Work Programme

Report of Head of Overview and Scrutiny

Purpose of the Report

1. To update Members about the work programme for the Sub-Committee.

Background

2. The Work Programme provides the opportunity to plan the work of the Sub-Committee. The programme, however, does change in response to new issues which arise. The Work Programme, therefore, provides a guide in terms of forward planning and project management. The timing of projects in the programme constantly needs to be adjusted. There are a number of projects which need to be reviewed, as set out in the attached table.

Current Position

3. The project to examine the educational attainment of looked after children has now concluded and the Working Group report is submitted for consideration elsewhere on the agenda for this meeting. Members will need to give consideration in the coming months to any future scrutiny investigations they wish to undertake

Recommendations

4. You are recommended to note the current Work Programme.
