6 Performance and Operational Report

The Joint Committee considered a report of the Bereavement Services Manager and Registrar which provided an update relating to performance and other operational matters (for copy see file of minutes).

In relation to performance, the Bereavement Services Manager and Registrar reported there were 354 cremations undertaken during the period 1 June 2022 to 31 August 2022, compared to 345 in the comparable period last year. There were nine additional cremations undertaken in the period June to August 2022 compared to the same period last year. The sale of memorial plaques had decreased, with eight fewer memorials being sold in comparison to the same period the previous year. It was noted that the first 10 year renewal for plaques, as agreed in 2012, had come forward, and was included in the memorial figures.

Mountsett Crematorium had successfully obtained the Green Flag Award for the eleventh year running and had been awarded Gold Star Status in the Institute of Cemetery and Crematorium Management Accreditation. In relation to the Recycling of Metals Scheme, a cheque for £12,000 was presented to Children's Cancer North on 2 September 2022 by the Chair and the Vice Chair of the Joint Committee.

The Bereavement Services Manager and Registrar noted the Service Asset Management Plan (SAMP) was attached at Appendix 3 to the report, setting out the four priorities of maintenance for the Crematorium: Priority 1; Priority 2; Priority 3; and longer-term works.

In response to a question from Councillor D Bradford relating to overtime, the Bereavement Services Manager and Registrar noted that there were still issues relating to staffing, with some casual staff required to ensure cover for sickness and holidays. Councillor D Bradford asked at looking at the cost of overtime to give a comparison, especially given the pressures on the existing staff. The Finance Manager, P Curran noted figures could be looked at, with the Chair noting it would be useful to have figures at the next meeting for the next few months.

Councillor M Walton noted that memorial sales were down and asked for any feedback on the decrease. The Bereavement Services Manager and Registrar

noted that there was the issue of cost of living crisis due to families not being able to afford plaques , with some families choosing not to renew plaques after 10 years as an example.

Councillor P Heaviside asked for further information regarding resomation. The Bereavement Services Manager and Registrar explained it was an alternative process to cremation that used alkaline and water to turn a shrouded body into ash, taking around 4 hours. He added that he would report back to the Joint Committee on progress in this area.

The Chair noted the honour in presenting the cheques from the recycling of metals scheme and asked as the promoting of the scheme and the benefits to local charities from the scheme. The Bereavement Services Manager and Registrar noted that conversations at ICCM Conference were ongoing in terms of promotion and splitting amounts into smaller contributions.

12 Budget Strategy Report

The Joint Committee considered a joint report of the Corporate Director of Neighbourhoods and Climate Change and Corporate Director of Resources and Treasurer to the Joint Committee which provided details of issues to be considered by the Joint Committee as part of the medium-term financial planning for the Mountsett Crematorium.

The Finance Manager noted that the report set out the significant capital investment of over £4 million since Local Government Reorganisation in 2009, together with the list of further investments of over £1.5 million as set out within the SAMP previously discussed.

He explained that when comparing fees and charges, including noting the harmonisation of those fees and charges at Mountsett with those at Durham Crematorium, a proposed increase of £30 would still result in the lowest fee when compared to neighbouring facilities and also would be below the current regional average.

The Chair noted the ongoing cost of living crisis and that it had been a while to wait until September to look at fees. Councillor D Bradford agreed, and Councillor P Heaviside asked as regards when the Joint Committee looked at fees. The Finance Manager reiterated that fees and charges were harmonised with those at Durham Crematorium and explained that the financial monitoring reports were given each quarter. He added that there would be an impact upon forecasts and that the increase in costs had been recognised and a comfort margin had been built in, together with prudent estimates in relation to the number of cremations, noting pre-pandemic figures. Councillors D Bradford and M Walton noted they would wish for budget pressures to be reviewed every three months, all Members agreed.

Resolved:

- (a) That the contents of the report be noted;
