Hi Joanne,

The gates have been replaced.

I have applied for funding for the handrail at Easington Colliery and I am confident that my application will be successful. If so the work will be carried out next September. This would be the soonest I could carry out the work without disturbing the nesting birds.

Duncan

Duncan

Do you have any update for the next CAF on gates at Limekiln Gill and the steps at Easington Colliery. I have attached the minutes for your info

Joanne
