Dear Owen

The Cleveland Ramblers Committee object to this proposal. The only possible alternative that might be acceptable to at least some of the committee might be a new path below the farm buildings and north parallel to path 26. The right of way through the buildings probably existed historically before the farm buildings, as many such paths do and it is the policy of the Ramblers to generally oppose such extinguishments. Please revert to me if I can be of further assistance.

Robert Blackburn
