Active links are maintained at both strategic and operational level to Criminal Justice, Community Safety and Children, Young People and Families arenas.

- ✓ • To be achieved by delivering specialist interventions;
- ✓ • Underpinned by safeguarding and public protection

Governance – Management Board

CDYJS is accountable to a multi-agency Management Board, chaired by the Head of Early Help, Inclusion and Vulnerable Children, Children and Young People's Services, Durham County Council. The membership and terms of reference of the Management Board are reviewed annually. Membership is at appropriate Senior Officer level.

The Management Board consists of:

Children and Young People's Services, Durham County Council (DCC) - Chair;

Clinical Commissioning Group – Deputy Chair

Durham Constabulary;

National Probation Service;

Progression Team, DCC;

Office of the Police, Crime and Victims' Commissioner (OPCVC);

Public Health, DCC;

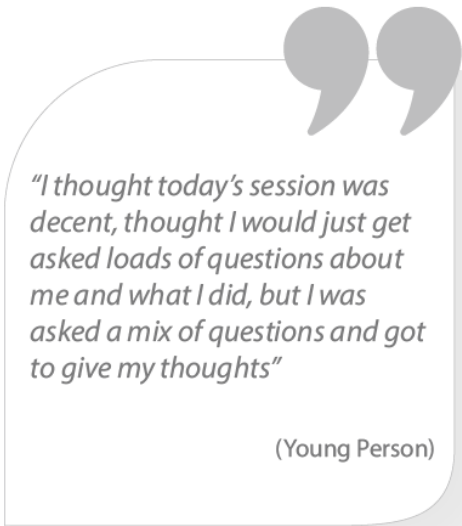

SEND and Inclusion, Education and Children's Social Care, DCC;

Equality & Strategy, DCC.

Membership of the Board is regularly reviewed and each year the Board participates in an annual development session where it analyses its structure and functions and develops an improvement plan. The last development session was undertaken in March 2021.

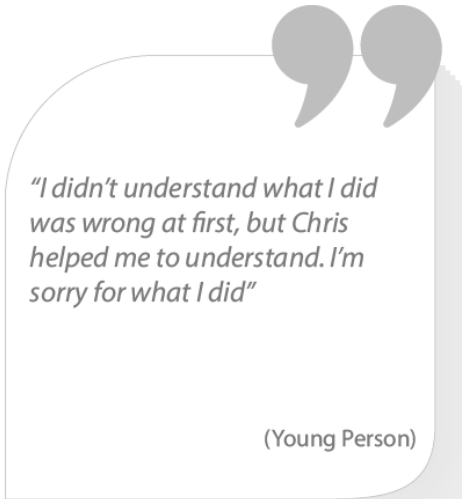

Members of the management board are also members of a range of other partnerships relevant to the work of CDYJS. Board members are required to ensure that they represent the views of CDYJS in those partnerships as well as their home agency. During the annual development session, board members consider how this can best be achieved and what support they require to undertake this role.

The YJS Manager and Chair of the Management Board provide regular formal reports and updates to many of the partnerships to enable them to monitor performance and contribute to the improvement of services for young people who offend, their families and victims. In addition, Durham County Council's Safer and Stronger Scrutiny Committee also monitor performance against the three national outcome measures and receive annual presentations from both the YJS Manager and Chair of the Board on current performance and progress against the Youth Justice Plan.

"I thought today's session was decent, thought I would just get asked loads of questions about me and what I did, but I was asked a mix of questions and got to give my thoughts"

"I didn't understand what I did was wrong at first, but Chris helped me to understand. I'm sorry for what I did"

The Voice of Young People

Young people play an active role in the work of CDYJS. Their feedback and involvement have helped to shape the Service Improvement Plan 2021/22, our response throughout the Covid19 pandemic and the priorities included in this Youth Justice Plan.

The service has numerous ways of obtaining young people's views, including:

- E-survey for all young people working with CDYJS
- Feedback on each intervention undertaken
- Ad hoc feedback on specific themes
- Manager reviews of cases with young people
- Referral Order panel reviews with young people
- Every assessment includes a self-assessment by the young person
- Re-engagement Panels with young people (for those at risk of breach/non-compliance)
- With Youth in Mind – young victims' consultation and engagement group.
- Structured interviews with victims by CDYJS volunteers.

The active participation of young people in their own assessments and intervention plans is a theme running through all CDYJS quality assurance work and remains a priority in the Service Improvement Plan for 2021/22.

Through our extensive work to improve our understanding of young people's communication needs, we have shaped our approach to ensure that young people's experience of CDYJS is as positive as possible and really helps to improve their outcomes. We have transformed the way we work and developed our own resources which ensure all young people can contribute to the work we plan and undertake with them. We now share these resources nationally and share our expertise through the provision of training throughout the country.

*"The work today has taught me that it was wrong what I did and made me think of the consequences if I offended again, as peer pressure made me do it.
Lesson learnt!"*

Work with victims, including young victims

Our work with the victims of youth crime in 2020/21 has engaged a further 137 victims in restorative approaches. In particular, our work with young people who are the victims of youth crime has provided dedicated support and an opportunity to re-build and restore confidence. The support group for young victims of all crime ('With Youth in Mind') has continued to develop and is now working with an average of around 35 young people at any one time throughout the year. Young people who offend have also engaged in 1366 hours of unpaid work in and across communities in County Durham as a means of reparation.

"Thanks for bringing Dan down. I'm glad to have met him and to see he is a young man who made a mistake. I didn't know much about this type of meeting (restorative conference) but it is definitely a good idea. Thank you"

(Victim of offending)

Work with Parents

CDYJS works with the parents of young people who have offended. We provide individual and group sessions for parents. All our work is based upon supporting parents and working in partnership, NOT blaming parents for their child's offending.

"The group sessions are really positive meetings and I gained lots of helpful information for myself to support my child"

National Recognition

During 2020/21, CDYJS was awarded a Children & Young People Now Award for our service to parents of young people who are victims of their child's behaviour. We were praised for our innovation and dedication to providing support for parents who, otherwise, felt they were alone in their experiences. CDYJS allows parents the opportunity to share their experiences and learn, from each other, how to do things differently.

In addition, we have once again achieved the award of both Investor in Children and Investor in Volunteers

"I just wanted to thank you so much for your help and support with Sarah. It feels so good to have someone who I can talk to and feel reassured that there are people out there who care. Sarah is loving the support too"

(Parent of young victim of offending)

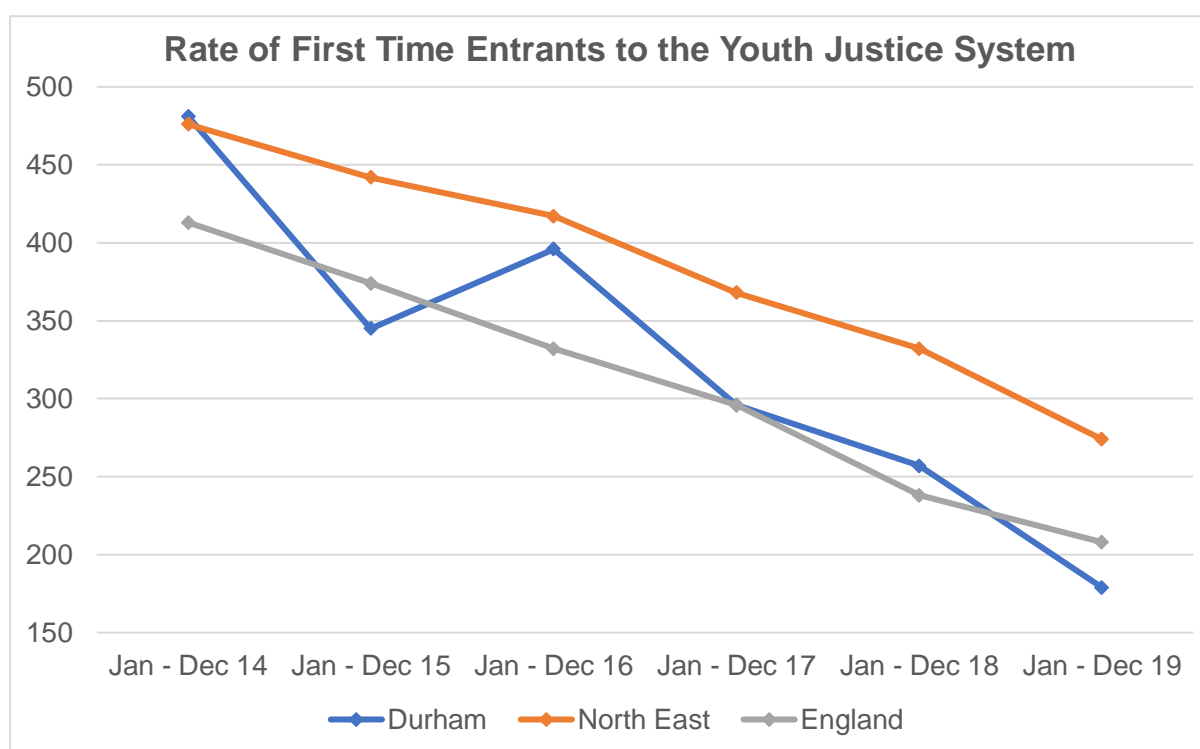

Current Performance

The performance of the Youth Justice Service and partnership is currently monitored by three nationally imposed measures and a range of local measures.

The three national measures are:

Reducing First Time Entrants (FTEs) to the Youth Justice System

Between January and December 2019, the rate of FTEs per 100,000 10-17 years population in County Durham was 179, which is lower than both the England rate (208) and that of the North East Region as a whole (274).

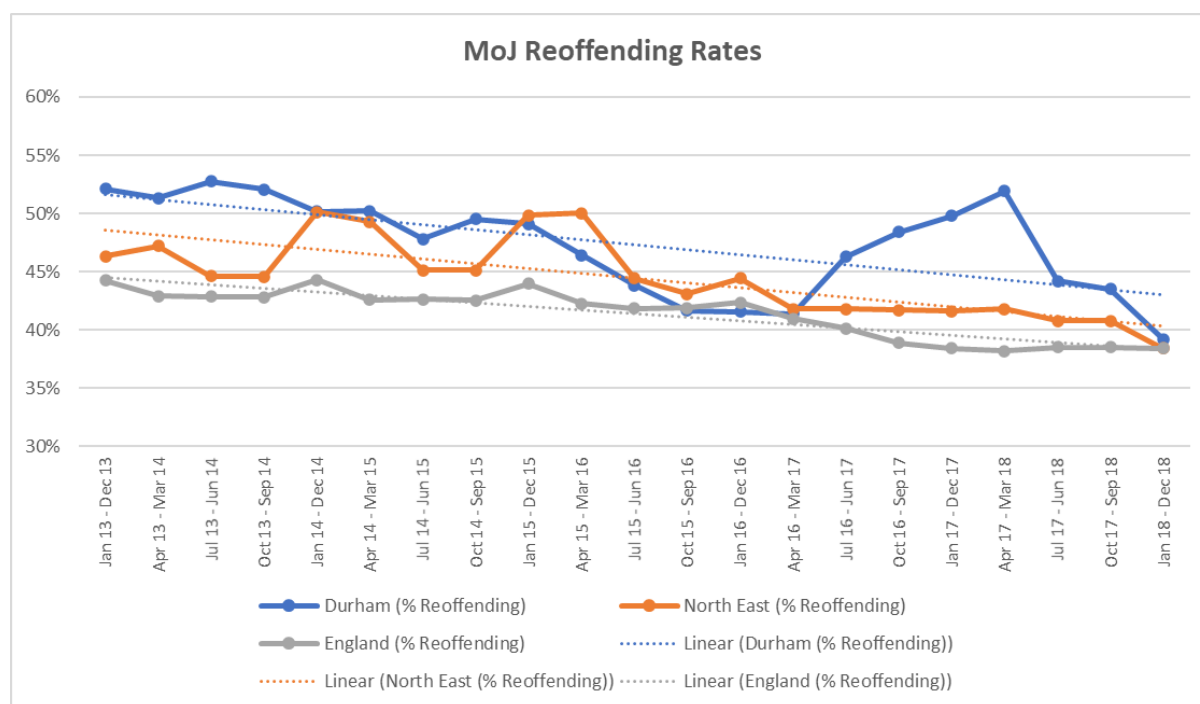

*"Just want to say thank you for your advice. I sent Mark a text yesterday praising him for something he'd done and I got a text back off him saying 'thank you mam love u'!
It's the little things!!*

(Parent)

Reducing Re-offending

Ministry of Justice data (Cohort derived January to December 2018) shows a re-offending rate of 39.2% which is a reduction of 10.6 percentage points compared to the previous year (49.8%). This rate is marginally higher than both the National and North East rate of 38.4% but shows a much greater rate of improvement.

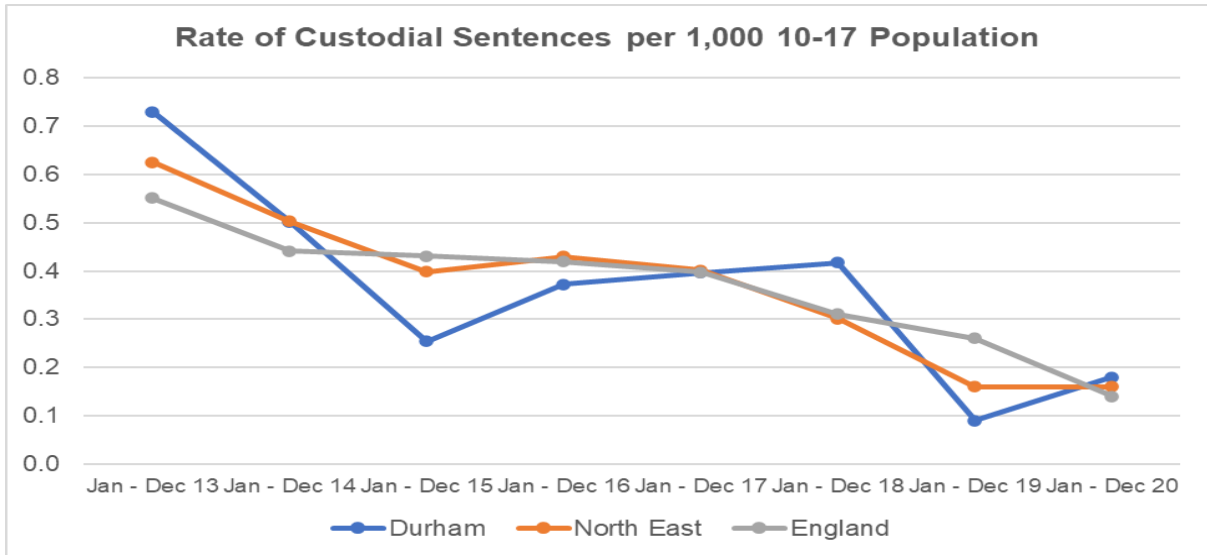

Reducing the Use of Custody

Custodial Sentences

County Durham Youth Justice System (CDYJS) performance has seen a big reduction in the last two years compared with previous years with a rate 0.18 per 1,000 10-17 year olds during January– December 2020 (compared with 0.42 in 2018). This is marginally higher than both the National and North East averages with rates of 0.14 and 0.16 respectively. On each occasion a young person is sentenced to custody, the work of CDYJS is reviewed to ensure all appropriate work was undertaken.

Remand Bed Nights: 92

This is a 69% reduction on the previous year (295 nights). The 92 nights relates to just 4 young people, all of whom ultimately resulted in custodial sentences.

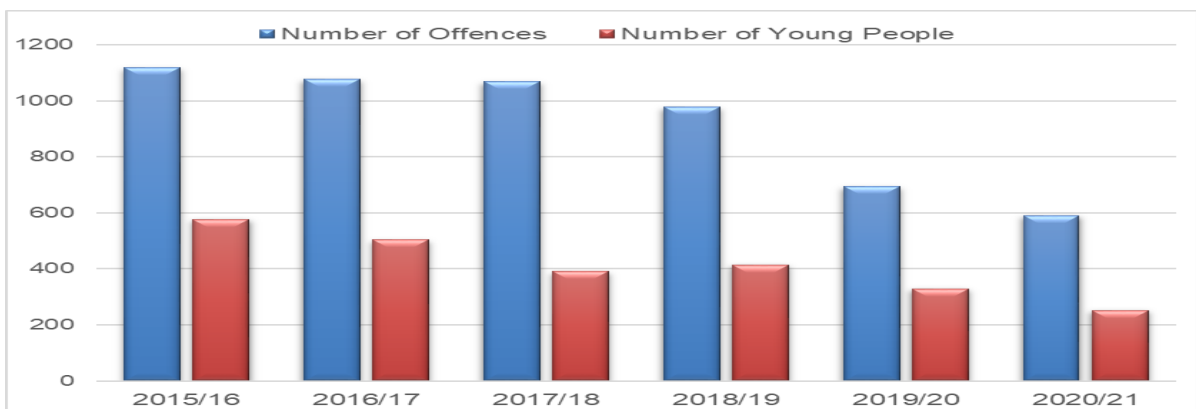

Work with victims, including young victims

Our work with the victims of youth crime in 2020/21 has engaged a further 137 victims in restorative approaches. In particular, our work with young people who are the victims of youth crime has provided dedicated support and an opportunity to rebuild and restore confidence. The support group for young victims of all crime ('With Youth in Mind') has continued to develop and is now working with an average of around 35 young people at any one time throughout the year. Young people who offend have also engaged in 1366 hours of unpaid work in and across communities in County Durham as a means of reparation.

Number of Young People Offending and Offences Committed

We have achieved a **47.2% reduction** in the number of offences committed, from 1118 in 2015/16 to 590 in 2020/21, and an **56.4% reduction** in the number of young people offending, from 576 in 2015/16 to 251 in 2020/21. This includes **all** offences committed by young people aged 10-17 years, resulting in a Pre-Reprimand Disposal (PRD) 2008 - 2013 / Pre-Caution Disposal (PCD) 2013 onwards, out of court disposal or a court conviction.
