Hi Yvonne,

I carried out a follow up inspection with PCSO Paul Conroy on the 12th October 2023 at 14:00 at the above premises. Although the premises is significantly improved since my last visit, there was still conditions that the premises were not complying with.

I have highlighted the non-compliant conditions below:

First Aid facilities will be available.

All staff will be trained to operate CCTV system, including the viewing and downloading of images from the same. Training on the operation of the CCTV system shall be refreshed regularly and records of such training maintained for inspection by officers from a responsible authority upon reasonable request.

Signs shall be displayed within the premises encouraging customers to leave the premises quietly.

Kind Regards

Ian
