## Durham County Council - Summary

**Location 1 – C16A, Delves Lane** – It is proposed to introduce a 40mph Buffer Zone at this location- which is deemed credible for the characteristics of the road. The aim of the scheme is to improve road safety and discourage speeding on the built-up area of Delves Lane.

### **Recommendation**

Officers recommend that the Committee resolves to set aside the objection and endorse the proposal, in principle, which will then guide the Corporate Director in the exercise of delegated decision making.

**Any questions?**
