

0-25 Health Visiting & School Nursing Service

Review & Re-procurement

14th October 2019

Altogether better

Purpose

To give an overview of the review and re-procurement of the 0-19 service including:

- National and local policies
- Local need
- Evidence base
- Current position
- Transformational change opportunities
- Identify how to ensure wellbeing principles are embedded

Altogether better

National Policy, Strategies & Guidance

- Fair Society Healthy Lives (Marmot Review)
- 1001 critical days
- Prevention Green Paper
- NHS 5 year Plan
- 4-5-6 Model
- Compulsory relationship and sex education in schools
- Healthy Child Programme review
- Early Intervention Foundation
Altogether better

- PH Strategic Plan (The Taylors)
- Health and Wellbeing Strategy
- Joint Strategic Needs Assessment
- Children's Strategy
- Early Help Strategy
- Domestic Abuse and sexual violence plan (DASVEG)
- Children and young peoples local mental health transformation plan (LTP)
- Special education needs and disabilities
- Wellbeing Approach
Altogether better

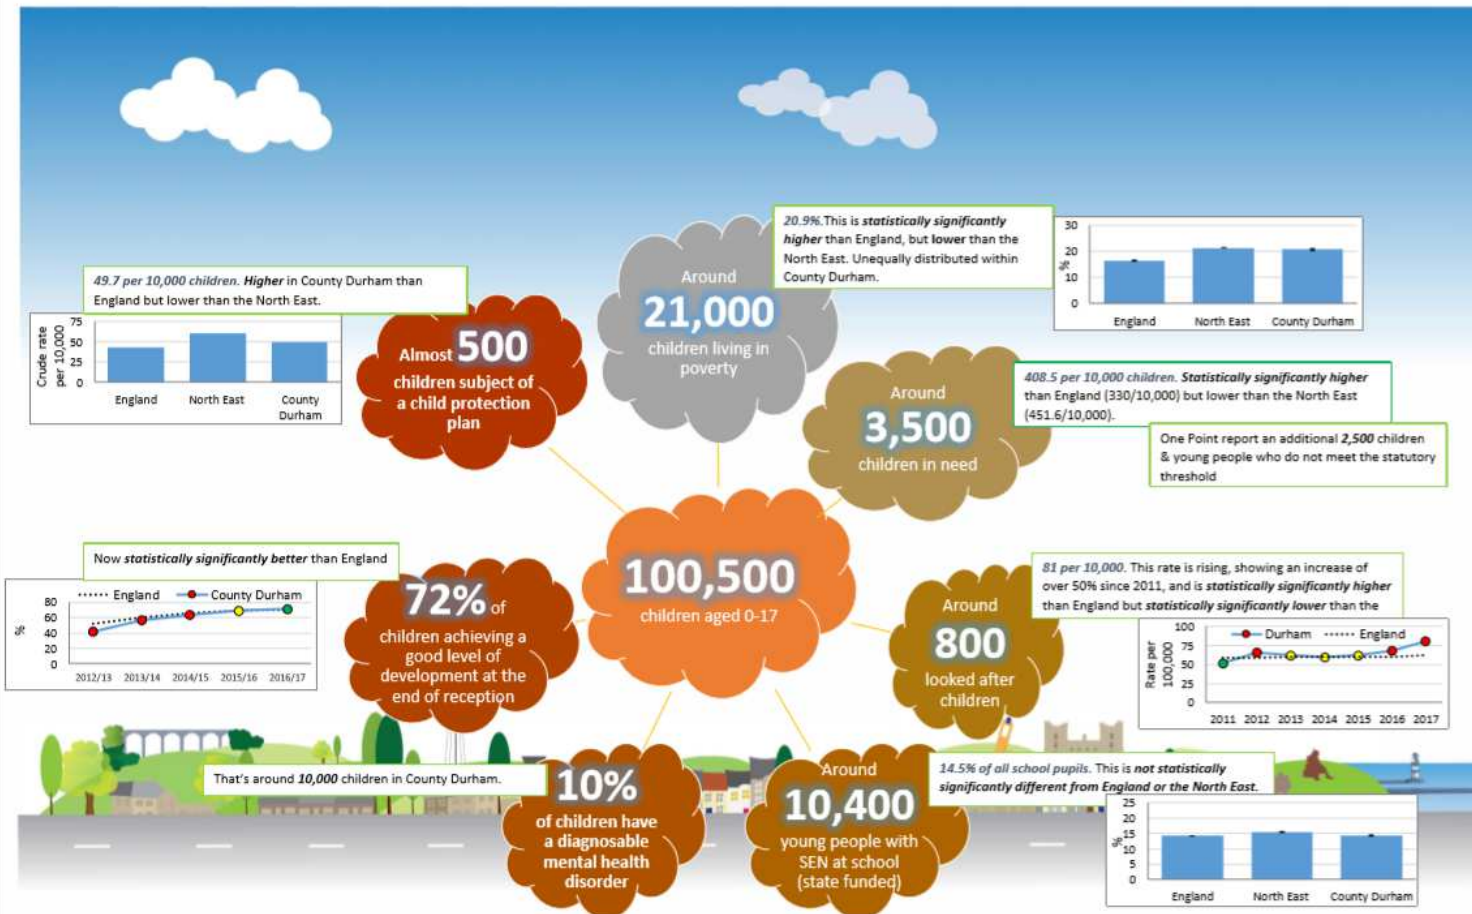

Understanding our local need

Where we are now

Children and young people in County Durham

Green circle	Statistically significantly better than England
Yellow circle	Not significantly different to England
Red circle	Statistically significantly worse than England

The journey so far

- HDFT secured 0-19 contract from April 16 to March 19
- Extended for a further 17 months to 31 August 2020.
- The contract is making good progress in achieving KPIs which are aligned to public health and children's outcomes.
- Service is firmly embedded into DCC's One Point and Family Centre buildings -opportunity for collaborative working with DCC early help teams and the MASH.

Altogether better

Performance measures

The service consistently meets the target of 95% (or above) for the following:

- % of mother who received a first contact with a Health Visitor in the antenatal period
- % of new birth visits where the parent is a teen and had received a first contact with a Health Visitor when they were in the antenatal period
- % of infants who receive a face to face new birth visit that are 30 days old within 14 days of birth
- % of infants with a 6-8 weeks review
- % of 6-12 month review completed by 12 months
- % of children who receive a 2-2.5yr old check by 2.5 years
- % of mothers screened for Maternal Mental Health at 4-8 week review

Altogether better

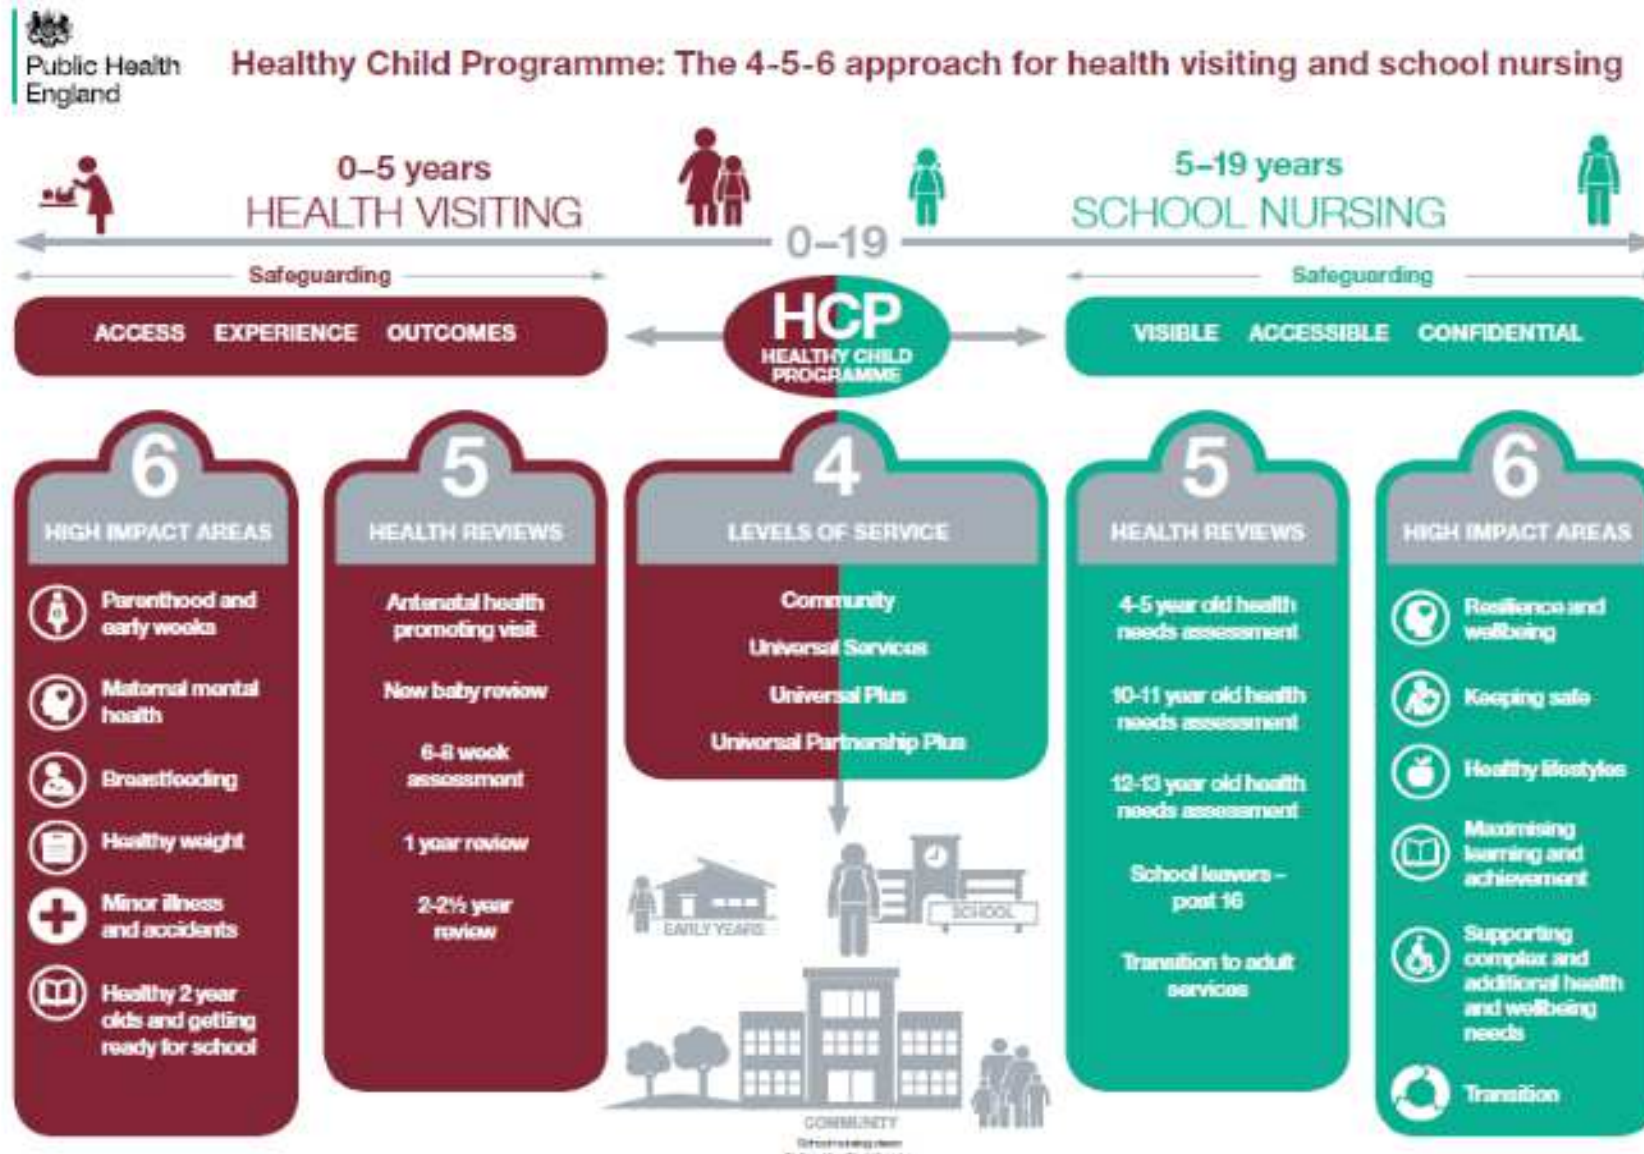

Current areas of targeted delivery

- Safeguarding
- Children who experience care (LAC / CL)
- Enhanced offer to special schools
- Best Start in Life
- Vulnerable Parent Pathway
- Vulnerable groups
- Emotional Wellbeing
- Risk taking behaviours
- Healthy Weight

• Oral Health
Altogether better

HCP 4-5-6 Model

Transformational change

- 1 priority for investment during PH prioritisation exercise - funding envelope remains significant
- Our biggest PH workforce
- Recognising statutory responsibility up 25yrs
- Transition points are challenging for children and young people
- Place based – what would look different
- Awaiting consultation feedback
- Reviewing evidence

Altogether better

What is forming our principles

- Strength based approach
- Universal and targeted to reduce inequalities
- Children have the best start in life
- Think Family approach
- Voice of children young people and families

Altogether better

What do we need to achieve transformational change?

- Workforce skill mix
- Prioritising our offer, e.g.
 - Additional HV visits
 - BSIL
 - CYP Emotional Health & Wellbeing
 - Vulnerable groups – e.g. Children with SEND / children experiencing care
- Graded response within settings
 - Health & Wellbeing Framework
- People focused rather than topic focused
 - Transitions
 - Wellbeing approach

Altogether better

What difference will transformational change make?

- Need to do fewer priorities better
- Ensure mental health and resilience is firmly embedded
- Triangulate - data / evidence base / CYP voice
- Earlier identification and early help of need before crisis

Improved outcomes for CYP and families

Altogether better

Next Steps

- Consultation with stakeholders – mid October
- Soft Market Testing – mid September
- 1:1 Provider engagement – October
- Draft service specification developed – end of October
- Management Team approval process – November/December

- Evaluation of tender submissions – early March 2020
- Contract Award announced – end of Mar
- Mobilisation period – April to August 2020
- New contract starts -1st September 2020

Altogether better

Your Thoughts

If we are to ensure we deliver fewer things better, what do you see as top 5 must do's?

- Mental and emotional health support
- Family support
- Additional support for vulnerable children and young people
- Puberty talks and advice
- Safeguarding support
- Health advice and education
- Management of specific health issues (for example, asthma, eczema, allergies)
- SEND support
- Relationships and sex education
- Dental health advice
- Immunisations and vaccinations advice
- Contraception advice and support (including pregnancy testing)
- Weight management (under and overweight)
- Nutrition
- Drugs and alcohol advice
- Screening for hearing and vision
- Screening for height and weight
- Signposting to health services
- Exercise and physical activity advice
- Support and advice on how to keep themselves safe from harm
- Primary to secondary school transition
- Gender identity advice
- Sexual health advice and guidance
- Stopping smoking support and advice
