1.0 Introduction

- 1.1. Durham County Council is responsible for the licensing and regulation of the hackney carriage and private hire activities within the area administered by the Council. This policy sets out and explains how the Council undertakes its functions relating to the licensing and regulation of hackney carriages, private hire vehicles, drivers and private hire operators.
- 1.2. In adopting the licensing policy, the Council recognises the needs of all persons for safe and convenient taxi transportation and the importance of both to the local economy and vibrancy of the County. This policy, which replaces all previous policies, shall apply throughout the administrative area of Durham County Council from the date of adoption.
- 1.3. This policy has been produced in accordance with the powers conferred by the Town Police Clauses Act 1847, the Local Government (Miscellaneous Provisions) Act 1976 and the Transport Act 1985, as amended, which places on the Council the duty to carry out its licensing functions in respect of hackney carriage and private hire licensing. When developing this policy, the following have been taken into consideration:
 - The aims and objectives of this policy (see below)
 - Current legislation
 - The Department for Transport “Taxi and Private Hire Vehicle Licensing: Best Practice Guidance” March 2010
 - Regulators Code 2014
 - Departmental Enforcement Policy
 - Local Government Association Template Criminal Convictions Policy 2015
 - The Department for Transport ‘Statutory Taxi and Private Hire Vehicle Standards’ 2020
- 1.4. The Council has considered the views of key partners, stakeholders and any other person who has responded to the consultation when preparing this policy. A full list of those consulted in preparing this Policy is available from Licensing Services.
- 1.5. The development, review, application and implementation of this policy will be the responsibility of the Council’s Licensing Service and Elected Members sitting on the Licensing Committee.
- 1.6. The General Licensing and Registration Committee may make decisions that change the content of this policy. The changes may have immediate effect or may come into effect on a given date.

2.0 Hackney Carriage and Private Hire Licensing

- 2.1 Durham County Council is responsible for the licensing of hackney carriage and private hire vehicles, drivers and operators. **This policy sets out application requirements and standards that must be met by the hackney carriage and private hire trade licensed by Durham County Council. When carrying out its regulatory functions, the Council will have regard to this policy. Each application or enforcement measure will be considered on its own merits however where it is necessary to depart substantially from the policy, clear and compelling reasons will be given.**
- 2.2 A hackney carriage vehicle is a public transport vehicle with no more than 8 passenger seats, which is licensed to 'ply for hire'. This means they can stand at **public** ranks or be hailed / flagged down in the street by members of the public, **when operating within their licensing authority's own geographical area (the controlled area). Outside their controlled areas, the law prevents hackney carriages from being hailed / flagged down in the street or from standing at public ranks.**
- 2.3 A private hire vehicle must also have no more than 8 passenger seats however, they must be 'pre-booked' through a licensed private hire operator and may not ply for hire nor use **public** ranks **either inside or outside their controlled areas.**
- 2.4 The **principal** aims of licensing the hackney carriage and private hire vehicle trades **are** to protect and safeguard the public and to ensure that the public have reasonable access to Hackney Carriage and Private Hire services.
- 2.5 The Council recognises it is important that hackney carriage and private hire licensing powers are used appropriately to ensure that licensed vehicles of the Council are safe, comfortable, properly insured and available where and when required.
- 2.6 The Council will not grant a hackney carriage or private hire vehicle licence for any vehicle already licensed by another Local Authority.

3.0 Hackney Carriage and Private Hire Drivers

- 3.1 **An applicant must satisfy the Council that they are a fit and proper person to become licensed. Once licensed the driver must remain a fit and proper person throughout the duration of the licence.**
- 3.2 **Whilst there is no definition of a fit and proper person, the Department for Transport Guidance suggests that the Council is effectively asking the following question:**

Without any prejudice, and based on the information before you, would you allow a person for whom you care, regardless of their

condition, to travel alone in a vehicle driven by this person at any time of day or night?

3.3 During the application process the Council will undertake several checks to gather the information necessary to assess the suitability of the applicant.

3.4 Factors that will be considered when reaching a decision include:

- Criminality (whether the applicant has any criminal convictions or cautions)
- Driving licence – length held, and penalty points endorsed
- Right to work in the UK
- Medical Fitness
- General conduct/standards of behaviour
- Conduct of the applicant during the application process
- Previous licensing history
- Knowledge of County Durham and other matters such as the Highway Code, this policy and taxi legislation
- Ability to communicate and understand English
- Completion of all necessary requirements of the application process
- Whether the applicant has had a licence revoked or refused by another authority

This is not an exhaustive list of matters that will be considered, and further information may be sought from other agencies such as the Police, Safeguarding Boards, other licensing authorities etc.

4.0 Vehicle Emissions and Manufacture Criteria

Tackling air pollution is a public health priority. To combat poor air quality, innovative and bold measures are being taken across the country to ensure the health and wellbeing of all road users. Adoption of the following proposed policy requirements will enable Durham licensed vehicles to help to reduce traffic pollution and improve local air quality in our region:

4.1 New Licences - From **(INSERT DATE POLICY ADOPTED)** all new applications for licensed vehicles will only be accepted if the vehicle to be licensed is less than 4 years old from the date of first registration.

4.2 Existing Vehicles - Adopt a maximum 8-year vehicle life with a start date of 1st April 2024. This means that from 1st April 2024 all diesel and petrol engine vehicles will be Euro 6 or above.

All existing licensed vehicles that are more than 8 years old will not be re-licensed after 1st April 2024.

4.3 Wheelchair accessible vehicles (WAV) - Existing licensed WAV's will have an extra 2 years added to the age restriction. This means that all existing licensed WAV's that are more than 10 years old will not be re-licensed after 1st April 2024.

4.4 Zero emission vehicles - fully electric and zero emission (at source) vehicles would be exempt from the age restriction / emissions policy.

5.0 Taxi Licensing Aims and Objectives

5.1 The principal purpose of hackney carriage and private hire licensing is to protect the public and promote public safety. The Council's aim is to facilitate well run and responsible businesses which display sensitivity to the wishes and needs of the general public. The Council will carry out its hackney carriage and private hire licensing functions with a view to protecting the public by promoting the following objectives:

- a) The protection of the public, safeguarding children and the vulnerable and the prevention of crime and disorder - To ensure that all licensed drivers, vehicle licence holders and private hire operators are fit and proper persons
- b) The safety and health of the public and drivers - to ensure that safe, comfortable, reliable and accessible hackney carriage and private hire vehicles are available for all who require them
- c) Encouraging environmental sustainability
- d) To provide clarity for licensees with respect to the Council's requirements and the decision-making process
- e) To promote a professional and respected hackney carriage and private hire trade

5.2 The Council aims to ensure that the hackney carriage and private hire services offered within the County are of a good standard. The application and compliance procedures are designed to ensure these standards are maintained, monitored for compliance and appropriately enforced. These objectives will be considered by the Council when making decisions.

6.0 Promotion of taxi licensing objectives

6.1 Methods used by this Council to promote the licensing objectives of this policy will include:

- a) Setting the standards for the licensing of drivers, vehicles, proprietors and operators.
- b) The licensing and routine inspections of vehicles, with appropriate follow-up action.
- c) Routine inspection of insurance policies, with appropriate follow-up action.

- ~~d) The assessment of applicants to ensure they are 'fit and proper' persons and thereby entitled to hold a licence. This will include consideration of the person's medical suitability, criminal record (if any), driving standards and knowledge of the relevant law and locations in County Durham.~~
 - e) Investigation of complaints with appropriate follow-up action.
 - f) Liaison with the Police, other local authorities and other relevant agencies regarding issues of mutual concern in relation to offences or the conduct of licence holders/applicants.
 - ~~g) Taking enforcement and / or disciplinary action including prosecution legal proceedings, verbal and written warnings, written cautions, notices, suspension or revocation of licences for breaches of legislation or conditions or any other reasonable cause. and/or in connection with reports or incidents of poor conduct.~~
 - h) Random / intelligence led drug testing (see Appendix 2)
 - i) The imposition of driver improvement schemes' (see Appendix 2)
- 6.2 When considering applications and taking enforcement action against existing licence holders, the Council as the Licensing Authority will have regard to the current Community Protection Enforcement Policy.

7.0 Delegations

- 7.1 Under the Council's Constitution, the Licensing Sub-Committee has the authority to discharge non-executive regulatory functions with respect to hackney carriage and private hire licensing. The Sub-Committee will determine contested and non-conforming applications, misconduct, contraventions, suspensions and revocations.
- 7.2 Officers in Licensing Services have delegated powers to grant licences where there are no criminal or other concerns that give rise to doubts over the suitability of the applicant to hold a licence.
- 7.3 The Licensing Services Manager, the Licensing Enforcement Team Leader and Licensing Enforcement Officers may issue warning letters on behalf of the Council and ~~Suspend hackney carriage or private hire drivers with immediate effect.~~
- 7.4 Hackney carriage/private vehicles licensed by the council (and vehicles licensed by participating authorities in accordance with adopted cross-border authorisation arrangements) may be suspended by the Licensing Services Manager, the Licensing Enforcement Team Leader and Licensing Enforcement Officers
- 7.5 The Council has the option to suspend or revoke a licence should information be received that causes concern over whether a driver is a fit and proper person. A decision to revoke a licence does not however prevent the reissuing of a licence should further information be received that alters the balance of probability of a decision previously made. The decision

to suspend or revoke was based on the evidence available at the time the determination was made. New evidence may, of course, become available later. If, for example, the allegations against a licence holder were now, on the balance of probability, considered to be unfounded, or their fitness to drive was proven satisfactory a suspension could be lifted or, if the licence was revoked, an expedited re-licensing process will be used. We will operate a Fast-Track application process for licence reinstatement following an officer revocation in such cases.

- 7.6 A suspension may still be appropriate if it is believed that a minor issue can be addressed through additional training. In this instance the licence would be returned to the driver once the training has been completed without further consideration. This approach is clearly not appropriate where the licensing authority believes that, based on the information available at that time, on the balance of probability it is considered that the driver presents a risk to public safety.
- 7.7 All licensing authorities must consider arrangements for dealing with serious matters that may require the immediate revocation of a licence. At Durham County Council, this role has been delegated to senior officers and managers with responsibility for the licensing service.

8.0 Partnership Working

- 8.1 The Council will seek to work in partnership with the following agencies, groups and individuals to promote the licensing objectives:
- a) Local Hackney Carriage and Private Hire Trade
 - b) Countywide Taxi Working Group
 - c) Durham Constabulary
 - d) Internal Council Departments
 - e) Disability Groups
 - f) Regional Licensing Groups (NESLiG)
 - g) Any other appropriate formation which may contribute to the promotion of the objectives

9.0 Duties and Obligations under the Equality Act 2010

- 9.1 To achieve the above standard the Council will endeavour to comply with the duties and obligations under the following legislation:
- a) The Equality Act 2010
 - b) Human Rights Act 1998

- 9.2 Providers of transport services by way of hackney carriage and private hire vehicles are now deemed to be providers of services to the public for the purposes of Part 3 of the Equality Act 2010.
- 9.3 A Statutory Code of Practice - Service, Public Functions and Associations - has been issued and provides guidance on specific issues associated with the Act. Licence holders should read this code and ensure they operate in accordance with it. As it is a statutory code, approved by Parliament it is admissible under the Act and Courts must take them into account where relevant.
- 9.4 Following the information provided in the Code may help transport providers avoid adverse court judgements – it includes examples of good practice – but it is not a complete or authoritative statement of the law and is not a substitute for taking appropriate advice. Ultimately, the Courts will provide authoritative interpretation of the Code.
- 9.5 Where a disabled person believes they have been discriminated against the main remedies available are damages including compensation for injuries to feelings, an injunction and a declaration, however the claimant should seek independent legal advice before commencing any claim.
- 9.6 It is a condition of a vehicle licence that wheelchair accessible vehicles have the appropriate equipment so as to be able to transport passengers in wheelchairs at all times. (The licence for a vehicle may be suspended until such time as the Council considers the vehicle is fit for purpose).
- 9.7 Licensed drivers are under a duty to carry a passenger's guide, hearing and other prescribed assistance dog in their vehicles without additional charge. Drivers who have a medical condition that is aggravated by exposure to dogs may apply **to the Council** for an exemption from the duty on medical grounds.
- 9.8 A medical certificate must be provided at the **driver's** expense, from the drivers own GP **which demonstrates the driver has a genuine medical condition that is aggravated by exposure to dogs. This evidence should be in the form of a blood test, a skin prick test or clinical history. If granted, the Council will issue a tactile notice of exemption which must be displayed in any licensed vehicle driven by the driver and must be made available for inspection upon request and a register will be kept of exempt drivers.**
- 9.9 Under the Equality Act 2010, the council will make and hold a list of wheelchair accessible vehicles (i.e. designated vehicles). The Act requires the drivers of those vehicles to carry passengers in wheelchairs, aid those passengers and prohibits them from charging extra. The relevant requirements of the Act do not apply to drivers who have a valid

exemption certificate, which must be displayed in the vehicle. The Department for Transport has published statutory guidance; *Access for Wheelchair Users to Taxis and Private Hire Vehicles*. This guidance has been issued in order to assist council's in the implementation of legal provisions intended to assist passengers in wheelchairs in their use of designated taxi and private hire vehicle services.

- 9.10 **The Equality Act 2010 makes clear that if carrying a passenger in a wheelchair there cannot be any extra charge for doing so. This means that a taxi meter should not be started or left running whilst the driver performs duties required by the Act or as the passenger enters, leaves or secures their wheelchair within the passenger compartment.**
- 9.11 Persons who breach duties imposed by the Equality Act may be guilty of a criminal offence.
- 9.12 Further information is available from the Equality and Human Rights Commission. [at www.equalityhumanrights.com](http://www.equalityhumanrights.com)

10.0 Conditions

- 10.1 The Council can impose such conditions as it deems necessary in relation to the grant or a renewal of any licence except a hackney carriage driver's licence.
- 10.2 Standard conditions relating to licences are included in the appendices. In addition, the Council may impose additional conditions where considered necessary or appropriate in **the** circumstances.

11.0 Enforcement

- 11.1 Licensing Enforcement Officers will undertake enforcement activities on behalf of the Council in accordance with the **departmental** enforcement policy.

12.0 Other Regulatory Regimes

- 12.1 Other statutory requirements may apply to the provision of any regulated activities provided by a licensed vehicle or at premises, and the responsibility for compliance rests with the licence holder and / or proprietor.

13.0 Decision Making

- 13.1 The powers of the Council will be exercised in accordance with this policy and as delegated through the Council's Constitution.

13.2 The Council will make all decisions in relation to licensing matters on their own merits.

13.3 The Council will provide reasons for all decisions that it makes.

14.0 Complaints Procedure

14.1 Durham County Council expects high standards of conduct and behaviour from the hackney carriage and private hire trade and all licence holders **should always maintain these standards.**

14.2 It is recognised that there may be occasions when members of the public or the trade may make complaints **about licensed drivers, operators and vehicles.** Complaints will be dealt with in accordance with the Council's Complaints procedures. **Information about how to make a complaint will be displayed within the licensed vehicle and on the Council's website.**

14.3 Durham County Council recognises that some complaints can be frivolous, vexatious and repetitious. Such complaints will not normally be pursued. **Under these circumstances, reasons why the complaint has not been investigated, followed-up or acted upon will usually be provided.**

14.4 Members of the **licensed** trade will be expected to assist officers when carrying out their investigations. **A failure to cooperate may result in actions being taken against individuals and organisations where it is appropriate and possible to do so.**

14.5 Following completion of the investigation all parties will normally receive confirmation of any action taken.

14.6 If any party is not satisfied with the outcome of the investigation the Council has a Corporate Complaints Procedure.

15.0 Vehicle Licence Holders

15.1 **Durham County Council considers that although vehicle licence holders may not be driving a vehicle they clearly have an interest in the use of the vehicle and ensuring that it is properly maintained. Therefore, all applicants should be fit and proper to hold a licence.**

15.2 **When considering whether applicants are fit and proper the following test will be used:**

'Would I be comfortable allowing this person to have control of a licensed vehicle that can travel anywhere, at any time of the day or night without arousing suspicion, and be satisfied that he/she would not allow it to be

used for criminal or other unacceptable purposes, and be confident that he/she would maintain it to an acceptable standard throughout the period of the licence’.

15.3 In determining whether an applicant is a fit and proper person, the Council will consider the applicant’s criminal record and any previous history as a licence holder in accordance with Appendix 2 and Appendix 5.

15.4 If an applicant for a vehicle licence does not hold a hackney carriage / private hire driver licence or private hire operator licence issued by Durham County Council, then they will be required to provide a basic DBS check as part of the application process. Should a vehicle licence holder cease to hold a driver licence a basic DBS check will be required immediately.

16.0 Vehicles

16.1 The Council has discretion over the types of vehicle that it can licence as Hackney Carriage and Private Hire vehicles. In setting the standard vehicle conditions the Council has taken account of passenger needs. Any application for a new vehicle licence will only be considered if it complies with the policy and conditions set out by the Council in Appendix 3 and Appendix 4 of this policy.

16.2 Category A and B “write offs” will not be licensed as Hackney Carriage or Private Hire Vehicles.

16.3 All vehicles shall have an appropriate ‘type approval’ which is either:

- European Whole Vehicle Type approval
- British National Type approval; or
- British Single Vehicle Approval (SVA)

This paragraph will specifically apply to special vehicles as identified in Appendix 4.

16.4 From the adoption of this policy all licensed vehicles will be subject to the requirements of paragraph 4.0 of this policy.

~~16.5~~ Any **material displayed on the vehicle advertising** other than self-promotional information must be approved by the **Licensing Manager or Licensing Team Leader**. Examples of the **material advertising** and its proposed placement must be forwarded to the **Licensing Manager** and **Licensing Team Leader** for their consideration and approval **prior to being displayed on the vehicle**.

- ~~16.6~~ **Self-promotional or other material requiring approval must not be displayed on the front doors or in such a manner which may obscure the Council signage or vehicle top sign. ~~only be displayed on the rear doors, rear panels and boot areas.~~**
- 16.7 Any approved advertising should not conflict with the Licensing Objectives and should comply with the requirements of the Advertising Standards Agency. Advertising in this context does not include such information as the name and contact details that relate to the private hire or hackney carriage company or proprietor that owns or operates the vehicle. Such details are to be regarded as self-promotional information. Self-promotional information does not lend itself to any other interests outside the owner or operator's private hire or hackney carriage company.
- 16.8 **Testing** - Prior to being licensed all vehicles must have been successfully tested with the preceding six months. All new vehicles must be presented for an inspection at one of the Council's appointed testing stations prior to being licensed, subject to meeting all the requirements of the test a Certificate of Compliance, which lasts for one year, will be issued if the vehicle is to be used on a public highway.
- NB** the Certificate of Compliance exempts a licensed vehicle from requiring a MOT test certificate. However, proprietors must be aware if the vehicle licence is surrendered, suspended, revoked or not renewed the vehicle must have a MOT certificate in place.
- 16.9 A licensed vehicle will be required to be tested twice annually. However, if the vehicle is over 10 years old at the time of renewal it will be required to be tested three times annually.
- 16.10 **Post- accident inspection and testing** - In cases where a licensed vehicle has been in an accident and suspended pending a post-accident inspection and test will be required.
- 16.11 Where a post-accident inspection and test is required, in cases when there is less than 6 weeks before the next scheduled test is due, the vehicle proprietor will be offered the option of carrying out the post-accident inspection and test in place of the next scheduled test.
- 16.12 Licence holders will **normally** be sent correspondence from Licensing Services in advance of the expiry of their licence. **They should apply to renew the licence using the online form via the Council's website where they can also specify a preferred date and time for the vehicle fitness test. Licensing Services on receipt of the application will arrange and confirm with the applicant the vehicle fitness test.** Upon meeting all the requirements of the test, a Certificate of Compliance, which lasts for one year will be issued.

- 16.13 All tests (and retests where applicable) must be paid for prior to the vehicle being presented. A failure to attend an appointed test date will normally result in a charge being imposed.
- 16.14 **Serious or repeated test failures may indicate poor vehicle maintenance. In such cases it may be necessary to refer the vehicle proprietor and / or driver to the Council's Licensing Committee to determine matters associated with ongoing suitability.**
- 16.15 Vehicle licence holders who fail to present their vehicles for test or re-schedule their test for a date which is later than has been scheduled, will have their vehicle licence suspended. Where appointments have been re-scheduled for an earlier date and time, no action will be taken.
- 16.16 Window Tints - Window tints shall comply with the following:**
- a) The front windscreen shall allow 75% of light to be transmitted through
 - b) The front side windows shall allow at least 70% of light to be transmitted through them
 - c) Other windows shall allow at least 70% of light to be transmitted through them.
- 16.16 The Council recognises that vehicles may be manufactured with glass that is darker than that specified in the standard vehicle conditions prescribed in this policy. Because of the large costs and inconvenience associated with changing glass the Council will exercise discretion in the case of vehicles manufactured with window tints outside that standard.
- 16.17 Temporary Replacement Vehicles -** The Council will allow the temporary licensing of vehicles in cases where an existing licensed vehicle suffers mechanical failure or accident damage which results in it having to be taken off the road **for a period**. Temporary replacement vehicles, which will not be subject to colour conditions, may be licensed for a period not exceeding two months.
- 16.18 If a Licensed vehicle is damaged in an accident or by any other means, the licence holder must report the damage to Licensing Services as soon as reasonably practicable and in any case within 72 hours. An examination will determine whether the vehicle is roadworthy or in need of repair.
- 16.19 An 'Accident Damage Form' will be issued and must be retained in the vehicle. If the vehicle is deemed unfit the licence will be suspended. If the vehicle is not repaired and presented for test within two months from the date of inspection the licence will be revoked. Unless the Authority confirms otherwise, the vehicle may not be used as a hackney carriage or private

hire vehicle from the date of first examination until it has been re-examined and passed fit for use. If the vehicle has sustained major damage, then the location of the vehicle must be given, and it may be inspected by an Authorised Officer.

16.20 Special Vehicles - The Council may licence a motorised special vehicle as a private hire for the carriage of up to eight passengers provided that such a vehicle has been issued with at least a Single Vehicle Approval (SVA) certificate and that the requirements in these specifications can be satisfied. Only an original SVA certificate will be accepted by the Council as proof of the vehicle satisfying the requirements to obtain that approval.

16.21 Prior to any licence being issued a vehicle compliance certificate must be issued by the Council. Where the vehicle is unable to be tested at a Council test centre, alternative testing arrangement must be made by the applicant. All costs associated with obtaining the relevant approvals or tests must be met by the vehicle proprietor.

16.22 When imported into this country the importer must produce a declaration from the testing authority (DVSA) that the vehicle will never carry more than eight passengers.

16.23 Exemptions - Section 75(3) Local Government (Miscellaneous Provisions) Act 1976 allows local authorities to grant exemptions to private hire vehicles from displaying licence plates and other prescribed livery.

16.24 The Council has decided that for the purpose of this policy, they consider the use of a higher standard and more luxurious vehicle used exclusively for the purposes of carrying passengers under a written contract (the duration of which must be not less than 60 days) to be the minimum standard for an application not to display a licence plate and other identification livery to be considered.

16.25 The Council will not exercise its discretion in granting this exemption for any vehicle which is to be used for any other purpose than as described above.

16.26 The booking of a vehicle regardless of its "standard" for the purposes of carrying passengers to special events, airport services, celebrations or nights out not under a written contract (the duration of which must be not less than 60 days) is considered to be routine private hire work and will not satisfy the criteria for consideration of the exemption, for the avoidance of doubt contracts issued by: the NHS, Durham County Council passenger transport team will not satisfy the criteria for exemption.

16.27 If the owner of a vehicle wishes to ask the Council to exercise its discretion to exempt the vehicle from displaying a licence plate and other

identification livery they must apply to the Council in writing, providing evidence to support the application.

- 16.28 Applicants for an exemption from displaying licence plates and other livery may also apply to be exempt from the Councils colour policy.
- 16.29 Applications for exemptions will be determined by the duly authorised officer in consultation with the Chairman or Vice Chairman of the Licensing Committee.
- 16.30 An exemption from displaying a plate and other identification livery is a privilege rather than a right and the benefit of the exemption will be granted at the Councils discretion.

The Council has the power to withdraw the exemption if the related conditions are not complied. Council Officers will periodically check booking records to ensure compliance with the policy.

- 16.31 Stretched Limousines** - “Stretched Limousines” Imported Stretched Limousines are normally checked for compliance with British regulations under the Single Vehicle Approval (SVA) inspection regime, before they are registered. The Authority will request sight of the SVA certificate to ensure that the vehicle was tested by DVSA before being registered and licensed (taxed) by DVLA. The DVLA test verifies that the converted vehicle is built to certain safety and environmental standards. Stretched Limousines that clearly have more than eight passenger seats will not be licensed as PHV’s because they are outside the licensing regime for PHV’s.

17.0 Vehicle Insurance

- 17.1 Proprietors of licensed vehicles must ensure that a valid insurance policy, providing the relevant level of cover, is in place throughout the period a vehicle is licensed. This insurance policy must be in place before a licence can be granted. Where the policy covers a number of licensed vehicles, proprietors must also produce the schedule showing the list of insured vehicles.
- 17.2 Hackney carriages must be insured for public hire purposes. Private hire vehicles must be insured for private hire purposes.
- 17.3 Proof of continuous vehicle insurance must be provided, in a clearly legible form, to Licensing Services by the vehicle proprietor. Proof of continuous insurance should also be produced upon request by an authorised officer of the Council. Where valid insurance is not provided or produced upon request vehicle licences will be suspended.

18.0 Transfer of Interest

- 18.1 The proprietor shall notify the Council on the appropriate form within 14 days from change of ownership, giving the name and address of the new proprietor, if the interest or part interest in the vehicle is transferred to another person not currently named on the licence.
- 18.2 If the interest is transferred to a person currently named on the licence the Council should be advised to remove the outgoing proprietor.
- 18.3 The new proprietor shall complete the appropriate application form and will be requested to provide the following documents to the Council:
- a) Vehicle registration document (V5C) in new proprietor's name. If this has not yet been received then, once the application has been submitted, 28 days will be given in order to produce the appropriate V5C document.
 - b) Valid certificate of motor insurance.
 - c) Details of the operator of the vehicle (private hire only)

19.0 Changes to 'Person Concerned' with the Keeping, Employing and Letting of Vehicles

- 19.1 Vehicle proprietors shall notify the Council on the appropriate form within 72 hours, if there is a change to the person who is named on the licence as being concerned with the keeping, employing and letting of the vehicle.

20.0 Drivers

- 20.1 Only on receipt of a complete application can the Council issue a hackney carriage or private hire driver's licence to an applicant, provided they meet the criteria for new drivers as outlined in this policy and are fit and proper persons.
- 20.2 In determining whether a driver is fit and proper the Council will consider various criteria, which will include such things as: the applicant's relevant skills, knowledge, experience, qualifications, medical fitness, criminal record and any previous history as a licence holder in accordance with Appendix 1 and Appendix 2.
- 20.3 Drivers who are intending to operate wheelchair accessible vehicles should complete a course which should provide instruction to drivers on the correct procedures for clamping and restraining a wheelchair and other relevant aspects of carrying passengers with a disability. The cost of the training will be met by the applicant.
- 20.4 The Council expects all drivers to behave in a civil and professional manner. They should be polite, helpful and respectful to members of the

- public, the Police, Council employees, other public officials and **other licensed drivers, this includes on social media platforms**. Failure to do so may result in a referral to the Council's Licensing Committee.
- 20.5 Whilst using any licensed vehicle drivers must not engage in any sexual activity with or without their passengers, make inappropriate physical contact or make inappropriate comments of a sexual nature.
- 20.6 The Council will not normally determine a new driver application where there are any outstanding legal proceedings until such proceedings are disposed of, this includes ongoing investigations, pending cases and appeals. The Council will endeavour to refer any application where there are any outstanding legal proceedings to the next available licensing committee.
- 20.7 Following an appearance at committee, a direction will be made in any notice of decision as to any future referral to the licensing committee following the outcome of any legal hearing this is to include occasions where an individual is completely exonerated or charges being unsubstantiated.
- 20.8 **In view of a significant number of drivers with cautions and/or convictions for drug related offences, the Council may require drug tests on drivers on both an intelligence led and random sample basis. (See Appendix 2)**
- 20.9 **If a driver wants to carry out home to school contract work on behalf of the Council, they should contact the Council's Sustainable Transport Department via email at IPTMonitoring@durham.gov.uk**

21.0 Private Hire Operators

- 21.1 Only on receipt of a complete application, can the Council issue a private hire operator's licence to an applicant, provided they meet the criteria outlined in this policy.
- 21.2 In determining whether an applicant is a fit and proper person, the Council will consider the applicant's criminal record and any previous history as a licence holder in accordance with Appendix 2 and Appendix 5.
- 21.3 A private hire operator licence will only be granted to an address within the area administered by Durham County Council.

22.0 Licence Fees

- 22.1 The Council will set fees for licences at a level that will recover the costs recoverable under statute, incurred by the Council for issue, administration, control and supervision of that type of licence.
- 22.2 Where refunds are due to any licence holder or applicant, they will be calculated on a pro rata basis and an administration charge deducted.

23.0 Hackney Carriage Fares Policy

- 23.1 When setting hackney carriage fares the Council will have regard to:
- a) The needs of the travelling public and what it is reasonable to expect people to pay
 - b) The need to give the trade **enough** incentive to provide a service at the times when it is demanded
- 23.2 Once a table of fares has been approved by the Council, any request for a review of that table of fares would not normally be considered for a period of at least 12 months.
- 23.3 The Council supports the practice of drivers of licensed vehicles requesting advance payment of fares; this does not remove any requirement for the taximeter to be used on such occasions.

24.0 Review

- 24.1 This policy will be reviewed every five years. However, the Council will make such revisions as it considers appropriate and publish it accordingly.
- 24.2 The Council from time to time will prepare and review procedures covering aspects of hackney carriage and private hire licensing including both enforcement and administration processes.

Appendix 1: Drivers

An application for a driver licence must be made on the specified form.

Drivers' licences will only be granted subject to proof of eligibility and all other application criteria being met.

Drivers' licences will only be renewed subject to all application criteria being met and consideration of the applicants continuing suitability.

A licence, when granted, will be valid for a period **up to** three years, (or less as the Council may decide is necessary in certain circumstances).

When a driver licence is granted the licence holder will be issued with two identification cards (badges). These must both be displayed when the driver is available for hire or carrying passengers. One "badge" must be worn on the body of the driver the other being displayed in a prominent place in the vehicle where it can be easily seen by any passenger.

1. Eligibility

The Council will, in considering whether an applicant is a fit and proper person to hold a driver licence require the applicant to meet the criteria set out below.

a) Qualification

The applicant will be required to provide proof that they have held a full UK drivers licence, or equivalent, for a period of not less than 12 months prior to the application being submitted. A full DVLA driving licence showing the applicants current address must be produced.

b) Driving Assessment

The applicant will be required to provide evidence that they have passed a suitable and satisfactory driver assessment test designed to assess the driving competency of hackney carriage and private hire drivers. The Council holds a list of approved driving assessment providers which **have been** subject to Council vetting and approval.

~~The suitability and satisfactory nature of taxi driver assessment tests and of assessment providers shall be determined by the Council in accordance with current guidance issued by DCC. Approval of assessment providers shall also be subject to any current guidance that may be issued by DCC.~~

c) Driver Knowledge and Locality Tests

Applicants for both private hire and hackney carriage driver licences will be required to undertake both the Council's knowledge and locality tests.

Applicants will be required to demonstrate basic oral and written English language skills in order to pass these tests. The knowledge test will also

include a section on basic numeracy. Testing will be carried out in accordance with guidance issued by the council and may be reviewed from time to time. All applicants claiming dyslexia, or any form of learning difficulty will be required to provide medical proof of the condition e.g. screening results, to enable extra forms of help or assistance to be afforded.

d) Medical Fitness

Under Section 57 of the Local Government (Miscellaneous Provisions) Act 1976 the Council may require an applicant for a driver's licence to produce a certificate signed by a registered medical practitioner to the effect that they are physically and mentally fit to be the driver of a hackney carriage or private hire vehicle.

The Council requires a medical certificate upon an initial application for a driver's licence. In addition, or in place of such a certificate the Council may require an applicant to submit to examination by a registered medical practitioner selected by the Council as to their fitness to be a driver of a hackney carriage or private hire vehicle.

In line with Department of Transport guidelines, the Council applies the DVLA Group 2 driver standards for the medical fitness of hackney carriage and private hire drivers. This is a higher medical standard than that required of drivers of other motor vehicles and is required due to the length of time the driver may spend at the wheel and the responsibility they have for the safety of their passengers and the public.

Upon an initial application for a driver's licence the applicant shall produce a completed medical examination report provided by the Council. This report must be completed **by the applicant's own G.P. or a medical practitioner with access to the applicant's full medical history**. The applicant is responsible for paying the fee for the examination. If the Council requires any further information in respect of any matter identified in the medical report the Council may either contact the G.P. direct or request the applicant to obtain the information.

During the initial application process the medical examination report will be deemed valid for a period of 6 months after which, if the application process is still ongoing, either a new medical form or a letter from the G.P. who carried out the original medical assessment, confirming that there has been no change in the medical fitness of the applicant, will be required.

The medical practitioner must confirm that:

- They have examined the applicant
- The applicant is registered with the practice and/or they have full access to the applicant's full medical records
- The medical examination was carried out to the DVLA's Group 2 standard

- They consider the applicant meets Group 2 standard and to be fit to act as the driver of a hackney carriage or private hire vehicle

Existing licensees aged 45 years and over must provide a medical examination report as evidence of their medical fitness to hold a licence every five years and from the age of 65 years, annually.

If a driver has any change in their medical condition or a medical condition that requires notification to the DVLA e.g. sleep apnoea, heart attack, stroke etc. they shall also be required to notify the Council as soon as possible and confirm in writing within 7 days.

In addition to the above requirements, where a driver suffers from a condition that requires monitoring but which would not prevent them from driving, they are required to provide written confirmation from their G.P. or consultant at intervals, as recommended by the DVLA standards, that they continue to meet Group 2 standards and remain fit to carry out the duties of a licensed driver.

Applicants with insulin treated diabetes may be licensed but will be required to meet the criteria contained in the medical fitness to drive guidelines and if a licence is granted will then be subject to the submission of an annual medical report from a consultant specialising in treating diabetes.

If the Council is not satisfied as to the medical fitness of a new applicant, a hackney carriage or private hire driver's licence will not be granted.

If the Council is not satisfied as to the medical fitness of an existing licensed hackney carriage or private hire driver, there may be reasonable cause to suspend, revoke or refuse to renew the licence under Section 61 of the Local Government (Miscellaneous Provisions) Act 1976.

e) Safeguarding including CSE Awareness

Applicants will be required to attend a **Safeguarding and Child Sexual Exploitation (CSE)** awareness training course.

All drivers must undergo Safeguarding awareness training (including Child Sexual Exploitation awareness) before being licensed. We consider that this training is so important that all drivers should undergo refresher training periodically, at least every 3 years. These programmes have been developed to help drivers to:

- provide a safe and suitable service to vulnerable passengers of all ages
- recognise what makes a person vulnerable; and
- understand how to respond, including how to report safeguarding concerns and where to get advice.

f) Suitability

The Council must be satisfied that an applicant is a fit and proper person to hold a driver licence. Applicants must undergo a Driver Vehicle Licensing Agency (DVLA) check and an **enhanced** Disclosure & Barring Service (DBS) check **which will check both adult and child barred lists**. Applicants will also be required to subscribe to the DBS update service and ensure continuity.

Applicants from outside the United Kingdom must obtain a certificate of good conduct/**character** from the relevant Embassy or Consulate.

The Council requires all applicants who have resided in the country for less than five years to obtain a DBS or equivalent and a Certificate of Good Conduct / **Character** from their relevant Embassy or Consulate which must be authenticated, translated and sealed by the Embassy or Consulate. Any expenses incurred must be met by the applicant.

Additional information will be considered as appropriate. For example, all applications will be subject to a right-to-work check under the Immigration Act 2016.

g) National Register of Taxi Licence Refusals and Revocations (NR3)

The Licensing Authority provides information to the National Register of Taxi Licence Refusals and Revocations (NR3), a mechanism for Licensing Authorities to share details of individuals who have had a hackney carriage or private hire driver licence revoked, or an application for one refused. This is a requirement for assessing whether an individual is a fit and proper person to hold a hackney carriage or private hire driver licence.

Therefore:

- Where a hackney carriage/ PHV Driver licence is revoked, or an application for one refused, the authority will automatically record this decision on NR3.

- All applications for a new driver licence or licence renewal will automatically be checked on NR3. If a search of NR3 indicates a match with an applicant, the authority will seek further information about the entry on the register from the authority which recorded it. Any information received as a result of an NR3 search will only be used in respect of the specific license application and will not be retained beyond the determination of that application.

2. Continuing Suitability / Renewal Process

The ongoing suitability of a licence holder will be monitored. In addition, the following specific checks will be carried out upon renewal, or at any other time deemed necessary by the Council:

- a) DVLA check

- b) DBS update service (if a driver is no longer subscribed to the DBS update service at the time of making an application for renewal, they will be required to apply for a new DBS certificate and subscribe to the update service prior to a renewal application being processed and a licence granted)
- c) Notification of Convictions/Cautions/Arrest/Ongoing or Pending prosecutions or investigations etc. This is to include motoring fixed penalties and antisocial behavior notices and attendance of any speed awareness courses
- d) Licence holders shall be required to notify the Licensing Authority by e-mail within 48 hours of an arrest and release, charge or conviction of any sexual offence, any offence involving dishonesty or violence and any motoring offence. An arrest for any of the offences within this scope will result in a review by the Licensing Authority as to whether the licence holder is fit to continue to do so
- e) Checks carried out as a result of information or intelligence received by Licensing Services.
- f) Periodic medical examination
- g) CSE awareness training
- h) Right-to-work / immigration checks
- i) Check of the National Register of Taxi Licence Refusals and Revocations (NR3)
- j) Requirement to undertake a driver improvement scheme

NB Under no circumstances will a licence be issued until such time as all required checks are completed and supporting paperwork produced to licensing staff. All costs associated with medical checks and certification to be met by the applicant or licence holder.

At each renewal the DVLA driving licence photographic card must be produced, this must be valid and must bear the correct address for the applicant; failure to produce this will result in the application not being processed.

Licence holders will normally receive notification in advance of the expiry of their licence and can apply using the online form via the Council's website. Although, a reminder may be sent as a matter of courtesy, it is the licence holder's sole responsibility to ensure their renewal application is received prior to the expiry date of the licence.

To avoid any delays, Applicants are encouraged to apply to renew their licence at least 10 working days prior to the expiry.

Late renewal applications - This policy clearly outlines what is required for a renewal application for each type of licence, and at what point the application will be accepted. This includes specific information, e.g. DBS certificates, medicals, immigration documents etc. This aims to reduce any possibility of disputes over whether a valid renewal application has been made.

This policy covers the question of late renewal applications. In *R (on the application of Exeter City Council) v Sandle* [2011] LLR 480 Admin Ct. It was accepted that an application to renew a vehicle licence could still be made after the licence had expired, provided two criteria were met.

Firstly, the application had to be made within a short time of expiry (the judge mentioned two or three days before it should not be accepted); and secondly, there must also be a good reason for the delay in applying before expiry. The judge also made the point that any condition on the licence (which should derive from the council's policy) would be significant. Collins J stated:

But I must make it clear that if it is apparent from the conditions that the application has to be made within the period the licence is in force, it will take very strong case and very exceptional circumstances for an applicant who fails to make his application for renewal in time to be able to justify a claim that the council ought in the circumstances to have granted his licence. Such exceptional circumstances can exist and as I say it would be sensible for a council to give two or three days at least before taking the step of deciding to grant it [in this case a hackney carriage proprietor's licence] to someone else.

It is the policy of Durham County Council that we will accept a late renewal application made within 3 working days of the expiry date. Any application received after that period will not be processed unless the applicant can provide exceptional circumstances and good reasons for the delay. These will be considered by officers with management responsibility for the Licensing Service.

Important – when a driver licence has expired, until or unless a new licence has been granted, you must not drive a licensed vehicle.

3. Voluntary return of licence (surrender of licence)

The introduction of the National Register (NR3) has brought into sharp focus the need to resolve any outstanding issues prior to the acceptance of any surrendered licence. If there are any matters which bring into question whether a driver is fit and proper to hold a licence, then the Council may exercise its discretion in refusing to accept a surrender of the licence. Such matters could include for example, alleged misconduct, ongoing criminal investigations and complaints etc. This list is not exhaustive.

4. Standard Conditions of a Private Hire Driver Licence

The licensed driver shall:

- a) Notify the Council as soon as possible, and confirm in writing within seven days, of any alteration to their circumstances or material particulars including but not limited to:
 - (i) Change of address

Appendix 2: Determination of Suitability of Applicant and Licence Holders for Vehicle, Driver and Operator Licences

Guidelines on the relevance of arrest, conviction, caution or any other relevant information including complaints and intelligence

Licence holders and applicants for driver, vehicle and operator licences are required to disclose all convictions, fixed penalty notices and cautions, including those that would in other circumstances be regarded as spent under the Rehabilitation of Offenders Act 1974, subject to Schedule 2 of the Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975 as amended. This order creates categories of 'protected cautions' and 'protected convictions', which applicants and licencees must be treated as not having committed, or been charged with, or prosecuted for, or convicted of, or sentenced for, even though 'spent' cautions and convictions may be taken into account.

Licence holders and applicants must also disclose details of any ongoing investigations and any pending prosecutions. This includes **being reported for an offence**, any arrest and subsequent bail where charges have not been laid.

The disclosure of a criminal record or other information will normally prevent an applicant from obtaining a licence until such time, in accordance with the following paragraphs, has elapsed since the conviction.

In making its decision the Council will consider the relevance of any offence, the seriousness of the offence, the length of time since the offence occurred and any pattern of offending behaviour or other complaints.

The following test will be used to consider whether an operator is deemed to be fit and proper:

“Would I be comfortable providing sensitive information such as holiday plans, movements of my family or other information to this person, and feel safe in the knowledge that such information will not be used or passed on for criminal or unacceptable purposes?”

The following test will be used to consider whether a vehicle proprietor is deemed to be fit and proper:

“Would I be comfortable allowing this person to have control of a licensed vehicle that can travel anywhere, at any time of the day or night without arousing suspicion, and be satisfied that he/she would not allow it to be used for criminal or other unacceptable purposes, and be confident that he/she would maintain it to an acceptable standard throughout the period of the licence?”

Licensing authorities have to make difficult decisions, but the safeguarding of the public is paramount. All decisions on the suitability of an applicant or licensee should be made on the balance of probability. This means that an applicant or licensee should not be 'given the benefit of doubt'. If the committee or delegated officer is only "50/50" as to whether the applicant or licensee is 'fit and proper', they should not hold a licence. The threshold used here is lower than for a criminal conviction (that being beyond reasonable doubt) and can take into consideration conduct that has not resulted in a criminal conviction.

The Council considers all offences to be relevant offences (subject to the above Exemptions Order) when considering the suitability of a person to hold or retain a licence.

The following types of offence will be viewed as serious (in no order of priority):

- a) Dishonesty
- b) Violence (including Criminal Damage & Sexual Offences)
- c) Alcohol Related Offences
- d) Public Order Offences
- e) Motoring Offences
- f) Possession of or Possession with the Intent to Supply controlled substances
- g) Obscenity (which includes the possession, making or distribution of unlawful obscene images / materials on computer or the internet)
- h) Racially or Religiously aggravated offences
- i) Offences of a discriminatory nature
- j) Offences involving Indecency or other offences of a Sexual Nature
- k) Contravention of Licensing Laws or Conditions
- l) Disqualification from driving a motor vehicle at any time in the three years prior to applying for a licence
- m) Offences involving animal cruelty
- n) Criminal Behaviour Orders
- o) Offences subject to the Equality Act 2010
- p) Inclusion on any of the barred lists

Applications for Vehicle, Driver and Operator Licences following a conviction / caution and the ongoing suitability of Licence Holders

If an applicant has been convicted of a criminal or motoring offence within the time periods specified below the Council will normally refuse an application. These offences will also be used to consider the ongoing suitability of existing licence holders. In the following list the term 'applicant' and 'application' refers to both new applicants for a licence and to existing licences and licence holders.

Motoring offences

Hackney carriage and private hire drivers are professional drivers charged with the responsibility of carrying the public. It is accepted that offences can be committed unintentionally, and a single occurrence of a minor traffic offence would not prohibit the granting of a licence. However, applicants with multiple motoring convictions may indicate that an applicant does not exhibit the behaviours of a safe road user and one that is suitable to drive professionally.

Minor traffic offences or vehicle related offence

This is an offence which does not involve loss of life, driving under the influence of drink or drugs, driving whilst using a mobile phone and has not resulted in injury to any person or damage to any property including vehicles.

Where an applicant has 7 or more points on their DVLA driving licence for minor traffic or similar offences, a licence will not be granted until at least five years have elapsed since the completion of any sentence imposed.

Where an applicant has 6 points on their DVLA driving licence for minor traffic or similar offences, they will be required to undertake a driver improvement scheme at their own expense. The Licensing Authority hold a list of current providers of the driving improvement scheme.

Major traffic offence or vehicle related offence

This is one which is not covered above and any offence which resulted in injury to any person or damage to any property including vehicles. It also involves driving without insurance or any offence connected with motor insurance.

All major traffic offences (unless specified below) - a licence will not be granted until at least seven years have elapsed since the conviction or completion of any sentence or driving ban imposed, whichever is the later.

Using a mobile phone while driving a motor vehicle - a licence will not be granted until at least five years have elapsed since the conviction or completion of any sentence or driving ban imposed, whichever is the later.

Drink driving / driving under the influence of drugs - a licence will not be granted until at least seven years have elapsed since the completion of any sentence or driving ban imposed. In the case of driving under the influence of drugs, any applicant may also have to undergo drugs testing at their own expense to demonstrate that they are not using controlled drugs.

Crimes / motoring offences resulting in death

Where an applicant has been convicted of a crime which resulted in the death of another person or was intended to cause the death or serious injury of another person they will not be licensed.

Exploitation

Where an applicant has been convicted of a crime involving, related to, or has any connection with abuse, exploitation, use or treatment of another individual irrespective of whether the victim or victims were adults or children, they will not be licensed. This includes slavery, child sexual abuse, exploitation, grooming, psychological, emotional or financial abuse, but this is not an exhaustive list.

Offences involving violence against the person

Where an applicant has a conviction for an offence of violence against the person, or connected with any offence of violence, a licence will not be granted until at least 10 years have elapsed since the completion of any sentence imposed.

Possession of a weapon

Where an applicant has a conviction for possession of a weapon or any other weapon related offence, a licence will not be granted until at least seven years have elapsed since the completion of any sentence imposed.

Sexual offences

Where an applicant has a conviction for any offence involving or connected with illegal sexual activity, a licence will not be granted.

In addition to the above, the Licensing Authority will not grant a licence to any applicant who is currently on the Sex Offenders Register or on any barred list.

Dishonesty

Where an applicant has a conviction for any offence where dishonesty is an element of the offence including:

- a) Theft
- b) Burglary
- c) Fraud
- d) Benefit fraud (including offences under ss.111A and 112 of the Social Security Administration Act 1992)
- e) Handling or receiving stolen goods

- f) Forgery
- g) Conspiracy to defraud
- h) Obtaining money or property by deception
- i) Other deception
- j) Failing to declare convictions etc. on application
- k) Failure to notify the Licensing Authority of a revocation or refusal by another Licensing Authority
- l) Or similar offences or offences which replace the above offences

A failure by a licence holder to disclose an arrest that the Licensing Authority is subsequently advised of might be behaviour that questions honesty and therefore the suitability of the licence holder regardless of the outcome of the initial allegation.

A licence will not be granted until at least seven years have elapsed since the completion of any sentence imposed.

Drugs

Where an applicant has any conviction for, or related to, the supply of drugs, or possession with intent to supply or connected with possession with intent to supply, a licence will not be granted until at least 10 years have elapsed since the completion of any sentence imposed.

Where an applicant has a conviction for possession of drugs, or related to the possession of drugs, a licence will not be granted until at least five years have elapsed since the completion of any sentence imposed. In these circumstances, any applicant may also have to undergo drugs testing for a period at their own expense to demonstrate that they are not using controlled drugs.

Discrimination

Where an applicant has a conviction involving or connected with discrimination in any form, a licence will not be granted until at least seven years have elapsed since the completion of any sentence imposed.

Hackney carriage and private hire offences

Where an applicant has a conviction for an offence concerned with or connected to hackney carriage or private hire activity (excluding vehicle use), a licence will not be granted until at least seven years have elapsed since the completion of any sentence imposed.

Vehicle use offences

Where an applicant has a conviction for any offence which involved the use of a vehicle (including hackney carriage or private hire vehicles), a licence will not be

granted until at least seven years have elapsed since the completion of any sentence imposed.

Note for our Legal Colleagues – Can you explain the difference between the 2 points highlighted above? This comes from the IOL Guidance. Also, about 3.14 and 3.15 of the National Standards relating to existing licensed drivers

However, should the council consider there to be exceptional circumstances which means that, based on the balance of probabilities they consider an individual named on a barred list to be 'fit and proper', the reasons for reaching this conclusion should be recorded.

1. Other Relevant Factors

The Council may **consider** any other matter or matters that may affect whether an applicant or licence holder is a fit and proper person, such factors include but are not limited to:

- a) Convictions/Cautions for any other offence not listed above

~~Where the holder of a licence to drive a hackney carriage or private hire vehicle (or a joint driver) discloses to the Council that they have a medical condition which affects their compliance with the DVLA Group II standard the Licensing Enforcement Team Leader will suspend their licence until such time as a valid medical certificate, together with any supporting documents, which show the DVLA Group II standard is met, has been received. Appendix 7: Enforcement Procedures and Escalation

This appendix has been produced to provide details and guidelines on the processes which may be used by Licensing Services in support of the main policy when dealing with **individuals / operators which raise concerns over whether they remain fit and proper to hold a licence.**

1. Enforcement Aims

The aim of any sanctions and penalties is to:

- a) Change the behaviour of an offender
- b) Eliminate financial gain or benefit from non-compliance
- c) Be proportionate to the nature of the offence, past history of the offender
- d) Act to deter future non-compliance

Verbal/written advice and warnings

In all cases licence holders will be interviewed by a Licensing Enforcement Officer.

Licensing services can, at any time, issue warnings based on the various options below:

Written Warnings – This option may be considered for **a single** breaches of conditions or isolated or non- serious incidents of questionable conduct observed by officers, police or members of the public. A copy of the warning will be recorded and held on the **licence holders record**; the warning **will remain on record for the lifetime of the licence and** may be referred to in any future enforcement actions including referrals to the Licensing Committee.

~~**Final Written Warning**— This option may be considered for subsequent breaches of conditions or further incidents of non-serious questionable conduct observed by officers, police or members of the public. A copy of the final written warning will remain of file for the lifetime of the licence and will be referred to in any future enforcement actions including referrals to the Licensing Committee.~~

Committee Referral / Officer Revocation – This option will be considered for repeated breaches of conditions or questionable conduct. This option will also be considered for the most serious breaches of conditions and conduct raising significant concern. Previous warnings may be referred to following referrals to the Licensing Committee.

1.1. Committee Referrals / Officer Revocations

The review of a licence by the Councils Licensing Committee will be sought following persistent breaches of conditions or poor conduct, similarly a review will be sought in response to the most serious breaches and poorest conduct.

Officer revocation may take place if it appears that the interests of public safety require the immediate revocation of the licence. This approach is appropriate where the licensing authority believes that, based on the information available at that time, on the balance of probability it is considered that the driver presents a risk to public safety. New evidence may, of course, become available later. If, for example, the allegations against a licence holder were now, on the balance of probability, considered to be unfounded, or their fitness to drive was proven satisfactory an expedited re-licensing process will be used. We will operate a Fast-Track application process for licence reinstatement (if appropriate) following an officer revocation in such cases.

On referral to the Licensing Committee elected members will have the following options:

- a) To take no further action
- b) To issue a written warning
- c) To suspend a licence for example:
 - to require a driver to sit/resit the Councils knowledge and locality test(s)
 - to require a driver to undertake training in a subject appropriate to the reason(s) for their referral
- ~~d) To suspend a licence to drive hackney carriages, private hire vehicles or (joint driver)~~
- e) To revoke any of the following licences:
 - hackney carriage and private hire driver
 - private hire operator
 - hackney carriage or private hire vehicle

We will exercise our regulatory activities in a way which is:

Proportionate – our activities will reflect the level of risk to the public and enforcement action taken will relate to the seriousness of the offence.

Accountable – our activities will be open to public scrutiny, with clear and accessible policies, and fair and efficient complaints procedures.

Consistent – our advice to those we regulate will be robust and reliable and we will respect advice provided by others. Where circumstances are similar, we will endeavour to act in similar ways to other local authorities.

Transparent – we will ensure that those we regulate are able to understand what is expected of them and what they can anticipate in return, and

Targeted – we will focus our resources on higher risk enterprises and activities, reflecting local need and national priorities.

3. On request of an officer of the council or a police officer the licence holder shall ensure that the CCTV system is made available within a reasonable time and in any event within 7 days of the request.
4. The licence holder shall take all reasonable steps to ensure that any driver of the vehicle is aware of the conditions relating to CCTV and that adequate instruction has been given in both the operation of the system and retrieving images.

6. The licence holder shall take all reasonable steps to ensure that no other person keeps uses or attempts to use any equipment to access the data and images stored on the system.
