Wellbeing Approach

People and Places

Empowering communities

working with communities to support their development and empowerment

Being asset focused

acknowledging the different needs of communities and the potential of their assets

Building resilience

helping the most disadvantaged and vulnerable, and building up their future resilience

Supporting Systems

Working better together

working together across sectors to reduce duplication and ensure greater impact

Sharing decision making

designing and developing services with the people who need them

Doing with, not to

making our health and care interventions, empowering and centred around you as an individual

Using what works:

everything we do is supported by evidence informed by local conversations.

Commissioning

Sharing Decision Making: designing and developing services with the people who need them

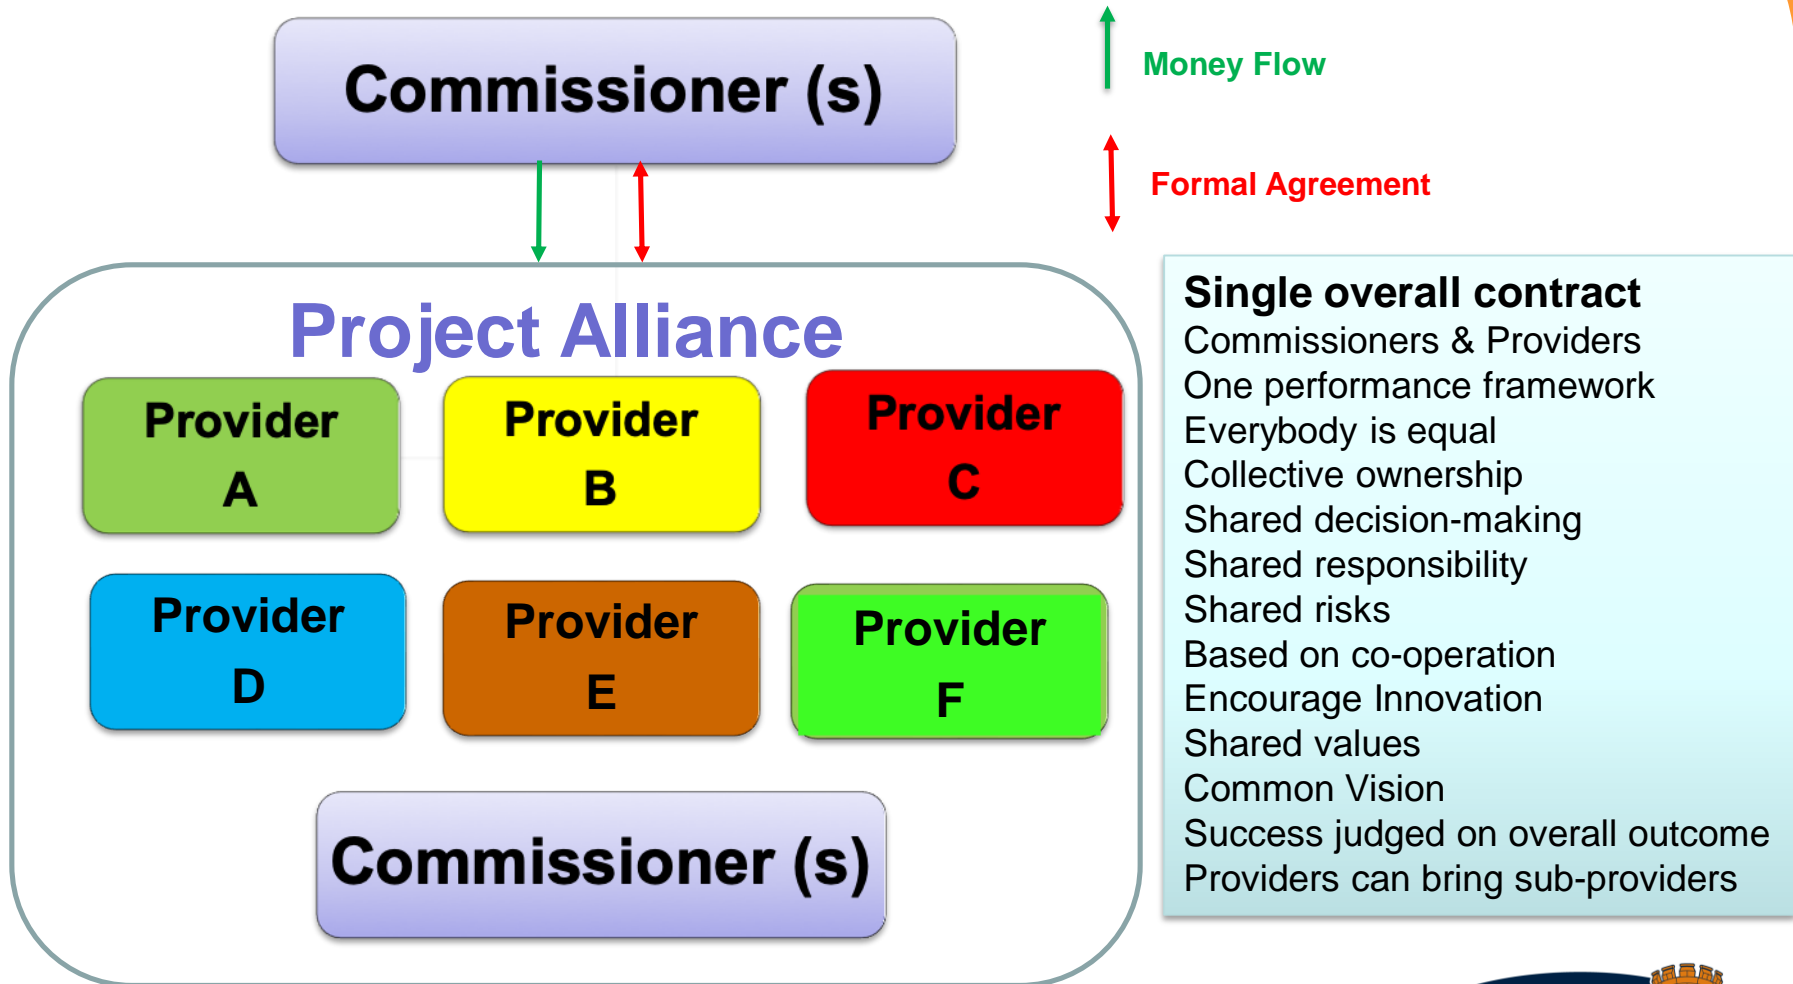

Actions:

- Using the wellbeing principles to develop outcomes for new contract approaches
- Commissioning staff trained in coproduction
- Added wellbeing principles to the guidance for service specification development
- Wellbeing tender questions

Project Alliance Model

Altogether better

Project Alliance Contracting

7 Principles

We assume collective responsibility for all the risks involved in providing services in scope

We make decisions on a 'Best for People using Services' basis

We commit to unanimous, principle and value based-decision making on all key issues

We adopt a culture of 'no fault, no blame' between the Alliance Participants and to seek to avoid all disputes and litigation

We adopt open book accounting and transparency in all matters

We appoint and select key roles on a best person basis

We act in accordance with the Alliance Values and Behaviours at all times

Where we are in our thinking

- Exploring the art of the possible
- Learning from elsewhere
- Expert advice
- Wellbeing principles
- What Outcomes do we want to achieve?
- How could we develop a specification from these?
- Commissioner workshop in March
- Future Provider workshop (to be arranged)
- Final decision on using this approach later 2020
