Appendix 1: Implications

Legal Implications

The case of Daniel Thwaites Plc v Wirral Borough Magistrates' Court (Case No: CO/5533/2006) at the High Court of Justice Queen's Bench Division Administrative Court on 6 May 2008, [2008] EWHC 838 (Admin), 2008 WL 1968943, Before the Honourable Mrs Justice Black.

In this case it was summed up that:

A licensing authority must have regard to guidance issued by the Secretary of State under section 182. Licensing authorities may depart from it if they have reason to do so but will need to give full reasons for their actions.

Furthermore the Thwaites case established that only conditions should be attached to a licence with a view to promoting the Licensing objectives and that 'real evidence' must be presented to support the reason for imposing these conditions.

This judgement is further supported in the case of The Queen on the Application of Bristol Council v Bristol Magistrates' Court, CO/6920/2008 High Court of Justice Queen's Bench Division The Administrative Court, 24 February 2009, [2009] EWHC 625 (Admin) 2009 WL648859 in which it was said:

'Licensing authorities should only impose conditions which are necessary and proportionate for the promotion for licensing objectives'.

In addition to this, it was stated that any condition attached to the licence should be an enforceable condition.

Consultation

The premises licence application was subject to a 28 day consultation in accordance with the Licensing Act 2003 and its regulations.

The Responsible Authorities were consulted on the application.

The notice of application was displayed on the premises for a period of 28 days.

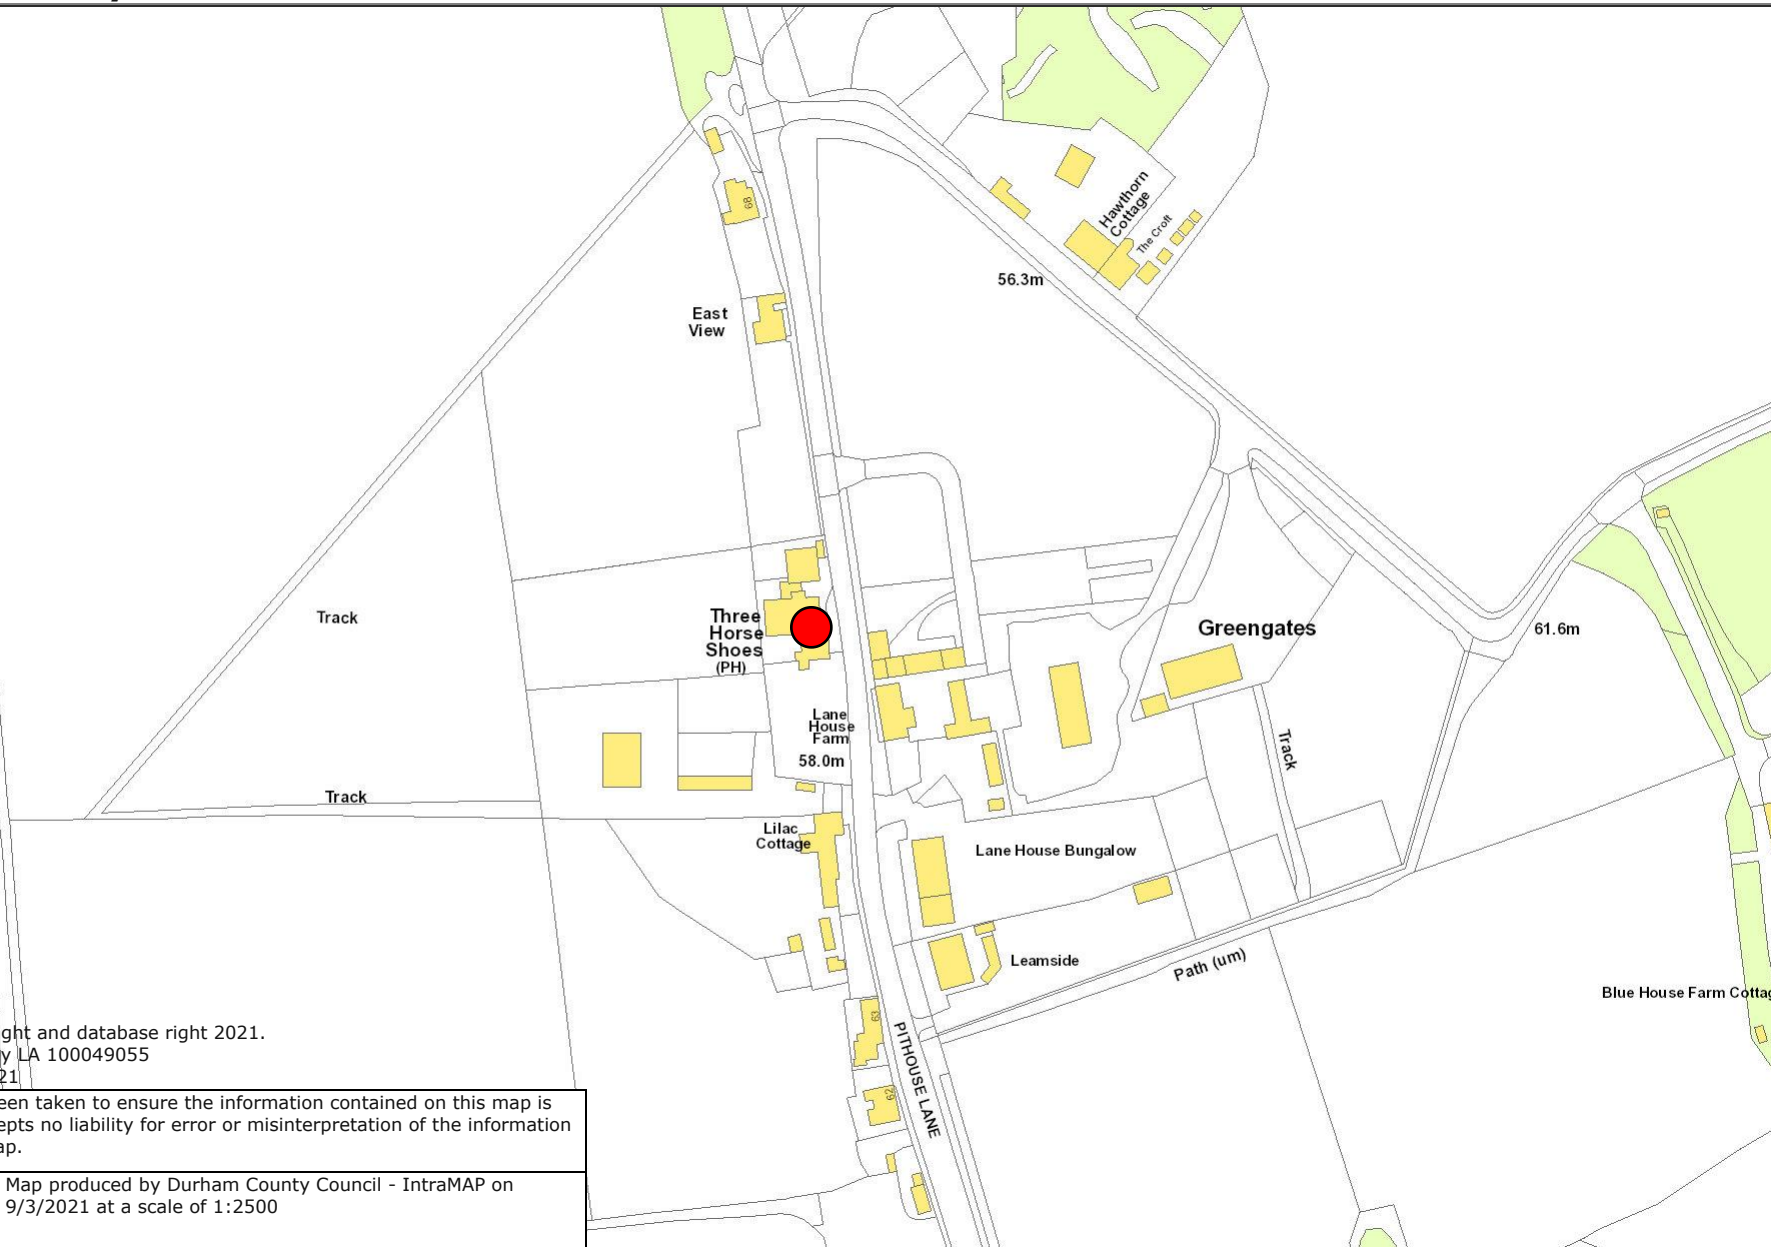

Notice of the application was published in a newspaper which was circulated within the vicinity of the premises.

In addition, details of the application were available to view on the Council's website throughout the 28 day consultation period.

Application for New Premises License – The Three Horse Shoes Leamside

The Parish Council has considered the above application and would like to make the following comments.

It is noted that details of this new application, as posted on your license applications webpage, represents an extension of existing licensing activities in some areas as summarised below.

Live Music	Existing License Indoors Only	Proposed License
Monday-Sunday New Years Eve/Day	10am-Midnight 10am-3am	10am-Midnight 10am-3am
Recorded Music	Existing License Indoors Only	Proposed License Indoors and outdoors
Monday-Sunday New Years Eve/Day	10am-Midnight 10am-3am	7am-Midnight 7am-3am
Any of a similar description to live music, recorded music of performance of dance	Existing License Indoors Only	Proposed License
News Years Eve/Day	10am-3am	10am-3am
Late Night Refreshments	Existing License Indoors Only	Proposed License
Monday-Sunday New Years Eve/Day	11pm-Midnight 10am-3am	11pm-Midnight 11pm-3am
Supply of alcohol On and Off Premises	Existing License	Proposed License
Monday-Sunday New Years Eve/Day	10am-Midnight 10am-3am	10am-12.30 at night 10am-3.30am

Of particular concern is the proposed license for the playing of recorded music outdoors from 7am-Midnight every night, and until 3am on New Years Day.

However, it is understood that following mediation with Environmental Health the applicant has amended the application for the new license to request that the playing of Recorded

Music be for indoors only. This change is welcomed, but it is of concern that this important amendment to the application does not appear to be in the public domain.

It is understood that the new premises licence is being applied for as refurbishments are being or have been carried out at the premises which has resulted in an overall increase in existing licensed areas of the premises and also the licensee requests that the outdoor beer garden areas of the premises become additional licensed areas.

Whilst it is acknowledged that music licenses are now only being requested for indoor areas, the extension of the license to the external beer garden areas is likely to lead to increased noise disturbance from music being played indoors, especially if live amplified music. The potential for disturbance to the neighbouring community is likely to increase over the summer months when external doors are likely to be left open.

It is understood that the Environmental Health Department can ask for suitable conditions to be added to the application if they consider there is potential for noise disturbance from the activities proposed at the premises.

It would appear that no such conditions have been requested. Given the considerable time parameters associated with the music license activities, the need for some form of restriction on potential noise levels would seem to be essential to prevent noise disturbance.

For a quiet rural location, not served by public transport, the days and time of all licensed activities is considered to be excessive.

Is it really necessary to have a license for live indoor music / performance dance from 7 in the morning to Midnight every day of the year?

Why is an earlier start time for music being played from 7 am necessary, as opposed to the existing 10 am, as a result of the alterations to the premises?

Is it really necessary to sell alcohol off premises from 10 in the morning to 12.30 at night every day of the year and why has the end time for such sales been extended from 12 midnight as a result of the alterations to the premises?

Noise from private cars and taxis very late at night, every night, could be considerable and will inevitably be of some disturbance to neighbouring properties.

In order to reduce the potential for noise disturbance the Parish Council would like to ask for consideration to be given to:

- Later start and earlier finish for music licenses:
- Restricting live music activities to fewer days
- An earlier finish time for off premises sale of alcohol
- Suitable conditions to be added to the application to reduce potential noise disturbance

Good afternoon Daryl

Very good talking to you earlier; as I explained I was ringing in relation to your premises licence application for the Three Horse Shoes on Pit House Lane.

I look at applications in relation to the Environmental Health Responsible Authority role of the Prevention of Public Nuisance Licensing Objective and as I explained I would be concerned about a licence which granted outdoor music, in this case you have ticked for recorded music both indoors and outdoors between 0700 to 0000hrs Monday to Friday and 0700 to 0300hrs over New Years Eve and New Years Day, from our discussion I understand your reasoning for this.

As I explained, as your premises will not have a capacity for over 499 people there is no requirement for a licence in relation to music between the hours of 0800 to 2300 on any day; music, where the capacity is below 500 people, only becomes regulated entertainment outside of those hours; you mentioned that you would not require to play recorded music outside of those hours in the outdoor area and wished to amend your application to indoors only for section F of the form.

I explained that you will have to contact licensing to notify them of your decision to amend the application; I would suggest that, if you are happy with my explanation above, that you respond to this email, addressed to licensing and copying me in to confirm that you wish to amend your application as described.

Again thank you for your time and all the best for the future.

Best wishes

John

Appendix 6: Statement of Licensing Policy

7.3 Prevention of Public Nuisance - Licensed premises, especially those operating late at night and in the early hours of the morning, can cause a range of nuisances impacting on people living, working or sleeping near the premises.

The concerns relate, amongst other things, to litter, light pollution, noxious odours and noise nuisance resulting from music, human voices, ventilation equipment and vehicles. The **council will expect** applicants to demonstrate that suitable and sufficient measures have been identified, and will be implemented and maintained, with the intention of preventing public nuisance relevant to the individual style, location and characteristics of the premises and events.

If an external structure or area is to be used by customers, whether for consumption of alcohol or for smoking, the **applicant will be expected** to offer measures designed to minimise its impact on residents in respect of both public nuisance and crime and disorder. These measures may include a restriction on hours that areas / structures will be used or appropriate signage requesting customers to consider residents and monitoring of such areas by staff.

The placement of tables and chairs outside of licensed premises may give rise to public nuisance including noise and litter. When tables and chairs are situated on the public highway, relevant authorisations will often be required from the Highways Authority. Enquiries concerning such consents should be made to the Council's Highway's Section (see Appendix III). In predominantly commercial areas, such as shopping centres, the use of tables and chairs outside may be allowed however, the **council will normally expect** them to be removed before the premises close, and any resulting litter/debris cleared away.

Applicants should consider reducing potential noise nuisance by, for example (this list is not exhaustive):

- Assessment of likely noise levels in the premises
- Assessment of likely noise levels if outdoor drinking is allowed
- The sound insulation the building would provide (e.g. double glazing, double doors / lobbies to entrances, windows used for ventilation)
- The distance and direction to the nearest noise sensitive premises.
- Likely noise sources outside of the premises (e.g. emptying bottle bins, taxis, unruly customers leaving the premises)
- Dispersal of patrons – where necessary the council will expect a dispersal policy for patrons at the end of the evening. The policy will specify such issues as alterations to the style and volume of music played, public address announcements and use of appropriate signage at exits
- Ways to limit noise / disorder from patrons leaving the premises

The extent to which the above matters will need to be addressed will be dependent on the nature of the area where the premises are situated, the type of premises concerned, the licensable activities to be provided, operational procedures and the needs of the local community.

Applicants are advised to seek advice from Durham County Council's Environmental Health team and incorporate any recommendations in their operating schedule before submitting their applications.

Takeaways and fast-food outlets - The council expects takeaways and late-night refreshment premises to take reasonable steps in clearing litter from outside their premises and along the pavement in either direction as necessary, whilst the premises are open and at the end of the working day. These premises should maintain clean, dirt or grease free frontages. Such premises should also display notices advising customers of the location of bins and patrons should be encouraged to use the bins made available.

Important note: The council considers that it will be inappropriate to grant a premises licence permitting the sale of alcohol at premises which are principally used for selling hot food for consumption off the premises (“takeaway” premises).

Takeaway premises are often open late at night and in the early hours of the morning. They can be associated with disorder as people under the influence of alcohol may congregate outside takeaways after leaving or in some cases having been ejected from late-night licensed premises.

Takeaways operate within the night time economy but without the same framework around them, e.g. pubwatch, use of security staff etc. In addition, alcohol sold from takeaways could readily be consumed in public spaces and may not be subject to the same controls associated with other types of licensed premises.

From a health perspective, obesity levels are rising nationally and locally; without action the health of the population will continue to suffer. Responsible licensees can support the ‘Working toward a healthy weight in County Durham’ goals and the council would see the following steps as a contribution to reducing health harms and health inequalities:

- Menu to display calories per portion information for all food offers.
- Menu to offer at least one clear and stated, 'healthy option' and to be priced competitively.
- Menu to display recommended daily calorie limits for adults (For women the recommended limit is 2,000 calories a day for men it's 2,500).
- Menu to offer smaller / half portions.
- Salt and pepper available upon request rather than always on the table

In addition to the information provided above, **Table 3 in Appendix IV** provides recommendations, suggestions and examples of how to prevent the specific nuisance type outlined. This table is not exhaustive, and every applicant must consider the specific situation, location and circumstances associated with their premises, activities, clientele and workforce when identifying hazards, assessing risks and identifying controls.

Appendix II Framework Hours: recommended terminal hours for the sale of alcohol and the provision of late-night refreshment for different types of premises

Category of Premises	Weekdays*	Weekends*	Bank Holidays*
Premises licensed for the sale or supply of alcohol for consumption on or off the premises e.g. pubs, social clubs and nightclubs	07.00 to 00.00	07.00 to 01.00	Good Friday Plus 1 Hour. For all other bank holidays, an additional hour be added to the terminal hour of the day preceding the bank holiday (i.e. if the Monday is the bank holiday, the Sunday is normal trading plus 1 hour)
Premises licensed for the sale of alcohol for consumption off the premises only e.g. off licences, supermarkets and garages	07.00 to 23.30	07.00 to 00.30	Good Friday Plus 1 Hour. For all other bank holidays, an additional hour be added to the terminal hour of the day preceding the bank holiday (i.e. if the Monday is the bank holiday, the Sunday is normal trading plus 1 hour)
Premises with licences not including the sale or supply of alcohol (community centres, village halls)	07.00 to 00.00	07.00 to 01.00	Good Friday Plus 1 Hour. For all other bank holidays, an additional hour be added to the terminal hour of the day preceding the bank holiday (i.e. if the Monday is the bank holiday, the Sunday is normal trading plus 1 hour)
Premises licensed primarily for late night refreshment e.g. takeaways	01.00	02.00	Good Friday Plus 1 Hour. For all other bank holidays, an additional hour be added to the terminal hour of the day preceding the bank holiday (i.e. if the Monday is the bank holiday, the Sunday is normal trading plus 1 hour)

* **NOTE:** For the purposes of this matrix, weekdays mean Monday to Thursday; Weekends include Friday night into Saturday Morning, Saturday night into Sunday morning and Sunday night into Monday morning; and Bank Holidays means Sunday night into Monday morning and Monday night into Tuesday morning.

Appendix 7: Section 182 Guidance

Public nuisance

- 2.15 The 2003 Act enables licensing authorities and responsible authorities, through representations, to consider what constitutes public nuisance and what is appropriate to prevent it in terms of conditions attached to specific premises licences and club premises certificates. It is therefore important that in considering the promotion of this licensing objective, licensing authorities and responsible authorities focus on the effect of the licensable activities at the specific premises on persons living and working (including those carrying on business) in the area around the premises which may be disproportionate and unreasonable. The issues will mainly concern noise nuisance, light pollution, noxious smells and litter.
- 2.16 Public nuisance is given a statutory meaning in many pieces of legislation. It is however not narrowly defined in the 2003 Act and retains its broad common law meaning. It may include in appropriate circumstances the reduction of the living and working amenity and environment of other persons living and working in the area of the licensed premises. Public nuisance may also arise as a result of the adverse effects of artificial light, dust, odour and insects or where its effect is prejudicial to health.
- 2.17 Conditions relating to noise nuisance will usually concern steps appropriate to control the levels of noise emanating from premises. This might be achieved by a simple measure such as ensuring that doors and windows are kept closed after a particular time, or persons are not permitted in garden areas of the premises after a certain time. More sophisticated measures like the installation of acoustic curtains or rubber speaker mounts to mitigate sound escape from the premises may be appropriate. However, conditions in relation to live or recorded music may not be enforceable in circumstances where the entertainment activity itself is not licensable (see chapter 16). Any conditions appropriate to promote the prevention of public nuisance should be tailored to the type, nature and characteristics of the specific premises and its licensable activities. Licensing authorities should avoid inappropriate or disproportionate measures that could deter events that are valuable to the community, such as live music. Noise limiters, for example, are expensive to purchase and install and are likely to be a considerable burden for smaller venues.
- 2.18 As with all conditions, those relating to noise nuisance may not be appropriate in certain circumstances where provisions in other legislation adequately protect those living in the area of the premises. But as stated earlier in this Guidance, the approach of licensing authorities and responsible authorities should be one of prevention and when their powers are engaged, licensing authorities should be aware of the fact that other legislation may not adequately cover concerns raised in relevant representations and additional conditions may be appropriate.

- 2.19 Where applications have given rise to representations, any appropriate conditions should normally focus on the most sensitive periods. For example, the most sensitive period for people being disturbed by unreasonably loud music is at night and into the early morning when residents in adjacent properties may be attempting to go to sleep or are sleeping. This is why there is still a need for a licence for performances of live music between 11 pm and 8 am. In certain circumstances, conditions relating to noise emanating from the premises may also be appropriate to address any disturbance anticipated as customers enter and leave.
- 2.20 Measures to control light pollution will also require careful thought. Bright lighting outside premises which is considered appropriate to prevent crime and disorder may itself give rise to light pollution for some neighbours. Applicants, licensing authorities and responsible authorities will need to balance these issues.
- 2.21 Beyond the immediate area surrounding the premises, these are matters for the personal responsibility of individuals under the law. An individual who engages in anti-social behaviour is accountable in their own right. However, it would be perfectly reasonable for a licensing authority to impose a condition, following relevant representations, that requires the licence holder or club to place signs at the exits from the building encouraging patrons to be quiet until they leave the area, or that, if they wish to smoke, to do so at designated places on the premises instead of outside, and to respect the rights of people living nearby to a peaceful night.
