

More places to go and things to do for teenagers

Task ref	Task description	Q1	Q2	Progress to date	Remedial Action
CP EAMPC 2.3	We will develop a programme of heritage and cultural activities for teenagers. These activities will be based on the identified needs of teenagers. We plan 10 events by the end of September 2008 and a further 10 by the end of March 2009			10 events have taken place with teenagers, 6 working in partnership with Looked After Children's Service and 4 delivered through the BRASS, Durham international Festival. Examples include the Creative Force Workshops which aim to place hard to reach young people at the centre of a high quality arts programme to build confidence and self esteem, incorporating consultation strategies enabling them to inform and direct activities. 4 workshops have taken place with 48 teenagers attending.
