CP EW 1.3	We will work to increase opportunities for people with disabilities and mental health problems to access and retain paid employment, including through Workable solutions. Our WorkAble Solutions service offers people with disabilities who want to achieve or maintain paid work – full or part time - support with: Basic Skills assessment Pre-employment training Short vocational courses Welfare benefits advice Work placements Job searching Interview preparation and support Access to work One-to-one support in the workplace			The number of people with learning disabilities, physical disabilities and mental health problems supported in employment between April and September is on target. However, the number of Basic Skills Assessments completed from April and September 2008 has not hit target. The annual target for Basic Skills Assessments is 135, however due to staff shortages, only 34 were completed between April and September 2008.	Staff in the team are now targeting their efforts on identifying people who require a Basic Skills Assessment and expect to hit the year end target by 31st March 2009.
