### **Legal Implications**

The case of Daniel Thwaites Plc v Wirral Borough Magistrates' Court (Case No: CO/5533/2006) at the High Court of Justice Queen's Bench Division Administrative Court on 6 May 2008, [2008] EWHC 838 (Admin), 2008 WL 1968943, Before the Honourable Mrs Justice Black.

In this case it was summed up that:

A licensing authority must have regard to guidance issued by the Secretary of State under section 182. Licensing authorities may depart from it if they have reason to do so but will need to give full reasons for their actions.

Furthermore the Thwaites case established that only conditions should be attached to a licence with a view to promoting the Licensing objectives and that 'real evidence' must be presented to support the reason for imposing these conditions.

This judgement is further supported in the case of The Queen on the Application of Bristol Council v Bristol Magistrates' Court, CO/6920/2008 High Court of Justice Queen's Bench Division The Administrative Court, 24 February 2009, [2009] EWHC 625 (Admin) 2009 WL648859 in which it was said:

'Licensing authorities should only impose conditions which are necessary and proportionate for the promotion for licensing objectives'.

In addition to this, it was stated that any condition attached to the licence should be an enforceable condition.

### **Consultation**

The premises licence application was subject to a 28 day consultation in accordance with the Licensing Act 2003 and its regulations.

The Responsible Authorities were consulted on the application.

The notice of application was displayed on the premises for a period of 28 days.

Notice of the application was published in a newspaper which was circulated within the vicinity of the premises.

In addition, details of the application were available to view on the Council's website throughout the 28 day consultation period.

**Section 19 of 21**

**NOTES ON DEMONSTRATING ENTITLEMENT TO WORK IN THE UK**

*Continued from previous page...*

**Entitlement to work/immigration status for individual applicants and applications from partnerships which are not limited liability partnerships:**

A licence may not be held by an individual or an individual in a partnership who is resident in the UK who:

- does not have the right to live and work in the UK; or
- is subject to a condition preventing him or her from doing work relating to the carrying on of a licensable activity.

Any premises licence issued in respect of an application made on or after 6 April 2017 will become invalid if the holder ceases to be entitled to work in the UK.

Applicants must demonstrate that they have an entitlement to work in the UK and are not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity. They do this in one of two ways: 1) by providing with this application copies or scanned copies of the documents listed below (which do not need to be certified), or 2) by providing their 'share code' to enable the licensing authority to carry out a check using the Home Office online right to work checking service (see below).

**Documents which demonstrate entitlement to work in the UK**

- An expired or current passport showing the holder, or a person named in the passport as the child of the holder, is a British citizen or a citizen of the UK and Colonies having the right of abode in the UK [please see note below about which sections of the passport to copy].

- A Registration Certificate or document certifying permanent residence issued by the Home Office to a national of a European Economic Area country or Switzerland.
- A Permanent Residence Card issued by the Home Office to the family member of a national of a European Economic Area country or Switzerland.

- A **current** passport endorsed to show that the holder is exempt from immigration control, is allowed to stay indefinitely in the UK, has the right of abode in the UK, or has no time limit on their stay in the UK.
- A **current** Immigration Status Document issued by the Home Office to the holder with an endorsement indicating that the named person is allowed to stay indefinitely in the UK or has no time limit on their stay in the UK, **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A birth or adoption certificate issued in the UK, **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A birth or adoption certificate issued in the Channel Islands, the Isle of Man or Ireland **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A certificate of registration or naturalisation as a British citizen, **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.

*Continued from previous page...*

- A **current** passport endorsed to show that the holder is allowed to stay in the UK and is currently allowed to work and is not subject to a condition preventing the holder from doing work relating to the carrying on of a licensable activity.
- A **current** Biometric Immigration Document (Biometric Residence Permit) issued by the Home Office to the holder which indicates that the named person can currently stay in the UK and is allowed to work relation to the carrying on of a licensable activity.
- A **current** Residence Card issued by the Home Office to a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights or residence.
- A **current** Immigration Status Document containing a photograph issued by the Home Office to the holder with an endorsement indicating that the named person may stay in the UK, and is allowed to work and is not subject to a condition preventing the holder from doing work relating to the carrying on of a licensable activity **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A Certificate of Application, **less than 6 months old**, issued by the Home Office under regulation 18(3) or 20(2) of the Immigration (European Economic Area) Regulations 2016, to a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights of residence.
- Reasonable evidence that the person has an outstanding application to vary their permission to be in the UK with the Home Office such as the Home Office acknowledgement letter or proof of postage evidence, or reasonable evidence that the person has an appeal or administrative review pending on an immigration decision, such as an appeal or administrative review reference number.
- Reasonable evidence that a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights of residence in exercising treaty rights in the UK including:-
  - evidence of the applicant's own identity – such as a passport,
  - evidence of their relationship with the European Economic Area family member – e.g. a marriage certificate, civil partnership certificate or birth certificate, and

    - (ii) self-employed e.g. contracts, invoices, or audited accounts with a bank,
    - (iii) studying e.g. letter from the school, college or university and evidence of sufficient funds; or
    - (iv) self-sufficient e.g. bank statements.

Family members of European Economic Area nationals who are studying or financially independent must also provide evidence that the European Economic Area national and any family members hold comprehensive sickness insurance in the UK. This can include a private medical insurance policy, an EHIC card or an S1, S2 or S3 form.

**Original documents must not be sent to licensing authorities.** If the document copied is a passport, a copy of the following pages should be provided:-

- (i) any page containing the holder's personal details including nationality;
- (ii) any page containing the holder's photograph;
- (iii) any page containing the holder's signature;
- (iv) any page containing the date of expiry; and
- (v) any page containing information indicating the holder has permission to enter or remain in the UK and is permitted to work.

**Continued from previous page...**

If the document is not a passport, a copy of the whole document should be provided.

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

**Home Office online right to work checking service**

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to-work>) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.

Dear Yvonne Raine

Following our telephone conversation and my explanation with regards to restrictive covenant at Aldin Grange Farm including the bungalow please find my comments below.

Previously many large parties 100+ have been held mainly on Saturday nights with very loud music and drunken youths etc meandering around late at night with large bottles of cider etc, sitting within the curtilage of our property urinating, foul language and using the bus shelter as a toilet until after midnight.

With non stop traffic and taxis until after midnight.

These parties were held within the large temporary buildings to the south of the railway walk.

The loud music would play until midnight, until due to complaints it was restricted to 2300 hours. I presume by Durham County Council.

At one point two Police Officers attended my property, , which is the original Farm House to discuss the problems.

As the Farm Shop and second shop/cafe are only open for limited hours, which creates an abundance of traffic, why is the application for substantial unsociable hours from 0900 hours until 2200 hours seven days a week. Which is extortionate and in my opinion overbearing and totally antisocial to the local residents.

I am also of the opinion that to create such a facility adjacent to a railway walk is a detrimental facility to our environmental area.

I do not fully understand the request on and off the premises.

This has wide implications-is this a roving licence are we getting back to drunks lying around and worse, people being accosted on the railway walk and the railway walk being used as a convenient toilet.

The shops are also located next to the public right of way from Bearpark to Broompark.

May I thank you for your compassion during our telephone conversation.

Yours in anticipation

A Hodgson.

## **Appendix 6: Statement of Licensing Policy**

---

**7.1 The Prevention of Crime and Disorder** - Licensed premises, especially those offering late night / early morning entertainment, alcohol and refreshment can, if not properly managed, become a source of public nuisance, generating crime and disorder problems. **The council expects** all licensed premises to be properly managed at all times to prevent this from happening and will focus attention on standards of management practice at licensed premises when carrying out its administrative and enforcement functions.

**The council encourages, and will look positively on,** the provision by licensees of comprehensive and documented staff training. Documented staff training conducted in respect of:

- Preventing underage sales
- Minimising drunkenness
- Managing and resolving conflict
- Emergency procedures
- Compliance with the licence conditions
- Relevant obligations and offences under the Licensing Act, particularly those associated with the sale of alcohol
- Identification and refusal of underage sales
- Use of accredited training courses and recognised industry qualifications (e.g. BII)

**The council expects** every holder of a premises licence, club premises certificate or temporary event notice to be responsible for minimising the impact of crime, disorder and anti-social behaviour by their patrons both on and within the immediate vicinity of their premises, including for example on the pavement, in a beer garden, a marquee, in a smoking shelter etc.

The **council expects** all applicants to demonstrate, in their operating schedules, that suitable and sufficient measures, ranging from the design and layout of the premises through to the daily operation of the business, have been identified and will be implemented and maintained with the intention of preventing crime and disorder.

**The council recommends** that procedures to deal with drunken customers, violence and anti-social behaviour, in and outside premises, and the provision of closed-circuit television in certain premises should be considered by applicants, licencees and event organisers when addressing this issue.

**The council encourages** personal licence holders to actively participate in established "Pubwatch" schemes, where issues relating to crime and disorder can be addressed. **The council encourages** involvement in the "Best Bar None" initiative which enables premises to demonstrate good safe operating procedures. Such schemes have been very successful in reducing the negative impact of alcohol across a range of circumstances.

**The council recognises and promotes** effective and responsible management of all licensed and authorised premises through competent, efficient and regular instruction, recorded training, supervision of staff and the adoption of good practice,

such as 'Challenge 25'. These are amongst the most important control measures for the achievement of all Licensing Objectives.

**The council will take a positive view** of anyone who invests in appropriate training, and nationally accredited qualifications tailored to the licensing sector. Training records should be kept available for inspection by relevant enforcement agencies as a matter of good practice.

It is important that qualified and competent people are present who can discuss any problems or matters of concern arising from the licensable activities at or near to the premises with officers from DCC Licensing Services and Police.

**The council also considers it to be good practice** if the DPS or premises licence holder is present in the licensed area of the premises:

- Between 22:00 hours and closing time, when the premises is one that regularly opens after midnight for both regulated entertainment and the sale or supply of alcohol for consumption on the premises
- At all times when the premises are a "vertical drinking establishment" where little or no seating is provided
- At times where there is a substantial increase in customers i.e. for televised major sporting events etc.

**Maximum occupancy:** When its discretion is invoked, the council will only impose a maximum number of people that can attend premises or an event where there is a clear and justifiable need in respect of that premises or event. Any such decision will be based on the nature and style of the operation.

The council will consider information provided by the applicant and any other body (the Council's Building Control Section, Environmental Health Section and the Durham and Darlington Fire and Rescue Service) before setting a maximum number. Applicants will be expected to detail the arrangements that would be put in place e.g. provision of door staff to ensure that the permitted number of people attending the premises or event will not be exceeded.

**Security:** Whenever security operatives/door supervisors are employed at licensed premises to carry out security functions they must be licensed by the Security Industry Authority (SIA). If a licensee directly employs security operatives, they will need to be licensed by the SIA as a supervisor/manager. The numbers of licensed door supervisors, both male and female, required at any premises will be dependent upon the nature of the activities licensed and the characteristics and capacity of the establishment as well as the hours of trading.

**Toughened/Safety Glass:** Licensed venues that provide the sale or supply of alcohol for consumption on the premises should consider the introduction of toughened/safety glass. This policy expectation applies especially to any premises associated with a higher risk for potential crime and disorder. This will be particularly

relevant for high-volume vertical drinking establishments and those premises open beyond midnight in areas where there is a high concentration of venues.

The council and several of its partners have signed a collective new pledge as part of an ongoing campaign to eradicate single use plastics. The agreement commits all signatories to significantly reduce, and work towards ultimately removing, the use of unnecessary single use plastics from their operations. If alternatives to normal glass are used, the use of suitable alternatives, including non-single use plastics, is encouraged.

**Drugs/Knives/Weapons: The council will expect** licensees to take all reasonable steps to prevent the presence of drugs on licensed premises and to take appropriate steps to prevent drugs changing hands or consumed within the premises to prevent tragedies and harm because of drug misuse.

**The council will expect** licensees to be familiar with the Home Office Drug Strategy booklet entitled Safer Clubbing (ISBN 1840827807) or other subsequent editions. The council also expects that licence holders will also take steps to prevent the presence of knives and other weapons on their premises and that a log be kept of all drug, knife and weapon incidents. Licence holders should also consider arranging training for their staff on drugs, knives and weapons and to have policies for dealing with the possession of drugs, knives and weapons and the supply of drugs.

In addition to the information provided above, **Table 1 in Appendix VI** provides recommendations, suggestions and examples for how to prevent the specific crime/disorder outlined. This table is not exhaustive, and every applicant must consider the specific situation, location and circumstances associated with their premises, activities, clientele and workforce when identifying hazards, assessing risks and identifying controls.

**7.2 Public Safety** - The Act covers a wide range of premises that require licensing. Each of these types of premises presents a mixture of risks, with many common to most premises, and others unique to specific operations. It is essential that applicants acknowledge these risks and that premises are constructed or adapted and operated to safeguard occupants and people in the immediate vicinity who may be affected by the premises and activities taking place therein.

Applicants are advised to seek advice on such matters from the council's occupational health and safety team, Health and Safety Executive, Durham Constabulary and the Durham and Darlington Fire and Rescue Service. They should incorporate any recommendations from these responsible authorities in their Operating Schedule before submitting their applications. Matters for consideration include:

- First Aid
- Public security
- Event control
- Polycarbonate Glass
- Fire Safety
- Electrical safety
- Building safety
- Transport
- Drink driving issues
- Occupancy levels

In addition to the information provided above, **Table 2 in Appendix VI** provides recommendations, suggestions and examples of how to prevent the specific dangers outlined. This table is not exhaustive, and every applicant must consider the specific situation, location and circumstances associated with their premises, activities, clientele and workforce when identifying hazards, assessing risks and identifying controls.

**7.3 Prevention of Public Nuisance** - Licensed premises, especially those operating late at night and in the early hours of the morning, can cause a range of nuisances impacting on people living, working or sleeping near the premises.

The concerns relate, amongst other things, to litter, light pollution, noxious odours and noise nuisance resulting from music, human voices, ventilation equipment and vehicles. The **council will expect** applicants to demonstrate that suitable and sufficient measures have been identified, and will be implemented and maintained, with the intention of preventing public nuisance relevant to the individual style, location and characteristics of the premises and events.

If an external structure or area is to be used by customers, whether for consumption of alcohol or for smoking, the **applicant will be expected** to offer measures designed to minimise its impact on residents in respect of both public nuisance and crime and disorder. These measures may include a restriction on hours that areas / structures will be used or appropriate signage requesting customers to consider residents and monitoring of such areas by staff.

The placement of tables and chairs outside of licensed premises may give rise to public nuisance including noise and litter. When tables and chairs are situated on the public highway, relevant authorisations will often be required from the Highways Authority. Enquiries concerning such consents should be made to the Council's Highway's Section (see Appendix III). In predominantly commercial areas, such as shopping centres, the use of tables and chairs outside may be allowed however, the **council will normally expect** them to be removed before the premises close, and any resulting litter/debris cleared away.

**Applicants should consider** reducing potential noise nuisance by, for example (this list is not exhaustive):

- Assessment of likely noise levels in the premises
- Assessment of likely noise levels if outdoor drinking is allowed
- The sound insulation the building would provide (e.g. double glazing, double doors / lobbies to entrances, windows used for ventilation)
- The distance and direction to the nearest noise sensitive premises.
- Likely noise sources outside of the premises (e.g. emptying bottle bins, taxis, unruly customers leaving the premises)
- Dispersal of patrons – where necessary the council will expect a dispersal policy for patrons at the end of the evening. The policy will specify such issues as alterations to the style and volume of music played, public address announcements and use of appropriate signage at exits
- Ways to limit noise / disorder from patrons leaving the premises

The extent to which the above matters will need to be addressed will be dependent on the nature of the area where the premises are situated, the type of premises concerned, the licensable activities to be provided, operational procedures and the needs of the local community.

**Applicants are advised** to seek advice from Durham County Council's Environmental Health team and incorporate any recommendations in their operating schedule before submitting their applications.

**Takeaways and fast-food outlets - The council expects** takeaways and late-night refreshment premises to take reasonable steps in clearing litter from outside their premises and along the pavement in either direction as necessary, whilst the premises are open and at the end of the working day. These premises should maintain clean, dirt or grease free frontages. Such premises should also display notices advising customers of the location of bins and patrons should be encouraged to use the bins made available.

**Important note: The council considers that it will be inappropriate to grant a premises licence permitting the sale of alcohol at premises which are principally used for selling hot food for consumption off the premises (“takeaway” premises).**

Takeaway premises are often open late at night and in the early hours of the morning. They can be associated with disorder as people under the influence of alcohol may congregate outside takeaways after leaving or in some cases having been ejected from late-night licensed premises.

Takeaways operate within the night time economy but without the same framework around them, e.g. pubwatch, use of security staff etc. In addition, alcohol sold from takeaways could readily be consumed in public spaces and may not be subject to the same controls associated with other types of licensed premises.

From a health perspective, obesity levels are rising nationally and locally; without action the health of the population will continue to suffer. Responsible licensees can support the ‘Working toward a healthy weight in County Durham’ goals and the council would see the following steps as a contribution to reducing health harms and health inequalities:

- Menu to display calories per portion information for all food offers.
- Menu to offer at least one clear and stated, 'healthy option' and to be priced competitively.
- Menu to display recommended daily calorie limits for adults (For women the recommended limit is 2,000 calories a day for men it's 2,500).
- Menu to offer smaller / half portions.
- Salt and pepper available upon request rather than always on the table

In addition to the information provided above, **Table 3 in Appendix IV** provides recommendations, suggestions and examples of how to prevent the specific nuisance type outlined. This table is not exhaustive, and every applicant must consider the specific situation, location and circumstances associated with their premises, activities, clientele and workforce when identifying hazards, assessing risks and identifying controls.

**Appendix II Framework Hours: recommended terminal hours for the sale of alcohol and the provision of late-night refreshment for different types of premises**

Category of Premises	Weekdays*	Weekends*	Bank Holidays*
Premises licensed for the sale or supply of alcohol for consumption on or off the premises e.g. pubs, social clubs and nightclubs	07.00 to 00.00	07.00 to 01.00	Good Friday Plus 1 Hour. For all other bank holidays, an additional hour be added to the terminal hour of the day preceding the bank holiday (i.e. if the Monday is the bank holiday, the Sunday is normal trading plus 1 hour)
Premises licensed for the sale of alcohol for consumption off the premises only e.g. off licences, supermarkets and garages	07.00 to 23.30	07.00 to 00.30	Good Friday Plus 1 Hour. For all other bank holidays, an additional hour be added to the terminal hour of the day preceding the bank holiday (i.e. if the Monday is the bank holiday, the Sunday is normal trading plus 1 hour)

For all other bank holidays, an additional hour be added to the terminal hour of the day preceding the bank holiday (i.e. if the Monday is the bank holiday, the Sunday is normal trading plus 1 hour)

\* **NOTE:** For the purposes of this matrix, weekdays mean Monday to Thursday; Weekends include Friday night into Saturday Morning, Saturday night into Sunday morning and Sunday night into Monday morning; and Bank Holidays means Sunday night into Monday morning and Monday night into Tuesday morning.

## **Appendix 7: Section 182 Guidance**

---

## Crime and disorder

- 2.1 Licensing authorities should look to the police as the main source of advice on crime and disorder. They should also seek to involve the local Community Safety Partnership (CSP).
- 2.2 In the exercise of their functions, licensing authorities should seek to co-operate with the Security Industry Authority (“SIA”) as far as possible and consider adding relevant conditions to licences where appropriate. The SIA also plays an important role in preventing crime and disorder by ensuring that door supervisors are properly licensed and, in partnership with police and other agencies, that security companies are not being used as fronts for serious and organised criminal activity. This may include making specific enquiries or visiting premises through intelligence led operations in conjunction with the police, local authorities and other partner agencies. Similarly, the provision of requirements for door supervision may be appropriate to ensure that people who are drunk, drug dealers or people carrying firearms do not enter the premises and ensuring that the police are kept informed.
- 2.3 Conditions should be targeted on deterrence and preventing crime and disorder including the prevention of illegal working in licensed premises (see paragraph 10.10). For example, where there is good reason to suppose that disorder may take place, the presence of closed-circuit television (CCTV) cameras both inside and immediately outside the premises can actively deter disorder, nuisance, anti-social behaviour and crime generally. Some licence holders may wish to have cameras on their premises for the prevention of crime directed against the business itself, its staff, or its customers. But any condition may require a broader approach, and it may be appropriate to ensure that the precise location of cameras is set out on plans to ensure that certain areas are properly covered and there is no subsequent dispute over the terms of the condition.
- 2.4 The inclusion of radio links and ring-round phone systems should be considered an appropriate condition for public houses, bars and nightclubs operating in city and town centre leisure areas with a high density of licensed premises. These systems allow managers of licensed premises to communicate instantly with the police and facilitate a rapid response to any disorder which may be endangering the customers and staff on the premises.
- 2.5 Conditions relating to the management competency of designated premises supervisors should not normally be attached to premises licences. It will normally be the responsibility of the premises licence holder as an employer, and not the licensing authority, to ensure that the managers appointed at the premises are competent and appropriately trained. The designated premises supervisor is the key person who will usually be responsible for the day to day management of the premises by the premises licence holder, including the prevention of disorder. A condition of this kind may only be justified as

appropriate in rare circumstances where it can be demonstrated that, in the circumstances associated with particular premises, poor management competency could give rise to issues of crime and disorder and public safety.

- 2.6 The prevention of crime includes the prevention of immigration crime including the prevention of illegal working in licensed premises. Licensing authorities should work with Home Office Immigration Enforcement, as well as the police, in respect of these matters. Licence conditions that are considered appropriate for the prevention of illegal working in licensed premises might include requiring a premises licence holder to undertake right to work checks on all staff employed at the licensed premises or requiring that a copy of any document checked as part of a right to work check are retained at the licensed premises.

## **Public safety**

- 2.7 Licence holders have a responsibility to ensure the safety of those using their premises, as a part of their duties under the 2003 Act. This concerns the safety of people using the relevant premises rather than public health which is addressed in other legislation. Physical safety includes the prevention of accidents and injuries and other immediate harms that can result from alcohol consumption such as unconsciousness or alcohol poisoning. Conditions relating to public safety may also promote the crime and disorder objective as noted above. There will of course be occasions when a public safety condition could incidentally benefit a person's health more generally, but it should not be the purpose of the condition as this would be outside the licensing authority's powers (be ultra vires) under the 2003 Act. Conditions should not be imposed on a premises licence or club premises certificate which relate to cleanliness or hygiene.
- 2.8 A number of matters should be considered in relation to public safety. These may include:
- Fire safety;
  - Ensuring appropriate access for emergency services such as ambulances;
  - Good communication with local authorities and emergency services, for example communications networks with the police and signing up for local incident alerts (see paragraph 2.4 above);
  - Ensuring the presence of trained first aiders on the premises and appropriate first aid kits;
  - Ensuring the safety of people when leaving the premises (for example, through the provision of information on late-night transportation);
  - Ensuring appropriate and frequent waste disposal, particularly of glass bottles;

- Ensuring appropriate limits on the maximum capacity of the premises (see paragraphs 2.12-2.13, and Chapter 10; and
- Considering the use of CCTV in and around the premises (as noted in paragraph 2.3 above, this may also assist with promoting the crime and disorder objective).

2.9 The measures that are appropriate to promote public safety will vary between premises and the matters listed above may not apply in all cases. As set out in Chapter 8 (8.38-8.46), applicants should consider when making their application which steps it is appropriate to take to promote the public safety objective and demonstrate how they achieve that.

## **Ensuring safe departure of those using the premises**

- 2.10 Licence holders should make provision to ensure that premises users safely leave their premises. Measures that may assist include:
- Providing information on the premises of local taxi companies who can provide safe transportation home; and
  - Ensuring adequate lighting outside the premises, particularly on paths leading to and from the premises and in car parks.

## **Maintenance and repair**

2.11 Where there is a requirement in other legislation for premises open to the public or for employers to possess certificates attesting to the safety or satisfactory nature of certain equipment or fixtures on the premises, it would be inappropriate for a licensing condition to require possession of such a certificate. However, it would be permissible to require as a condition of a licence or certificate, if appropriate, checks on this equipment to be conducted at specified intervals and for evidence of these checks to be retained by the premises licence holder or club provided this does not duplicate or gold-plate a requirement in other legislation. Similarly, it would be permissible for licensing authorities, if they receive relevant representations from responsible authorities or any other persons, to attach conditions which require equipment of particular standards to be maintained on the premises. Responsible authorities – such as health and safety authorities – should therefore make their expectations clear in this respect to enable prospective licence holders or clubs to prepare effective operating schedules and club operating schedules.

## **Safe capacities**

2.12 “Safe capacities” should only be imposed where appropriate for the promotion of public safety or the prevention of disorder on the relevant premises. For example, if a capacity has been imposed through other legislation, it would be

inappropriate to reproduce it in a premises licence. Indeed, it would also be wrong to lay down conditions which conflict with other legal requirements. However, if no safe capacity has been imposed through other legislation, a responsible authority may consider it appropriate for a new capacity to be attached to the premises which would apply at any material time when the licensable activities are taking place and make representations to that effect. For example, in certain circumstances, capacity limits may be appropriate in preventing disorder, as overcrowded venues can increase the risks of crowds becoming frustrated and hostile.

- 2.13 The permitted capacity is a limit on the number of persons who may be on the premises at any time, following a recommendation by the relevant fire and rescue authority under the Regulatory Reform (Fire Safety) Order 2005. For any application for a premises licence or club premises certificate for premises without an existing permitted capacity where the applicant wishes to take advantage of the special provisions set out in section 177 of the 2003 Act<sup>1</sup>, the applicant should conduct their own risk assessment as to the appropriate capacity of the premises. They should send their recommendation to the fire and rescue authority which will consider it and decide what the “permitted capacity” of those premises should be.
- 2.14 Public safety may include the safety of performers appearing at any premises, but does not extend to the prevention of injury from participation in a boxing or wrestling entertainment.

## **Public nuisance**

- 2.15 The 2003 Act enables licensing authorities and responsible authorities, through representations, to consider what constitutes public nuisance and what is appropriate to prevent it in terms of conditions attached to specific premises licences and club premises certificates. It is therefore important that in considering the promotion of this licensing objective, licensing authorities and responsible authorities focus on the effect of the licensable activities at the specific premises on persons living and working (including those carrying on business) in the area around the premises which may be disproportionate and unreasonable. The issues will mainly concern noise nuisance, light pollution, noxious smells and litter.
- 2.16 Public nuisance is given a statutory meaning in many pieces of legislation. It is however not narrowly defined in the 2003 Act and retains its broad common law meaning. It may include in appropriate circumstances the reduction of the living and working amenity and environment of other persons living and working in the area of the licensed premises. Public nuisance may also arise as a result of

the adverse effects of artificial light, dust, odour and insects or where its effect is prejudicial to health.

- 2.17 Conditions relating to noise nuisance will usually concern steps appropriate to control the levels of noise emanating from premises. This might be achieved by a simple measure such as ensuring that doors and windows are kept closed after a particular time, or persons are not permitted in garden areas of the premises after a certain time. More sophisticated measures like the installation of acoustic curtains or rubber speaker mounts to mitigate sound escape from the premises may be appropriate. However, conditions in relation to live or recorded music may not be enforceable in circumstances where the entertainment activity itself is not licensable (see chapter 16). Any conditions appropriate to promote the prevention of public nuisance should be tailored to the type, nature and characteristics of the specific premises and its licensable activities. Licensing authorities should avoid inappropriate or disproportionate measures that could deter events that are valuable to the community, such as live music. Noise limiters, for example, are expensive to purchase and install and are likely to be a considerable burden for smaller venues.
- 2.18 As with all conditions, those relating to noise nuisance may not be appropriate in certain circumstances where provisions in other legislation adequately protect those living in the area of the premises. But as stated earlier in this Guidance, the approach of licensing authorities and responsible authorities should be one of prevention and when their powers are engaged, licensing authorities should be aware of the fact that other legislation may not adequately cover concerns raised in relevant representations and additional conditions may be appropriate.
- 2.19 Where applications have given rise to representations, any appropriate conditions should normally focus on the most sensitive periods. For example, the most sensitive period for people being disturbed by unreasonably loud music is at night and into the early morning when residents in adjacent properties may be attempting to go to sleep or are sleeping. This is why there is still a need for a licence for performances of live music between 11 pm and 8 am. In certain circumstances, conditions relating to noise emanating from the premises may also be appropriate to address any disturbance anticipated as customers enter and leave.
- 2.20 Measures to control light pollution will also require careful thought. Bright lighting outside premises which is considered appropriate to prevent crime and disorder may itself give rise to light pollution for some neighbours. Applicants, licensing authorities and responsible authorities will need to balance these issues.
- 2.21 Beyond the immediate area surrounding the premises, these are matters for the personal responsibility of individuals under the law. An individual who engages in anti- social behaviour is accountable in their own right. However, it

would be perfectly reasonable for a licensing authority to impose a condition, following relevant representations, that requires the licence holder or club to place signs at the exits from the building encouraging patrons to be quiet until they leave the area, or that, if they wish to smoke, to do so at designated places on the premises instead of outside, and to respect the rights of people living nearby to a peaceful night.
