

Police and Crime Panel

Date **Friday 1 February 2019**
Time **10.00 am**
Venue **Committee Room 1A - County Hall, Durham**

Business

Part A

**[Items during which the Press and Public are welcome to attend.
Members of the Public can ask questions with the Chairman's
agreement]**

1. Apologies for Absence
2. Substitute Members
3. Declarations of interest, if any
4. Minutes of the meeting held on 10 January 2019 (Pages 3 - 8)
5. Recent Media Activity (Pages 9 - 10)
6. Consultation on Council Tax Police Precept 2019-20 (Pages 11 - 22)
7. Revenue and Capital Budgets 2019/20, Medium Term Financial Plan 2019/20 to 2022/23 and Revenue and Capital Budgets 2018/19 (Pages 23 - 66)
8. Local Criminal Justice Partnership 'One year on' (Pages 67 - 78)
9. Campaigning and Influencing Activity (Pages 79 - 82)
10. Policing and Mental Health - Picking Up the Pieces (Pages 83 - 86)
11. Brexit Preparations (Pages 87 - 88)

12. Such other business, as in the opinion of the Chairman of the meeting, is of sufficient urgency to warrant consideration

Helen Lynch
Monitoring Officer

County Hall
Durham
24 January 2019

To: **The Members of the Police and Crime Panel**

Durham County Council

Councillors D Boyes, P Brookes, P Crathorne, L Hovvels (Chair), J Nicholson, A Savory and M Simmons

Darlington Borough Council

Councillors H Crumbie, B Jones (Vice-Chair) and M Knowles

Independent Co-opted Members

Mr N J H Cooke and Mr D K G Dodwell

Contact: Ian Croft

Tel: 03000 269702

DURHAM COUNTY COUNCIL

At a Meeting of **Police and Crime Panel** held in Committee Room 1A - County Hall, Durham on **Thursday 10 January 2019 at 2.00 pm**

Present:

Councillor L Hovvels (Chair)

Durham County Council:

Councillors D Boyes, P Crathorne, J Nicholson and M Simmons

Darlington Borough Council:

Councillors H Crumbie, B Jones and M Knowles

Independent Co-opted Members:

Mr N J H Cooke and Mr D K G Dodwell

The Chairman informed the Panel that she had agreed to change the Agenda order so that Item No 8 would be considered after Item No 4 to allow the Chief Finance Officer to attend another meeting.

1 Apologies for Absence

Apologies for absence were received from Councillors Brookes and Savory.

2 Substitute Members

There were no substitute Members in attendance.

3 Declarations of interest

There were no declarations of interest.

4 Minutes

The Minutes of the meetings held on 22 October at 9.30 a.m. and 10.05 a.m. were confirmed as a correct record and signed by the Chairman subject to the following amendment:

Mr N Cooke and Mr D Dodwell being removed from the attendance under the Darlington Borough Council heading in the minutes of the meeting held at 9.30 a.m.

5 Provisional Government Grant Settlement and its Implications for the Force - Verbal Update

G Ridley, Chief Finance Officer provided the Panel with a verbal update on the provisional Government Grant settlement and its implications for the force.

The Chief Finance Officer provided the Panel with details of extra grant funding which had been allocated to Durham for 2019-20 and explained the budgetary pressures facing the force, including pension costs, salary increases, and IT costs.

Councillor Boyes referred to the extra £2.9m which had been allocated towards pension costs and asked whether this was a one-off payment. The Chief Finance Officer replied it was assumed that this would be allocated in future financial years because pensions were an ongoing cost.

The Chief Finance Officer informed the Panel that the Budget would be brought to the Panel in more detail.

6 Recent Media Activity

The Panel considered a report of the Police, Crime and Victims' Commissioner (PCVC) which provided an update on media activity during the period since the last Panel meeting (for copy see file of Minutes).

Councillor Boyes referred to the media coverage of problems in the Stanley area and requested an update. The PCVC informed the Panel that a lot of effort had been put in to the Stanley area to address these problems. Councillor Nicholson, a local Member for the area praised the actions of the police in the area who could not be faulted and added that a channel was needed to address young people's issues in the area.

The PCVC informed the Panel that he would feed the positive comments of Councillor Nicholson back to local officers. The PCVC referred the Panel to The Loop, a project which took place in Durham before Christmas. The Loop tested the quality of drugs which people took along to the testing centre and not one sample tested reflected what people thought the drug was. It was intended to carry out the project again. Councillor Hovvels informed the PCVC that the results from this testing could have implications for health professionals and asked whether this information had been shared. The PCVC replied that the information would be shared with partners and would also be brought to the Panel for information.

7 Focused Report on Police, Crime and Victims' Plan Outcomes - Outcome 2: 'Victims and the Vulnerable Feel Supported'

The Panel considered a report of the Police, Crime and Victims' Commissioner which supplemented the public performance report with regard to giving an overview on the Police, Crime and Victims' Plan Outcome 2 – 'Victims and the Vulnerable Feel Supported' (for copy see file of Minutes). The Panel also received a presentation from Jacob Cain, Policy and Accountability Officer, Office of the Police, Crime and Victims Commissioner.

Councillor Boyes referred to the budgets of partners being cut, for example Public Health, and asked how this was putting a strain on the PCVCs budget. The PCVC

replied that he was striving to work closer with partners to save money and improve return on investment, however his budget could not take all of the strain. He was very concerned that the most vulnerable people may not get the support they needed or deserved.

Resolved:

That the report be noted.

8 Precept Consultation

The Panel considered a report of the PCVC which presented the consultation document about the precept for 2019/20 (for copy see file of Minutes).

Councillor Crathorne expressed some concern that earnings were higher down south and therefore the impact of a rise in the precept would be less than in the north where earnings were lower. She considered that the needs of the public should be considered as well as the needs of the police. The PCVC replied that last year he had approached the Chancellor about increasing the tax burden for higher banded properties but was told this could not be done.

Mr Dodwell informed the Panel that he sympathised with the PCVC who he considered had no option other than propose his increase in precept. If he did not do this then there would be a knock-on effect in future years.

The PCVC informed the Panel there was an assumption that precept increases could be pegged at a maximum of 1.98% next year and if this was so then Durham force would have a budget shortfall of £2.9m. He would continue to argue for a fair funding formula for Durham Constabulary.

Councillor Boyes considered it would be unwise not to introduce the proposed precept increase.

Resolved:

That the intention to consult on the proposed precept be noted

9 Quarterly Performance Report

The Panel received a presentation from the PCVC on the Quarter 1 public performance report which contained key performance data (for copy see file of Minutes).

The PCVC informed the Panel that he had previously presented the quarterly public performance report at the meeting of the Police and Crime Panel. The report had now changed to reflect the structure of the latest Police, Crime and Victims' Plan which detailed four outcomes under which sat eight Key Performance Questions (KPQs) and cutting across all of these were twelve priority areas.

This quarter's report focused on Outcomes 3 and 4 of the Plan and therefore on KPQs 5-8. The next quarter's report would focus on Outcomes 5 and 6, KPQs 9-12, and subsequent reports would repeat this pattern.

Councillor Boyes informed the Panel that he set great store by Restorative Justice which worked and for every £1 spent resulted in savings of £8. However, there was a stubborn, hard-core group of individuals who seemed to never get sanctions against them and this made the Restorative Justice approach difficult to justify at times. The PCVC replied that a lot of acquisitive crime was carried out by people with drug dependency and work around this had been ongoing with both Durham County Council and Darlington Borough Council for the last 12 to 18 months. The problem of this hard-core group of individuals required a partnership approach.

Councillor Knowles referred to a case reported in the Northern Echo whereby a prolific shoplifter had been released from a short custodial sentence and had received £46 upon release. The offender had shoplifted again and the Judge had not committed him to custody yet the sentence was too short for the Probation Service to take up. The PCVC replied that short prison sentences did not work, there was a need to get the offender stabilised and break the causes of activity.

Councillor Jones agreed there was a hard core of individuals whose behaviour was difficult to address. He asked whether there was any liaison with the Magistrates Association to ensure magistrates understood the thoughts of the public regarding this.

The PCVC replied that it would be wrong for him to interfere with the independence of the judiciary, however the public could make such representations. He understood that magistrates were keen to see changes to sentencing guidelines. In reply to a question from Councillor Boyes the PCVC confirmed that magistrates operated to uniform sentencing guidelines across the Country.

Resolved:

That the Performance Report be noted.

10 Commissioning Update

The Panel considered a report of the Police, Crime and Victims' Commissioner which informed the Panel that the decision-making process for financial allocations in 2019/20 had been completed (for copy see file of Minutes).

Mr Dodwell informed the Panel that organisations in receipt of a financial allocation faced uncertainty towards the end of the financial year about future funding and longer-term awards would minimise this level of uncertainty. C Oakley, Head of Governance and Commissioning replied that it was intended to work through the partnership gaps to identify area of need which would drive funding and have a better impact. The PCVC added that his office could only make reasonable assumptions because the government did not provide multi-year settlements.

Resolved:

That the report be noted.

11 Work Programme 2018/19 - Update

The Panel noted a report of the Director of Transformation and Partnerships, Durham County Council which provided an update on the Panel's work programme for 2018/19 (for copy see file of Minutes).

12 PCVC Decision Records

The Panel noted a report of the Police, Crime and Victims' Commissioner which provided an update on the decision register since the last meeting, and forward plan (for copy see file of Minutes).

13 Exclusion of the Public

Resolved:

That under Section 100(a)(4) of the Local Government Act 1972 the public be excluded from the meeting for the following item of business on the grounds that it involves the likely disclosure of exempt information as defined in paragraph 1 of Part 1 of Schedule 12A to the Local Government Act 1972.

14 Concerning a complaint about the Police, Crime and Victims' Commissioner

The Panel considered a report of the Monitoring Officer, Durham County Council regarding a complaint made about the Police, Crime and Victims' Commissioner (for copy see file of Minutes).

Resolved:

- (i) That the matters complained of were not of sufficient seriousness to warrant referral to the IOPC;
- (ii) That no further action be taken on the complaint;
- (iii) That the Panel's decision should not be published.

15 Brexit Update

Mr Dodwell sought information on planning which was taking place around Brexit.

The Monitoring Officer informed the Panel that consideration would be given to Mr Dodwell's request and a report would be brought to the next Panel meeting.

Police and Crime Panel

1 February 2019

Recent media activity

Report of the Office of the Police, Crime and Victims' Commissioner

1. Purpose

At the Panel's Development Session in April 2018, there was discussion about coverage in the press of the work of the Police, Crime and Victims' Commissioner, and Durham Constabulary. A commitment was made to update the Panel about key press activity at each Panel meeting. This paper provides an update covering the period since the previous meeting.

2. Top stories in the press and broadcast media

Press coverage since the last meeting has included:

- Precept
- Drug policy reform (including Mail on Sunday articles)
- Restorative Justice awards

In addition to the press and local Radio, the PCVC also appeared on BBC1's The Big Questions on Sunday 6 January.

3. Social media activity

- 7100 followers on Twitter (4th highest number amongst PCCs)
- 4630 followers on Facebook (2nd highest number amongst PCCs)

Top tweets: PCVC's appearance on the Big Questions

Top Facebook posts: Precept consultation, Restorative Justice award

The office Instagram account currently has 149 followers

4. Columns

Monthly columns in the Teesdale Mercury and the Advertiser series, covering

- Policing precept

5. Recommendations

Panel Members are recommended to note the information contained in this report.

Police and Crime Panel

1st February 2019

Consultation on Council Tax Police Precept 2019-20

Report of the Police, Crime and Victims' Commissioner

Purpose

1. To update the Panel on the process for setting the Policing Precept for 2019-20, and to seek the Panel's support in doing so.

Background

2. At the meeting of the Police and Crime Panel on 10 January 2019, I presented my proposals for an increase in the Policing element of Council Tax – the Policing Precept.
3. In December the Government published the Police funding settlement. It contains an ability for PCCs to increase the precept by £24 a year on Band D properties. This equates to a 13.24% increase in County Durham and Darlington. I informed the Panel of my intention to do so, and the Panel was supportive of the proposal.
4. I recognise that households are under pressure and, whilst I deeply regret needing to ask local people to pay even more, I feel that this increase is necessary in order to maintain the excellent police force we have. Rising costs, plus the looming threat of a new funding formula which would disadvantage us further, mean it is essential we maximise our resources.
5. I presented my proposed method of engaging with the community about this proposal, and took into account the feedback which members of the Panel helpfully provided.

Current Position

6. I subsequently published my proposals in a consultation document, which is attached at Appendix 2. and since then I have taken a range of opportunities to engage with the community, including:
 - Area Action Partnership meetings
 - Drop-in sessions (including in Darlington and Durham City)
 - Online <https://www.durham-pcc.gov.uk/Get-Involved/Give-your-views.aspx>
 - Local print media
7. Residents across Constabulary area have been given the opportunity to discuss the increase in a face to face setting. In the Darlington Borough Council Area, there have been drop-in sessions at the railway station and the Cornmill Centre, and attendance at the PACT meetings in Middleton St George and Haughton. In the Durham County Council area we have presented the proposals to nine Area Action Partnership Board meetings.

8. We also carried out informal consultation on increasing the precept between October and December 2018, although at the time we expected a cap of £1 per month for a Band D property.
9. At the meeting on 1st February I will present feedback to the Police and Crime Panel. Under Schedule 5 of the Police Reform and Social Responsibility Act 2011, the Police and Crime Panel is required to review the proposed precept, and to make a report on it (the Panel are to determine the manner of this report). The report can include recommendations on the level of the precept. The panel has the power to veto the proposed precept, which requires a two-thirds majority in favour of a veto.
10. At the time of writing, the period of community engagement is still live, and therefore I am unable to provide final results. However, there has been little to no opposition at the meetings I have attended, and my intention remains to increase the precept by the maximum amount, as set out in the proposal document.

Recommendation

11. The Panel is recommended to:
 - a. Note the current position of the consultation and the expected outcome;
 - b. Consider my proposal for a 13.24% precept increase;
 - c. Decide whether to veto my proposal;
 - d. Produce a report.

Ron Hogg
Police, Crime and Victims' Commissioner

Appendix 1: Risks and Implications

Finance: The Council Tax Precept 2019-20 is proposed to rise by £24 on a Band D property (equating to 13.24% - as per main body of the report).

Staffing: Increasing the precept as indicated will enable current levels of police officer posts to be retained.

Equality and Diversity: No specific implications.

Accommodation: No specific implications

Crime and Disorder: The money received through the increase will be put towards reducing crime and disorder.

Children's Act 2004: No specific implications

Stakeholder/Community Engagement: Feedback on the proposed increase has been sought from the community.

Environment: No specific implications

Collaboration and Partnerships: No specific implications

Value for Money and Productivity: The precept increase proposed is the largest it can be, without holding a costly referendum.

Potential Impact on Police and Crime Plan Priorities: If the precept is not increased, there will be a reduction in the number of Police Officers, which will have a negative effect on the ability of Durham Constabulary to deliver the Police and Crime Plan objectives.

Commissioning: No specific implications

Other risks: No specific implications

Police Funding 2019/20

RON HOGG

DURHAM POLICE, CRIME
AND VICTIMS' COMMISSIONER

**FAIR FUNDING
FOR COUNTY DURHAM
AND DARLINGTON**

Consultation document December 2018 – January 2019

Durham Constabulary is an outstanding police force. I know that because HM Inspectorate of Constabulary and Fire and Rescue Services have rated the force as the most effective and efficient force in the country for three years in a row – and because of the great feedback I get from local people. I am committed to ensuring that the Constabulary invests in people, innovation and IT to find further efficiencies so that people who live, work and visit the area are protected, and the Force remains ‘outstanding’.

Since 2010 Government funding for policing in Durham and Darlington has been cut in real terms by 32%. About 75% of the money spent by the force comes from a Government grant, and the rest of it is paid by Council tax payers through the policing precept. I am determined to protect neighbourhood policing, so that there is an effective police presence in your area. However, the long-term reduction in Government funding, in real terms, means that front-line policing will be at risk unless I increase the policing precept.

You may have seen in the press that Government has increased its direct grant allocation to Police forces, for one year only. However, most of that increase will have to pay for an increase in the pension deficit for policing – an issue which affects every force in the country, following a Government re-calculation of size of the deficit. I am left in a position where I need to increase the precept by 13%, the maximum permitted, in order to sustain front-line policing, invest in IT and tackling cybercrime, and other measures to make the force as efficient as possible in the future.

I really do not want to ask people for such a large increase, but the Government has left me with little choice. This consultation document sets out the proposed precept increase, in more detail. I would welcome your views.

“It’s my job to make sure that the very best use is made of your money, so that policing in County Durham and Darlington remains efficient and effective”

Ron Hogg

Police, Crime and Victims’ Commissioner

PCVC Ron Hogg and Chief Constable Mike Barton

Ron speaking with students from Hermitage Academy at the launch of his Hate Crime Action Plan

Government funding for policing in Durham and Darlington has fallen every year since 2010

The Government often states that funding for Policing has been protected for the past few years. That may be true if you look at the country as a whole, but funding for Durham, and most other forces, has reduced over many years in real terms. That's because the Government has chosen to allocate more to policing budgets held at national level, such as counter-terrorism, increased firearms capability, and funds which forces have to bid to obtain. And of course, we are all still affected by the Government policy of austerity.

The total provisional grant received by Durham in 2019-20 will be £87.6 million. However, our costs have gone up, including pay awards, pension contributions and general inflation. We also face more demands in terms of crime, mental health and helping vulnerable people.

Durham Constabulary staffing numbers have fallen over the past few years:

	<u>2010</u>	<u>2018</u>	<u>Change</u>
Police Officers	1,507	1140	367
PCSOs	174	152	22
Special Constables	131	100	31
Police Staff	930	862	68
Apprentices	-	56	56

The force continues to invest in new technology to help make the best use of your money. I have funded £10,000 towards drones, which will give our Officers a comprehensive view of large areas, helping to locate missing persons, stolen quadbikes and the like, at lower cost

I am committed to using your money as efficiently as possible

Durham Constabulary remains the most efficient and effective police force in the country, according to HM Inspectorate of Constabulary, Fire and Rescue Services. That's because we are always looking for new ways to reduce harm and save money. Over the last few years we have done this by:

- Introducing Checkpoint, which reduces crime and the number of victims by addressing the reasons why people re-offend. This has led to reduced reoffending and fewer arrests.
- Purchasing cheaper ICT and office supplies, in order to save money.
- Successfully bidding for grants to spend on staff and equipment to provide services to communities.
- Using sophisticated analysis to understand the demand on policing, so that it is possible to deploy officers where they are most able to make a difference.
- Using restorative justice to help victims to cope and recover from the impact of a crime.
- Generating income from providing training and IT to other forces.
- Using a problem-solving approach to ensure more crimes and incidents are dealt with.
- Reviewing practices in the police control room, so that a good service can be provided with fewer staff.
- Being supported by volunteers in a wide range of initiatives such as Community Peer Mentors.
- Working with partners such as the local Councils and health service bodies to manage demand together.

Ron discussing Police funding with Home Secretary Sajid Javid and Deputy Chief Constable Jo Farrell at Durham Police HQ

I would like to 'place on the record the admiration of the Government for the performance of Durham police' - Nick Hurd, Policing Minister

I need to increase the precept to protect local policing

Your Police, Crime and Victims' Commissioner Ron Hogg

Government has decided to pass more of the cost of policing onto local people, despite increased pressures on household budgets. That means that, to maintain the excellent police force we have, I feel that this increase is necessary. Our costs continue to rise, and we need to invest in measures to make the force as efficient as possible.

If the precept does not increase this year, the baseline for the budget in future years will be lower, so I would be permanently reducing the income which the precept can generate for policing. I don't want to do this because it would inevitably mean there would be fewer Police Officers in your communities, preventing and solving crime.

Here's what that would mean for you:

	Band A	Band B	Band C	Band D	Band E	Band F	Band G	Band H
Precept 2018-19	120.83	140.96	161.10	181.24	221.52	261.79	302.07	362.48
13.24 % increase								
Proposed Precept 2019-20	136.83	159.63	182.44	205.24	250.85	296.46	342.07	410.48
Increase per year	16.00	18.67	21.33	24.00	29.33	34.67	40.00	48.00
Increase per week	0.31	0.36	0.41	0.46	0.56	0.67	0.77	0.92

In 2019-20, this increase will mean that I expect the total amount of money raised through the precept to be £35.6m. When I add this to the £87.6m I will receive from the Government, this makes the expected total budget £123.2m.

Summary

Increasing the precept by 13.24% will help to protect services at the current level.

We will also continue to make efficiencies and challenge every element of our business, to make your money go further.

I will continue to lobby Government to provide a fairer level of Government grant.

Police And Crime Panel

1 February 2019

Revenue & Capital Budgets 2019/20
Medium Term Financial Plan 2019/20 to 2022/23
Revenue & Capital Budgets 2018/19

Joint Report of PCVC Chief Finance Officer and Chief Constable

Introduction

- The purpose of this report is to enable the Police Crime and Victims' Commissioner (PCVC) to:
 - Set the revenue budget and issue the policing precept for 2019/20,
 - Approve the capital budget for 2019/20,
 - Approve the revised revenue & capital budgets for 2018/19,
 - Approve the treasury management policy and strategy for 2019/20,
 - Approve the medium term financial plan,
 - Consider the robustness of the estimates and adequacy of reserves.
- The covering report is divided into the following sections:
 - Background
 - Grant Settlement
 - 2019/20 Council Tax requirement
 - Reserves
 - Key risks
 - Cost control
 - Capital Budget
 - Medium term Financial Plan 2019/20 to 2022/23
- The Prudential Code is included in appendix 2
- The Medium Term Financial Plan is attached as appendix 3
- Appendix 4 gives details of the robustness of the estimates

Background

- The provisional financial settlement for 2019/20 (received December 2018) announced increased Government funding to Police Forces to compensate for the additional Police Officer pension contributions
- The Medium Term Financial Plan in Appendix 3 outlines estimated future year's funding levels. Whilst a balanced budget for the next 4 financial years can be achieved under the proposed spending plan, this is based on the funding levels being maintained in future years.
- The settlement allowed a Council Tax increase of £24 for Band D for 2019/20. Whilst recognising the impact of any increase in Council Tax on the finances of households in County Durham and Darlington, in view of the future budgetary challenges referred to later, it is the view of officers that it is more important than ever, so far as is possible, to protect the base budget by increasing the Council Tax.
- The Home Office have already announced that they are reviewing the police funding formula allocation between Forces for future years. Our understanding, based on previous exemplifications published in 2015, is that Durham could potentially lose up to £10m per annum from the changes. A separate report has been produced showing how such a reduction would be financed.

Grant Settlement

- The final Local Government Finance Settlement, together with the Police Grant Report for 2019/20, will be put before the House of Commons shortly. Central funding for 2019/20 has been set at £87.58m, an increase of £2.91m from 2018/19. This almost offsets the increase in Police Officer pension contributions of £2.94m. The table shows the Constabulary's assumption of the anticipated central government funding in future years compared to the current year:

	2018/19 £000	2019/20 £000	2020/21 £000	2021/22 £000	2022/23 £000
Police Grant	42,112	43,034	43,034	43,034	43,034
DCLG General Grant	36,446	37,173	37,173	37,173	37,173
Legacy Council Tax Freeze Grants	6,110	6,110	6,110	6,110	6,110
Pension Grant	-	1,260	1,260	1,260	1,260
Central Gov't Funding	84,668	87,577	87,577	87,577	87,577

- As well as general grant, there will continue to be other specific grants in 2019/20.
- The government has announced the 2019/20 Council Tax capping criteria at £24. This report recommends a £24 increase at Band D.
- Every 1% variation in the Band D Council Tax affects the Council Tax Requirement by £0.35m. A £24 increase in Council Tax, which is the maximum increase recommended to avoid a referendum and is a 13.24% rise, would result in an increase to the base budget of £4.10m for every year in the future. This would

increase the Band D precept from £181.24 to £205.24 per annum, an increase of £24 per annum, which is 46p per week. The impact on the majority of households in County Durham and Darlington which are Band A properties, would be an increase of £16 from £120.83 to £136.83 per annum, which is equivalent to 31p per week.

- The Government has created a number of ‘top sliced’ funding streams as follows:

Police Funding	2017/18 (£m)	2018/19 (£m)	2019-20 (£m)
o/w Reallocations and adjustments	812	945	1,029
PFI	73	73	73
Police technology programmes	417	495	495
Arm’s length bodies	54	63	63
Top-ups to NCA and ROCUs			56
Strengthening the response to Organised Crime	28	42	90
Police transformation fund	175	175	175
Special Grant	50	93	73
Pre-charge bail	15	4	4

The Force is yet to receive details of any allocation from the above.

- Police capital grant has slightly increased from £0.496m to £0.507m. To maintain investments in new assets this must be supplemented by revenue contributions to capital and use of capital receipts.

2019/20 Council Tax Requirement

- The ‘*council tax bases*’ of Durham County Council and Darlington Borough Council are used to calculate the proportion of the PCVC’s total precept levied on each Council. The tax base is the estimated full year equivalent number of chargeable Band D dwellings with two or more liable adults and in respect of which tax will be received. The ‘*council tax bases*’ for 2019/20, determined by the relevant authorities and notified to the Police and Crime Commissioner, are as follows:

Council	Notified Council Tax Base
Durham County	139,738.80
Darlington	32,873.70
Aggregate Council Tax Base	172,612.50

- The Basic Council Tax for the Office of the Police and Crime Commissioner (OPCC) is calculated by dividing the precept by the aggregate of tax base.

$$\frac{\text{Council Tax Requirement}}{\text{Aggregate Council Tax Base}} = \text{Basic Council Tax (At Band D)}$$

- An increase of £24 in Band D Council Tax would result in a budget of £123,178,217.

	£	£
PCVC's Budget Requirement (based on an increase in Basic Council Tax of £24 band D)		123,178,217
Less:		
Specific Grant	43,034,429	
Re-distributed Non-Domestic Rates	37,173,293	
Pension grant	1,260,381	
Legacy Council Tax Grants	6,110,124	
		87,578,227
		35,599,990
less:		
Estimated overall net surplus on Collection		
Funds at 31 st March 2019		-173,000
Council Tax Requirement		35,426,990

This would mean a council tax of:

$$\frac{\mathbf{£35,426,990}}{\mathbf{172,612.50}} = \mathbf{£205.24}$$

- It is recommended that the Council Tax Requirement be set at a level that results in a £24 increase in Band D Council Tax for the year ending 31st March 2020 and
 - That in determining the Council Tax Requirement, the PCVC notes the PCVC Chief Finance Officer's report on the robustness of the estimates and the adequacy of reserves and risks in the budget, attached as Appendices 3 and 4.
 - The 'council tax base' for the whole of the Force area of County Durham and Darlington will be **172,612.50**.
 - The 'basic amount of council tax' be £205.24 and the amount of council tax for each category of dwelling will be as follows:

Valuation Band	(Proportion of Basic Amount)	Council Tax 2019/20
		£
A	(6/9)	136.83
B	(7/9)	159.63
C	(8/9)	182.44
D	Basic Amount)	205.24
E	(11/9)	250.85
F	(13/9)	296.46
G	(15/9)	342.07
H	(18/9)	410.48

- The Budget Requirement be £123,178,217 and that after taking account of Police Specific Grant of £43,034,429 Re-distributed Non-Domestic Rates of £37,173,293, Pension Grant of £1,260,381 and Legacy Council Tax Grants of £6,110,124, precepts totalling £35,426,990 be issued to Authorities as follows:

Council	Council Tax Base	Precept (£)
Durham County	139,738.80	28,679,992
Darlington	32,873.70	6,746,998
	172,612.50	35,426,990

- Precept Instalments: Discussions with the Treasurers of the Collecting Authorities have taken place, and the dates for the payment of the precept in ten equal instalments are as follows:

(a) **Durham County Council**

- 3 April 2019
- 3 May 2019
- 4 June 2019
- 5 July 2019
- 2 August 2019
- 3 September 2019
- 4 October 2019
- 1 November 2019
- 3 December 2019
- 3 January 2020

(b) **Darlington Borough Council**

- 18 April 2019
- 25 May 2019
- 3 July 2019
- 7 August 2019
- 12 September 2019
- 17 October 2019
- 21 November 2019
- 30 December 2019
- 4 February 2020
- 10 March 2020

The precept has been consulted on and proposed by the PCVC.

Level of Financial Reserves

- To ensure ongoing financial viability it is important that the Police Crime and Victims' Commissioner continues to maintain a suitable level of reserves. Whilst there is no general guidance on what represents a suitable level of reserves in percentage terms, it is important to take into account the various risks to be faced when coming to a view on reserve levels. It is the view of Chief Finance Officer (for the PCVC and Chief Constable) that general reserves should not be used to support day to day expenditure given: the level of funding uncertainty in future years (where the grant allocation has not been confirmed by the Home Office); localisation of council tax benefit; rising costs and council tax capping limits. Reserves should only be used to invest in capital expenditure or invest in expenditure which will lead to clear efficiencies.
- The current policy statement on the level of reserves includes the following:
 - The Police Crime and Victims' Commissioner will set aside sufficient sums in earmarked reserves as it considered prudent to do so. The PCVC Chief Finance Officer will be authorised to establish such reserves as are required, will review them for both adequacy and purpose, and report on a regular basis to the Police Crime and Victims' Commissioner.
 - The Police Crime and Victims' Commissioner will aim to maintain, broadly, general reserves of between 4% and 5% of the revenue estimates which are currently about £4.927m and £6.159m respectively (based on 2019/20 revenue funding of £123.178m) subject to an annual review by the PCVC Chief Finance Officer as part of the budget process.
- The following tables show the estimated movement in financial reserves over the period to 31st March 2020 assuming a £24 Band D Council Tax increase for 2019/20.

Summary of Total Reserves

Financial Reserves	Balance at 31/3/18	Variation 2018/19	Estimated Balance 31/3/19	Variation 2019/20	Estimated Balance 31/3/20
	£'000	£'000	£'000	£'000	£'000
General	5,666	-	5,666	-	5,666
Capital Grants Unapplied	1,811	-613	1,198	-1,117	81
Capital Contributions	78	-	78	-	78
Capital Receipt	7,535	4,220	11,755	-260	11,495
Earmarked	3,066	-	3,066	-	3,066
Total Reserves	18,156	3,607	21,763	-1,377	20,386

The expected use of reserves is as follows:

- £2.184m to fund capital expenditure in 2019/20
- £1.858m to fund capital expenditure in 2020/21
- £2.672m to fund capital expenditure in 2021/22

Key Risks

- The following key risks with associated mitigating action and responsible persons are included within the medium term financial plan (see appendices 3 and 4 for more details):
 - Revised allocation formula between Forces,
 - An ageing estate portfolio putting increased pressure on facilities management budgets,
 - Police officer capacity to respond to service demands,
 - Flexibility to move police resources to areas of need,
 - Demand continues to rise and change,
 - Collaboration may require up-front costs of change,
 - Uncertainty about partners' future budget plans.
 - The impact of any move to multiyear pay awards.

Cost Control

Given the continual impact of austerity, cost control is more important than ever. External audit review Value for Money arrangements each year and give the PCVC and Chief Constable positive assurance in this regard. Internal audit also review financial controls and financial planning assumptions on a regular basis and their last report gave substantial assurance to the Chief Constable.

Specifically the following controls are in place:

- Monthly budget reviews are carried out in each Command
- The Chief Finance Officer reviews the overall Force and PCVC budgets each quarter.
- Overtime is reviewed by the Force Executive and each Command monthly.
- The Financial outturn is circulated at the Force Leadership Group
- Detailed outturn reports are produced quarterly.
- Experienced and qualified Finance staff work closely with the Commanders and Executive officers.
- The Deputy Chief Constable and Assistant Chief Officer chair the Strategic Resource Group which controls overall officer and staff numbers to ensure they remain in line with budget.
- Benchmarking is carried out regularly eg use of the VFM profiles and other external data.

Capital Budget 2019/20

Prudential Code (including Treasury Management)

- Under the Prudential Code for Capital Expenditure, the PCVC is free to make borrowing decisions according to what is affordable. The proposed capital programme for new starts and carry forward in 2019/20 totals £6.401m of which part could be met with a contribution from Capital Grants Unapplied. In order to reduce the impact on the 2019/20 budget, the Council Tax Requirement has been compiled on the assumption that capital receipts and a revenue contribution to capital will be used to finance the capital budget after taking account of capital grant. Technical recommendations relating to the Code are set out in Appendix 2.
- The Prudential Code for Capital Finance in Local Authorities was introduced with effect from 1 April 2004. The key objectives of the Prudential Code are to ensure that within a clear framework the capital investment plans of the PCVC are affordable, prudent and sustainable.
- A further key objective is to ensure that treasury management decisions are taken in accordance with good professional practice and in a manner that supports prudence, affordability and sustainability. Details of the requirements of the Code are included in Appendix 2 and the recommended limits are detailed below for consideration.
- **It is recommended that the PCVC considers prudential borrowing and treasury management arrangements outlined in Appendix 2 and affirms them as the basis on which such business will be conducted in 2019/20 in order to facilitate the major capital programme outlined in the Medium Term Financial Plan.**
- The 2018/19 capital programme is progressing. The revenue consequences of this programme have been taken into account in the 2018/19 budget and medium term financial plan. Certain projects are committed but not yet fully delivered and it is therefore necessary to allow a carry forward into 2019/20.
- **It is recommended that the PCC agrees the carry forward of underspends on the 2018/19 capital programme.**

Considerations under the Prudential Code

- In considering the programme for capital investment, under the Prudential Code, the PCVC is required to have regard to the following matters:
 - Affordability, e.g. implications for Council Tax. The prudential indicators have been set assuming a Council Tax increase of £24 in 2019/20 and 1.98% in subsequent years.
 - Prudence and sustainability, e.g. implications for external borrowing. The implication for external borrowing of the PCVC's capital spending plans has been assessed as both prudent and sustainable in the long term.
 - Value for money.
 - Stewardship of assets.

- Service objectives, e.g. strategic planning for the PCVC and the Force. The PCVC has a medium term financial plan that is updated annually and that helps to ensure that both service and corporate objectives are taken account of as part of the budgetary process.
- Practicality, e.g. achievability of the forward plan. The current capital plan is deemed to be achievable.
- The 2019/20 capital programme is considered to be both realistic and achievable.
- The revised capital budget for the years 2018/19 and the proposed capital expenditure for 2019/20 to 2022/23 are detailed in the table below.

	Outturn 2018/19 £'000	Estimate 2019/20 £'000	Estimate 2020/21 £'000	Estimate 2021/22 £'000	Estimate 2022/23 £'001
Expenditure					
Buildings: Major works	564	1,100	0	0	0
Buildings: Minor Works	671	550	400	400	400
Buildings carry forward from prior year	0	340	0	0	0
Vehicles	950	1,100	1,000	1,000	1,100
Vehicle carry forward from prior year	0	100	0	0	0

Self-Financed Borrowing	0	1,100	0	0	0
Total	4,317	6,401	3,635	3,600	2,310
Capital Financing Costs					
Minimum Revenue Provision	489	482	221	470	343
Revenue Contribution	3,208	3,117	1,777	928	50
Contribution from Reserves	0	0	0	0	0
Interest Charges	270	270	270	270	270
Total	3,967	3,869	2,268	1,668	663

Medium Term Financial Plan 2019/20 to 2022/23

- The updated Medium Term Financial Plan is attached as Appendix 3.
- Council Tax increases are assumed at £24 for 2019/20 and then 1.98% for 2020/21 and beyond.

- The Local Government Provisional Finance Settlement provides details of formula grant levels for 2019/20. Settlement figures for 2020/21 onwards assume a flat grant each year.

Acknowledgement

The preparation of this budget for the PCVC has required a great deal of effort by many people. We would like to express our sincere thanks to the Chief Constable's staff and the PCVC Chief Finance Officer's staff for their invaluable support and assistance.

PRUDENTIAL CODE

Background

1. The framework of the prudential capital finance system, which came into effect from 1st April 2004, is contained in the Local Government Act 2003. Under the Act, Government borrowing controls based on “credit approvals” were abolished with effect from 1st April 2004. The PCVC is now free to borrow and take out leases without Government consent, provided these commitments can be afforded. The Prudential Code is designed to guide the PCVC’s decision on what can be afforded. The Local Authorities (Capital Finance and Accounting) (England) Regulations 2003 specifies the Prudential Code for Capital Finance in Local Authorities, issued by CIPFA, as the code of practice to which local authorities must have regard when setting and reviewing their affordable borrowing limit.
2. The key objectives of the Prudential Code are to ensure that within a clear framework the capital investment plans of the PCVC are affordable, prudent and sustainable. A further key objective is to ensure that treasury management decisions are taken in accordance with good professional practice and in a manner that supports prudence, affordability and sustainability.
3. To demonstrate that the above objectives have been fulfilled the Prudential Code sets out the indicators that must be used, and the factors that must be taken into account. The Code does not include limits; these are for the PCVC to set.
4. Previously, credit approvals from Central Government set the limit of a local authority’s long-term borrowing and attracted Revenue Support Grant (RSG) towards the financing costs of loans (interest and repayment of principal). Under the current system, unless, exceptionally, a national limit is imposed, the PCVC is free to make his own borrowing decisions according to what can be afforded. Concerning borrowing up to 2010/11, Central Government support for borrowing through Formula Grant was given on the basis of a named amount of capital expenditure which borrowing will support. With effect from 2011/12 the Government determined that no new supported borrowing allocations would be made in the Spending Review period. Government support is now given in the form of capital grant only. The PCVC will take the totality of Central Government support into account in setting prudential limits.

Prudential Indicators

5. The capital expenditure estimates to be incurred for the current and future years are outlined below:

	Estimate 2018/19 £'000	Estimate 2019/20 £'000	Estimate 2020/21 £'000	Estimate 2021/22 £'000	Estimate 2022/23 £'000
Expenditure	4,317	6,401	3,635	3,600	2,310

6. Estimates of the ratio of financing costs to net revenue stream for the current and future years are:

Ratio of Financing Costs to Net Revenue Stream	Estimate 2018/19	Estimate 2019/20	Estimate 2020/21	Estimate 2021/22	Estimate 2022/23
	%	%	%	%	%
	3.41%	3.14%	1.83%	1.33%	0.52%
Financing Costs (£'000)	3,967	3,869	2,268	1,668	663
Net Revenue Stream (£'000)	116,166	123,177	124,247	125,534	126,867

The indicator takes into account minimum revenue provision and any contributions from reserves. The net revenue stream is the amount raised from local taxation and non-specific grant income.

7. Estimates of the current and future years Capital Financing Requirement are:

Capital Financing Requirement	Estimate 2018/19 £'000	Estimate 2019/20 £'000	Estimate 2020/21 £'000	Estimate 2021/22 £'000	Estimate 2022/23 £'000
	17,649	17,167	16,946	16,476	13,699

The Capital Financing Requirement measures the underlying need to borrow for a capital purpose. The PCVC has an integrated treasury management strategy and has adopted the CIPFA Code of Practice for Treasury Management in the Public Services. The PCVC's treasury management strategy and annual plan for 2019/20 is part of this Section (see paragraph 21 onwards).

The PCVC has at any point in time a number of cash flows both positive and negative, and manages the treasury position in terms of borrowings and investments in accordance with the approved treasury management strategy. In day-to-day cash management no distinction can be made between revenue cash and capital cash. External borrowing arises as a consequence of all the financial transactions and not simply those arising from capital spending. In contrast the Capital Financing Requirement reflects the PCVC's underlying need to borrow for a capital purpose.

8. CIPFA's Prudential Code for Capital Finance includes the following as a key indicator of prudence:

"In order to ensure that over the medium term net borrowing will only be for a capital purpose the PCVC should ensure that gross external borrowing does not, except in the short term, exceed the total of capital financing requirement in the preceding year plus the estimates of any additional capital financing requirement for the current and next two financial years."

Minimum Revenue Provision (MRP) Statement

9. Previously local authorities were required to set aside some of their revenue as provision for repayment of debt. MRP was calculated each year subject to a minimum of 4% of capital financing requirement at the start of the year.
10. These rules have been replaced with a duty for an authority to provide for an amount of MRP which is considered to be "prudent". CLG has issued guidance on MRP. The regulations do not define "prudent provision".
11. The guidance explains that the broad aim of prudent provision is to ensure that debt is repaid over a period that is reasonably close to the time over which the capital expenditure will provide benefits. In the case of borrowing supported by Government through the Formula Grant system, it would be reasonable to link the period of making provision of the grant, which is 4% of the estimated supported capital expenditure and 4% equates to the repayment of debt over 25 years.
12. MRP should normally start in the financial year following the one in which the expenditure was incurred.
13. The Secretary of State recommends that a Statement of Methodology to be used by authorities be approved by the PCVC before the start of each financial year.
14. It is recommended when determining the minimum revenue provision:
 - a. **Option 2: CFR Method (MRP is equal to 4% of the non-housing capital finance requirement at the end of the preceding financial year) is used in relation to all capital expenditure before 1st April 2008, but only for capital expenditure financed by supported borrowing during 1st April 2008 to 31st March 2011.**
 - b. **Option 3: Asset Life Method (MRP is based on the life of the asset) is used for capital expenditure financed by unsupported borrowing after 1st April 2008.**

External Debt

15. In respect of external debt, it is recommended that the PCVC approves the following Authorised Limits for total external debt, gross of investments, for the next three financial years. These limits separately identify borrowing from other long-term liabilities such as finance leases. The limits are consistent with the capital financing requirement.

Authorised Limits	Estimate 2018/19 £'m	Estimate 2019/20 £'m	Estimate 2020/21 £'m	Estimate 2021/22 £'m	Estimate 2022/23 £'m
Borrowing	22.6	22.2	21.9	21.5	18.7
Long term Liabilities	0.0	0.0	0.0	0.0	0.0
Total	22.6	22.2	21.9	21.5	18.7

16. The Authorised Limits are consistent with the PCVC's current commitments, existing plans and the proposals in this budget report for capital expenditure and financing, and with the approved Treasury Management policy statement and practices. They are based on the estimate of most likely, prudent but not worst-case scenario, with the addition of sufficient headroom over and above this to allow for operational management. An assessment of risk has been taken into account, as have plans for capital expenditure, estimates of the Capital Financing Requirement and estimates of cash flow requirements.
17. The proposed Operational Boundary for external debt is based on the same estimates as the Authorised Limit but reflects directly the PCVC Chief Finance Officer's estimate of the most likely prudent but not worst case scenario, without the additional headroom included within the Authorised Limit. The Operational Boundary represents a key management tool for in year monitoring by the PCVC Chief Finance Officer. Within the Operational Boundary, figures for borrowing and other long-term liabilities are separately identified.

Operational Boundary for External Debt	Estimate 2018/19 £'m	Estimate 2019/20 £'m	Estimate 2020/21 £'m	Estimate 2021/22 £'m	Estimate 2022/23 £'m
Borrowing	17.6	17.2	16.9	16.5	13.7
Long term Liabilities	0.0	0.0	0.0	0.0	0.0
Total	17.6	17.2	16.9	16.5	13.7

Council Tax

18. The Prudential Indicators have been calculated assuming a £24 increase in 2019/20 and 1.98% for 2020/21 and beyond.
19. The capital programme is funded by a mix of capital grants, contributions from earmarked reserves and borrowing under the prudential code.
20. The estimate of the incremental impact of this prudential borrowing, over and above capital investment decisions that have previously been taken by the Authority for Band D Council Tax, are:

Incremental Impact on Band D Council Tax	Estimate 2018/19	Estimate 2019/20	Estimate 2020/21
	%	%	%
	0.00%	0.05%	0.00%

Treasury Management

21. The CIPFA Code of Practice for Treasury Management in the Public Services makes the following key recommendations:

- (i) Public service organisations should put in place formal and comprehensive objectives, policies and practices, strategies and reporting arrangements for the effective management and control of their treasury management activities.
- (ii) Their policies and practices should make clear that the effective management and control of risk are prime objectives of their treasury management activities.
- (iii) They should acknowledge that the pursuit of best value in treasury management and the use of suitable performance measures are valid and important tools for responsible organisations to employ in support of their business and service objectives; and that within the context of effective risk management, their treasury management policies and practices should reflect this.

22. The PCVC has formally adopted the key recommendations of the CIPFA Code of Practice for Treasury Management in the Public Services and has created and maintains as the cornerstone for effective treasury management:

- a. A treasury management policy statement stating the policies and objectives of its treasury management activities
- b. Suitable treasury management practices (TMPs), setting out the manner in which the PCC will seek to achieve those policies and objectives, and prescribing how it will manage and control those activities.

23. Reports will be presented to the PCVC on the treasury management policies, practices and activities, including an annual strategy and plan in advance of the year, and an annual report after its close, in the form prescribed in the TMPs. In implementing this strategy the PCVC will give priority to security and liquidity rather than yield. However the PCVC will aim to achieve the highest rate of interest consistent with proper levels of security and liquidity. In particular attention is drawn to the key objectives of the Investment Strategy which is firstly safeguarding the repayment of principal and interest of its investments on time and secondly ensuring adequate liquidity. The investment return is the third objective. The PCVC delegates responsibility for the execution and administration of its treasury management policies and practices to the PCVC Chief Finance Officer, who will act in accordance with the Policy Statement, Treasury Management Practices and CIPFA's Standard of Professional Practice on Treasury Management.

Treasury Management Indicators

24. The PCVC has set an upper limit on its fixed interest rate exposures for 2018/19, 2019/20 and 2020/21 of 100% of its net outstanding principal sum.

25. The PCVC has further set an upper limit on its variable interest rate exposures for 2018/19, 2019/20 and 2020/21 of 30% of its net outstanding principal sums.

26. The PCVC's upper and lower limits for the maturity structure of its borrowings are as follows.

Amount of projected borrowing that is fixed rate maturing in each period as a percentage of total borrowing that is fixed rate:	Upper Limit	Lower Limit
	%	%
Under 12 months	50	0
12 months and within 24 months	50	0
24 month and within 5 years	50	0
5 years and within 10 years	50	0
10 years and above	100	0

27. The PCVC does not intend to invest sums for periods longer than 364 days. This is seen as prudent interest rate risk management.

28. It is recommended that the PCVC:

- a. Notes the prudential indicators,
- b. Approves the Minimum Revenue Provision (MRP) Statement in Appendix 2 (paragraphs 9 to 14) of this report,
- c. Determines an Authorised Limit of £22.6m and an Operational Boundary Limit of £17.6m for external debt in 2019/20.
- d. Reaffirms the adoption of the key recommendations of the CIPFA Code as detailed in paragraph 21 of this report.
- e. Sets an upper limit on the fixed interest rate exposures for 2018/19, 2019/20 and 2020/21 of 50% of the net outstanding principal sum.
- f. Sets an upper limit on the variable interest rate exposures for 2018/19, 2019/20 and 2020/21 of 30% of its net outstanding principal sums.

Treasury Management Policy Statement

1. The PCVC defines the treasury management activities as:

“The management of the organisation’s cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks”.

2. The PCVC regards the successful identification, monitoring and control of risk to be the prime criteria by which the effectiveness of its treasury management activities will be measured. Accordingly, the analysis and reporting of treasury management activities will focus on their risk implications for the organisation.
3. The PCVC acknowledges that effective treasury management will provide support towards the achievement of its business and service objectives and is therefore committed to the principles of achieving best value in treasury management, and to employing suitable performance measurement techniques, within the context of effective risk management.

Treasury Management Practices

1. **TMP1 – Treasury Risk Management**

1.1. *The PCVC Chief Finance Officer shall:*

- Design, implement and monitor all arrangements for the identification, management and control of the treasury management risks shown below;
- Report at least annually on the adequacy/suitability thereof; and
- Report, as a matter of urgency, the circumstances of any actual or likely difficulty in achieving the PCVC's objectives in this respect, all in accordance with the procedures set out in **TMP6 Reporting requirements and management information arrangements**.

1.2. *Liquidity*

The PCVC will ensure adequate but not excessive cash resources, borrowing arrangements, overdraft or standby facilities to enable at all times to have the level of funds available which are necessary for the achievement of service objectives.

1.3. *Interest Rates*

The PCVC will manage exposure to fluctuations in interest rates with a view to containment of net interest costs, or securing interest revenues, in accordance with the amounts provided in the Revenue Estimates in accordance with **TMP6 Reporting requirement and management information arrangement**.

1.4. *Credit and Counterparties*

The PCVC regards a prime objective of the treasury management activities to be the security of the principal sums invested. A formal counterparty list will be maintained and the named organisations and limits will reflect a prudent attitude towards organisations with which funds may be deposited, and will limit the

PCVC's investment activities to the instruments, methods and techniques referred to in **TMP4 Approved Instruments, methods and techniques**.

1.5. *Re-scheduling and Re-financing of Debt*

The PCVC will ensure that all borrowing, private financing and partnership arrangements will be negotiated, structured and documented, and the maturity profile of debt will be managed with a view to obtaining terms for renewal or refinancing, if required, which are competitive and as favourable to the organisation as can reasonably be achieved in the light of market conditions prevailing at the time.

Relationships with counterparties in these transactions will be managed in such a manner as to secure this objective, and will avoid over-reliance on any one source of funding if this might jeopardise achievement of the above.

1.6. *Legal and Regulatory*

The PCVC will ensure that all treasury management activities comply with its statutory powers and regulatory requirements. The PCVC will demonstrate such compliance, if required to do so, to all parties with whom he deals in such activities. In framing the credit and counterparty policy under **TMP1 Treasury Risk Management**, the PCVC will ensure that there is evidence of counterparties' powers, authority and compliance in respect of the transactions effected with the organisation, particularly with regard to duty of care and fees charged.

The PCVC will seek to minimise the impact of future legislative or regulatory changes on treasury management activities so far as it is reasonably able to do so.

1.7. *Fraud, Error and Corruption, and Contingency Management*

The PCVC will seek to ensure that the circumstances which may expose the PCVC to the risk of loss through fraud, corruption or other eventualities in his treasury management dealings are identified. Accordingly, he will design and implement suitable systems and procedures and will maintain effective contingency management arrangements to counter such risks.

1.8. *Market Risk*

The PCVC will seek to ensure that stated treasury management policies and objectives will not be compromised by adverse market fluctuations in the value of the principal sums invested.

2. TMP2 - BEST VALUE AND PERFORMANCE MEASUREMENT

- 2.1. The PCVC will actively work to promote best value in treasury management activities. The treasury management function will be the subject of regular reviews to identify scope for improvement.

3. TMP3 - DECISION-MAKING AND ANALYSIS

- 3.1. The PCVC will maintain full records of treasury management decisions, and of the processes and practices applied in reaching those decisions to demonstrate that reasonable steps have been taken to ensure that all issues relevant to those decisions were taken into account.

4. TMP4 - APPROVED INSTRUMENTS, METHODS AND TECHNIQUES

- 4.1. The PCVC will undertake treasury management activities by employing only those instruments, methods and techniques detailed in the Treasury Management Strategy.

5. TMP5 ORGANISATION, CLARITY AND SEGREGATION OF RESPONSIBILITIES AND DEALING ARRANGEMENTS

- 5.1. The PCVC's treasury management activities will be properly structured in a clear and open fashion and a rigorous discipline of segregation of duties will be enforced to ensure effective control and monitoring of treasury management activities for the reduction of the risk of fraud or error and for the pursuit of optimum performance.
- 5.2. The principle on which this will be based is a clear distinction between those charged with setting treasury management policies and those charged with implementing and controlling these policies, particularly with regard to the execution and transmission of funds, the recording and administering of treasury management decisions, and the audit and review of the treasury management function.
- 5.3. If and when the PCVC intends, as a result of lack of resources or other circumstances, to depart from these principles, the PCVC Chief Finance Officer will ensure that the reasons are properly reported in accordance with **TMP6 Reporting requirements and management information arrangements**, and the implications properly considered and evaluated.
- 5.4. The PCVC Chief Finance Officer will ensure that there are clear written statements of the responsibilities for each post engaged in treasury management, and the arrangements for absence cover.
- 5.5. The PCVC Chief Finance Officer will ensure there is proper documentation for all deals and transactions, and that procedures exist for the effective transmission of funds.
- 5.6. The PCVC Chief Finance Officer will fulfil all delegated responsibilities in respect of treasury management in accordance with the PCVC's Treasury Management Policy Statement, Treasury Management Practices and the CIPFA Standard of Professional Practice on Treasury Management.

6. TMP6 - REPORTING REQUIREMENTS AND MANAGEMENT INFORMATION ARRANGEMENTS

6.1. Regular reports will be prepared for consideration by the PCVC on:

- The implementation of the treasury management policies;
- The effects of decisions taken and the transactions executed in pursuit of those policies;
- The implications of changes resulting from regulatory, economic, market or other factors affecting treasury management activities; and the performance of the treasury management function.

6.2. As a minimum, the PCVC will receive:

- An Annual Report on the strategy and plan to be pursued in the forthcoming year;
- A half yearly report providing an update on treasury management activities (PCVC borrowing and investments and a national economic forecasts);
- An Annual Report on the performance of the treasury management functions in the previous year and on any circumstances of non-compliance with the organisation's Treasury Management Policy Statement and Treasury Management Practices.

7. TMP7 - BUDGETING, ACCOUNTING AND AUDIT ARRANGEMENTS

7.1. The PCVC will account for treasury management activities in accordance with appropriate accounting practices and standards and with statutory and regulatory requirements.

7.2. The PCVC will ensure that his auditors, and those charged with regulatory review, have access to all information and papers supporting the activities of the treasury management function as are necessary for the proper fulfilment of their roles and that such information and papers demonstrate compliance with external and internal policies and approved practices.

8. TMP8 - CASH AND CASH FLOW MANAGEMENT

8.1. All PCVC monies shall be aggregated for treasury management purposes and will be under the control of the PCVC Chief Finance Officer. Cash flow projections will be prepared on a regular and timely basis and the PCVC Chief Finance Officer will ensure that these are adequate for the purposes of monitoring compliance with **TMP1.2** Liquidity.

9. TMP 9 - MONEY LAUNDERING

- 9.1. Procedures will be enforced for verifying and recording the identity of counterparties and reporting suspicions and will ensure that staff involved in this area is properly trained.

10. TMP 10 - STAFF TRAINING AND QUALIFICATIONS

- 10.1. The PCVC will seek to appoint individuals to the treasury management function who are both capable and experienced and will provide training for staff to enable them to acquire and maintain an appropriate level of expertise, knowledge and skills. The PCVC Chief Finance Officer will recommend and implement the necessary arrangements.

11. TMP 11 - USE OF EXTERNAL SERVICE PROVIDERS

- 11.1. When external service providers are employed by the PCVC, the PCVC Chief Finance Officer will ensure that this is done for reasons which have been submitted to a full evaluation of the costs and benefits. The terms of their appointment and the methods by which service providers' value will be assessed will be properly agreed and documented, and subjected to regular review.
- 11.2. Where feasible and necessary, a spread of service providers will be used to avoid over-reliance on one or a small number of companies. Where services are subject to formal tender or re-tender arrangements, PCVC Procedural Rules and Financial Regulations plus legislative requirements will always be observed. The monitoring of such arrangements rests with the PCVC Chief Finance Officer.

12. TMP 12 - CORPORATE GOVERNANCE

- 12.1. The PCVC is committed to the pursuit of proper corporate governance throughout its businesses and services, and to establishing the principles and practices by which this can be achieved. Accordingly, the treasury management function and its activities will be undertaken with openness and transparency, honesty, integrity and accountability.
- 12.2. The PCVC has adopted and implemented the key recommendations of the Code of Practice on Treasury Management in the Public Services. This, together with other arrangements that the PCVC Chief Finance Officer will put in place, is considered vital to the achievement of proper corporate governance in treasury management, and the PCVC Chief Finance Officer will monitor and, if and when necessary, report upon the effectiveness of these arrangements.

Treasury Management Strategy 2019/20

In implementing this strategy, the PCVC will give priority to security and liquidity, rather than yield. However, the PCVC will aim to achieve the highest rate of interest consistent with the proper levels of security and liquidity. In order to achieve this, the strategy deals with the use of specified investments, non-specified investments and the liquidity of investments.

The strategy also covers the PCVC's approach to borrowing and the use of external managers.

1) Borrowing Strategy 2019/20

The uncertainty over future interest rates increases the risks associated with treasury activity. As a result, the PCVC will take a cautious approach to its treasury strategy.

Long-term fixed interest rates are at risk of being higher over the medium term, and short term rates are expected to rise, although more modestly. The PCVC Chief Finance Officer, under delegated powers, will take the most appropriate form of borrowing depending on the prevailing interest rates at the time, taking into account the risks shown in the forecast above. It is likely that shorter term fixed rates may provide lower cost opportunities in the short/medium term.

Continuing to postpone borrowing and running down investment balances will also be considered. This would reduce counterparty risk and hedge against the expected fall in investments returns.

2) Investment Strategy 2019/20

a) Key Objectives

- i) The primary objectives of the PCVC's investment strategy are firstly safeguarding the repayment of the principal and interest of investments on time and secondly ensuring adequate liquidity. The investment return is the third objective. With the current economic background the current investment climate has one over-riding risk consideration; that of counterparty security risk.

b) Risk Benchmarking

- i) Yield benchmarks are currently widely used to assess investment performance.
- ii) These benchmarks are simple targets (not limits) and so may be breached from time to time, depending on movements in interest rates and counterparty criteria. The purpose of the benchmark is that officers will monitor the current and trend position and amend the operational strategy depending on any changes. Any breach of the benchmarks will be reported, with supporting reasons in the Annual Report.

- iii) Security: The PCVC's maximum security risk benchmark for the current portfolio, when compared to these historic default tables, is 0.03% historic risk of default when compared to the whole portfolio (based on the credit rating of the institutions that the PCVC invests with; the length of time of the investments; and the historical rate of default of similar rated counterparties). This rate is provided by our treasury management advisors and the rate of 0.03 is considered extremely low risk.
- iv) Liquidity: In respect of this area, the PCVC seeks to maintain:
 - (1) Bank overdraft of £0.5m,
 - (2) Liquid short term deposits of at least £2.0m available with a week's notice,
 - (3) Weighted Average Life benchmark is expected to be 0.25 years (3 months), with a maximum of 0.5 years (6 months).
- v) Yield: Local measure of yield benchmarks is:
 - (1) Investments - Internal returns above the 7 day London Interbank Bid Rate (LIBID) and as a guide the current rate of LIBID is 0.48% (as at January 2018).

c) Investment Counterparty Selection Criteria

- i) The primary principle governing the PCVC's investment criteria is the security of its investments, although the yield or return on the investment is also a key consideration. After this main principle the PCVC will ensure:
 - (1) Maintenance of a policy that covers both the categories of investment types to be invested in, criteria for choosing investment counterparties with adequate security, and monitoring their security. This is set out in the Specified and Non-Specified investment sections below.
 - (2) Sufficient liquidity in investments and for this purpose will set out procedures for determining the maximum periods for which funds may prudently be committed. These procedures also apply to the PCC's prudential indicators covering the maximum principal sums invested.
- ii) The PCVC Chief Finance Officer will maintain a counterparty list in compliance with the following criteria and will revise the criteria and submit them to the PCVC for approval as necessary. These criteria are separate to those which choose Specified and Non-Specified investments, as they provide an overall pool of counterparties considered high quality that the PCVC may use, as opposed to defining what the investments are.
- iii) The rating criteria use the **lowest common denominator** method of selecting counterparties and applying limits. This means that the application of the PCVC's minimum criteria will apply to the lowest available rating for any institution. For instance if an institution is rated by two agencies, one

meets the PCVC's criteria, the other does not, the institution will fall outside of the lending criteria. This is in compliance with a CIPFA Treasury Management Panel recommendation in March 2009 and the CIPFA Treasury Management Code of Practice.

- iv) Credit rating information is supplied by our treasury consultants on all active counterparties that comply with the criteria below. Any counterparty failing to meet the criteria would be omitted from the counterparty (dealing) list. Any rating changes, rating watches (notification of a likely change), rating outlooks (notification of a possible longer term change) are provided to officers almost immediately after they occur and this information is considered before dealing. For instance, a negative rating watch applying to counterparty at the minimum PCVC criteria will be suspended from use, with all others being reviewed in light of market conditions.

d) Specified Investments

- i) Specified Investments are defined as those satisfying the following conditions:
 - (1) Denominated in sterling,
 - (2) To be repaid or redeemed within 12 months of the date on which the investment was made,
 - (3) Do not involve the acquisition of share capital or loan capital in a body corporate,
 - (4) Are made with the UK Government, local authorities, parish councils, community councils, or with a body or in an investment scheme which has been awarded a high credit rating by a credit agency.
- ii) The criteria for providing a pool of high quality investment counterparties are:

(1) Banks 1 - Good Credit Quality

The PCVC will only use banks which:

- (a) Are UK banks
- (b) And have, as a minimum, the following Fitch, Moody's and Standard & Poors credit ratings (where rated):
 - (i) Short Term: F1
 - (ii) Long Term: A-

(2) Banks 2 - Guaranteed Banks with suitable Sovereign Support

- (a) In addition, the PCVC will use banks whose ratings fall below the criteria specified above if all of the following conditions are met:
- (b) Part nationalised UK banks- Royal Bank of Scotland
- (c) These banks can be included if they continue to be part nationalised or they meet the ratings in Banks 1 above.

(3) Banks 3 - The PCVC's own banker for transactional purposes if the bank falls below the above criteria although in this case balances will be minimised in both monetary size and time.

(4) Building Societies

(a) The PCVC will use all Societies which meet the ratings for banks outlined above.

(5) Money Market Funds: AAA

(6) UK Government (including gilts and the Debt Management Account Deposit Facility (DMADF))

(7) Other Local Authorities, Parish Councils etc.

e) Non - Specified Investments

i) Non-Specified investments are those not meeting the definition in the Specified Investments section above. It is proposed that during 2016/17, the PCVC will not invest in Non-Specified Investments, including those to be repaid or redeemed more than 12 months from the date on which the investment was made.

f) Use of additional information other than credit ratings

i) Additional requirements under the Code of Practice now require the PCVC to supplement credit rating information. Whilst the above criteria relies primarily on the application of credit ratings to provide a pool of appropriate counterparties for officers to use, additional operational market information will be applied before making any specific investment decision from the agreed pool of counterparties. This additional market information (for example credit default swaps, negative rating watches/ outlooks) will be applied to compare the relative security of differing investment counterparties.

g) Time and Monetary Limits applying to Investments

i) The time and monetary limits for institutions on the PCVC's Counterparty List are as follows:

	Long term Rating)	Money Limit	Time Limit
Banks 1 category high quality	AA	£5m	1 year
Lloyds Bank	A	£7m	1 year
Banks 1 category medium quality	A-	£5m	6 months
Banks 2 category-part nationalised	N/A	£5m	1 year
DMADF	AA+	Unlimited	6 months

Local Authorities	N/A	£5m	1 year
Money market funds	AAA	£3m per fund	Liquid

- ii) Due to the uncertainty in the financial markets it is recommended that the Investment Strategy is approved on a similar approach to previous years which will provide officers with the flexibility to deal with any unexpected occurrences. Officers will restrict the pool of available counterparties from these criteria to safer instruments and institutions. Currently this involves the use of the DMADF, AAA rated Money Market Funds and institutions with higher credit ratings than those outlined in the investment strategy or which are provided support from the Government. Investments are being maintained short term to also improve the security of investments.

h) Sensitivity to Interest Rate Movements

- i) Whilst most of the risks facing the treasury management service are addressed elsewhere in this report (credit risk, liquidity risk, market risk, maturity profile risk), the impact of interest rate risk is discussed but not quantified.
- ii) The estimated impact of a 1% increase in interest rates to the estimated treasury management income for the PCVC in 2019/20 is an increase of £20,000. A decrease in interest rates is unlikely and any impact would not be material.

3) External Managers (Other than those relating to the Pension Fund)

- i) The PCVC may, upon the recommendations of the PCVC Chief Finance Officer, appoint one or more external managers to manage the short-term investment of surplus PCVC money. Any such managers appointed are to be bound by this Treasury Management Policy Statement.

**Durham Police & Crime Commissioner
Medium Term Financial Plan
2019/20 to 2022/23**

Introduction

The prevailing national financial climate has transformed the way in which we perceive the delivery of public services. The Policing Service now has an imperative to evidence value for money and deliver a consistently high level of services with shrinking financial resources. The austerity measures are expected to continue until after 2020.

This plan demonstrates in financial terms how the Police Crime and Victims' Commissioner (PCVC) will strive to achieve his vision for policing in County Durham and Darlington. The plan provides an outline of the demands and consequential revenue resource requirements of the PCVC and Constabulary for the four financial years commencing 1st April 2019. The plan also details the proposed five year capital programme and the revenue consequences of that programme.

Durham Constabulary has embraced a corporate scorecard approach called "Plan on a Page". This strategic financial plan has been compiled in a way which reflects those strategic intentions and has been developed alongside the local Policing Plan.

The plan is owned by both the PCVC and Constabulary. Individual and collective responsibility is exercised over the management of performance and resources. Governance arrangements are in place to ensure that the PCVC holds the Constabulary to account through regular reporting of issues. Within the Constabulary, internal accountability meetings are regularly held to ensure objectives are met.

Purpose

The purpose of this financial planning document is to provide a basis for determining:

- The level of resources which are likely to be available in the future to deliver national and local priorities;
- The future demands upon the revenue budget;
- The impact of external factors;
- The financial implications of partnership working;
- The amount of capital investment which is required to achieve corporate objectives;
- The revenue consequences of such capital investment;
- The future reserve levels of the PCVC;
- The impact of additional demands on the level of council tax levied by the Police Crime and Victims' Commissioner;
- The main financial risks facing the PCVC and Constabulary.

Strategic Planning Principles

In constructing its financial plans the PCVC benefits from following the principles below:

- *Ensure that finance contributes to improved outcomes by ensuring finance follows priorities.*
- *To ensure overall financial stability.*
- *Set a comprehensive, timely, balanced and realistic budget;*
- *Take into account pay and price inflation, risk management, and achievability of savings targets;*
- *Follow its treasury management policy;*
- *Follow its reserves policy;*
- *Raise awareness of and communicate key financial messages both internally and externally;*

The medium term financial plan has been compiled following the established principles that have been adopted by the PCVC and within the following further conditions:

- *Budgets set will be affordable and not jeopardise the financial stability of the PCVC in either the short or long term;*
- *Precept increases will be kept to a minimum consistent with the provision of effective and efficient services;*
- *All spending plans will need to demonstrate that they can achieve value for money and support best value principles;*
- *Spending will be agreed only when the necessary funding is identified and approved;*
- *External funding will be sought wherever it can be used in a sustainable manner that does not lead to unforeseen costs to the PCVC;*
- *The PCVC's finances will be publicised to stakeholders in an open and transparent manner;*
- *Customers and citizens will be involved in the budget process.*

Key Strategic Areas & Objectives

The approach to strategic planning is now shaped by the prevailing drive to demonstrate value for money in a time of reducing resources. The Constabulary has created a strategy map (Plan on a Page) based on a balanced scorecard approach. This has enabled colleagues across the Constabulary to understand how their activities link with and support delivery of the key outcomes required that will help to achieve the PCVC and Constabulary's Vision.

The Vision:

“Durham Constabulary will deliver excellent policing inspiring confidence in victims and our communities by protecting neighbourhoods, tackling criminals and solving problems around the clock, proud to deliver value for money policing across County Durham and Darlington.”

There are two key objectives that Durham Constabulary are focussed on delivering for the citizens of County Durham & Darlington:

Inspire Confidence

Consistently deliver excellent levels of satisfaction

The strategy map is structured into four key areas which enable the Constabulary to identify:

- What we need to be best at (Core Deliverables),
- What we need to help us (Enabling Factors),
- The resources we need (Resources),
- Use the money effectively (Value for Money).

Each key area describes a number of strategic objectives that informs where the PCVC and Constabulary need to focus their attention and resources. The process collects each strategic objective and identifies key linkages ensuring alignment to the corporate vision. The strategic objectives supporting each key area are:

- What we need to be best at (Core Deliverables):
 - Protecting Neighbourhoods - 'Intervene early to reduce harm and demand',
 - Tackling Criminals - 'To have fewer victims and reduce crime',
 - Solving Problems – 'To stop problems happening and solve them when they do',

- What we need to help us (Enabling Factors):
 - Information and Decision Making,
 - Communication,
 - Partners and Collaboration,
 - Organisational Attitudes and Behaviours.

- The resources we need (Resources):
 - Our People – ‘People who are supported and have the capacity and capability to deliver’,
 - Our Stuff – ‘Have the right resources to help us do the job’.

- Use the money effectively (Value for Money):
 - Ensure a balance budget,
 - Influence future funding changes and prepare for austerity,
 - Be financially innovative,
 - Have a fully costed ICT plan with aligned capital investment,
 - Have a suitable medium term and long term financial plan.

Revenue Expenditure

Financial Planning Assumptions

The key income planning assumptions have been driven by funding announced in the provisional government figures and have been collated on a table and explained in detail in the previous section on police service funding.

The key expenditure related planning assumptions are reflected in the attached table

	Estimate 2019/20	Estimate 2020/21	Estimate 2021/22	Estimate 2022/23
Officer Pay Inflation (from September each year)	2%	2%	2%	2%
Officer Pension Contribution Increase	6.8%	0%	0%	0%
Staff Pay Inflation	2%	2%	2%	2%
Police Staff Pension Contribution Increase	0%	2.4%	0%	0%
Police Officer Vacancy Factor	0%	0%	0%	0%
Police Staff Vacancy Factor	2.8%	2.8%	2.8%	2.8%
Energy & Fuel Inflation	4%	8.5%	2.9%	2.9%
Other Non-Pay Inflation (except where contractually based)	0%	0%	0%	0%
Council Tax Increase Band D	£24	1.98%	1.98%	1.98%
Tax Base Growth	1.5%	1.5%	1.5%	1.5%
Other Income Inflation	0%	0%	0%	0%

Work Force Planning

The following table shows expected workforce numbers at the end of each financial year.

	Actual 2017/18	Outturn 2018/19	Estimate 2019/20	Estimate 2020/21	Estimate 2021/22	Estimate 2022/23
Officers	1,147.2	1,140.0	1,130.0	1,130.0	1,130.0	1,130.0
PCSO's	138.9	152.0	152.0	152.0	152.0	152.0
Staff	861.8	861.7	908.9	908.9	908.9	908.9
Apprentices	37.5	56.0	49.0	49.0	49.0	49.0
PCVC	15.8	20.8	16.8	16.8	16.8	16.8
Total FTE	2,201.2	2,230.5	2,256.7	2,256.7	2,256.7	2,256.7

These figures are kept under continuous review.

This table considers the impact of all the income and revenue assumptions and identifies the Budget 2019/20 for approval.

Budget Heading	Outturn 2018/19	Estimate 2019/20	Estimate 2020/21	Estimate 2021/22	Estimate 2022/23
	£'000	£'000	£'000	£'000	£'000
Employees	99,031	104,055	105,491	107,506	109,821
Premises	4,144	4,315	4,447	4,509	4,572
Transport	1,979	2,039	2,046	2,070	2,099
Supplies and Services	9,055	9,075	9,893	10,106	9,950
Joint & Other Authorities	2,081	2,081	2,081	2,082	2,082

(Surplus) / Deficit	-	-	-	-	-

Comment:

- The latest HMIC Value for Money Profiles has been used to identify areas for potential efficiency savings.
- A detailed workforce plan has been produced which compliments this plan.

Scenario planning

The Home Office still have plans to review the funding formula allocation between Forces in future years. Our understanding, based on previous exemplifications published in 2015, is that Durham could potentially lose up to £10m per annum from the changes. A separate report will be produced which outlines how such a potential funding reduction would be financed.

Capital Expenditure

The enclosed capital summary sets out proposed expenditure for capital projects for 2018/19 to 2022/23 and the associated funding options. The PCVC received £0.496m in 2017/18 and expects to receive £0.507 in future years.

There are a number of options open to the PCVC to funding capital expenditure and these include capital receipts, use of reserves or revenue contributions to capital. The balance of funding would be generated from borrowing which would incur interest charges at prevailing market rates (unless the PCVC enters into specific term borrowing arrangements such as fixed interest rates over a fixed borrowing term).

The impact of capital receipts generated from the sale of land owned by the PCVC for development of commercial or housing purposes has been included in the funding. Capital receipts from the sale of the old HQ site are expected until 2019/20.

Revenue Impact of the Capital Programme

The PCVC can determine to meet part of the capital requirement through applying capital receipts, making revenue contributions, applying reserves, and/or (under the provisions of the Prudential Code) borrowing.

The associated future capital financing charges as a result of this provisional programme have been determined based upon the expected lifespan of the asset, generally as follows: Motor Vehicles (4 years); ICT Systems (5 years); ANPR and other Equipment (10 years); Minor Building Work (20 years); Major New Buildings (40 or 60 years).

Grant is applied to those assets with the shortest lifespan. The capital receipts arising from the sale of the police headquarters' site have been used to partly fund the capital programme from 2016/17 onwards.

The following table contains a summary of capital expenditure by asset category. The capital financing charge from 2018/19 to 2022/23 has been affected by the application of the strategic capital reserve in 2014/15 to shorter life assets over those years.

	Outturn 2018/19 £'000	Estimate 2019/20 £'000	Estimate 2020/21 £'000	Estimate 2021/22 £'000	Estimate 2022/23 £'001

The most significant capital expenditure is explained over the next few paragraphs and a table showing detailed planned expenditure between 2018/19 and 2022/23 is included at the bottom of this section.

Estates

The primary focus for the Estates programme will be the provision of a new SARC (Sexual assault referral centre), collaborative building work and refurbishment of section offices.

There will still be a regular buildings improvement and maintenance programme undertaken for the rest of the Estate.

Fleet

The fleet replacement programme is kept under constant review and it is planned to spend a relatively consistent figure each year on vehicles.

ICT

The ICT Strategy outlines the capital schemes to be delivered over the period covered by the plan. A large proportion of the ICT expenditure in the capital programme relates to mobile working. Another key scheme is the national requirement for all Forces to upgrade their emergency services communications.

The following table includes details of new capital expenditure by asset category.

Planned Capital Expenditure from 2018/19 to 2022/23

	Outturn 2018/19 £'000	Estimate 2019/20 £'000	Estimate 2020/21 £'000	Estimate 2021/22 £'000	Estimate 2022/23 £'001

Move to multiyear pay award	<ul style="list-style-type: none"> • Include in planning assumption • Calculate cashflow loss 	<ul style="list-style-type: none"> • PCVC/CC Chief Finance Officer

Monitoring and Review

This financial plan will be subject to continuous review and forms part of the overall planning processes within the PCVC and Constabulary. This will ensure that an accurate future financial forecast is maintained to give an indication as to the affordability of spending plans which in turn will be fed into the corporate planning process.

The content of this plan will be kept under review as part of normal medium term financial planning procedures.

Appendix 4

Purpose of Report

1. The purpose of this report is to provide the Police Crime and Victims' Commissioner (PCVC) with reassurance and confidence in the accuracy and quality of the financial estimates for the years 2018/19 to 2022/23, and more importantly the budget for the coming financial year 2019/20.
2. The robustness of the financial estimates considers important factors such as risks facing the PCVC and the adequacy of financial reserves to enable the PCVC to have flexibility in dealing with any unplanned events that may have a significant financial consequence during the course of the budget year 2019/20.

Background

3. Police Crime and Victims' Commissioner and local authorities decide every year how much they are going to raise from council tax. They base their decision on a budget that sets out estimates of what they plan to spend on each of their services.
4. The decision on the level of the council tax must be taken before the coming financial year begins and that level cannot be changed during the year, so allowances for risks and uncertainties that may create an increase in service costs or a loss of income must be made by:
 - a. Making realistic and prudent allowances in the financial estimates for the policing services provided, and also,
 - b. Ensuring that there are adequate reserves in place that can be drawn on to help manage the impact of any incident or eventuality that causes the PCVC to exceed the budget estimates in 2019/20 for the delivery of policing services to the community of County Durham and Darlington.
5. Section 25 of the Local Government Act 2003 requires that the PCVC's Chief Financial Officer reports to the PCVC when considering the budget and council tax on the robustness of the estimates and the adequacy of the reserves allowed for in the budget proposals, so that the PCVC will have authoritative advice available to him prior to making the budget setting decisions.
6. Section 25 also requires the PCVC to consider this report when making decisions about the budget.

Critical Role of Risk Management

7. There is considerable (continuous) attention given to the risks facing the delivery of policing services in County Durham and Darlington. Each of the risks identified by the Force is allocated to and formally assessed by a strategic programme board.
8. When each board meets the risk registers are modified to reflect new risks, or to reflect the best available information and the impact of mitigating actions. The list of risks below have already been identified and considered by the appropriate board.
9. In setting the budget the risks facing the PCVC are influenced by the uncertainties of the economic environment and the level of expenditure reductions in the Policing Service and the wider public sector, all of which present difficulties in delivering a balanced budget. The key risks have been identified in the Budget report.

10. The Annual Governance Statement gives assurance in relation to the organisation's arrangements for the management of risk and ensuring proper arrangements are in place for governing its affairs and looking after the resources at its disposal.

Robustness of Estimates

11. The budget process has involved the senior leadership teams in each Command, who have considered and evaluated a variety of service delivery options that balance the twin needs of maintaining service delivery and balancing the budget.

12. These options, identifying areas where savings can be made to provide the resources to fund the unavoidable service pressures, have been reported to the PCVC and his Executive, which includes the Chief Constable and the PCVC's Chief Financial Officer.

13. The key income and expenditure related planning assumptions are reflected in the attached table

	Estimate 2019/20	Estimate 2020/21	Estimate 2021/22	Estimate 2022/23
Officer Pay Inflation (from September each year)	2%	2%	2%	2%
Officer Pension Contribution Increase	6.8%	0%	0%	0%
Staff Pay Inflation	2%	2%	2%	2%
Police Staff Pension Contribution Increase	0%	2.4%	0%	0%
Police Officer Vacancy Factor	0%	0%	0%	0%
Police Staff Vacancy Factor	2.8%	2.8%	2.8%	2.8%
Energy & Fuel Inflation	4%	8.5%	2.9%	2.9%
Other Non-Pay Inflation (except where contractually based)	0%	0%	0%	0%
Council Tax Increase Band D	£24	1.98%	1.98%	1.98%
Tax Base Growth	1.5%	1.5%	1.5%	1.5%
Other Income Inflation	0%	0%	0%	0%

14. In relation to the robustness of the above table, the following should be noted:

- Pay inflation. A pay increase of 2% has been budgeted. All police officer posts are budgeted for, therefore the police office pay budget should not be overspent given that the force maintains a separate budget to fund medical retirements. In respect of police staff pay, a small vacancy factor is built in to the pay budget to reflect anticipated leavers during the year. In recent years neither the police officer pay budget nor police staff pay budget have been overspent.
- Pension increases. The police pension rate has increased to 31% as a result of the latest triennial valuation. It is anticipated that the staff pension rate will also increase at the next triennial valuation. The latest estimate has been used.
- Energy and Fuel. The increases are based on the latest guidance available.

- Other non-pay Inflation. The 0% increase is a general provision. Whilst some budgets are reducing in price as a result of improved procurement and reduced demand it is equally valid to state that some budgets are under constant cost pressure. In recent years, supplies and services budgets have been underspent within the force.
 - Council Tax. This will be subject to the maximum permitted limit by Central Government.
 - Tax Base Growth. This has been based on recent growth rates.
 - Other Income Inflation. Where possible, the force is moving toward full cost recovery in terms of the supplies and services that it charges for. This will be subject to a discreet piece of work in the coming year. In recent years income budgets have been over-achieved therefore the budget estimates are considered reasonable.
 - Officer numbers are based on actual salary levels and expected leavers. Police staff and PCSO numbers are also based on actual salary. This ensures that budgets are reasonable.
15. Given the uncertainty about the future resources available to the PCVC at the time of preparing this report, the estimates beyond 2019/20 are at present set out with the best available information at the time of this report. There have as yet been no indications of future years funding allocation by the Home Office.

Adequacy of Reserves

16. The CIPFA Local Authority Accounting Panel (LAAP) has issued a guidance note on Local Authority Reserves and balances (LAAP Bulletin 77) to assist local authorities in determining the adequacy of reserves. This guidance is not statutory, but compliance is seen as best practice.
17. The guidance however, states that no case has yet been made to set a statutory minimum level of reserves, either as an absolute amount or a percentage of the budget. Each Police and Crime Commissioner and local authority should take advice from its Chief Financial Officer and base its judgement on local circumstances.
18. The current policy statement on the level of reserves includes the following:
- a. *The PCVC will set aside sufficient sums in earmarked reserves as considered prudent to do so. The PCVC Chief Finance Officer will be authorised to establish such reserves as are required, will review them for both adequacy and purpose, and report on a regular basis to the Police Crime and Victims' Commissioner.*
 - b. *The PCVC will aim to maintain, broadly, general reserves of between 4% and 5% of the revenue estimates currently £4.927m and £6.159m respectively (based on 2019/20 revenue funding of £123.178m) subject to an annual review by the PCVC Chief Finance Officer as part of the budget process.*
19. Earmarked reserves have been established as a means of building up funds to meet known or predicted requirements. The level of earmarked reserves will be in the region of £3.066m at the end of March 2019.

20. The General Reserve has been set just below 5% of the revenue funding for 2018/19 and will be £5.666m at the end of March 2019.
21. The reserves are set at a level to accommodate any significant financial impact on capital or revenue expenditure in 2019/20.
22. The PCVC's approach to the management of risks alongside the PCVC's financial management arrangements suggest that the level of resources identified in the Annual Budget 2019/20 is sufficient to provide reassurance and confidence in the delivery of policing services to County Durham and Darlington.

Recommendation

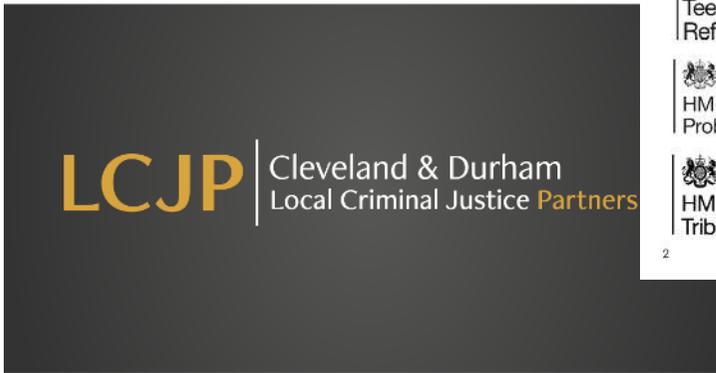

23. **It is recommended that the PCVC acknowledges that the strength of the risk management processes, the adequacy of reserves and the robustness of the financial estimates give sufficient reassurance and confidence to enable him to approve the Annual Budget and the level of Council Tax for 2019/20.**

Local Criminal Justice Partnership Plan – January 2018

Local Criminal Justice Partnership objectives:

- 1** An end-to-end service for supporting Victims and Witnesses, so that they:
 - Receive the support they need to cope and recover from the impact of the crime
 - Are supported to provide their evidence before and at court so that justice is delivered both fairly and effectively; this will include support with advocacy and navigation through the court process as well as making full use of technology;
 - Where appropriate, feel involved in the ongoing sentencing and rehabilitation of those people who offend so that they can continue to recover from their experience;
 - Are not passed from one agency to another without good cause;
 - Receive tailored support based on individually assessed need.
- 2** An end-to-end system for rehabilitating offenders and reducing reoffending so that those who offend:
 - Are challenged to accept responsibility and change their offending behaviour;
 - Have any underlying causes of their offending identified, and are provided with access to specialist services to help to resolve those issues – including drugs, alcohol, relationship and emotional support, and mental health – as early as possible in the system and throughout;
 - Gain opportunities to improve their skills and employability, and have access to work upon completion (or as part) of their sentence, so that their offending stops and they contribute to the local economy and community;
 - Are provided with access to settled and safe accommodation, particularly vulnerable people who offend;
 - Receive integrated support from agencies so that the public are kept safe;
 - Are offered effective rehabilitation as part of any punishment.
- 3** The most efficient and integrated local criminal justice system in the country so that agencies:
 - Provide good value for money to taxpayers and local communities and work to eradicate waste;
 - Work together to monitor their own performance and resolutely resolve issues;
 - Recognise the impact that one service has on another and see solving problems as a shared responsibility;
 - Harness the opportunities of reforms and freedoms, nationally and locally, to take new and innovative approaches in pursuit of our overall objectives.

PLAN 2018 - 2021

National Probation Service

Durham Tees Valley
Community Rehabilitation Company

Legal Aid Agency

Tees & Wear Reform Prisons

Stockton-on-Tees
BOROUGH COUNCIL

HM Prison & Probation Service

HM Courts & Tribunals Service

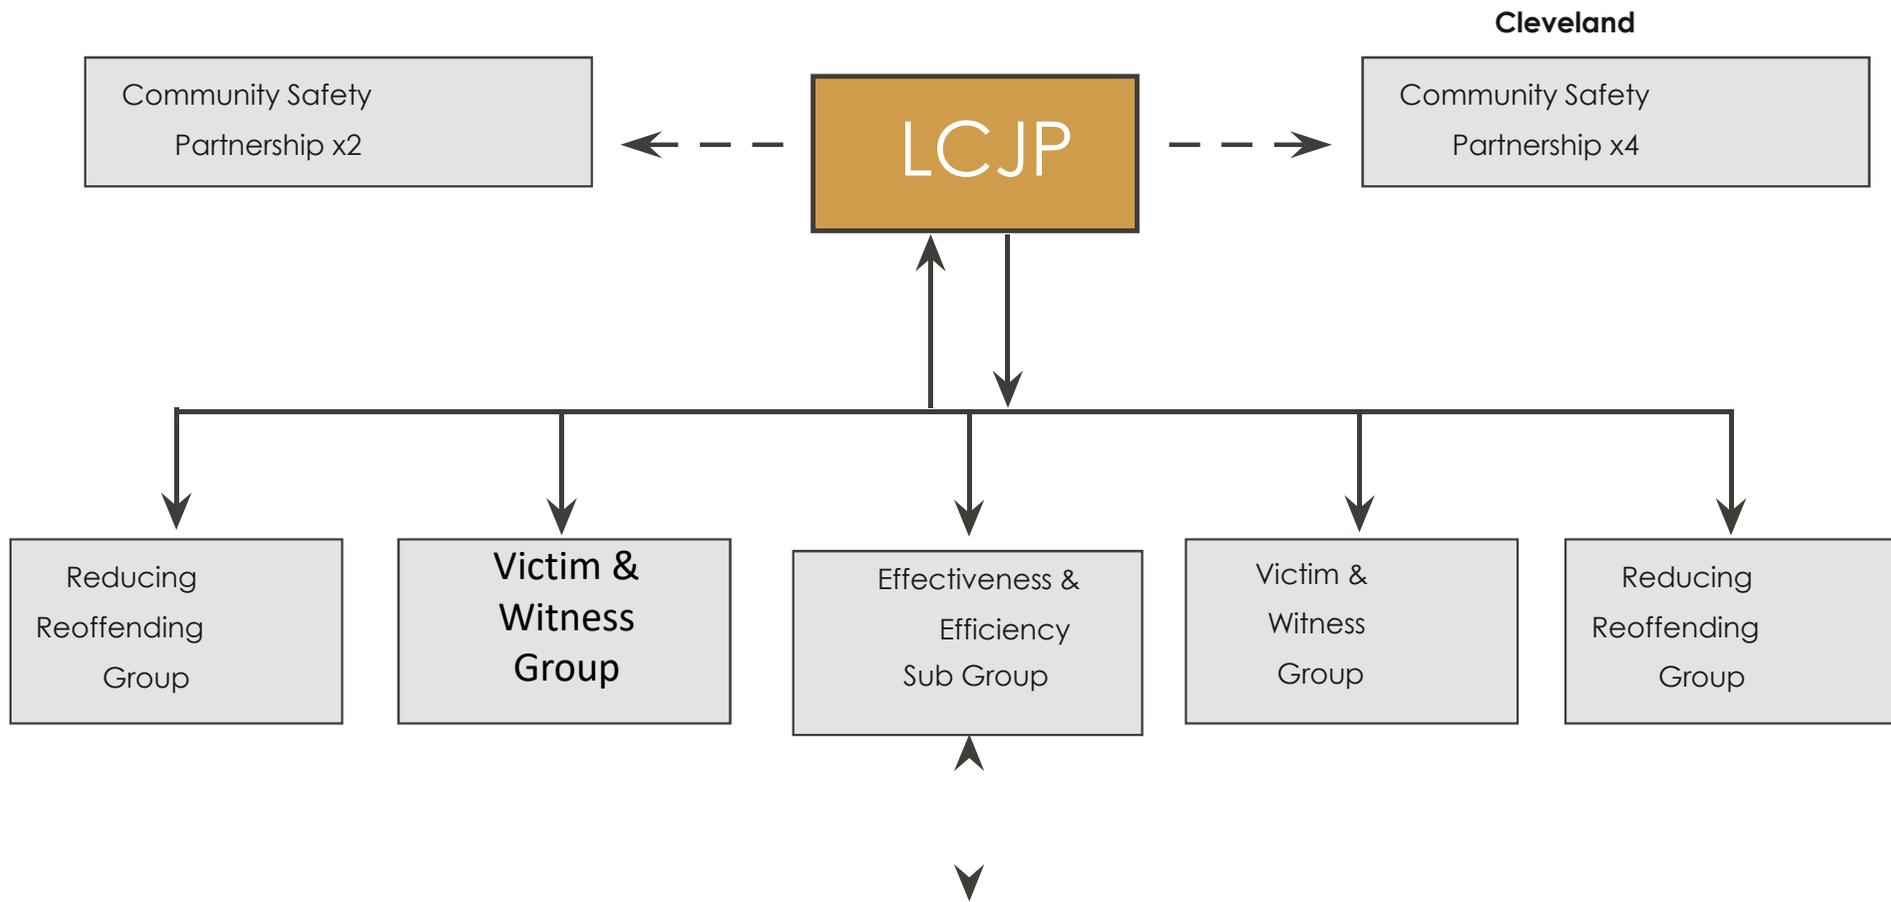

Vision: County Durham, Darlington, Hartlepool, Middlesbrough, Redcar and Cleveland, and Stockton-On-Tees are areas where people have confidence in a local criminal justice system which supports victims, rehabilitates offenders and reduces reoffending, and delivers value for money

Positive Outcomes for Victims and Witnesses

Reduced Intergenerational and Repeat Offending

High Public Confidence in the Criminal Justice System

Victim and witnesses

Victim and Witnesses

- Partnership – victim and witness group;
- New model of delivery for victim services ;
- Independent advocacy mental health and hate crime;
- Victim initiated Restorative justice;
- Criminal justice worker;
- Improvements to the court waiting areas
- Review of victim impact statements;
- Review of SV/DV provision.

Critical Contact Points

- Awareness Raising;
- Review of initial assessment process;
- Ensuring effective referral pathways;
- Explore use of technology;
- Reviewing current commissioned services;
- Identifying enhanced pathway need.

Reducing Reoffending

Reducing Reoffending

- Partnership – reducing reoffending group
- Offender journey workshops
 - Use of time in court cells
 - Late prison releases
- Female offender group
- Research /evidence bases
- Early intervention projects
- Integrated offender management review

The Critical Pathways

Finances

Drugs

Employment

Accommodation

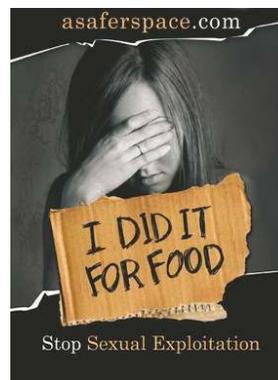

Alcohol

Health

Relationships

Sexual Exploitation

Domestic Violence

Any questions?

Police and Crime Panel

1 February 2019

Campaigning and influencing activity

Report of the Office of the Police, Crime and Victims' Commissioner

1. Purpose

To provide the Panel with an annual update on campaign activity by the PCVC, to influence others; in particular central Government policy.

2. Background

In the current Police, Crime and Victims' Plan there is a commitment to campaign for change. This happens in a number of ways:

- Letters and meetings with Government Ministers and officials, raising key issues and making an evidence-based case for changes in Government policy, priorities, and funding decisions
- Working with partners, locally and nationally, to argue the case for change; and to co-commission
- Influencing local and regional partners in scheduled meetings, and on other occasions, to that the case for changing operational practices to meet community safety-based objectives is made

3. Campaigning and influencing activity in 2018

This section of the report takes a number of policy areas and describes relevant activity which has taken place.

Police Funding

- Letter to Home Secretary, November 2018, about police funding prior to funding announcement in December
- Letter to Secretary of State for Health about ring-fencing the public health grant; and consequent effects on demand for policing, November 2018
- Meeting with Home Secretary in Durham, July 2018
- Letter to Chancellor of the Exchequer about Police funding, January 2018

In addition there have been continuing discussions between PCCs, and a relatively united approach has been taken, about the need for grant funding from Government to be maintained rather than reduced in favour of increasing Policer funding by raising the policing element of Council tax.

Drug policy reform

- Drawing on the PCVC's 2017 manifesto 'Towards a Safer Drugs Policy', which made the case for reform in several areas so that harm could be reduced, the PCVC has met with individual politicians to move this agenda forward. This included briefing all local MPs and having follow up meetings with Grahame Morris, Laura Pidcock, and Helen Goodman, and MPs from further afield, Crispin Blunt MP and Ronnie Cowan MP.
- The manifesto has been shared with senior opposition politicians, including Jeremy Corbyn, Diane Abbot, and Louise Haigh.
- The PCVC, together with other PCC colleagues, has spoken at the Drug, Alcohol and Justice Cross Party Parliamentary Group to evidence the failings of current policy. A letter was to be sent from this group to the Home Secretary.
- The Government's decision to legalise the medical use of cannabis followed sustained campaigning by reform-oriented politicians and others.
- Activity to enable police to use naloxone in custody suites
- Making the evidence-based case for services in Durham and Darlington to reduce drug-based harm
- Arguing the case for change on the APCC substance misuse portfolio group, chaired by PCCs Hardyal Dhindsa (Derbyshire) and Arfon Jones (North Wales)

Victims of domestic abuse

- Participation in the 6 Force Whole Systems Approach that included working with Family Court partners to ensure the rights and support of victims are taken into account in family and civil court processes and embedding MATAC in Force processes
- Contributing to consultation on Domestic Abuse Bill (released 21 January 2019)
- Strong support for the No Less of a Man campaign, led by Durham's Young PCVC, Libby Wright, in 2018

Private Landlords

- Supporting Phil Wilson MP, who introduced a Private Member's Bill for the introduction of a mandatory licencing regime for private landlords; and following up with discussions with County Durham MPs, senior Councillors and then the Housing Minister Heather Wheeler MP, leading to the decision to develop a business case for 100% selective licencing for private landlords in County Durham

Minimum Unit Pricing for alcohol

- The 2016 Alcohol Harm Conference, which Police and Crime Panel members were part of, provided a foundation for activity in subsequent years. Working with the PCCs in Northumbria and Cleveland, the PCVC has pressed the Government to

reduce the drink-driving limit, to introduce a minimum unit price for alcohol, and to review the licensing. A video showcasing the impact of alcohol on the emergency services has been used during alcohol awareness week to raise awareness of the impact of harmful alcohol consumption on emergency services.

- The three North East PCCs have made the case to Government for minimum unit pricing, including via letters and in meetings.
- Locally, work with Durham County Council and Sheffield University to model the effects of minimum unit pricing locally – to form the basis of campaigning activity in 2019

Mental Health services

- For the third year in a row, the PCVC hosted ‘the night I spent a night in a cell’ charity event, to raise awareness of the impact of criminalising people in crisis and the need to ensure that vulnerable people are kept safe and supported to appropriate services. This also allowed respective charities to raise funds for their organisation. At the same time, the PCVC, alongside other PCC colleagues supported national campaigns during mental health awareness week, calling for adequate funding for mental health services. This has also been raised in the PCVC’s response to the Home Secretary, following the recent HMICFRS report in Mental Health Service provision

Modern day slavery (MDS)

- Planning for a number of events (one in March 2019 and another in April) for businesses and partners to raise awareness and agree joint action
- Contributing to consultation on National Referral Mechanism for victims of MDS
- Contributing to consultation on role of frontline officers in identifying and responding to concerns about potential MDS activity

- *Road safety*

Support for police campaigns around drink and drug-driving, speeding, use of mobile phones whilst driving. The 3 North East PCCs have called for the limit of driving with alcohol in the bloodstream to be reduced to the same level as was introduced in Scotland in 2014. The Commissioners recently backed a Private Members’ Bill in the House of Lords which called for the same reduction, and have today received a letter from the Secretary of State for Transport, stating that the Government ‘has no plans to change the drink driving limit in England and Wales’.

4. Recommendations

Panel Members are recommended to note the information contained in this report and to offer comments.

Police and Crime Panel

1st February 2019

Policing and Mental Health: Picking Up the Pieces

Report of the Police, Crime and Victims' Commissioner

Purpose

1. To brief the Panel on the PCVC's response to the recent inspection report from Her Majesty's Inspectorate of Policing, Fire and Rescue Services (HMICFRS) into the links between policing and mental health.

Background

1. The report, *Policing and Mental Health*, correctly identifies increasing demands on police forces caused by gaps in mental health services and their increased role of gatekeeping to ensure access to appropriate support from other relevant services or the criminal justice system. However, the report fails to suggest alternative options to alleviate these increased demands. Whilst austerity has impacted on all organisations, including the police, the police service remains the service of first and last resort. We need the appropriate services to be able to respond to these incidents 24/7 so that the police are not the ones left dealing with them.

Recommendations

2. There are a number of recommendations which Durham Constabulary will need to address. I list them below, together with the responses I have submitted to the Home Secretary and the Chief Inspector.

Recommendation 2 – All forces should carry out a 'snapshot' exercise to assess their mental health-related demand

Attempts have been made in Durham to assess mental health demand based on the force's own qualifier of mental health. Once the NPCC lead and College of Policing agree a new national definition of mental ill-health, Durham Constabulary will be able to repeat the snapshot exercise.

Recommendation 3 – All forces should evaluate their mental health triage services

The Durham and Darlington Crisis Care Concordat is in the process of evaluating the local street triage service, following full service delivery of more than 12 months.

Recommendation 4 – All forces should review their mental health training programmes

Durham Constabulary has rolled out College of Policing compliant training for the past 2 years for new officers and response officers.

Other comments

3. In respect of other comments made by the report, aside from the above recommendations, I also commented to the Home Secretary and Chief Inspector on joint training with partners, and the incorporation of service user and 'lived experience' feedback within training programmes.

On the former, Durham Constabulary has delivered numerous joint multi-agency training sessions across partnership audiences with positive feedback and future opportunities continuing to be shared.

On the latter, service users in County Durham and Darlington are involved in delivering police officer training, and officers regularly attend service user groups. Similarly, the liaison and diversion teams in police custody and the street triage teams in the force control room seek service-user feedback.

Police and Crime Panel

1st February 2019

Brexit preparations

Report of Police, Crime and Victims' Commissioner

Purpose

To provide an up to date summary of preparations for Brexit relating to the impact of Brexit on Durham Constabulary

Background

Members will be aware of the current political situation regarding the decision for the UK to leave the EU on the 29th March 2019. At the time of writing there is no definitive political decision detailing what Brexit will mean in practice. The greatest risks would however be associated with a “no deal” scenario and an assumption of no extension of article 50. This report will advise on high level preparations, where Durham may be impacted in responding to national issues and what stance and impact there will be locally.

National Preparations

- Currently UK forces have full data sharing in relation to EU nationals
- A “no deal” will require a new treaty to provide full data sharing. (Norway has been pursuing this for 10 years and has yet to agree a treaty)
- Whilst Forces will still be able to obtain data it will revert to pre 1982 processes with long delays
- Potential for increases in Hate Crime, civil unrest, a rise in congestion on the roads and an increase in arrests.
- Preparations in place for mutual aid requirements.

Durham Constabulary preparations

- Scanning work has been undertaken of the impact of transferring EU markers onto the Interpol systems with an increase but catered for increase in administrative burden
- There will be a new communications intelligence team to provide support to enable the new processes to be managed
- Ongoing assessments in relation to increased tensions continue to be made and appropriate preventative action is being taken.
- Regional mobilisation plans have been tested and if put into operation, Durham is able to provide the required resource. This will however impact on local capability for the duration of the deployment.
- There are currently no restrictions on officer or staff leave
- Critical supply chains have been examined with no concerns identified at this stage.

Recommendations

Panel members are recommended to note the information contained in this report.

Stephen White
Chief Executive
