4 Minutes of the meeting held on 5 November 2014

The Minutes of the meeting held on 5 November 2014 were confirmed by the Board as a correct record and signed by the Chairman.

Councillor M Nicholls made reference to the letter received from the Rt Hon Norman Lamb MP that thanked the Chairman for signing up to the Crisis Care Concordat (for copy see file of Minutes). Councillor Nicholls said that a lot of good work had been carried out across the board and pointed out that one of the six priority areas in the Joint Health and Wellbeing Strategy relates to Mental Health. He informed the Board that the Chairman was a Mental Health champion. He advised that the Board would continue to take the work forward and that an action plan had been circulated with comments required by 6 February, following which a revised action plan would be presented in March 2015.

The Chairman said she was pleased to receive the letter and that it was recognition across the board and a testimony to the work being carried out.

5 Winter Plan and System Resilience

The Board noted a report of the Chief Clinical Officer, Durham Dales Easington and Sedgfield Clinical Commissioning Group that provided an update on system resilience funding and winter planning following an initial report produced in 2014 (for copy see file of Minutes).

The Chief Clinical Officer, DDES CCG reported that there had been additional winter pressures throughout the whole country. Acute hospitals were under pressure and there had been an unprecedented level of demand. The Systems Resilience Group had allocated Resilience Funding across all major providers on a fair share split. Additional monies were also allocated to County Durham and Darlington NHS Foundation Trust and Tees, Esk and Wear Valleys NHS Foundation Trust.

Councillor M Nicholls expressed concern that the media makes news stories worse by frightening older people into thinking they were all at risk. The Chief Clinical Officer said that with an increasing ageing population more people will develop long term medical conditions. He added that A&E departments had reached a tipping point and more was being done to care for the frail elderly population in the community, where it was safe to do so.

The Corporate Director, Children and Adults Services (DCC) said that additional funding had been discussed centrally including how it would be weighted on the population size which would mean that Durham could expect £230k which would be used to alleviate hospital pressures.

The Chief Executive of North Tees and Hartlepool NHS Foundation Trust said that his trust has faced increasing pressures in A&E recently. He said that staff were under immense pressure and demand was at an unsustainable level.

Sarah Perkins, Associate Director of Operations and Business Development, County Durham and Darlington NHS Foundation Trust echoed those sentiments and agreed that the pressures needed to be addressed.

The Chairman asked for further information on the voluntary and community sector contribution and was informed that they were used already to help and support people in communities.

The Head of Planning and Service Strategy, Children and Adults Services (DCC) stated that it was important for the Board to have sight of any reviews carried out at local level.

The Chief Clinical Officer confirmed that there would be a winter wash-up in late spring looking at lessons learnt from the previous winter and actions agreed on how to progress for the forthcoming winter.

Resolved:

That the report be accepted for information.

6 Urgent Care Strategy 2015-20

The Board considered a report of the Chief Clinical Officer, Durham Dales Easington and Sedgefield Clinical Commissioning Group that invited them to contribute to the development of a Five Year Urgent Care Strategy (for copy see file of Minutes).

The Board were advised that the strategy was in draft format and feedback was invited ahead of the final strategy coming back to the Health and Wellbeing Board in July 2015.

Councillor M Nicholls commented that often older people are portrayed as the problem without highlighting the positive impacts on society older people have. The Chief Operating Officer, DDES CCG said that the health service needs to be reshaped to help people live longer, healthier lives and needed a shift to preventative care.

The Head of Planning and Service Strategy, CAS DCC welcomed the report and said that all strategies should align as part of the whole system approach and make the best use of the resources available.

Resolved:

- (i) That the report and the draft Urgent Care Strategy for information be noted.
- (ii) That initial comments from the meeting be received and any further comments be made by 13 February 2015.
- (iii) That the Urgent Care Strategy comes back to the Health and Wellbeing Board meeting in July 2015 be agreed.

7 Pharmaceutical Needs Assessment

The Board considered a report of the Director of Public Health County Durham, Children and Adults Services, Durham County Council that presented the completed Pharmaceutical Needs Assessment (PNA) following the statutory consultation phase, 13 October 2014 to 12 December 2014 and that sought sign off prior to the report's wider circulation and publication in March 2015 (for copy see file of Minutes).

The Chief Clinical Officer, DDES CCG said that people were encouraged to visit their local pharmacist as the first port of call for non-emergencies.

The Director of Public Health County Durham said that NHS England use this document when they receive pharmacy applications and it helps to control the market entry. She added that the Urgent Care Strategy looks to enhance the role of the pharmacists.

With reference to page 105 of the pack of papers, the Director of Public Health County Durham said that figures should read total number of pharmacies in 2011 as 116, and total number of pharmacies in 2014 as 125.

Resolved:

- (i) That the final PNA report be received and approved.
- (ii) That the report be signed off prior to wider circulation and publication in March 2015.

8 Joint Strategic Needs Assessment 2014 and the refresh of the Joint Health and Wellbeing Strategy 2015-2018

The Board considered a joint report of the Head of Planning and Service Strategy, Children and Adults Services, Durham County Council and the Director of Public Health County Durham, Children and Adults Services, Durham County Council that presented the following:-

- A draft refresh of the JHWS 2015-18 (Appendix 2)
- A subset of the JHWS indicators as part of the County Council's performance arrangements for the County Durham Partnership in 2014/15 (Appendix 3)

(for copy see file of Minutes)

The Board received a joint presentation outlining the key messages from the JSNA 2014 and the new strategic actions in the JHWS 2015-2018 as a result of consultation to date.

The Head of Planning and Service Strategy informed the Board of the success of the 'Big Tent' event and reminded the Board that the JSNA/JHWS are available on the internet.

The Director of Public Health County Durham added that it was important to note that 10 out of the 14 AAPs have health as a priority and that the CCG and Public Health have representatives on each AAP.

Resolved:

- (i) That the draft JSNA 2014 Key Messages in the presentation be received.
- (ii) That comments on the draft Joint Health and Wellbeing Strategy 2015-18 (Appendix 2), new strategic actions and performance indicators be received by 9th February 2015
- (iii) That the subset of JHWS indicators be reported to the CDP, be agreed.

9 Five Year Forward View

The Board considered a report and presentation of the Director of Primary Care, Partnerships and Engagement, Durham Dales, Easington and Sedgefield Clinical Commissioning Group that gave an overview of the national five year forward view (5YFV) and that members to contribute to the discussion and inform future board strategy alignment (for copy see file of Minutes).

- Other Models of Care
- Impact

The Board were informed of the next steps, including an event being planned for 26 February 2015 that would bring providers and commissioners across the health and social care system together.

The Chair, Healthwatch County Durham asked that terminology is considered when presenting to the public using caution in the language used. The Chief Clinical Officer said that the ultimate aim would be to simplify the messages for patients, making the services available easier to reach and understand.

The Chief Operating Officer said that it was important to make the public feel like individuals and that the engagement exercise would give a clear message about being more appropriate and effective.

The Corporate Director, CAS, DCC expressed concern in relation to the impact on the system due to local government budget reductions.

Resolved:

- (i) That the report be noted.
- (ii) That the presentation be received.
- (iii) That North Durham and DDES CCGs are working jointly in planning for the 5YFV, where indicated; an extended planning unit meeting with primary care federations and providers across County Durham is planned for 26 February 2015, be noted.
- (iv) That North Durham and DDES CCGs have submitted an expression of interest for consideration in the proposed transformation fund for small scale testing of new models of care, be noted.
