responsible policy or have not exercised appropriate due diligence, responsible authorities should consider taking steps to ensure that a review of the licence is the norm in these circumstances. This is particularly the case where there has been a prosecution for the offence under section 147A or a closure notice has been given under section 169A of the 2003 Act. In determining the review, the licensing authority should consider revoking the licence if it considers this appropriate.
