Promoting the Rights of Children and Young People

# Don't talk to strangers?

Promoting the Rights of Children and Young People

“Who are you to go to if you are at home and you don’t feel safe? Home is meant to be our safe spot and if that is taken away then the child or young person may be at risk of being in danger physically or emotionally and mentally.”

Promoting the Rights of Children and Young People

What about young people who are not in Care, do they know who to go to if they don't feel safe at home?
