## **Title of Report: Achieving Patient Access Targets and Baseline Performance Requirements**

### **1 Purpose of Report**

The purpose of this report is to advise Board members of the performance achieved by all provider Trusts from which are commissioned Acute services for the Sedgefield population.

### **2 Connection with Sedgefield PCT's 4 Key Objectives/Pillars**

Performance monitoring against national/local standards is fundamental to 'Improving Health Services'.

### **3 Background Detail**

#### **3.1 Access Incentive Scheme**

Access Fund Capital was established by the Department of Health in 2003/04 for a three year period with the aim of rewarding NHS organisations for making progress towards improving access across all primary, acute and mental health services including waiting in A&E and inpatient and outpatient waiting times and lists.

Payments are as follows:-

Time Period	Amount per NHS Trust and PCT	Conditions
Quarter ending 30 June 2004	£77 600 capital	Delivery of all targets specified below during the quarter
Quarter ending 30 Sept 2004	£38 800 capital	
Quarter ending 31 Dec 2004	£38 800 capital	
Quarter ending 31 March 2005	£38 800 capital	

The fund is to be managed at Strategic Health Authority level, who were responsible for designing the targets and monitoring progress.

All the targets listed below have to be delivered by the PCT during the quarter to be eligible for payment. Part payment for achievement of some but not all the targets is not possible.

### 3.3 Further Information

The attached graphs demonstrate the PCT's performance against the Local Delivery Plan trajectories in key areas.

There are also charts demonstrating information collected by Drug Action Teams on numbers of people presenting for drug treatment, numbers in treatment and numbers successfully completing drug treatment. However, it should be noted that this information is of poor quality as the teams are still improving their recording systems.

Also attached, is a scorecard, produced by County Durham and Tees Valley Strategic Health Authority demonstrating Sedgfield PCT's performance against other PCTs in April.
