LOCAL IMPROVEMENT PROGRAMME

AF(5)36/07

St. Oswald's Park Refurbishment

Consideration was given to a report of the Assistant Chief Executive regarding the above. (For copy see file of Minutes).

Andrew Bailey, Clerk to Great Aycliffe Town Council, was in attendance to present the application and answer questions.

Members were reminded that the Area 5 Forum had been allocated £1,140,000 of Local Improvement Programme Capital Resources between 2006 and 2009. A total of £380,000 had been allocated for 2007/08.

The aim of the project was to refurbish St. Oswalds Park. There were four areas that had been identified as particularly requiring capital investment for improvement and consisted of a disused roller skating rink a disused bowling green a junior play area and an infants play area. Those areas would be refurbished on a two stage phased basis. Great Aycliffe Town Council intended to fund a second stage with monies from their 2009/2010 budget.

Phase 1 would consist of refurbishment of the disused roller skating rink to a junior play area, the refurbishing of the infant play area and the disused bowling green to a formal garden.

Phase 2 would involve the junior play being refurbished and a picnic area created.

The total amount requested was £134,740 representing 84% of the total estimated project cost.

AGREED : That the Forum support the project.

Newton Aycliffe Sports Club

Consideration was given to a report of the Assistant Chief Executive regarding the above. (For copy see file of Minutes).

Gary Farley, Alan Oliver and Brian Atkinson from Newton Aycliffe Sports Club were in attendance to answer questions on the application which had been considered by the Area Forum in October, 2007 and was being reconsidered by the Forum as a result of increased costs.

The project involved the provision of a senior football pitch to a standard specified by the Northern League (Division 2) with floodlights, spectator fencing, perimeter fencing and new self-contained changing rooms for two teams plus officials. The field would be reached by a new footpath with lights. The intention was also to create a new junior football pitch on the club site. The cricket club would have a practice net area with two lanes and the rugby club a new floodlight training area. The cricket score board would also be repositioned and the current changing rooms relocated. The patio area to the front of the main sports hall would also be refurbished.

The total amount requested from the Local Improvement Programme was £304,980.

AGREED: That the project be supported.
