

# Corporate Risk Register – 31 August 2023

<u>Risk Reference</u>	<u>Risk Description</u>	<u>Risk Score</u>	<u>Residual Score</u>	<u>Status</u>	<u>Change to Risk Score</u>
ER218	Heightened terrorist threat in County Durham and Darlington increasing the risk to CDDFRS staff and communities. This also includes the organisation not being able to provide critical services to the community due to a major disruption.	<b>12</b> <b>L=3</b> <b>I=4</b>	<b>9</b> <b>L=3</b> <b>I=3</b>	<p>The score reflects the latest intelligence.</p> <p>The Chief Fire Officer and SLT members are embedded across the LRF. The lead National Incident Liaison Officer (NILO) provides updates to the Service on national counter terrorism issues. the Service is also involved in the counter terrorism strategy (CONTEST) and production of the counter terrorism local profile. Marauding terrorism attack (MTA) refresher training delivered each year for revalidation of competence.</p> <p>A Multi-agency tactical exercise took place on 1st Dec 2021 to test joint operational planning (JOPS2) and the Joint Emergency services Interoperability Programme (JESIP). A full debrief took place Dec 2021 and learning points will be actioned as appropriate.</p>	<b>NO CHANGE</b>

<u>Risk Reference</u>	<u>Risk Description</u>	<u>Risk Score</u>	<u>Residual Score</u>	<u>Status</u>	<u>Change to Risk Score</u>
ER224	Failure to respond effectively and provide services due to Industrial Action.	15 L=3 I=5	8 L=2 I=4	<p>No industrial action has been notified however the position regarding firefighters pay could escalate to industrial action in 2324 if an acceptable offer is not made. Future national uncertainties could also impact on this risk such as governance changes.</p> <p>The residual score reflects the fact that we have effective management of industrial relations and a communications strategy to all stakeholders together with a business continuity plan relating to industrial action.</p>	<b>REDUCED</b>

<u>Risk Reference</u>	<u>Risk Description</u>	<u>Risk Score</u>	<u>Residual Score</u>	<u>Status</u>	<u>Change to Risk Score</u>
RISK 39	Lack of Qualified emergency fire appliance drivers affecting availability of appliances.	<b>20</b> <b>L=5</b> <b>I=4</b>	<b>15</b> <b>L=5</b> <b>I=3</b>	The reintroduction of Crew Managers driving has mitigated this risk. Additional refresher EFAD (Emergency Fire Appliance Driving) training has also been delivered to increase resilience.	<b>NEW RISK</b>
FIN152	Failure to achieve the savings via the service transformation options outlined in the CRMP consultation leading to a greater budget deficit.	<b>20</b> <b>L=4</b> <b>I=5</b>	<b>12</b> <b>L=3</b> <b>I=4</b>	<p>To arrive at a balanced budget for 23/24 it was necessary to draw £0.571M from reserves which increase to £0.821M following the settlement of the firefighters pay award. The CRMP consultation included a proposal to ride with a crew of four on all fire appliances which was agreed and implemented on 01 July 2023. This reduces the in-year draw on reserves to £0.250M. The use of reserves to balance the budget is not sustainable on an on-going basis. If there is no increase in the level of government funding or the council tax referendum limit going forward, alternative methods of service delivery will need to be considered and agreed to balance the budget going forward.</p> <p>Several savings options have been developed to deal with any future shortfall in funding. These options have been discussed in detail with members at the Strategic Planning Days and further savings options are also being examined to assist in balancing the budget.</p>	<b>NO CHANGE</b>

<u>Risk Reference</u>	<u>Risk Description</u>	<u>Risk Score</u>	<u>Residual Score</u>	<u>Status</u>	<u>Change to Risk Score</u>
FIN153	The actual position relating to pay awards, inflation and grant cuts etc, turns out to be different to the assumptions underpinning the MTFP leading to a greater budget deficit.	<b>20</b> L=4 I=5	<b>16</b> L=4 I=4	<p>The MTFP assumptions are monitored and updated on an on-going basis.</p> <p>The MTFP is based upon increases in pay awards of 5% in 2023/24, 3% in 2024/24 and 2% thereafter. The MTFP deficit position could change dramatically if pay awards are agreed above this level.</p> <p>Whilst it is impossible to predict what might happen in the future, alternative MTFP scenarios have been modelled to illustrate the impact of changes to the assumptions.</p> <p>The situation regarding pay awards and inflation is monitored closely and any impact on the budget in the current year would normally be managed using contingencies and/or reserves. Members will be kept informed if further corrective action is required.</p>	<b>NO CHANGE</b>
<u>Risk Reference</u>	<u>Risk Description</u>	<u>Risk Score</u>	<u>Residual Score</u>	<u>Status</u>	<u>Change to Risk Score</u>

FIN 225	Insufficient government funding to meet capital programme requirements which could impact on the revenue budget leading to an increased MTFP deficit.	<b>12</b> <b>L=3</b> <b>I=4</b>	<b>9</b> <b>L=3</b> <b>I=3</b>	The Authority no longer receives government funding for capital expenditure which was previously £1.3M per annum. Provision is made in the revenue budget going forward to meet the impact of borrowing and/or direct funding. Recent increases in interest rates will add further pressure on the revenue budget from increased debt repayment costs.	<b>NO CHANGE</b>
FIN 08	Changes to public sector pension schemes could lead to higher employer and employee contributions; increased turnover of staff; difficulty in recruiting and retaining high calibre staff and a reduction in staff morale and productivity.	<b>20</b> <b>L=4</b> <b>I=5</b>	<b>16</b> <b>L=4</b> <b>I=4</b>	<p>The proposals to address age discrimination in the Firefighters pension schemes resulting from the McCloud Sargeant case could lead to a significant increase in the level of employers pension contributions and a range of staff retiring and accessing their pension earlier than anticipated. At the 16 February 2022 CFA meeting, members agreed to pause the processing of immediate detriment cases until the full extent of liabilities falling on the Authority are known. There is a risk that the Authority could be liable for the tax charges relating to individuals who have previously retired.</p> <p>The recruitment strategy includes options to bring in replacement staff quickly, if necessary, in order to maintain operational response.</p>	<b>NO CHANGE</b>
<b><u>Risk Reference</u></b>	<b><u>Risk Description</u></b>	<b><u>Risk Score</u></b>	<b><u>Residual Score</u></b>	<b><u>Status</u></b>	<b><u>Change to Risk Score</u></b>

SLT1/21	White Paper on fire services reform: Originally due to be published for consultation summer of 2021 but has been subject to delay. The implications of this document are not fully known but could involve significant change within the FRS including CDDFRS.	<b>16</b> <b>L=4</b> <b>I=4</b>	<b>12</b> <b>L=3</b> <b>I=4</b>	<p>The CFO is working on a national level with the NFCC and the SLT is working locally with the CFA and PCVC which will help to mitigate the potential impact of this risk. The White Paper has still not been published however we believe that it is now unlikely to mandate changes to governance arrangements.</p> <p>Close monitoring over the coming months will help the service understand more about the White Paper and potential impact which will allow for appropriate mitigating strategies and communications to be prepared in advance.</p>	<b>NO CHANGE</b>
ER 222	Significant number of empty and derelict buildings within the Authority area	<b>20</b> <b>L=4</b> <b>I=5</b>	<b>15</b> <b>L=3</b> <b>I=5</b>	<p>There are a significant number of empty and derelict buildings that are in poor condition and/or ineffectively secured which present a fire risk. The Service has collated a database of FRS known empty buildings to review hazards and produce Operational Risk Information (ORI) as required. The Service has representation at both the DCC and DBC Empty Building Working Groups.</p>	<b>NO CHANGE</b>
