29 January 2025

Fees and Charges 2025/26

## Joint Report of

**Alan Patrickson, Corporate Director of Neighbourhoods and Climate Change**

**Paul Darby, Corporate Director of Resources and Treasurer to the Joint Committee**

### **Electoral division(s) affected:**

Countywide

### **Purpose of the Report**

- 1 This report sets out details of the proposed fees and charges for the Central Durham Crematorium for 2025/26.

### **Executive summary**

- 2 In reviewing existing charges or setting new charges, inflationary pressures; the potential impact of competition in terms of price and quality; trends in demand; results of customer surveys; budget targets; cost structure implications; impact on other service areas; alternative more effective charging structures and proposals for targeted promotions etc need to be fully taken into consideration.
- 3 Members of the Joint Committee will recall that following Local Government Review in 2009 the fees and charges at the Central Durham Crematorium were harmonised with the charges at Mountsett Crematorium. The cremation fees and charges were increased in 2024/25 by £30 (3.77%), with a further mid-year increase of £50 (6.06%) from October 2024.

## **Recommendation(s)**

- 5 It is recommended that members of the Joint Committee note and approve the proposed fees and charges at Appendix 2 effective from 1 April 2025, which seeks to increase cremation charges by £50 (5.71%) per cremation from £875 to £925 (inclusive of £30 medical referee fee).
- 6 It is recommended that members of the Joint Committee give consideration to a mid-year increase in fees and charges, due to the widening gap between fees at Durham Crematorium and the average cremation fee across the region.
- 7 It is recommended that the proposed fees and charges are incorporated into the 2025/26 budget.

## **Fees and Charges 2025/26**

- 8 The inflationary and cost pressures facing the crematorium, along with the views of the Bereavement Services Manager with regards to the local market, customer impact from any proposed increase and benchmarking data on the charges levied in other neighbouring facilities, plus the fact that the crematorium has recently undertaken major redevelopments are key factors in considering any increases for 2025/26.
- 9 The projected number of cremations in 2024/25 is 2,333 which will be 100 less than the 2,433 cremations delivered in 2023/24, but 133 more than the budgeted position of 2,200. For 2025/26 budget setting purposes it has been assumed there will be 2,300 cremations next year. This is a prudent forecast.
- 10 The current 2025/26 fees and charges for crematoria across the region, including the average charges levied is attached at Appendix 3, which indicates an average cremation fee of £974 (inclusive of medical referees fees and environmental surcharge where appropriate). Increasing the current charges by £50 will mean that the overall cremation fee levied for the Central Durham Crematorium from 1 October 2025 to 31 March 2026 (inclusive of medical referee fees) will increase to £925, which is £49 below the average charges currently levied across the region. Once other crematoria apply their fee increases for next year, the proposed 2025/26 cremation fee of £925 will remain the lowest of other neighbouring facilities in the region.
- 11 At the September 2024 meeting Members approved a £50 (5.71%) increase to the current crematoria fees and charges for 2025/26 as part of the Budget Strategy for the Joint Committee.
- 12 In view of the significant and widening gap between the 2025/26 cremation fee at Durham Crematorium and the regional average charge mentioned above, members may wish to consider an additional mid-year increase in cremation fees to bring our charges closer to the regional average and bolster the financial position of the Joint Committee.
- 13 The table below indicates the extra income that could be received / budgeted with varying levels of assumptions on cremation numbers and fee increases. The £50 increase for 2,300 cremations is budgeted to generate an additional £202,500 income.
