Hello Josephine

I think that it is not a good idea to reinstate the bridal path for one there quite a few hidden sink holes hidden watercourses.

The route is not safe for horses as a lot of the bank has washed away and I round sheep up on a trials bike and it is just wide enough for the bike and a horse and rider would not be able to go down the bank as it is too dangerous.

Your sincerely

[REDACTED]

Dear Josephine

Following the Stanhope Parish Council meeting I have been asked to send the comments from the councillors.

The councillors wish to object to all three applications that have been sent.

Concerns are raised about 4x4 vehicles and motorbikes also using these possible routes.

If the fields have cows and young calves in it can be dangerous as cows are very protective and there have been many cases where peoples lives have been lost.

Gates could be left open or accidentally left open causing much work for the landowner/farmer sorting stock out.

Have the routes actually been walked as some of the ground is unsuitable for horses.

The ground behind Pinfold Farm, St Johns Chapel has a beck to cross with a deep gutter so is very unsuitable.

The councillors do not see the point of advertising new routes when there are plenty of existing routes that need maintaining.

Kind regards

[REDACTED]
Clerk to the Parish Council
