Hi Yvonne,

Thank you.

The first photo shows the traffic outside The Laurels just after 8am with 2 buses stopped at the bus stop opposite.

The second image shows the internal layout of the main room looking towards the inglenook fireplace where I think they plan to put the till, cigarettes and alcohol. This is a party wall to my house.

The third image shows the same room from a different angle, showing where the counter used to be.

Kind regards,  
F
