Recruitment to the Post of Chief Executive

Report of Alison Lazazzera, Head of People and Talent Management

Purpose of the Report

- 1 To consider proposals for the recruitment of a new Chief Executive

Executive Summary

- 2 The Council's Chief Executive (Head of Paid Service), Terry Collins, has announced his intention to retire as he is 60 in November.
- 3 The Chief Officer Appointments Committee (COAC) is therefore required to consider arrangements for recruiting and appointing a new Chief Executive.
- 4 This report sets out a number of options for recruiting to the post as well as a proposed timeline for recruitment.

Recommendation(s)

- 5 It is recommended that the Chief Officer Appointments Committee:
 - (a) agree to commence an internal recruitment exercise to appoint an interim Chief Executive as set out in paragraph 15 of the report
 - (b) agree the proposed method and timetable.

Background

- 6 Under section 4 of the Local Government and Housing Act 1989, the Council has a legal duty to appoint one officer as its Head of Paid Service.
- 7 The Council has designated the role of Head of Paid Service to the Chief Executive. The current Chief Executive has announced his intention to retire and therefore arrangements need to be made for the appointment of his successor.
- 8 In accordance with the Council's Constitution, the appointment of the Chief Executive is the responsibility of COAC. The Head of Legal and Democratic Services is also required to give the Cabinet notice of the proposed appointment, the particulars relevant to the appointment and allow a specified period for the Leader on behalf of the Cabinet to raise any objection to the proposed appointment. Prior to any offer of appointment being made, the Council must approve the proposed appointment. A copy of the role profile and person specification are attached at Appendix 2.

Options for Recruitment

Option 1 - External Recruitment

- 9 It would be possible to hold an external recruitment process for the post of Chief Executive. However, the impact of Covid-19 is likely to have an impact on the number of applicants applying as well as the nature of the process due to social distancing requirements. An external recruitment process is likely to take at least three months to allow for advertising the role, longlisting, shortlisting and the interview process. The successful candidate (if he/she is external) is likely also to have to serve three months' notice with their existing employer. Consequently, it is likely to be at least 6 months before any new Chief Executive could commence their duties, which would be April 2021 at the earliest. This option would require an interim Chief Executive to be appointed either internally or externally to cover the interim period.

Option 2 - External Interim Appointment

- 10 An alternative option would be to recruit an external interim to cover the period between the current Chief Executive retiring and until such time a substantive recruitment exercise is conducted.
- 11 There may be interim candidates available who may be interested in the role. However, it would take time for any interim to learn about the council and Durham County, during a period in which the organisation is still responding to the Covid-19 pandemic, whilst dealing with the associated implications as well as the Council's continuing priorities.

Option 3 – Internal substantive appointment

- 12 The Committee could decide to recruit to the substantive role internally from the Council's existing strong and effective Corporate Management Team. The benefit of choosing this option is that there would be certainty, continuity and minimum disruption to the organisation. It would be possible to work with an Executive Search Consultant to ensure that there is external validation of the recruitment process.
- 13 An internal recruitment process could commence in early October 2020 and be concluded relatively quickly. However, in recruiting to such a crucial role for the organisation, it would be good practice for the Council to test the market at the appropriate time to ensure that it appoints the most suitable candidate to the substantive role of Chief Executive.
- 14 An internal appointment would trigger a subsequent recruitment process to recruit to the successful candidate's substantive role.

Option 4 – Internal Interim Appointment (Recommended)

- 15 Alternatively, the Council could make an internal appointment from within the Council's existing Corporate Management Team. This would provide continuity and minimum disruption to the organisation during the continued Covid-19 response and in the run up to the elections in May 2021.
- 16 If the Committee are minded to agree this option, it is suggested that the appointment is for a period of 12 months. That would enable the recruitment process for the substantive postholder to commence in June 2021 following the elections and when Covid is hoped to be more under control; and provide continued continuity in the interim if an external candidate is appointed and is required to serve a notice period.
- 17 This option would enable the Committee to consider the performance of an internal candidate in post and then against the wider market at the appropriate time.

Option 5 – Combine the role of Executive Director of Resources and Chief Executive (Head of Paid Service).

- 18 Whilst this is an option that smaller councils have considered, it is not considered to be a sustainable solution for a council as large as Durham. Durham County Council is one of the largest councils in the country. Both positions have an extremely heavy workload and have distinct statutory duties.
- 19 The Committee will also note that the responsibilities of the Director of Transformation and Partnerships post were recently amalgamated into the Director of Resources role. The Chief Executive role needs to focus on key issues such as the economic growth of the county. Therefore, combining the positions is highly likely to limit the effectiveness of the postholder. The council has tried combining positions previously and on

both occasions capacity issues have been experienced. It is not considered as an appropriate option for a council of this size.

- 20 For the reasons set out above, it is considered that the recommended option for the Committee is option 4 on the basis that it will enable the Council to appoint a Chief Executive at the earliest opportunity to provide leadership and stability to the organisation during the continuing pandemic and in the run up to the election.

Recruitment Process

- 21 Applications for roles at this level are commonly by way of submission of a CV and supporting statement. It is therefore proposed that the Corporate Management Team are invited to express an interest in the interim role by sending a CV and Supporting Statement to the Head of People and Talent Management.
- 22 Since this is an internal appointment and to ensure that a timely appointment is made, it is suggested that all members of CMT who express an interest in the role are invited to an interview with COAC. The Committee will be supported by the Chief Executive to provide technical advice/expertise in relation to the role.

Timeline for Internal Interim Recruitment Process

- 23 The proposed timetable for the recommended recruitment process is as follows:

Date	Recruitment Stage
30 September 2020	COAC
1 - 9 October 2020	Expressions of Interest invited from CMT – CV & Supporting Statement
w/c 19 October 2020	COAC Interview
w/c 26 October 2020	Head of Legal & Democratic Services to give notice to the Executive of proposed Appointment
2 December 2020	Proposed appointment presented to Council for approval.

Proposed Recruitment Process / Interview

- 24 Should the COAC agree to the proposals set out within this report, the CVs and supporting statements for any candidates will be supplied to

the COAC in advance of interviews, including a proposed schedule. Proposed questions will also be circulated for discussion and agreement on the day that the interviews will be held.

Recruitment to consequential vacancies

- 25 An internal appointment will result in a Chief Officer vacancy within the Corporate Management Team. The Committee would also be responsible for appointing to such a vacancy.
- 26 In this scenario, it is recommended that COAC again recruit internally on an interim basis. If the successful candidate for the Chief Executive role is a statutory post holder, then a nominated Deputy could cover the statutory duties pending an interim appointment. It would then be for the relevant Corporate Director to consider whether there is a need for further appointments to backfill vacancies. This would not be a matter for COAC.
- 27 During the course of November, expressions of interest could be sought for the backfill for the relevant Chief Officer vacancy and subsequent interviews held with the COAC. This appointment would be subject to the appointment of any interim Chief Executive following approval by Full Council on 2 December.
