

Mountsett Crematorium Joint Committee

26 April 2021

Risk Register Update 2020/21 - 2

Joint Report of

Alan Patrickson, Corporate Director, Neighbourhoods and Climate Change

Paul Darby, Corporate Director of Resources (Interim) and Treasurer to the Joint Committee

Electoral division(s) affected:

Countywide

Purpose of the Report

- 1 To inform the Mountsett Crematorium Joint Committee of the outcome of the half-yearly risk review in March 2021.

Executive summary

- 2 A service risk register and a health and safety risk register are maintained in accordance with Durham County Council's methodology and approach to risk management.
- 3 The latest review took account of valuable learning and experience gained during the COVID19 pandemic response.
- 4 Since the previous review, the net impact of one risk, managing excess deaths/cremations capacity, has been uprated from minor to moderate. One new risk, relating to breaches of coronavirus regulations, has been added. There is also an update on the suspension notice risk.
- 5 The net evaluation of each risk except suspension notice and managing excess deaths/cremations capacity, remains within the risk appetite.

Recommendation(s)

- 6 It is recommended that members of the Crematorium Joint Committee note the content of this report and the updated position.

Background

- 7 A service risk register and a health and safety risk register are maintained in accordance with Durham County Council's methodology and approach to risk management, further details of which are included in **Appendices 2 and 3**.

Risk Review

- 8 The current service risk register is included in **Appendix 4**.
- 9 The latest risk review took account of valuable learning and experience gained during the COVID19 pandemic response.
- 10 In relation to risk no. 1 (suspension notice), the temporary cremator, installed in July 2020, is being used in the first instance to minimise the use of the two permanent cremators, which were originally programmed for replacement starting in March 2021. Due to COVID-related restrictions for international travel, the start date was put back to June 2021, meaning that the first installation will be complete in September 2021 and the second in December 2021. Officers from the Council are continuing to liaise with Pollution Control representatives. The net risk evaluation is a moderate impact – in the form of a suspension notice, reduced capacity and reputational damage – with a possible likelihood.
- 11 The description of the managing excess deaths risk (no. 2) has been changed to better reflect the nature of the risk, which is that demand for cremations may exceed capacity. Despite extremely challenging circumstances, controls have been effective and the risk has not materialised. Due to the potential level of service disruption, the net impact has been uprated from minor to moderate. There is still potential for a third wave of COVID-19 or a local outbreak, although the overall position has improved substantially due to low infection rates, fewer outbreaks, testing arrangements, and progress with the vaccination programme.
- 12 One new risk (no. 4), related to COVID19, has been added to the register, *"Non-compliance with coronavirus regulations by members of the public, leading to a local outbreak and capacity issues in deaths management services"*. Common types of breach relate to the permitted number of mourners, due to funerals being publicised through social media, and social distancing. Funeral directors issue instructions and guidance through clients. The net evaluation is moderate impact, unlikely occurrence. This will continue to be monitored during the pandemic.
- 13 A profile of service risks is included in **Appendix 5**.

Conclusion

- 14 The net evaluation of each risk except numbers one and two (suspension notice and cremations capacity) remains within the risk appetite (shaded area in appendix 5).

Appendix 1: Implications

Legal Implications

There are no direct implications, but effective risk management helps to ensure compliance with legal and regulatory obligations.

Finance

There are no direct financial implications, but effective risk management helps to avoid or minimise financial loss.

Consultation

None, however, Officers of Gateshead Council were provided with a copy of the report and given opportunity to comment/raise any detailed questions on the content of the report in advance of circulation to members of the Mountsett Crematorium.

Equality and Diversity / Public Sector Equality Duty

None

Human Rights

None

Crime and Disorder

None

Staffing

None

Accommodation

None

Risk

This report supports the delivery of the objectives of the Durham County Council's Risk Management Strategy. Each risk has been evaluated using Durham County Council's risk management methodology. Maintaining and continually reviewing the risk register is a key component of the control and governance framework for the Mountsett Crematorium Joint Committee.

Procurement

None

Climate Change

None

Appendix 2: How Mountsett Crematorium risks are managed

Two risk registers have been developed for Mountsett Crematorium, containing service and health and safety risks respectively. They are maintained in accordance with Durham County Council's methodology and approach to risk management. Regular reviews are undertaken to ensure that risk management continues to be embedded and that the risk registers are kept up to date, taking current issues into account.

Service Risk Register

The service risk register is maintained by the Bereavement Services Manager & Registrar (Countywide), supported by Durham County Council's Principal Risk and Governance Officer. Risk assessments are based on the impact on finance, service delivery and stakeholders if the risk materialises, and on the likelihood that the risk will occur over a given period, as shown in appendices 3A and 3B. This requires an evaluation of the gross risk and the net risk, which takes into account mitigating control measures. Formal reviews are undertaken twice a year and reported to the Mountsett Crematorium Joint Committee.

Health and Safety Risk Register

The health and safety risk register is maintained by the Bereavement Services Manager & Registrar (Countywide), supported by Durham County Council's Occupational Health and Safety Team. Risk assessments are based on the potential severity of injury and the likelihood of occurrence, as shown in the table below. This requires an evaluation of the net risk, which takes into account mitigating control measures. In line with Durham County Council's procedures, an in-depth review is undertaken every three years. A light-touch review is also undertaken twice a year. A single, overarching health and safety risk is included in the service risk register, which is reported to the Mountsett Crematorium Joint Committee twice a year.

HEALTH & SAFETY RISK ASSESSMENT CRITERIA		Likelihood (a full definition of each rating is set out in the detailed methodology)			
		1 Very Unlikely	2 Unlikely	3 Likely	4 Very Likely
Impact	<u>4 Extreme</u> Death or multiple deaths; substantial damage.	Low Risk	Medium Risk	High Risk	High Risk
	<u>3 Severe</u> Loss of limb or multiple injuries; significant damage.	Low Risk	Medium Risk	High Risk	High Risk
	<u>2 Minor</u> Three day or greater injury or illness; insignificant damage.	Insignificant	Low Risk	Medium Risk	Medium Risk
	<u>1 Negligible</u> Less than a three-day injury or illness; superficial damage.	Insignificant	Insignificant	Low Risk	Low Risk

Civil Emergencies

Durham County Council is jointly responsible for responding to civil emergencies (such as severe weather events, network power losses and flu epidemics) through the County Durham and Darlington Local Resilience Forum. An explanation of the arrangements for managing the risk of such events and a copy of the latest Community Risk Register can be found on the web page of the County Durham and Darlington [Local Resilience Forum](#).

Appendix 3A: Strategic Risk Assessment Criteria – Impact Factors

Factor and Description		Finan-cial	Service Delivery/ Performance	Stakeholder and Reputation
5	Critical	> / = £15M > 5% of Service/ budget	<ul style="list-style-type: none"> Inability to meet statutory duties Key services can no longer be delivered – emergency actions needed, which need Cabinet approval. Significant legal action or challenge Intervention or sanctions by regulatory body / prosecution or litigation (including corporate manslaughter) Strike action which is Council-wide or service-wide in a critical service for a long period (in context of a project, this can also mean that the project cannot proceed, or that several critical benefits/ opportunities cannot be achieved) 	<ul style="list-style-type: none"> Perception of the majority of potential partners and stakeholders that the Council is not 'fit to deal with'. Loss of life
4	Major	£5M - £15M 3% - 5% of Service/ budget	<ul style="list-style-type: none"> Major disruption to some statutory and / or non-statutory services i.e. key service delivery adversely affected – crisis management implemented, which needs Cabinet approval. Strike action which is Council-wide or service-wide in a critical service for a short period. (in context of a project, this can also mean major disruption to delivering the project, or that a critical benefit/ opportunities cannot be achieved) 	<ul style="list-style-type: none"> Serious reputational damage to the Council regionally/ nationally/ internationally Damage to relationships with central government or other public bodies e.g. Environment Agency, other Councils Perception of small number of potential partners and stakeholders that the Council is not 'fit to deal with'. Serious injury to individual
3	Moderate	£1M - £5M 1% - 3% of Service/ budget	<ul style="list-style-type: none"> Moderate disruption to statutory and / or non-statutory services i.e. some disruption to service delivery – action plans to rectify Service fails to maintain existing status under inspection regimes e.g. Ofsted Resolution requires approval at CMT level Limited strike action within a service (in context of a project, this can also mean moderate disruption to delivering the project, or moderate impact on achieving benefits/ opportunities) 	<ul style="list-style-type: none"> Results in negative Regional or National press / media coverage Minor reputational damage to the County Council Major criticism by other stakeholders e.g. partners, central government Significant impact on the quality of life for a large section of the community
2	Minor	£0.5M - £1M 0.2% - 1% of Service/ budget	<ul style="list-style-type: none"> Minor service disruption / customer dissatisfaction i.e. little disruption to service delivery – no long term or permanent impact on key services Capable of resolution by Service Management Team (in context of a project, this can also mean minor disruption to delivering the project, or minor impact on achieving benefits/ opportunities) 	<ul style="list-style-type: none"> Results in negative press coverage within County Durham Minor criticism by Community or other stakeholders e.g. Partners, central government Significant number of complaints from service users Serious reputational damage to own service area Significant impact on the quality of life for a small section of the community
1	Insignificant	< £0.5M < 0.2% of Service/ budget	<ul style="list-style-type: none"> Insignificant service disruption e.g. very little or no disruption to services Impairment of quality of service Capable of resolution by head of service and their management team (in context of a project, this can also mean insignificant disruption to delivering the project, or insignificant impact on achieving benefits/ opportunities) 	<ul style="list-style-type: none"> Results in negative press coverage within the locality / ward Insignificant criticism by community or other stakeholders e.g. partners, central government Insignificant number of complaints from service users Minor reputational damage to own service area

Appendix 3B: Strategic Risk Assessment Criteria – Likelihood Factors

Factor and Description		Expected Frequency
5	Highly Probable	<ul style="list-style-type: none"> • More than once a year • Something that is already occurring or is likely to be a regular occurrence throughout a one-year period • Inevitable i.e. the event is expected to occur in most circumstances • >80% chance of occurring
4	Probable	<ul style="list-style-type: none"> • Once a year • Something that has occurred in the last year or is likely to occur at least once throughout a one-year period. • Probable or where the conditions of the loss occur on a regular basis i.e. the event will probably occur in most circumstances • 61% to 80% chance of occurring
3	Possible	<ul style="list-style-type: none"> • Every 1-3 years • Likely only to happen at some point over the next 1 to 3 years. • Possible but responding to well understood situations i.e. the event might occur at some time • 31% to 60% chance of occurring
2	Unlikely	<ul style="list-style-type: none"> • Every 3-5 years • Likely only to happen at some point over the next 3 to 5 years or likely to continue to occur i.e. the event is not expected to occur • 11% to 30% chance of occurring
1	Remote	<ul style="list-style-type: none"> • Over 5 years • Rare activity or is unlikely based on current intelligence i.e. the event may only occur in exceptional circumstances • < 10% chance of occurring

Appendix 4: Service Risk Register for Mountsett Crematorium

This is a list of service risks, ranked in order of net risk evaluation, based on the strategic risk assessment criteria in appendices 3A and 3B. Where changes to the risk assessment have occurred during the last quarter, these are indicated in the last column.

Ref	Risk	Net Impact	Net Likelihood	Net Risk Score	Conclusion	Changes/ Comments
1	Risk of a suspension notice under Regulation 37, Environmental Permitting Regulations 2016, leading to a partial cessation of operations at Mountsett Crematorium.	Moderate	Possible	27	Tolerate	An update is included in the main body of this report at paragraph 8.
2	Demand for cremations exceeds capacity.	Moderate	Possible	21	Treat	Description amended to better reflect the nature of the risk. Net impact uprated from minor to moderate.
3	Serious breach of health and safety legislation	Moderate	Unlikely	16	Tolerate	
4	Non-compliance with coronavirus regulations by members of the public leading to a local outbreak and capacity issues in deaths management services.	Moderate	Unlikely	16	Tolerate	New risk, related to COVID19.
5	ICT and Power Failure	Minor	Unlikely	10	Tolerate	
6	Sickness absence of key staff	Moderate	Remote	7	Tolerate	
7	Breakdown of the partnership (with Gateshead Metropolitan Borough Council)	Moderate	Remote	7	Tolerate	
8	Disclosure of confidential information through incorrect disposal / maintenance of information (data breach)	Minor	Remote	5	Tolerate	
9	Loss of Income/Money	Minor	Remote	5	Tolerate	

Appendix 5: Profile of Service Risks for Mountsett Crematorium

Service Risks

This matrix profiles all service risks shown in appendix 4, based on the net risk evaluation. The shaded area represents the corporate risk appetite.

As the net evaluations of all risks, except numbers one and two, are within the risk appetite, they are considered to be at an acceptable level.

Impact					
Critical (score 13 – 15)					
Major (score 10 – 12)					
Moderate (score 7 – 9)	6 Sick Absence 7 Partnership	3 Health & Safety Breach 4 COVID non-compliance	1 Suspension Notice 2 Cremations Capacity		
Minor (score 4 – 6)	8 Confidentiality 9 Loss of Income	5 ICT & Power	2 Excess Deaths		
Insignificant (score 1 – 3)					
Likelihood	Remote (score 1)	Unlikely (score 2)	Possible (score 3)	Probable (score 4)	Highly Probable (score 5)
