Dear Yvonne.

Following a meeting with T B yesterday We covered a few points.

I totally disagree with the allegations in the objections.

There have been no complaints brought forward until now since the application was put forward. I'm happy to see no objections from police or licensing.

I would like to point out after reading the paperwork about the objections. There is a conflict of interest in these allegations as they have been made by a trustee of the Welfare social centre only 500 yards away .

Also a committee member of the parish council is A director for Easington social welfare club ltd.

Moving forward the application is to simply sell alcohol, tea, coffee with breakfast providing the Community with a mini Witherspoon instead Of travelling out of the area.

Since January 2017 , T and H have worked very hard trying to establish the business.

They have complied with all rules and regulations..

Registered door staff Friday, Saturday and Sunday Attend pub watch H is personal supervisor and lives on site apart from holidays.
Premises closes every evening by 12.

As part of community they run

- ladies darts team on a Tuesday night including competitions
- Sunday league football team who are doing well
- mixed dart team on a Thursday night
- yearly leak show and official leak club letter draw every Tuesday.

T is also very strict who he allows Into the premises.

Hope this helps and on the day they both will answer questions if needed.

Regards
Mike Roseberry
