(written on 17th December 2015)

Consultation on Council Tax Police Precept 2016/17

Report of the Police and Crime Commissioner

Purpose of report

1. The purpose of this report is to advise members of the Police and Crime Panel of my proposal to consult on an increase in the policing element of the Council Tax Precept for 2016-17.
2. Under Schedule 5 of the Police Reform and Social Responsibility Act 2011, the Police and Crime Panel is required to review the proposed precept, and to make a report on it (the panel are to determine the manner of this report). The report can include recommendations on the level of the precept. The panel has the power to veto the proposed precept, which requires a two-thirds majority in favour of a veto.
3. For the avoidance of doubt, this particular report is about my intention to consult, not my final proposal, and therefore the requirements set out in paragraph 2 do not yet apply.

Background

4. As Police and Crime Commissioner for County Durham and Darlington, it is my responsibility to secure an efficient and effective police force for the area. This includes setting the budget for the police force, which includes setting the Policing Precept.
5. In the recent Comprehensive Spending Review (CSR), the Government stated that they will protect the overall policing budget in line with inflation. However the amount of funding coming to local policing from Government is still reducing year on year. This is because the Government is choosing to allocate additional money to national priorities like counter terrorism, increased firearms capability, and funds to which forces have to bid for a share. The total provisional grant received by Durham in 2016-17 will be £85,782,390 which is £457,127 less than in 2015-16.
6. After assuming a 1.98% precept increase, the estimated budget for 2016-17 is approximately £113.5million which is £0.9m more than the 2015-16 budget. This is the first increase in total resources for over 5 years, which whilst welcome still means a real terms cut after taking into account the costs of extra employers' national insurance, the nationally agreed pay award, and other inflationary pressures such as those relating to national ICT contracts. This means the Council Tax contribution to policing is a vital contribution.

7. The Government has imposed a cap whereby increases of 2% or above require a referendum to take place. Such a referendum would cost around £768,000. Each additional increase of 1% raises approximately £260,000. Therefore, in order to recoup the costs of a referendum, I would need to raise the precept by a minimum of 5% (2% plus 3% to cover the referendum costs) before the force would actually see any additional money in the first year. In addition, if people voted against the rise, the costs of the referendum would be lost.

Precept Proposal

8. Durham Constabulary works hard to provide value for money for the people it serves. In the recent HMIC PEEL Efficiency Inspection, Durham Constabulary was the only force in the country to be graded as **outstanding** for all three questions. In order to maintain the excellent service they deliver I propose a precept increase of 1.98%.
9. A 1.98% increase will cost a Band D property an additional 6p per week, which is £3.22 for a year (see Appendix 2 for a full breakdown of costs). This in turn will generate circa £520,000 for Durham Constabulary, which equates to the approximate cost of keeping 11 police officers on the street. A full breakdown of what this means for each Council Tax Band is included in Appendix 2.
10. An increase of less than 1.98% or remaining at the current level would result in a lower baseline for any increase in subsequent years, meaning the budget would also be restricted over the forthcoming years. To increase by more than my proposed level would mean increasing by more than 5% to recoup the costs spent on the referendum.

Consultation

11. The consultation will run from 11th January 2016 until 27th January 2016. The consultation will be available online on my website and hard copies will be available from my office. The consultation will be promoted through social media. The online survey sets out my proposal, details on what it would cost, and then asks respondents if they agree. Respondents are also given the chance to enter any additional comments that they may have. A draft of the consultation is attached at **Appendix 3**.
12. Details of the precept consultation will be widely circulated including to Elected Members, the County Durham Partnership, the Darlington Partnership, the Community Safety Partnerships, the Local Criminal Justice Board, Town and Parish Councils, Area Action Partnerships (AAPs), the Voluntary and Community Sector, etc. for onward cascade and circulation.
13. I am undertaking several 'Community Days' during the consultation period where I will also seek public opinion. As part of these community days I am attending a number of AAPs across County Durham. At the AAPs I plan to present my proposals for increasing the precept and seek the overall opinion of the group rather than to elicit individual survey responses. If I am not able to attend the AAP or if they do not have a scheduled meeting during the consultation, the AAP Coordinators have agreed to circulate details of the consultation to the AAP Board Members and wider forum members.

Recommendations

14. The Panel is recommended to:

- Note the intention to consult; and
- Note that a full report on the outcome of the consultation will be presented to members at their next meeting on 1st February 2016.
