Street Trading

Dear Owen,

At its meeting on 17 December, 2018, under delegated powers, the town council's Services Committee resolved to formally request that Durham County Council considers moving street trading in Barnard Castle from 'Prohibited Streets' to 'Consent Streets'.

I would be grateful if you could put into effect the necessary arrangements whereby this might properly be considered and if you could also provide an outline of this process and updates on any progress made.

Yours sincerely

Michael King
Clerk
