Subject: Hardwick Hall Hotel / Hardwick Live - variation applications - LSC 22nd June
GTE:00095000002347

Hi Yvonne,

Again sorry to add information at the last minute, however felt some commentary on the changes to the above appropriate.

The applicant has implemented changes to the above at my request to clarify some elements, these amendments are listed below:

Hardwick live NMP- Amendments to section 1 to make mention of the applied for 3 days and to remove a stated year to make it a constant document rather than annual submission.

Hardwick Hall NMP- addition of 1.1.2 which makes reference to the relevant guidance, 1.1.3 which makes mention of where the data used came from and directs readers to appendix. 3.1.3 reference to noise assessment table 1: Marquee wedding section, clarification for louder wedding types which might fall into the 9 events. Addition of appendix A: Provides relevant excerpts from a noise assessment demonstrating how noise threshold values obtained and checked.

To clarify the above are minor changes to add further information and clarify only. They do not change the meaning or requirements of the NMP and have been implemented at my request.

As advised in my previous comments I consider the NMP to be appropriate and fit for purpose.

regards

Mark Anslow
