Appendix 1: Implications

Legal Implications

The case of Daniel Thwaites Plc v Wirral Borough Magistrates' Court (Case No: CO/5533/2006) at the High Court of Justice Queen's Bench Division Administrative Court on 6 May 2008, [2008] EWHC 838 (Admin), 2008 WL 1968943, Before the Honourable Mrs Justice Black.

In this case it was summed up that:

A licensing authority must have regard to guidance issued by the Secretary of State under section 182. Licensing authorities may depart from it if they have reason to do so but will need to give full reasons for their actions.

Furthermore the Thwaites case established that only conditions should be attached to a licence with a view to promoting the Licensing objectives and that 'real evidence' must be presented to support the reason for imposing these conditions.

This judgement is further supported in the case of The Queen on the Application of Bristol Council v Bristol Magistrates' Court, CO/6920/2008 High Court of Justice Queen's Bench Division the Administrative Court, 24 February 2009, [2009] EWHC 625 (Admin) 2009 WL648859 in which it was said:

'Licensing authorities should only impose conditions which are necessary and proportionate for the promotion for licensing objectives'.

In addition to this, it was stated that any condition attached to the licence should be an enforceable condition.

Consultation

The premises licence application was subject to a 28-day consultation in accordance with the Licensing Act 2003 and its regulations.

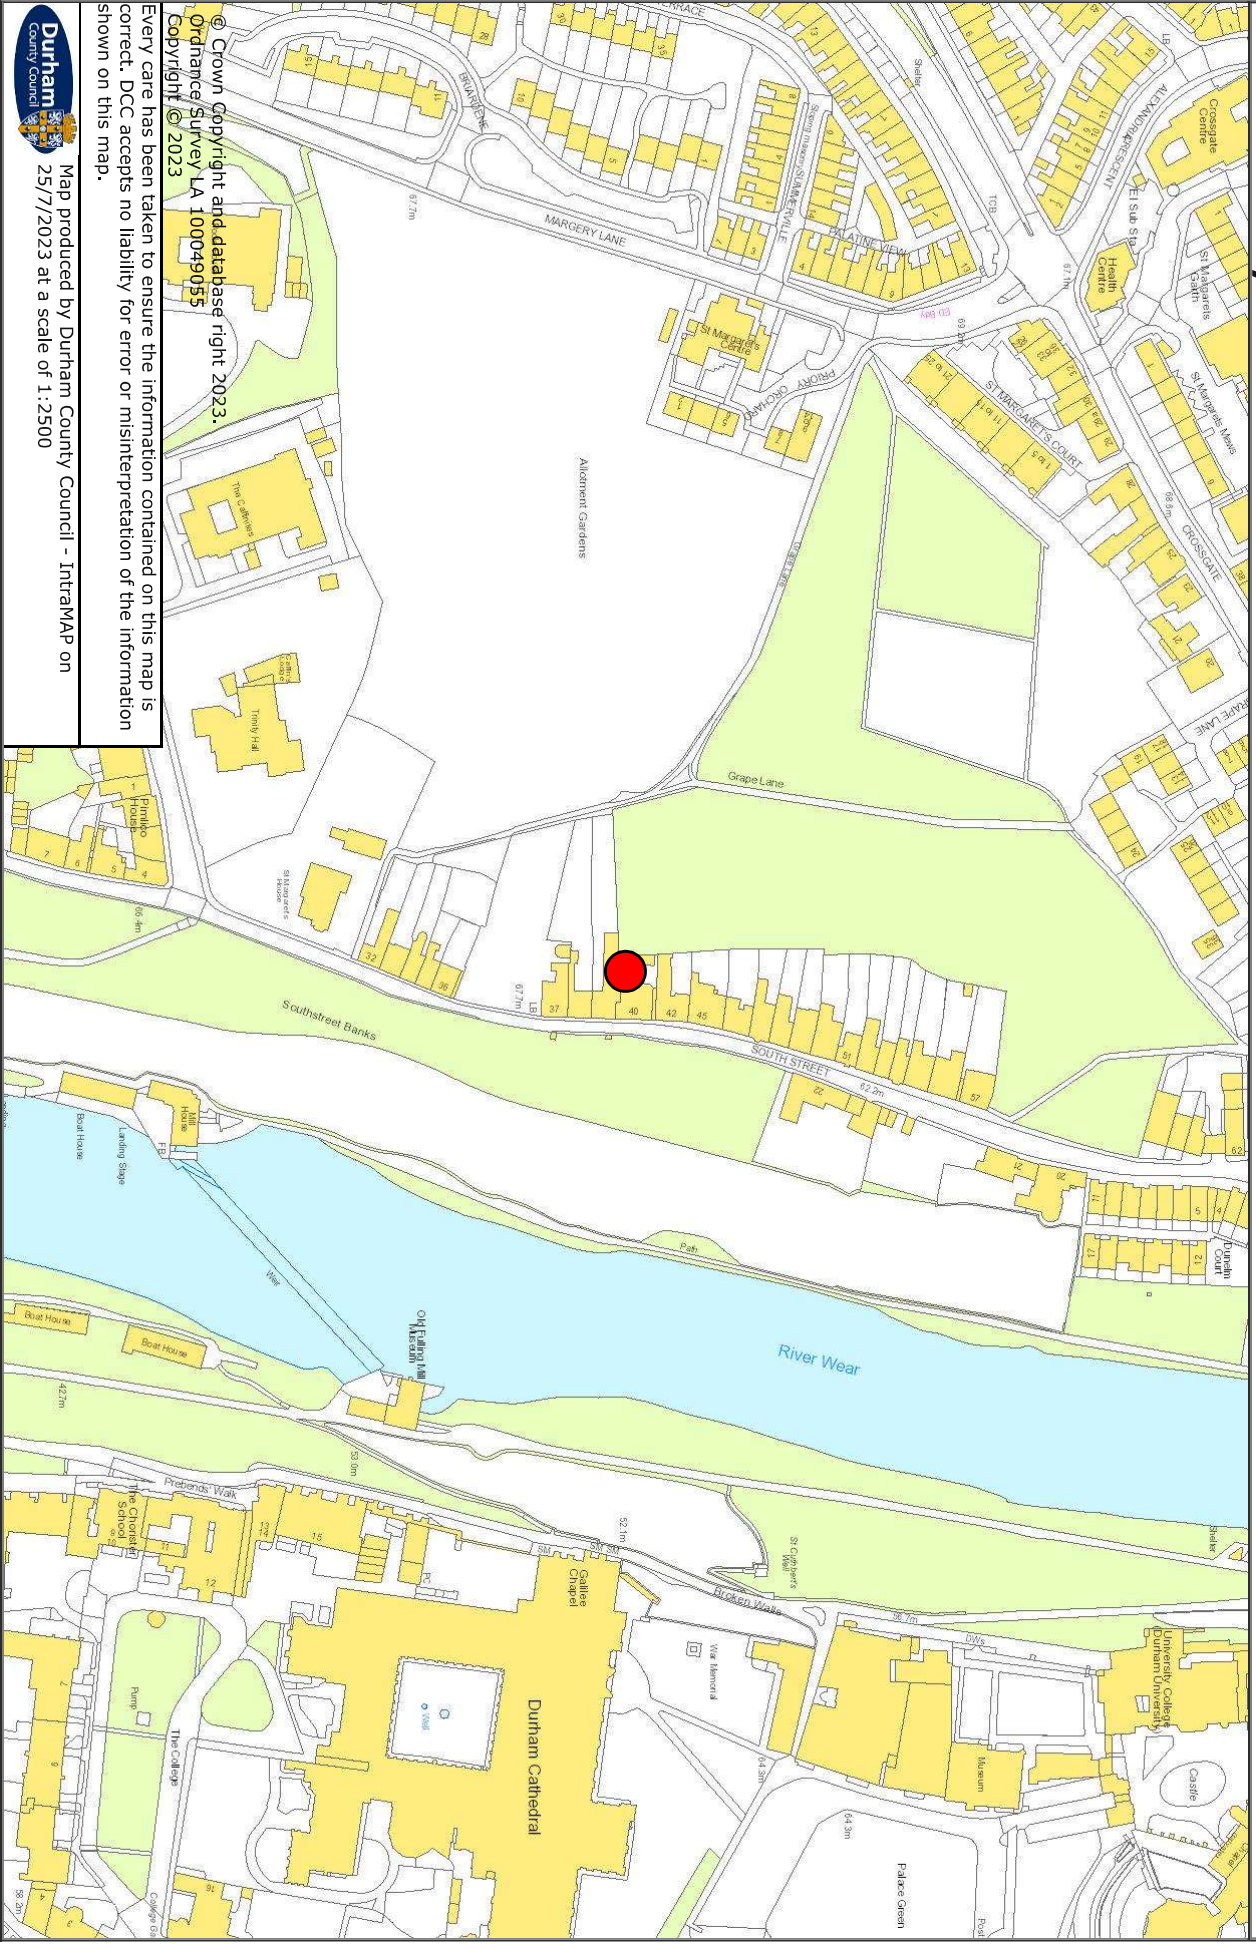

The Responsible Authorities were consulted on the application.

The notice of application was displayed on the premises for a period of 28 days.

Notice of the application was published in a newspaper which was circulated within the vicinity of the premises.

In addition, details of the application were available to view on the Council's website throughout the 28 day consultation period.

NOTES ON DEMONSTRATING ENTITLEMENT TO WORK IN THE UK

Continued from previous page...

Entitlement to work/immigration status for individual applicants and applications from partnerships which are not limited liability partnerships:

A licence may not be held by an individual or an individual in a partnership who is resident in the UK who:

Applicants must demonstrate that they have an entitlement to work in the UK and are not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity. They do this in one of two ways: 1) by providing with this application copies or scanned copies of the documents listed below (which do not need to be certified), or 2) by providing their 'share code' to enable the licensing authority to carry out a check using the Home Office online right to work checking service (see below).

Documents which demonstrate entitlement to work in the UK

- (ii) any page containing the holder's photograph;
- (iii) any page containing the holder's signature;
- (iv) any page containing the date of expiry; and
- (v) any page containing information indicating the holder has permission to enter or remain in the UK and is permitted to work.

Continued from previous page...

If the document is not a passport, a copy of the whole document should be provided.

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

Home Office online right to work checking service

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to-work>) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.

To the Licensing Services

re. 40 Winks, 40 South Street, Durham City, DH1 4QP (Boutique Hotel)

I am writing to very strongly object to an alcohol licence being granted to 40 South Street.

(A converted dwelling in a residential street - South Street Durham City.)

I do not see any good coming from alcohol being sold on the premises and only more problems, re., noise litter and general disturbance.

South Street is a unique, historic series of private houses, and is the last remaining private residential dwelling street in Durham City Centre - World Heritage Site.

The premises in question has no street parking on its frontage and already creates extra hazards due to the lack of enough parking for rate paying residents, in a metered and very narrow cobbled one way steep street.

The area will be downgraded by visitors coming to the premises in order to buy and consume alcohol. Surely if the '40 Winks B & B *guests*' require alcohol they can easily bring their own to drink.

Durham City already has very many alcohol drinking establishments to choose from, creating noise and policing problems.

I believe the cumulative policy needs to be upheld for the good of the area.

City Resident

Subject: New Premises Application - 40 Winks, 40 South Street, Durham, DH1 4QP

Dear Colleagues,

I represent the County Durham Public Health which is a responsible authority under the licensing act. I have received a copy of the application for a premises licence at 40 Winks, 40 South Street, Durham, DH1 4QP

Public Health believes the applicant approaches this application as a responsible licensee and we will be writing to them to consider implementing the following actions:

On-license

- Ensuring free (tap) water is available and the offer is visible to customers. There is a mandatory condition on all on-licences to provide free water on request to customers, we would like to see this as a visible offer.
- Chief Medical Officer (CMO) guidance on alcohol related health is displayed in at least one prominent point per floor, in the premises. (We will supply the information in a A4 / A5 poster).
- Unit information (and calorie data if available) is displayed on any drink menu available (effective from the next reprint of menu).
- Any food or drink vending offer on the premises to include competitively priced healthy options.

Restaurants or food offer in on-license premises

- Menu to display calories per portion information for all food offers (effective from the next reprint of menu).
- Menu to offer at least one clear and stated, 'healthy option' and to be priced competitively.
- Menu to display recommended daily calorie limits for adults (For women the recommended limit is 2,000 calories a day from food and drink, men should aim for 2,500 calories to maintain a healthy weight).
- Menu to display food allergen information and comply with food labelling guidance (www.gov.uk/food-labelling-and-packaging)
- Menu to offer smaller / half portions (this doesn't have to be half price)
- Salt and pepper (& other condiments) available upon request rather than always on the table.

These suggestions are based on local consultation with partners and Public Health England in an effort to raise the health intelligence of individuals and to contribute to the health of our communities and to reduce the impact of alcohol health harms. All suggested actions are included in the County Durham Statement of Licensing Policy 2019/24.

Mr Samuel Harper,

Dear Mr Harper,

Re: Application for a New Premises Licence – 40 Winks

I represent the Durham Safeguarding Children Partnership (DSCP) which is a responsible authority under the Licensing Act. I have received a copy of your application for a premises licence for 40 Winks.

I welcome your proposal for verification of age.

Having considered the steps you have recorded to promote the licensing objectives, in particular the protection of children, I consider that the steps require more clarity or there are some matters which I consider are absent.

The steps I consider should be included are identified in the proposed wording below:

- **Maintain a refusals register** – where a sale of alcohol is refused if a person appears intoxicated or appears to be under 18, a refusal register / log to be updated. The register to be made available to the police on request.
- **Training of staff** – all staff responsible for selling age restricted goods to be trained to implement the age verification policy. Staff training to include the risk from proxy sales. Training records for staff to be maintained and refresher training to be provided annually. The purpose of this letter is for you to consider these suggestions.

Next Steps – You need to consider the representations I have made. If you are happy for the recommendations to be included in your application please confirm this by replying to the Licensing Section

The Durham Safeguarding Children Partnership are concerned about the availability of alcohol to children and encourage licensees to work with us in introducing steps, like those above in an attempt to safeguard children. I consider these steps are proportionate and have proven to be successful when implemented in similar applications. Once these recommendations are in your application, the matter will be deemed resolved and your application would be progressed.

Regards

Appendix 7: Statement of Licensing Policy

7.1 The Prevention of Crime and Disorder - Licensed premises, especially those offering late night / early morning entertainment, alcohol and refreshment can, if not properly managed, become a source of public nuisance, generating crime and disorder problems. **The council expects** all licensed premises to be properly managed at all times to prevent this from happening and will focus attention on standards of management practice at licensed premises when carrying out its administrative and enforcement functions.

The council encourages, and will look positively on, the provision by licensees of comprehensive and documented staff training. Documented staff training conducted in respect of:

- Preventing underage sales
- Minimising drunkenness
- Managing and resolving conflict
- Emergency procedures
- Compliance with the licence conditions
- Relevant obligations and offences under the Licensing Act, particularly those associated with the sale of alcohol
- Identification and refusal of underage sales
- Use of accredited training courses and recognised industry qualifications (e.g. BII)

The council expects every holder of a premises licence, club premises certificate or temporary event notice to be responsible for minimising the impact of crime, disorder and anti-social behaviour by their patrons both on and within the immediate vicinity of their premises, including for example on the pavement, in a beer garden, a marquee, in a smoking shelter etc.

The **council expects** all applicants to demonstrate, in their operating schedules, that suitable and sufficient measures, ranging from the design and layout of the premises through to the daily operation of the business, have been identified and will be implemented and maintained with the intention of preventing crime and disorder.

The council recommends that procedures to deal with drunken customers, violence and anti-social behaviour, in and outside premises, and the provision of closed-circuit television in certain premises should be considered by applicants, licencees and event organisers when addressing this issue.

The council encourages personal licence holders to actively participate in established "Pubwatch" schemes, where issues relating to crime and disorder can be addressed. **The council encourages** involvement in the "Best Bar None" initiative which enables premises to demonstrate good safe operating procedures. Such schemes have been very successful in reducing the negative impact of alcohol across a range of circumstances.

The council recognises and promotes effective and responsible management of all licensed and authorised premises through competent, efficient and regular instruction, recorded training, supervision of staff and the adoption of good practice,

such as 'Challenge 25'. These are amongst the most important control measures for the achievement of all Licensing Objectives.

The council will take a positive view of anyone who invests in appropriate training, and nationally accredited qualifications tailored to the licensing sector. Training records should be kept available for inspection by relevant enforcement agencies as a matter of good practice.

It is important that qualified and competent people are present who can discuss any problems or matters of concern arising from the licensable activities at or near to the premises with officers from DCC Licensing Services and Police.

The council also considers it to be good practice if the DPS or premises licence holder is present in the licensed area of the premises:

- Between 22:00 hours and closing time, when the premises is one that regularly opens after midnight for both regulated entertainment and the sale or supply of alcohol for consumption on the premises
- At all times when the premises are a "vertical drinking establishment" where little or no seating is provided
- At times where there is a substantial increase in customers i.e. for televised major sporting events etc.

Maximum occupancy: When its discretion is invoked, the council will only impose a maximum number of people that can attend premises or an event where there is a clear and justifiable need in respect of that premises or event. Any such decision will be based on the nature and style of the operation.

The council will consider information provided by the applicant and any other body (the Council's Building Control Section, Environmental Health Section and the Durham and Darlington Fire and Rescue Service) before setting a maximum number. Applicants will be expected to detail the arrangements that would be put in place e.g. provision of door staff to ensure that the permitted number of people attending the premises or event will not be exceeded.

Security: Whenever security operatives/door supervisors are employed at licensed premises to carry out security functions they must be licensed by the Security Industry Authority (SIA). If a licensee directly employs security operatives, they will need to be licensed by the SIA as a supervisor/manager. The numbers of licensed door supervisors, both male and female, required at any premises will be dependent upon the nature of the activities licensed and the characteristics and capacity of the establishment as well as the hours of trading.

Toughened/Safety Glass: Licensed venues that provide the sale or supply of alcohol for consumption on the premises should consider the introduction of toughened/safety glass. This policy expectation applies especially to any premises associated with a higher risk for potential crime and disorder. This will be particularly

relevant for high-volume vertical drinking establishments and those premises open beyond midnight in areas where there is a high concentration of venues.

The council and several of its partners have signed a collective new pledge as part of an ongoing campaign to eradicate single use plastics. The agreement commits all signatories to significantly reduce, and work towards ultimately removing, the use of unnecessary single use plastics from their operations. If alternatives to normal glass are used, the use of suitable alternatives, including non-single use plastics, is encouraged.

Drugs/Knives/Weapons: The council will expect licensees to take all reasonable steps to prevent the presence of drugs on licensed premises and to take appropriate steps to prevent drugs changing hands or consumed within the premises to prevent tragedies and harm because of drug misuse.

The council will expect licensees to be familiar with the Home Office Drug Strategy booklet entitled Safer Clubbing (ISBN 1840827807) or other subsequent editions. The council also expects that licence holders will also take steps to prevent the presence of knives and other weapons on their premises and that a log be kept of all drug, knife and weapon incidents. Licence holders should also consider arranging training for their staff on drugs, knives and weapons and to have policies for dealing with the possession of drugs, knives and weapons and the supply of drugs.

In addition to the information provided above, **Table 1 in Appendix VI** provides recommendations, suggestions and examples for how to prevent the specific crime/disorder outlined. This table is not exhaustive, and every applicant must consider the specific situation, location and circumstances associated with their premises, activities, clientele and workforce when identifying hazards, assessing risks and identifying controls.

7.3 Prevention of Public Nuisance - Licensed premises, especially those operating late at night and in the early hours of the morning, can cause a range of nuisances impacting on people living, working or sleeping near the premises.

The concerns relate, amongst other things, to litter, light pollution, noxious odours and noise nuisance resulting from music, human voices, ventilation equipment and vehicles. The **council will expect** applicants to demonstrate that suitable and sufficient measures have been identified, and will be implemented and maintained, with the intention of preventing public nuisance relevant to the individual style, location and characteristics of the premises and events.

If an external structure or area is to be used by customers, whether for consumption of alcohol or for smoking, the **applicant will be expected** to offer measures designed to minimise its impact on residents in respect of both public nuisance and crime and disorder. These measures may include a restriction on hours that areas / structures will be used or appropriate signage requesting customers to consider residents and monitoring of such areas by staff.

The placement of tables and chairs outside of licensed premises may give rise to public nuisance including noise and litter. When tables and chairs are situated on the public highway, relevant authorisations will often be required from the Highways Authority. Enquiries concerning such consents should be made to the Council's Highway's Section (see Appendix III). In predominantly commercial areas, such as shopping centres, the use of tables and chairs outside may be allowed however, the **council will normally expect** them to be removed before the premises close, and any resulting litter/debris cleared away.

Applicants should consider reducing potential noise nuisance by, for example (this list is not exhaustive):

- Assessment of likely noise levels in the premises
- Assessment of likely noise levels if outdoor drinking is allowed
- The sound insulation the building would provide (e.g. double glazing, double doors / lobbies to entrances, windows used for ventilation)
- The distance and direction to the nearest noise sensitive premises.
- Likely noise sources outside of the premises (e.g. emptying bottle bins, taxis, unruly customers leaving the premises)
- Dispersal of patrons – where necessary the council will expect a dispersal policy for patrons at the end of the evening. The policy will specify such issues as alterations to the style and volume of music played, public address announcements and use of appropriate signage at exits
- Ways to limit noise / disorder from patrons leaving the premises

The extent to which the above matters will need to be addressed will be dependent on the nature of the area where the premises are situated, the type of premises concerned, the licensable activities to be provided, operational procedures and the needs of the local community.

Applicants are advised to seek advice from Durham County Council's Environmental Health team and incorporate any recommendations in their operating schedule before submitting their applications.

Takeaways and fast-food outlets - The council expects takeaways and late-night refreshment premises to take reasonable steps in clearing litter from outside their premises and along the pavement in either direction as necessary, whilst the premises are open and at the end of the working day. These premises should maintain clean, dirt or grease free frontages. Such premises should also display notices advising customers of the location of bins and patrons should be encouraged to use the bins made available.

Important note: The council considers that it will be inappropriate to grant a premises licence permitting the sale of alcohol at premises which are principally used for selling hot food for consumption off the premises (“takeaway” premises).

Takeaway premises are often open late at night and in the early hours of the morning. They can be associated with disorder as people under the influence of alcohol may congregate outside takeaways after leaving or in some cases having been ejected from late-night licensed premises.

Takeaways operate within the night time economy but without the same framework around them, e.g. pubwatch, use of security staff etc. In addition, alcohol sold from takeaways could readily be consumed in public spaces and may not be subject to the same controls associated with other types of licensed premises.

From a health perspective, obesity levels are rising nationally and locally; without action the health of the population will continue to suffer. Responsible licensees can support the ‘Working toward a healthy weight in County Durham’ goals and the council would see the following steps as a contribution to reducing health harms and health inequalities:

- Menu to display calories per portion information for all food offers.
- Menu to offer at least one clear and stated, 'healthy option' and to be priced competitively.
- Menu to display recommended daily calorie limits for adults (For women the recommended limit is 2,000 calories a day for men it's 2,500).
- Menu to offer smaller / half portions.
- Salt and pepper available upon request rather than always on the table

In addition to the information provided above, **Table 3 in Appendix IV** provides recommendations, suggestions and examples of how to prevent the specific nuisance type outlined. This table is not exhaustive, and every applicant must consider the specific situation, location and circumstances associated with their premises, activities, clientele and workforce when identifying hazards, assessing risks and identifying controls.

Appendix 8: Section 182 Guidance

Crime and disorder

- 2.1 Licensing authorities should look to the police as the main source of advice on crime and disorder. They should also seek to involve the local Community Safety Partnership (CSP).
- 2.2 In the exercise of their functions, licensing authorities should seek to co-operate with the Security Industry Authority (“SIA”) as far as possible and consider adding relevant conditions to licences where appropriate. The SIA also plays an important role in preventing crime and disorder by ensuring that door supervisors are properly licensed and, in partnership with police and other agencies, that security companies are not being used as fronts for serious and organised criminal activity. This may include making specific enquiries or visiting premises through intelligence led operations in conjunction with the police, local authorities and other partner agencies. Similarly, the provision of requirements for door supervision may be appropriate to ensure that people who are drunk, drug dealers or people carrying firearms do not enter the premises and ensuring that the police are kept informed.
- 2.3 Conditions should be targeted on deterrence and preventing crime and disorder including the prevention of illegal working in licensed premises (see paragraph 10.10). For example, where there is good reason to suppose that disorder may take place, the presence of closed-circuit television (CCTV) cameras both inside and immediately outside the premises can actively deter disorder, nuisance, anti-social behaviour and crime generally. Some licence holders may wish to have cameras on their premises for the prevention of crime directed against the business itself, its staff, or its customers. But any condition may require a broader approach, and it may be appropriate to ensure that the precise location of cameras is set out on plans to ensure that certain areas are properly covered and there is no subsequent dispute over the terms of the condition.
- 2.4 The inclusion of radio links and ring-round phone systems should be considered an appropriate condition for public houses, bars and nightclubs operating in city and town centre leisure areas with a high density of licensed premises. These systems allow managers of licensed premises to communicate instantly with the police and facilitate a rapid response to any disorder which may be endangering the customers and staff on the premises.
- 2.5 Conditions relating to the management competency of designated premises supervisors should not normally be attached to premises licences. It will normally be the responsibility of the premises licence holder as an employer, and not the licensing authority, to ensure that the managers appointed at the premises are competent and appropriately trained. The designated premises supervisor is the key person who will usually be responsible for the day to day management of the premises by the premises licence holder, including the prevention of disorder. A condition of this kind may only be justified as appropriate in rare circumstances where it can be demonstrated that, in the circumstances associated with particular premises, poor management competency could give rise to issues of crime and disorder and public safety.

2.6 The prevention of crime includes the prevention of immigration crime including the prevention of illegal working in licensed premises. Licensing authorities should work with Home Office Immigration Enforcement, as well as the police, in respect of these matters. Licence conditions that are considered appropriate for the prevention of illegal working in licensed premises might include requiring a premises licence holder to undertake right to work checks on all staff employed at the licensed premises or requiring that evidence of a right to work check, either physical or digital (e.g. a copy of any document checked as part of a right to work check or a clear copy of the online right to work check) are retained at the licensed premises.

Public nuisance

- 2.15 The 2003 Act enables licensing authorities and responsible authorities, through representations, to consider what constitutes public nuisance and what is appropriate to prevent it in terms of conditions attached to specific premises licences and club premises certificates. It is therefore important that in considering the promotion of this licensing objective, licensing authorities and responsible authorities focus on the effect of the licensable activities at the specific premises on persons living and working (including those carrying on business) in the area around the premises which may be disproportionate and unreasonable. The issues will mainly concern noise nuisance, light pollution, noxious smells and litter.
- 2.16 Public nuisance is given a statutory meaning in many pieces of legislation. It is however not narrowly defined in the 2003 Act and retains its broad common law meaning. It may include in appropriate circumstances the reduction of the living and working amenity and environment of other persons living and working in the area of the licensed premises. Public nuisance may also arise as a result of the adverse effects of artificial light, dust, odour and insects or where its effect is prejudicial to health.
- 2.17 Conditions relating to noise nuisance will usually concern steps appropriate to control the levels of noise emanating from premises. This might be achieved by a simple measure such as ensuring that doors and windows are kept closed after a particular time, or persons are not permitted in garden areas of the premises after a certain time. More sophisticated measures like the installation of acoustic curtains or rubber speaker mounts to mitigate sound escape from the premises may be appropriate. However, conditions in relation to live or recorded music may not be enforceable in circumstances where the entertainment activity itself is not licensable (see chapter 16). Any conditions appropriate to promote the prevention of public nuisance should be tailored to the type, nature and characteristics of the specific premises and its licensable activities. Licensing authorities should avoid inappropriate or disproportionate measures that could deter events that are valuable to the community, such as live music. Noise limiters, for example, are expensive to purchase and install and are likely to be a considerable burden for smaller venues.
- 2.18 As with all conditions, those relating to noise nuisance may not be appropriate in certain circumstances where provisions in other legislation adequately protect those living in the area of the premises. But as stated earlier in this Guidance, the approach of licensing authorities and responsible authorities should be one of prevention and when their powers are engaged, licensing authorities should be aware of the fact that other legislation may not adequately cover concerns raised in relevant representations and additional conditions may be appropriate.
- 2.19 Where applications have given rise to representations, any appropriate conditions should normally focus on the most sensitive periods. For example, the most sensitive

period for people being disturbed by unreasonably loud music is at night and into the early morning when residents in adjacent properties may be attempting to go to sleep or are sleeping. This is why there is still a need for a licence for performances of live music between 11 pm and 8 am. In certain circumstances, conditions relating to noise emanating from the premises may also be appropriate to address any disturbance anticipated as customers enter and leave.

- 2.20 Measures to control light pollution will also require careful thought. Bright lighting outside premises which is considered appropriate to prevent crime and disorder may itself give rise to light pollution for some neighbours. Applicants, licensing authorities and responsible authorities will need to balance these issues.
- 2.21 Beyond the immediate area surrounding the premises, these are matters for the personal responsibility of individuals under the law. An individual who engages in anti-social behaviour is accountable in their own right. However, it would be perfectly reasonable for a licensing authority to impose a condition, following relevant representations, that requires the licence holder or club to place signs at the exits from the building encouraging patrons to be quiet until they leave the area, or that, if they wish to smoke, to do so at designated places on the premises instead of outside, and to respect the rights of people living nearby to a peaceful night.
