

## **MINDING THE GAP – PROGRESS IN EASINGTON PCT AREA**

**Rec. 4.** Two years funding agreed for Easington Early Intervention in Psychosis services (as part of Teeswide & Easington service), Specialist Practitioner and Care Co-ordinator in post. Further 3 year development plan being proposed through LDP process, potential opportunity to consider social work staff, co-ordination of social care funding to support this

**Rec. 6.** The report is being used to advise service development and modernisation of services through the Partnership Board, LIT and LDP process

**Rec. 7.** This is being addressed through developing care co-ordination policies, and is a key element in the development of clinical pathways and transition protocols.

**Rec. 9.** This recommendation will be considered in line with the re-provision of in-patient facilities within the Business Cases for both Trusts.

**Rec. 10.** Each organisation has recruitment policies and procedures in place. This is also being considered in the developing multi-agency workforce development plan for Easington

**Rec. 11.** A proposal to extend day service provision and changes to out-patient facilities will take this into account. A bid for Capital Expenditure Programme could support this.

A review of day services is planned through an integration paper and in response to LDP

**Rec. 12.** The CMHT and out-patient facilities - it is planned to extend to 7-day week in line with crisis service, to provide comprehensive 7-day a week service.

A number of projects such as sportworkers, employment link services and day services are provided in community settings.

**Rec. 13.** PCT is looking at development of Estates Strategy to support development, mental health has welcomed the opportunity to be considered in these developments.

**Rec. 14.** Specialist practitioner for Early Intervention in Psychosis is involved in younger persons workstream to ensure engagement and access to appropriate services. Mental Health services are looking at screening process and single point of entry, also timely access and signposting to appropriate services.

**Recs. 15 /16 /17.** Sub group 2&3 of Adult LIT looking at information available through Service Directory, comprehensive leaflets for all users and carers in relation to care co-ordination.

**Recs. 18 / 19/ 20 / 21** Much energy has gone into user / carer events and development of user/carer forums in Easington. More work is needed to provide a specific younger people's focus.

**Recs. 25 / 26** Commitment to Open Up campaign - Easington staff already actively engaged in 'Passionate People' group, working in local schools and colleges. Very positive feedback for the scheme, to continue to develop in Easington.

**Rec. 29.** Conference attended by multi-agency representation from Easington

**Recs. 35/36/38** Easington Multi-Agency Workforce Development Plan is considering the recommendation with Trusts and WDC as to best way forward.

**Rec. 39** To be picked up through Governance framework and piloted in developing EIP service
