23 LOCAL MANAGEMENT OF COMPLAINTS RELATING TO THE CONDUCT OF LOCAL AUTHORITY MEMBERS'

The report of the Monitoring Officer, submitted to Council on 27 February 2008, which gave information on the proposed implementation of the locally devolved regime for dealing with complaints made against local authority members, was circulated to members of the committee. The Monitoring Officer made a presentation which gave more information on the proposals and the likely procedures. The original date for implementation, 1 April, was now unlikely: 1 May was now the likely date. The initial assessment of allegations would then be carried out locally by the Standards Committee, meaning that, the role of the Standards Board for England would become more strategic, providing support to Councils and dealing with complaints which were considered to be not appropriate for local investigation. If a complaint went through the whole process of an initial assessment, possible review of the decision and a hearing; then nine members of the committee

would need to be involved. This brought into question the size of the committee and the number of members likely to be required to ensure that there were sufficient to deal with all stages of the process. There were a number of outstanding issues which the regulations needed to address, once they were published. Members considered the need to enlist more Parish Council members: It was recommended that there needed to be three. In this regard a nomination had been received in respect of Councillor Rosemary Thompson (Cotherstone Parish Council) for the existing vacancy; it was also noted that Cockfield Parish Council was also likely to be submitting a nomination.

RESOLVED:

(1) That the imminent implementation of the local management of complaints against members be noted.

(2) That the appointment of Cllr Rosemary Thompson (Cotherstone Parish Council) as a Parish Council member of the Standards Committee be recommended for approval to the next meeting of Full Council.

(3) That Council be recommended to increase the size of the Standards Committee by the addition of a third Parish Council representative.

(4) That, subject to approval of recommendation (3) above, the Monitoring Officer be authorised to process the application, if received, in respect of the prospective member of Cockfield Parish Council.

24 CODE OF CONDUCT: EXTRACTS FROM STANDARDS BOARD FOR ENGLAND CASE REVIEW 2007

Copies of this document were circulated to the members for information. Discussion on the case review will take place at the next meeting of the Standards Committee.

25 STANDARDS BOARD FOR ENGLAND BULLETIN 37, FEBRUARY 2008.

The Monitoring Officer circulated the latest Standards Board for England bulletin and highlighted parts of the bulletin that members would find of particular interest. The bulletin focused on the implementation of the changes in the local framework. The implementation date of 1 April 2008 has now been put back to 1 May 2008.

Publicising the Local Assessment of complaints

The importance of publicising the local assessment of complaints was addressed and examples of good practice were listed in the bulletin.

Independent members and parish representatives in the local framework

The Local Government and Public Involvement in Health Act 2007 requirement that all Standards Committees have an Independent Chair was now in force. Teesdale District Council have had an Independent Chair since September 2006 and, earlier in the meeting, appointed a Independent Vice – Chair.

New reporting system for authorities on local assessment

The introduction of local assessment means that local authorities will be required to report information about receiving and investigating cases to the Standards Board for England. There will be a questionnaire to complete on line at the end of each quarter. The idea behind collecting the information is to allow the Standards Board to help local authorities by being aware of and sharing effective practice, identifying trends and managing risks.
