Background

- 6 As members are aware, the Regulation of Investigatory Powers Act 2000 (RIPA) enables local authorities to carry out certain types of surveillance activity provided that specified procedures are followed.
- 7 Directed surveillance is covert surveillance that is not intrusive and is carried out in relation to a specific investigation or operation in such a manner as is likely to result in the obtaining of private information about any person (other than by way of an immediate response to events or circumstances such that it is not reasonably practicable to seek authorisation under the 2000 Act).
- 8 The Local Authority is able to rely upon the information obtained from those surveillance activities within court proceedings.
- 9 This report gives details of RIPA applications that have been authorised during the quarter 2, with the outcomes following surveillance.

Quarter 2 Activity

- 10 During quarter 2 there was one RIPA directed surveillance application. There were no CHIS applications presented to the Court.
- 11 The authorisation for directed surveillance which was granted in July 2019 related to an operation regarding the underage sales of alcohol within County Durham.
- 12 The directed surveillance operation involved test purchases for the underage sale of alcohol from licenced premises within County Durham and was concluded in September 2019. During the operation, seven premises made underage sales and on retesting, five of those premises failed the test purchase by making underage sales. The five premises which failed on a retesting are to be subject to a licence review before Durham County Council statutory licensing committee in due course.
