CRIME AND DISORDER LOCAL PRIORITIES

Allan Blakemore, Community Safety Manager, gave a presentation regarding the above.

It was explained that Sedgefield Community Safety Partnership was in the process of setting priorities for 2008/09 and was consulting residents on their local priorities.

It was explained that the Crime and Disorder Act 1998 as amended by the Police and Justice Act 2006 had imposed a duty on the Council to share data for the purpose of reducing crime and disorder and replaced the three year audit and strategy process with an annual strategic assessment.

The presentation outlined the intelligence driven and national priorities, which were:

- **Domestic Abuse**
This was identified as a national priority. Two women die every week in Great Britain as a result of domestic violence.
- **Domestic Burglary**
Domestic burglary was very low in Sedgefield Borough, however residents did have a high degree of fear of being a victim of this particular crime. Borough average was 8.3 burglaries per 1,000 households in 2006/07 compared to the national average of 13 burglaries per 1000 households.

- Substance misuse
Substance misuse related to Class A, B and C drugs, alcohol and smoking
- Vehicle Crime
Vehicle crime relates to the organised stealing of vehicles for resale after changing identification, taking vehicles without owners' consent (better known as "joyriding"), theft from vehicles and vehicle interference.
- Criminal Damage
Criminal damage was the highest recorded crime across Sedgefield Borough, usually accounting for 40% of total recorded crime. It was linked to night time economy and anti-social behaviour.
- Anti-Social Behaviour
The usual profile figures were follows:

• Rowdy and inconsiderate behaviour	-	73%
• Nuisance neighbours	-	10%
• Vehicle nuisance/Inappropriate use	-	9%
• Noise	-	3%
• Street drinking	-	2%
• Animal related problems	-	2%
• Substance misuse	-	1%

Questionnaires were then circulated at the meeting for completion. It was pointed out that by providing postcodes on the questionnaires, the Community Safety Partnership would be able to map localised priorities, whilst preserving anonymity. It was noted that the information would be shared with Durham Constabulary to assist in the setting of neighbourhood priorities for action.

QUESTIONS

A query was raised regarding PCT involvement in Area Forum Meetings. It was suggested that a report or briefing sheet be produced if a representative was not to be present at meetings.

It was agreed that the PCT would be invited to the next meeting to discuss GP Surgeries.

DATE OF NEXT MEETING

Next meeting to be held on 27th February 2008.
