

**Scrutiny Sub-Committee for
Promoting Strong, Healthy and
Safe Communities**

1 December 2003

Work Programme

Report of Head of Overview and Scrutiny

Purpose of the Report

1. To up-date Members of the Sub-Committee about the work programme for the Sub-Committee.

Background

2. The Work Programme provides the opportunity to plan the work of the Sub-Committee. The programme, however, does change in response to new issues which arise. The Work Programme, therefore, provides a guide in terms of forward planning and project management. The timing of projects in the programme constantly needs to be adjusted.

Current position

3. The Mental Health project has just concluded and is expected to report before the end of December 2003.
4. The Working Group looking at sickness absence levels in Social Services Department is continuing its work. An update report is included elsewhere on the agenda for this meeting.

Recommendations

5. You are recommended to consider and note the current Work Programme.
