AGENDA

1. APOLOGIES

2. DECLARATIONS OF INTEREST

To notify the Chairman of any items that appear later in the agenda in which you may have an interest.

3. MINUTES

To confirm as a correct record the Minutes of the meeting held on 8th April 2008. (Pages 1 - 8)

4. POLICE REPORT

A representative of Ferryhill Police will attend the meeting to give a report of crime statistics and initiatives in the area.

5. LOCAL IMPROVEMENT PROGRAMME – FOOTBALL FACILITIES AT DEAN BANK PARK

To consider the attached report of the Assistant Chief Executive. (Pages 9 - 12)

6. LOCAL IMPROVEMENT PROGRAMME – DEAN BANK AND FERRYHILL LITERARY INSTITUTE

To consider the attached report of the Assistant Chief Executive. (Pages 13 - 16)

7. NAMING REPORT

Land at Chapel Row, Ferryhill Station – Three Rivers Housing Association Ltd

Report of the Building Control Manager. (Pages 17 - 18)

8. QUESTIONS

The Chairman will take questions from the floor

9. DATE OF NEXT MEETING

Tuesday 9th September 2008 at 6.30 p.m. at Chilton and Windlestone Community College.

10. ANY OTHER ITEMS WHICH THE CHAIRMAN DECIDES ARE URGENT

Members are respectfully requested to give the Chief Executive notice of items they would wish to raise under the heading not later than 12 noon on the day preceding the meeting, in order that consultation may take place with the Chairman who will determine whether the item will be accepted.

B. Gibson	- Individual

In

Attendance: A. Megginson, A. Stephenson, J. Thompson and E. A. North (Sedgefield Borough Council)

Apologies:

Councillor T. D. Brimm	- Sedgefield Borough Council
Councillor Mrs. K. Conroy	– Sedgefield Borough Council
Councillor J.E. Higgin	– Sedgefield Borough Council
Councillor D.A. Newell	– Sedgefield Borough Council
P. Bamford	– Individual
M. Taylor	– Chilton West Residents Association
C. Heal	– Chilton Community Partnership
A. Rutherford	– Chilton Community Partnership
M. Chappell	– Chilton Community Partnership
M. Errington	– Chilton Town Council
K. Lynn	– Cornforth Partnership

AF(2)33/07

DECLARATIONS OF INTEREST

No declarations of interest were received.

AF(2)34/07 MINUTES

The Minutes of the meeting held on 26th February, 2008 were confirmed as a correct record and signed by the Chairman.

AF(2)35/07 POLICE REPORT

Community Inspector Bill Bentham and Sergeant A. Sampson were present at the meeting to give a report on crime statistics, initiatives and road safety in the area.

The reported crime figures for February, 2008 and March 2008 were as follows :-

February 2008

	Dean Bank	Ferryhill	West Cornforth	Chilton	Total
Reported Incidents	195	108	78	157	538
Burglary Dwelling	3	1	1	6	11
Burglary Other	0	0	0	1	2
Theft from Motor Vehicle	1	1	2	1	5
Theft of Motor Vehicle	1	1	2	1	5
Rowdy Nuisance	52	30	10	30	122

March 2008

	Dean Bank	Ferryhill	West Cornforth	Chilton	Total
Reported Incidents	171	109	77	185	542
Burglary Dwelling	3	3	0	2	8
Burglary Other	3	1	0	2	6
Theft from Motor Vehicle	0	2	0	4	6
Theft of Motor Vehicle	1	1	2	1	5
Rowdy Nuisance	42	31	10	48	131

Traffic related incidents throughout the whole of the area during the two month period were as follows :-

Damage only accidents	29
Minor Injury Accidents	7
Serious Injury	1

It was reported that in February burglaries continued to be relatively low. Of the 3 at Ferryhill, 2 were entered via insecure doors. The West Cornforth burglary was an unoccupied house where the boiler was stolen, the burglaries at Chilton were broken down to 5 unoccupied houses, 1 shed and 1 genuine burglary. 6 people were arrested for those offences.

In March the figure for burglaries improved with 2 unoccupied premises, Chilton Chippy and a garage in Chilton. Dean Bank area had 3 dwelling burglaries, 2 sheds and a garage, Ferryhill had 3 dwelling burglaries and a garage. The majority of the dwellings broken into were attributed to one man who was a prison release into Ferryhill who had now been caught with stolen property and was back on remand in prison.

Rowdy nuisance was down again on Dean Bank but for some reason slightly up at Chilton. Police would therefore be paying a lot of attention to this issue.

The one serious road traffic accident involved a motor cycle and pedestrian on the A167.

“Bottle Watch” reports of street drinking in February went down by 43% when compared to the previous month. What was remarkable about this was that there were half term school holidays and traditionally there would always be an increase during the month. March saw another reduction although more modest this time of 13%. This put the area in a position where such complaints were now significantly less than other areas of the country. Already officers had identified and dealt with several adults supplying alcohol to minors and shops had been identified when alcohol had been seized on the streets.

An update was given in relation to Neighbourhood Priorities. In respect of Parking on Darlington Road, it was reported that recorded accident data for Merrington Road and Darlington Road from 1.1.2005 to 29.2.2008 had revealed the following

2005	-	8 damage only accidents
2006	-	8 accidents (3 slight and 5 damage only)
2007	-	7 accidents (3 slight and 4 damage only)
2008	-	1 damage only (to 29.2.08)

This gave a total of 24 accidents split as follows :-

13	-	Merrington Road
11	(including 4 at the junction of the 2 roads)	- Darlington Road

14 of them were hit and run with a further 4 involving child pedestrians, 2 of these were where vehicles had mounted the pavement and collided with the pedestrian.

Also collision with parked/temporarily stationary vehicle features prominently, with 13 accidents.

A seven day speed check had been requested on Darlington Road and also another on the B6287 Merrington Road in the vicinity of Rennie Street.

It was noted that in the area:-

Fixed Penalty Notices issued	-	4
Vehicles moved on	-	7

The Highways Authority at Durham had been contacted re : possible double yellow lines at junctions. Studies carried out in the area at varying time of day and different days showed that even with vehicles parked at the junction there has been enough visibility through car windows to enable motorists to have adequate visibility.

Leaflets were to be designed and distributed showing examples of poor driving, giving advice regarding parking manners and legislation.

During discussion reference was made also to the problems which were occurring along Dean Road, leading to Ferryhill Station in relation to speeding. Problems were also occurring in Ferryhill Station with cars parking in the vicinity of the chicanes and causing a traffic hazard.

It was explained that a letter had been sent to the traffic controller in relation to people parking on pavements along Dean Bank going along Merrington Lane. This was causing obstruction for disabled scooters, pushchairs, etc. A reply had been received stating that it was a Police matter.

Discussion was also held regarding accidents which were reported and clarification was sought on which accidents needed to be reported and whether accident figure were a true reflection of the situation. It was considered that the only way true accident figures would be reflected was if people were encouraged to report accident without fear of conviction.

With regard to off-road motorbikes in The Poplars, Chilton it was explained that diary sheets had been distributed. However, nothing had been reported at the moment.

PC Nixon, the Force Road Casualty Reduction Officer, was willing to assist with talks in local schools covering general road safety topics and to provide display material for areas such as Chilton Town Hall.

It was reported that in respect of lewd/indecent behaviour at Bishop Middleham Nature Reserve, initial mobile and foot patrols had been

carried out in the area by uniformed officers. Specific evidence and intelligence was being sought. Posters had been displayed by Neighbourhood Wardens stating that Police were aware of illegal activity in the area.

It was explained that along with other Neighbourhood priorities an article had been placed in The Northern Echo and would be appearing in The Chapter.

AF(2)36/07 LOCAL IMPROVEMENT PROGRAMME - UPDATE ON PROJECT ACTIVITY

Consideration was given to a report of the Assistant Chief Executive (for copy see file of Minutes) updating the Area Forum on project activity as part of Sedgfield Borough Council's Local Improvement Programme.

The purpose of the Local Improvement Programme was to improve community assets and support community engagement in the regeneration of local areas. As part of this local communities could propose projects against set criteria agreed by the Council. Through this Programme, resources would be released to improve sites and improve the usability of community facilities and buildings across the Borough.

Area 2 Forum had been allocated £836,000 of LIP capital resources between 2006 and 2009.

An update was given on the projects funded to date within the Area 2 Forum locality, projects which were under development , withdrawn projects and additional project activity.

Specific reference was made to the Ferryhill Town Youth Football Club Dean Park facility development and steps which needed to be taken to resolve issues. It was explained that considerable progress had been made as to the development of the project since the technical study had been undertaken to look at planning design issues of an enhanced football facility adjoining Dean Park.

Layout plans showing a new 6 team changing facility and social area and an additional number of pitches had been subject to local consultation through displays. The key to the project would be improved drainage to existing pitches to meet FA standards. Following feedback from Durham FA the proposed synthetic floodlit pitch had been removed the scheme and replaced by a similar sized grass pitch. Consultants had been appointed to undertake a study and were in the process of establishing a robust project budget for the works. A key part of the consultancy work was to take the project through a football foundation grant application submission. To do this a Business Plan was needed outlining detailed information on the aims of the project, future management/maintenance of the facilities etc.

A draft Business Plan had been put forward by the consultants and feedback was awaited from Ferryhill Town Youth Football Club before further progress could be made. The Football Club had also been asked

by Ferryhill Town Council to produce their Annual Accounts which needed to be included in the Football Foundation Bid.

Following receipt of information the consultants would be able to finalise the Business Plan which would then need to be agreed by Ferryhill Town Council. A detailed planning application would then need to be submitted. A LIP application would be submitted following the finalisation of the Business Plan. This would be brought to the Area Forum when it was received.

AGREED : That the information be received.

AF(2)37/07

SELECTIVE LICENSING IN DEAN BANK AND CHILTON WEST

It was explained that Angela Stephenson, Neighbourhood Private Sector Renewals Manager and Joanne Thompson, Selective Licensing Officer, were present at the meeting to give an update on selective licensing in Dean Bank and Chilton West.

A background was given in relation to the issues with housing in Dean Bank and Chilton West.

It was explained that in relation to the Indices of Multiple Deprivation 2007, Dean Bank was among the top 10% most deprived areas in the UK. Many of the houses had been built pre-1919. Over 30% of the properties were privately rented and 12% were rented by Registered Social Landlords. 40% of the properties were owner occupied and 10% were Council owned.

With regard to Chilton West, this area was also in the top 10% in the Indices of Multiple Deprivation 2007. 40% of the properties in that area were privately rented, 40% were owner occupied and 15% Council housing.

It was explained that there was a spiral of decline in those areas relating to poor quality pre-1919 terraced properties resulting in low demand. With housing market booms those properties had provided investment opportunities for private landlords. Problem tenants had moved into those properties and the standards had declined resulting in more empty properties.

A toolbox of interventions had been introduced to recreate sustainable communities including a Master Plan for priority areas Group Repair Schemes, acquisition and selective demolition, environmental improvements, education and enforcement, new build mixed type and tenure to suit present aspirations.

The Housing Act 2004 introduced selective licensing which gave local authorities a discretionary power to introduce a selective licensing scheme in areas of deprivation and where there was anti-social behaviour or low housing demand. The scheme required approval of the Secretary of State.

Private Sector landlords would be required to pay a fee of £450 for 5 years (i.e. £90 per annum). Certain criteria would need to be met. Landlords would have to prove that they were a “fit and proper” person and that there were suitable management arrangements in place. There were also a number of mandatory conditions attached to the licence including, :

- Gas safety checks
- Safe electrical appliances
- Smoke alarms
- The provision of tenancy agreements, and
- References from prospective tenants

Sanctions in relation to the scheme included a £20,000 fine for failure to obtain a licence and a £5000 fine for failure to comply with conditions.

Benefits to the community of the scheme included :-

- Secure, good reliable tenants
- Reduced anti-social behaviour
- Improved neighbourhoods/environment
- Improved housing.
- Safer fit for purpose accommodation.

The benefits to landlords included :

- Support to deal with anti-social tenants
- Reduced number of empty properties
- Increased management standards
- Increased capital value
- Increased rental income

It was reported that to date 1,200 packs had been delivered to landlords and residents: 2 public consultation events had been held. An application had been submitted to the Secretary of State which had been confirmed and the scheme was implemented from February, 2008. Since February, 2008 over 500 application packs had been delivered to landlords.

Applications forms were to be returned by 2nd April. On receipt of the application form the Licensing Team would ensure all relevant documentation was included in determining whether a Temporary Exemption Notice would be required. If a Temporary Exemption Notice was to be issued that could be undertaken straight away and would last for a period of three months. If a Temporary Exemption Notice was to be refused then the local authority must serve Notice of its decision not to issue a Temporary Exemption Order giving their reasons and the date on which it was made.

If a licence was required and all necessary documents received then an appointment would be made to carry out the relevant inspections. If a licence was to be issued then the local authority must serve a Notice and a copy of the proposed licence to the applicant and any person having an interest in the property etc.

There was to be a 14 day consultation period from the service of Notice for any representations to be made. When the process was completed a licence would be issued.

It was noted that the Landlords Accreditation Scheme would be launched around May 2008.

During discussion of this item reference was made to the need for the Selective Licensing to be across the Board including Housing Associations.

A query was also raised regarding whether the scheme would continue under the new unitary authority.

AGREED : That the information be received.

AF(2)38/07

DATE OF NEXT MEETING

Next meeting to be agreed at Annual Meeting of Council on 16th May.

ACCESS TO INFORMATION

Any person wishing to exercise the right of inspection, etc., in relation to these Minutes and associated papers should contact Mrs. G. Garrigan, Tel 01388 816166 Ext 4240, ggarrigan@sedgefield.gov.uk

Item 5

AREA 2 FORUM

24th June 2008

Report of the Assistant Chief Executive

Sedgefield Borough Local Improvement Programme

Application - Football Facilities at Dean Bank Park

This report highlights a Local Improvement Programme (LIP) application submitted to and initially appraised by the Strategy and Regeneration Section. The report provides information to the Area 2 Forum for their consideration and comments, which will be used to further develop the project proposal prior to it being taken through Sedgefield Borough Council's decision-making process.

The Area 2 Forum has been allocated £836,000 of LIP capital resources between 2006 and 2009 subject to budget approval. A number of projects have been supported to date to the value of £370,498 and there is some additional under-spend resulting from last year, which will be available to the Area Forum for additional project activity.

Project Background

- **Name of Project:** Football Facilities at Dean Bank Park
- **Name of Applicant:** Ferryhill Town Council in partnership with Ferryhill Town Youth Football Club
- **Brief Description of Project:** The project will include the provision of new clubhouse incorporating changing and social facilities to serve the needs of the club's teams, improvement to the drainage of the existing pitches, creation of two new pitches on the site of the derelict Ferryhill Athletic ground, new car parking and associated landscaping scheme to meet planning requirements.
- Area Forum members will be aware that Sedgefield Borough Council commissioned a Technical Study to look at the Technical aspects and costs involved in developing this proposal. The results of that study have informed the costs outlined below.
- **Requested from LIP:** £320,000 (31%)
- **Total Estimated Project Cost:** £1,009,994

- **Impact of the Project:** The applicant has stated that the development represents a major step forward in the clubs progress. It is vital to the clubs continued and future role in the community. Through the number of teams and participants the club is able to encourage the development of physical activity and active lifestyles, assist in the reduction of antisocial behaviour, encourage the development of confidence and self esteem, develop pride in the community and encourage adults to become involved in coaching and qualify as coaches.
- **Evidence of need and community support:**
The applicant has stated that the development of a youth football facility academy is identified as one of the 10 key projects for the town in the Ferryhill Community Appraisal. The proposal now submitted is the result of the work that has gone into developing the initial idea since that appraisal was undertaken. The need for new football pitches within Ferryhill is also identified in Sedgefield Borough Council's playing pitch strategy. The proposal is developed in line with all the major regional and national football development plans and strategies. Plans outlining the redevelopment plan for the land at Dean Bank Park have been subject to community consultation through local displays.
- **Value for money and Revenue implications:**
The applicant has applied for £320,000, which is 31% of the total project costs. The applicant aims to secure the remaining £689,994 from the Football Association's – Football Foundation Grant Scheme (FA). In addition to the capital build costs, Ferryhill Town Council have contributed £25,000 to the project through the purchase of the derelict Ferryhill Athletic ground which will be redeveloped as part of this proposal. The project will be subject to a full tender process ensuring value for money is achieved. The facility will be jointly maintained between the football club and the town council, subject to consideration of the business plan by the town council.

Subject to discussion and agreement by the Area Forum to progress the project, the Strategy & Regeneration Division will work with the applicant during the full project appraisal stage to explore a more detailed predicted programme of use for the facility in order to maximise the overall possible impact of the intended project prior to it being taken through Sedgefield Borough Council's decision-making process.

Work will also be undertaken with the applicant to support the further development of the FA bid which, given the size of the project is absolutely critical to the projects overall success.

The detailed appraisal stage will also include consideration of the consultation that has been undertaken to date to assess the need for the enhanced facility.

Recommendation from the Strategy and Regeneration Section:

That the Area Forum considers:

- The project proposal and how it will meet the priority needs of the Area 2 locality.

Material considerations:

Other applications received from Area 2:

In taking the above decision the Area Forum is requested to consider the implication of the funding level requested against the following projects that have been received for future determination by the Forum.

Applications approved by Sedgefield Borough Council to date;

• West Cornforth Number 66 Project	£64,400
• Chilton Environmental Improvements	£93,455
• Ferryhill LADDER Centre Technical Study	£6,170
• Ferryhill Sports Facility Technical Study	£11,250
• Mainsforth Community Centre	£75,830
• West Cornforth Community Centre	£119,393
Total	£370,498

Applications under development

- Miners Welfare Park, Chilton- Chilton Town Council- £169,471.
Approved by Area Forum. Working with applicant to resolve queries and await confirmation of match funding.

Applications to be discussed at Area Forum

- Dean Bank & Ferryhill Literary Institute - LIP requested £35,825

This page is intentionally left blank

Item 6

AREA 2 FORUM

24th June 2008

Report of the Assistant Chief Executive

Sedgefield Borough Local Improvement Programme

Application - Dean Bank & Ferryhill Literary Institute- Gala Room- Extension of Facility

This report highlights a Local Improvement Programme (LIP) application submitted to and initially appraised by the Strategy and Regeneration Section. The report provides information to the Area 2 Forum for their consideration and comments, which will be used to further develop the project proposal prior to it being taken through Sedgefield Borough Council's decision-making process.

The Area 2 Forum has been allocated £836,000 of LIP capital resources between 2006 and 2009 subject to budget approval. A number of projects have been supported to date to the value of £370,498 and there is some additional under-spend resulting from last year, which will be available to the Area Forum for additional project activity.

Project Background

- **Name of Project:** Gala Room Extension of Facility
- **Name of Applicant:** Dean Bank and Ferryhill Literary Institute
- **Brief Description of Project:** This project replaces the previous learning room LIP application. The project will involve the removal of the wall between the Gala and Cabin rooms and replace it with sound proof sliding doors. This will give the flexibility to allow the room to be used as one large room or 2 medium sized rooms. The project will also include installing an acoustic floor system to the room directly above.
- **Requested from LIP:** £35,825 (78%)
- **Total Estimated Project Cost:** £45,825
- **Impact of the Project:** The applicant has stated that the new project will enable the centre to offer better equipped and larger rooms to groups and users which would enable the Dean and Chapter room to attract more users / activities and indeed more use from the current groups and users. The project would also enable the centre to offer larger numbers on courses without affecting other bookings.

- **Evidence of need and community support:**
The applicant has stated that the project was developed mainly due to the number of bookings being refused. A copy of the programme of use has been provided to show the current usage of the existing large room and the smaller rooms to be developed.
- **Value for money and Revenue implications:**
The applicant has applied for £30,000, which is 75% of the total project costs. The applicant has committed £5000 of their own funds and £5000 from the Neighbourhood Enhancement programme. The project will be obtaining 3 quotes for the work. All revenue costs will be covered by the applicant organisation.

Subject to discussion and agreement by the Area Forum to progress the project, the Strategy & Regeneration Division will work with the applicant during the full project appraisal stage to explore a more detail predicted programme of use for the facility in order to maximise the overall possible impact of the intended project prior to it being taken through Sedgefield Borough Council’s decision-making process.

The detailed appraisal stage will also include consideration of the consultation that has been undertaken to date to assess the need for the enhanced facility.

Recommendation from the Strategy and Regeneration Section:

That the Area Forum considers:

- The project proposal and how it will meet the priority needs of the Area 2 locality.

Material considerations:

Other applications received from Area 2:

In taking the above decision the Area Forum is requested to consider the implication of the funding level requested against the following projects that have been received for future determination by the Forum.

Applications approved by Sedgefield Borough Council to date;

• West Cornforth Number 66 Project	£64,400
• Chilton Environmental Improvements	£93,455
• Ferryhill LADDER Centre Technical Study	£6,170
• Ferryhill Sports Facility Technical Study	£11,250
• Mainsforth Community Centre	£75,830
• West Cornforth Community Centre	£119,393
Total	£370,498

Applications under development

- Miners Welfare Park, Chilton- Chilton Town Council- £169,471.
Approved by Area Forum. Working with applicant to resolve queries and await confirmation of match funding.

Applications to be discussed at Area Forum

- Football Facilities at Dean Bank Park, LIP requested £320,000

Item 7

SEDGEFIELD BOROUGH COUNCIL

REPORT TO AREA 2 FORUM

24 JUNE 2008

**REPORT OF THE BUILDING
CONTROL MANAGER**

NAMING OF DEVELOPMENT

LAND AT CHAPEL ROW, FERRYHILL STATION – THREE RIVERS HOUSING ASSOCIATION LTD

A request has been received from the appointed builders, Rok Plc, to officially name and number the above-mentioned development. The site comprises thirty new dwellings and having regard to the site layout, two street names are required.

The site forms part of the Ferryhill Station Masterplan which involves the Council's Corporate Plan, the Local Strategic Partnership's Community Strategy and Action Plan which the Borough Council's Cabinet adopted on 13th July 2006.

Rok plc, as part of a consultation exercise, ran a competition in the local school, Ferryhill Station Primary School, whereby each child submitted their own suggestion for the street names. Rok chose six names, from which they hope that two will be suitable for the site. The idea of the competition was to give the children a sense of involvement in the new development and they will be working with the school until completion of the works in December, and are planning site tours with each class.

The suggestions from the schoolchildren are as follows:

- Daisy Street
- Foxenham Street
- Holly Rise
- Hope Rise
- Newlands Rise
- Primrose Lane

Due to the nature of the competition and the continuing involvement of the school with the development of the site, Rok would appreciate the forum considering selecting two names from the above list.

Ferryhill Town Council were consulted and forwarded suggestions listed below:

Joe Chaplin – Long serving Town Councillor who had connections with Ferryhill Town Brass Band and was brother to local author Sid Chaplin recently deceased.

Jim Young – Long serving Town Councillor and Secretary of Ferryhill Station Workingmens Club also recently deceased

Station View

Unless the members of the Forum would wish to suggest an alternative name, it is considered appropriate that two names from either of the above lists be recommended.
