- 2 The Health Act 2009 requires NHS Foundation Trusts to publish an annual Quality Account report. The purpose of the report is for each trust to assess quality across all of the healthcare services they offer by reporting information on that performance and identifying priorities for improvement during the forthcoming year together with how they will be achieved and measured.
- 3 Overview and scrutiny plays an important role in providing assurance against Quality Account reports and gives local authority councillors an opportunity to comment on associated healthcare issues that they are involved in locally and have engaged with Trusts during the course of their activities over the year. Local authority health scrutiny guidance also suggests that OSCs may also wish to comment on how well

providers have engaged with patients and the public and also how well they have promoted the Quality Account.

- 4 Representatives of North East Ambulance Services NHS Foundation Trust, County Durham and Darlington NHS Foundation Trust and Tees, Esk and Wear Valleys NHS Foundation Trust will be in attendance to present their respective draft Quality Account, which will include information on performance against the 2022/23 priorities and also the proposed priorities for 2023/24.

Background

- 7 The Health Act 2009 requires NHS Foundation Trusts to publish an annual Quality Account report. The purpose of the Quality Account report is for each of the Trusts to assess quality across all of the healthcare services they offer by reporting information on 2022/23 performance and identifying priorities for improvement during the forthcoming year and how they will be achieved and measured.
- 8 Overview and Scrutiny plays an important role in the development and providing assurance of Quality Account reports. Regulation 10 of the Health Act 2009 requires the NHS Trusts to send a copy of their report to be considered by the appropriate Overview and Scrutiny Committee within 30 days beginning with 1 April at the end of the reporting period.
- 9 Department of Health Guidance states that OSCs are ideally placed to ensure that a provider's Quality Account reflects the local priorities and concerns voiced by their constituents.
- 10 Quality Accounts aim to encourage local quality improvements, and OSCs can add to the process and provide further assurance by providing comments on the issues they are involved in locally and have engaged with providers during the course of their activities during the year.
