Foreword

A strong and robust Overview and Scrutiny function is an important element within the Council's Governance and decision making arrangements and it is vital that we can continue to support this work in an ongoing climate of budget pressures.

Thanks to the leadership and management within the authority, the Council's budget continues to be managed effectively, and Overview and Scrutiny continues to play its part. The excellent relationship between executive and non-executive members continues.

The statutory scrutiny roles of Health, Crime and Disorder and Flooding Risk Management feature within this Annual Report alongside thematic Scrutiny work in respect of Economy and Enterprise and Children and Young People and the report provides an update of the work undertaken by Overview and Scrutiny during 2014/15 – it has been another very busy year. Issues covered have included Management of Woodland owned by Durham County Council; Customer First; Self-harm amongst children and young people; Organised Crime; Tourism Marketing; as well as feeding into a number of consultations.

The Children and Young People's OSC's Review into Alcohol and Substance misuse by young people was entered in the Centre for Public Scrutiny's Good Scrutiny Awards and the Committee's Review of Self Harm amongst children and young people has highlighted the importance of early intervention and the availability of and accessibility to support services.

Councillor Ossie Johnson, Cabinet Member for Children and Young People said:
"Most young people who self-harm do not access any kind of help or support, they remain hidden to the agencies that can help them. This is why it is important to raise awareness and understanding of self-harm among both those who do it and those who care for them. The Children and Young People's Overview and Scrutiny Committee's recent review of self-harm by young people achieves this."

Many thanks to all who have been involved in supporting and assisting the Overview and Scrutiny process – be it Members, officers, partners, or co-opted members.

I would like to take this opportunity to give special thanks to Councillor Robin Todd, the Chair of the Adults Wellbeing and Health Overview and Scrutiny Committee who sadly passed away in May this year. He served as the Chairman of the County Council's Adults Wellbeing and Health Overview and Scrutiny Committee since November 2009 and has led that Committee's input into a number of significant NHS Service reviews. Councillor Todd was well known and highly regarded within the NHS Community.

The people of South Hetton and Shotton Colliery have lost a hugely popular, hard-working and committed local Councillor and community representative and my fellow Councillors and I have lost a trusted friend and colleague.

I hope you will find this report interesting and informative. Scrutiny Committee meetings are open to the public and the scrutiny team will be pleased to supply you with more information - contact details can be found at the end of this report.

Councillor Joe Armstrong
Chair of Overview and Scrutiny

Key Achievements 2014-15

Overview and Scrutiny Review Activity

The following in depth evidence based reviews have been completed and have been/or will be reported to Cabinet and the appropriate thematic Partnership.

- Management of the woodland estate owned by DCC - Durham County Council owns and manages a substantial area of woodland in the County totalling 1280 hectares with a further 214 hectares on long term lease arrangements with partners and further woodland creation taking place as part of various initiatives within the County. It was considered timely for Environment and Sustainable Communities OSC to investigate whether the current policies and strategies in place for the management of the woodland estate are 'fit for purpose' and that funding and diversification opportunities are maximised.
- Tourism marketing undertaken by Visit County Durham - Tourism within County Durham supports over 10,600 full time jobs and is worth over £708m a year to the economy, however there remains a great deal of untapped tourism potential within the County. Visit County Durham sits within the Regeneration and Economic Development Service Grouping of Durham County Council and is the Destination Management Organisation for the County, marketing the County as a visitor destination. Economy and Enterprise OSC decided to investigate the marketing performance of Visit County Durham and to determine how future marketing activity will continue to build upon the recent success of key signature events in 2013/14 including Lumiere, Lindisfarne Gospels, Durham and the Ashes Test Series.
- Organised Crime – The Safer and Stronger Communities OSC undertook scrutiny review activity on organised crime looking at community intelligence, illegal waste sites and the potential financial risk to the Council. The Committee examined a wide range of evidence through presentations, viewed video footage and looked at innovative approaches to raise awareness with communities. Conclusions and recommendations for the review focus on acknowledging positive partnership work to disrupt and tackle organised crime through the Disruption and Intervention Panel; methods to reduce the risk of fraud to the Council; raising awareness with communities, elected members and frontline staff. The review also recommends engagement from partnership agencies in development of the Local Area Profiles and through existing work continue to seek a prompt response to removing illegal waste sites.
- Self-Harm amongst Children and Young People – Following concern expressed by members about the number of young people in County Durham who self-harm, especially those who do not come into contact with services, the Children and Young Peoples OSC undertook a review to raise awareness and understanding of self-harm among young people and adults. The review investigated how early intervention and support can be increased by examining:-
 - What policies and practices does Durham County Council have in place to help, support, prevent and intervene early where looked after children and young people self-harm?
 - How reliable and accurate is performance data and what does it tell us about self-harm in this area compared to regional and national data.

- What services are available in the community for young people with anxieties or mental health problems to talk to people and how accessible are these services?
- How are schools addressing students' issues that may lead them to self-harm? What prevention and early intervention methods do they use?
- How can awareness of self-harm be increased among young people, parents and carers and what are the signs to look out for?
- Customer First Strategy - The Corporate Issues OSC review of Customer First focused on ensuring that the Council's key objectives regarding customer service provision are delivered against with key recommendations within the Customer First Review report supporting this including Customer First training across the Council; implementation of a new CRM system; the development of a Customer First delivery plan for business critical projects; the emerging "Information Durham" service branding, and Social Media as a developing customer access channel.

Other review activity in 2014/15 included:

- Led scrutiny of the budget process through consideration of the Medium Term Financial Plan. Considerations were broad-based and ranged from scrutiny of the timetable for the budget process, scrutiny of developing proposals, all the way through to our ongoing quarterly scrutiny of the delivery of savings.
- Increased awareness of the Council's scrutiny function through articles in local media, Members' Bulletin, and an ongoing update of the scrutiny web pages.
- Formally responded to NHS Quality Accounts 2013/14 for: North East Ambulance Service; County Durham and Darlington NHS Foundation Trust; and the Tees, Esk and Wear Valleys NHS Foundation Trust.
- Continued to maintain and establish links with all thematic partnerships. A series of briefings and reports have been shared with thematic partnerships, for example:
 - Impact of changes to Government policy and funding on the economy of County Durham – Members' Reference Group report – County Durham Economic Partnership
 - Flooding scrutiny review report – County Durham Environment Partnership
 - Alcohol and substance misuse by young people – Children and Families Partnership and the Health and Wellbeing Board.
- Contributed to:
 - The Housing strategy for County Durham
 - The Customer First Strategy
 - County Durham Drugs Strategy 2014-17
 - In-house Residential Homes Consultation Process
 - Children's Centres consultation process
 - Draft Safe Durham Partnership Plan 2014/17
 - Consultation on the Integrated Risk Management Plan (IRMP) 2015/16 to 2017/18
 - Joint Strategic Needs Assessment and Health and Wellbeing Strategy 2015-2018
 - Safe Durham Partnership Alcohol Harm Reduction Strategy 2015/17
 - Children, Young People & Families Plan 2015-2018
 - Healthy Weight Framework

Key Achievements 2014-15

Regional Scrutiny

The North East Regional Employers' Organisation supports a Region – wide Joint Member and Officer Scrutiny network where all twelve North East local authorities' Scrutiny leads discuss national developments in scrutiny and also have an opportunity to share their work programmes and priorities and consider emerging issues that have an impact across local authority boundaries. Key issues considered by the network during 2014/15 have included Governance arrangements for Local Enterprise Partnerships; updates on the work of the North East and Tees Valley LEPS; the developing North East Culture Partnership; and the Department of Communities and Local Government Select Committees call for a national evaluation of Overview and Scrutiny.

The establishment of the North East Combined Authority (NECA) has provided an additional opportunity for joint scrutiny. The NECA is a formal partnership, established through legislation in April 2014, enabling the local authorities to work together on transport and economic development. It covers the geography of: Durham, Gateshead, Newcastle, North Tyneside, Northumberland, South Tyneside and Sunderland. The NECA has agreed three broad areas of focus:

- Transport
- Employability and Inclusion
- Economic Development and Regeneration

Governance arrangements for the NECA include an Overview and Scrutiny Committee which enables local councillors, on behalf of their communities, to scrutinise and challenge all matters within the remit of the Combined Authority and the committee investigates matters of significant importance to residents across the areas covered by the seven councils with a view to influencing decisions made in respect of all matters within the remit of the Combined Authority. Durham County Council is represented on the NECA Overview and Scrutiny Committee by Councillor Joe Armstrong, Chair of Durham County Council's OSMB and Councillor Rob Crute, Chair of Durham County Council's Economy and Enterprise Overview and Scrutiny Committee.

Regional Health Scrutiny

The Council continues to work collaboratively at a regional level to ensure that the impact of changes to health services across local authority boundaries does not adversely impact upon residents of County Durham. The North East Regional Joint Health Scrutiny Committee consists of lead Health Scrutiny members from all 12 North East local authorities and is charged with scrutinising issues around the planning, provision and operation of health services in and across the North East region, comprising for these purposes the areas covered by all constituent authorities.

During 2014/15, the committee has:

- Considered and commented upon the North East Ambulance Service (NEAS) NHS Foundation Trust Quality Account 2013/14 including the priorities for 2014/15 and also examined updates regarding progress made against these priorities;
- Examined NEAS Ambulance performance across the region;
- Reviewed proposals by Northumberland Tyne and Wear NHS Foundation Trust in respect of Adult Mental Health Services;
- Considered an update regarding the National Congenital Heart Disease Review;
- Received information regarding an Eating Disorders Service;

- Investigated proposals to harmonise the criteria used across the North East Region for accessing the Patient Transport Service;
- Engaged with NHS England's Regional team and Northern Regional Clinical senate to examine the challenges facing the NHS in England and, within this context, what this may mean for the future provision of NHS services in the region.

As part of the Regional Network's commitment to health scrutiny, a training and development package for member authority use has been commissioned from the Centre for Public Scrutiny which covers modules including Performance Management and Monitoring, Understanding Health Scrutiny (Powers and Context), External Inspection Regimes for Children and Adults Services and Health Provision (Ofsted and CQC) and the Scrutiny role of Challenge.

Police and Crime Panel

Hosted by Durham County Council, the PCP's membership consists of 10 elected members (Durham County Council 7 and Darlington Borough Council 3 Members) and 2 independent members.

Throughout 2014/15, the Police and Crime Panel have held 6 meetings and its work programme and activity has included:

- Receiving reports on hate crime and HMIC inspection report and updates;
- Receiving presentations on WOW awards, violence against women and girls 'one year on', mental health and initiatives Checkpoint and Mutual Gain;
- Monitoring and providing challenge to the progress of the Police and Crime Commissioner's budget and police crime plan;
- Undertaking review activity that identified a number of recommendations that were agreed to enhance challenge to the PCC and create a consistent agenda for panel meetings;
- A recruitment exercise and appointment of two new co-opted independent Members in October 2014;
- Reviewing working arrangement documents with Overview and Scrutiny functions within both local authorities and a Memorandum of Understanding with the Police and Crime Commissioner.

The panel has also fulfilled its requirements within the Act through reviewing the PCC's annual report, precept and revised Police and Crime Plan 2015 – 17.

External Review and Inspection

The Council's Overview and Scrutiny function is frequently engaged in external review and inspection processes. During the course of 2014/15, the Adults Wellbeing and Health and Children and Young Peoples' Overview and Scrutiny Committees submitted evidence portfolios setting out how they had worked alongside NHS Partners. These portfolios were submitted as part of Care Quality Commission Inspections of County Durham and Darlington NHS Foundation Trust, Tees, Esk and Wear Valleys NHS Foundation Trust and North Tees and Hartlepool NHS Foundation Trust.

The Chairs of the Adults Wellbeing and Health and Children and Young Peoples' Overview and Scrutiny Committees were also interviewed as part of a Local Government Association Peer Review of the County Council's Health Wellbeing Board. The Peer Review team found that "the clear governance arrangements between Scrutiny and the Health and Wellbeing Board are amongst the best in the country." It also commented that "Overview and Scrutiny have a clear connections with the Health and Wellbeing Board and are pro-active...there is a closer relationship between the Health and Wellbeing Board and scrutiny than in the majority of areas. The agendas are related, work flows back and forth and partners take scrutiny seriously. This effective working is advanced in national terms."

The Review highlighted "the Health and Wellbeing Board's relationship with scrutiny as an example of best practice...to follow up and share with the sector."

Co-optees

Non-councillors may be co-opted onto overview and scrutiny committees and working groups, and can help scrutiny to engage with the public. They are used:

- to act as a non-political voice for those who live or work in County Durham;
- to bring specialist knowledge and/or skills and an element of external challenge to the Overview and Scrutiny process;
- to take an interest in, attend and contribute to the committees or working groups to which appointed;
- to establish good relations with other members, officers and co-optees;
- where individuals are representatives of any particular organisation or group, to feed back any appropriate discussions or decisions of the relevant committee or working group to their respective organisation or group.

Co-optees must abide by the respective sections of the Council's Constitution in relation to Committee procedure and act with due propriety according to standards laid down for conduct in local government. There is a Co-optees' Protocol and recruitment procedure in place to assist with these appointments.

In addition Co-optees are offered the same development opportunities as Council Members including:

- in-house training/development relevant to their role as a Co-optee and the remit of the overview and scrutiny committee on which they serve;

- attendance at site visits relevant to the remit of the overview and scrutiny committee on which they serve as a Co-optee, and an opportunity to attend site visits of all overview and scrutiny committees subject to the approval of the Chairman or Vice-chairman of the relevant Committee.

Following recent changes to DCC's Constitution in relation to the number of non-voting co-optees appointed to the Overview and Scrutiny committees, and as the term of the existing co-optees had come to an end, a recruitment exercise was carried out in June 2014 to appoint the new set of co-optees. All successful appointees have undertaken an induction process with the respective Chair and Vice Chair of the Overview and Scrutiny Committee to which they have been appointed as well as the lead Overview and Scrutiny Officer for that Committee.

Work Programmes

The current work programmes focus on the priority areas identified within the Council Plan, the Cabinet's Forward Plan of decisions, Sustainable Community Strategy, Partnership plans and strategies, performance and budgetary control data and changes in Government legislation.

Overview and Scrutiny Team

The Overview and Scrutiny team is part of the Assistant Chief Executive's service group (ACE), which leads on the corporate approach to performance management and improvement, consultation and engagement, communications, partnership working, equalities and diversity and information management. ACE is also responsible for the Council's Area Action Partnerships and emergency planning functions.
