## **Council Plan and Service Plans 2016-2019**

### **Key Decision CORP/A/03/16/1**

---

#### **Report of Corporate Management Team**

**Lorraine O'Donnell, Assistant Chief Executive**

**Simon Henig, Leader of the Council**

---

#### **Purpose of the Report**

- 1 To provide a draft of the Council Plan for 2016-19 attached for consideration and comment before being submitted for approval by Council on 13 April 2016.

#### **Background**

- 2 The Council Plan is the overarching high level plan for the County Council and details Durham County Council's contribution towards achieving the objectives set out in the Sustainable Community Strategy (SCS) together with its own change agenda. It aims to provide a readable and accessible summary for members, partners and the public of our priorities for the county and the main things that we will do over the coming three years.
- 3 It has been developed at a time of unprecedented reductions in finance and also at a time of an agenda of significant policy change over all areas of council services. The four year Medium-Term Financial Plan, is aligned to the Council Plan which sets out the Council's strategic service priorities over the next three years 2016/17 to 2018/19 with an indicative direction of travel for 2019/20.
- 4 The Council Plan is underpinned by a series of Service Plans at a service grouping level. Service Plans provide more detailed information on the actions we are taking to deliver the Council's priorities and have been prepared to a standard format, providing more detailed information on service context, key actions and performance indicators.

#### **Council Plan 2016 - 2019**

- 5 This year as agreed in principle by Cabinet in November 2015, it is proposed that the existing three year Council Plan is updated and rolled forward a year, with a more fundamental review to take place next year, in line with a refresh of the Sustainable Community Strategy.
- 6 The five key altogether better themes remain unchanged in line with the review of the Altogether Better Durham vision by the County Durham Partnership.

- 7 Both the Sustainable Community Strategy and Council Plan are structured around the five priority themes for Durham which are:
- **Altogether wealthier** - focused on creating a vibrant economy and putting regeneration and economic development at the heart of what we do;
  - **Altogether better for children and young people** - enabling children and young people to develop and achieve their aspirations and to maximise their potential;
  - **Altogether healthier** - improving health and wellbeing;
  - **Altogether greener** - ensuring an attractive and 'liveable' local environment and contributing to tackling global environmental challenges;
  - **Altogether safer** - creating a safer and more cohesive community.
- 8 An additional theme of an **Altogether Better Council** has been developed for the Council Plan to capture the corporate initiatives that the council has identified that it wants to undertake in order to enable achievement against the five priority themes.
- 9 A set of draft objectives and outcomes around which the Council Plan is structured was agreed at Cabinet on 18 November 2015. A small number of additional changes brought forward by services and partnerships are detailed below and the final framework is attached as Appendix 2.

#### Altogether Healthier

- 10 It is proposed that an extra outcome be added under objective 4 'Improved mental health for the population of County Durham'. This was highlighted as a priority through the consultation process on the Joint Health and Wellbeing Strategy.

#### Altogether Safer

- 11 It is proposed that another outcome be added under objective 5 'Improved Safety in the home'. This was highlighted at Safer and Stronger Overview and Scrutiny Committee as a priority for the Safe Durham Partnership. Actions have been identified which support its inclusion in the Council Plan.
- 12 The Council Plan details the objectives and outcomes that we aspire to achieve. These priorities have been developed following an analysis of national and local priorities, performance issues, feedback from residents and customers and risk. Our identified priorities represent the needs of our residents and customers and aspirations that we have for the county. A report on the Medium Term Financial Plan presented to Cabinet on 17 February 2016 set out how revenue and capital resources have been aligned to the priority themes within the Council Plan and how consultation data has been used to shape these priorities and resourcing decisions.

## **Format of Council Plan**

- 13 A key objective of the Council's strategic planning arrangements is to make performance management more engaging for the user. Large print runs of the plan are no longer made to keep down costs. The plan is published on the council website. The plan has therefore been redesigned for this medium to make it more visual, impactful, understandable and interactive. This will be the primary document which will be viewed through the web.
- 14 There are two versions of the plan, an online interactive one which allows readers to navigate easily from one section to another and link to further information. There is also a 'print friendly' version which will allow users to print a copy of the plan for those who do not have access to the internet or find a paper version more accessible. This is the version attached as Appendix 3 to this report.

## **Structure of the Plan**

- 15 As previously stated, the plan sets out the council's priorities, objectives and outcomes over the next three years and is structured around the Altogether Priority Themes. Each theme highlights some of our key achievements from 2015/2016 of relevance to that theme together with the key issues to address and some key figures, facts and charts which readers may find interesting. The objectives and outcomes for each the theme are displayed alongside what we are going to be doing over the next 3 years to maintain and where possible improve our services.

## **Service Plans**

- 16 Each service grouping has developed their own service plan to cover the forthcoming three years. These plans have been prepared to an agreed format, which have been considered collectively to reduce overlap. These plans set out the priorities for each service grouping. Action plans for each service area contained within the plans are designed to achieve these service priorities which in turn, contribute to corporate priority themes of the Council.

## **Risk Management**

- 17 Any new risks associated with actions contained within service plans are identified as part of the service planning process. These risks are reported on through the Council's risk management processes to the Council's Audit Committee and to Cabinet via performance management reports.

## **Further Work**

- 18 Work is underway to review the corporate basket of indicators used to monitor council performance. New targets are also being developed for the forthcoming years which we use to measure our success in achieving the priorities set out in the Council Plan. This work will be completed over the next couple of months.
- 19 Please note that the service plans are now complete and copies are available on the Council's intranet (see link below under background papers). For the Cabinet meeting, service plans will be made available for public inspection

and for Members in the Members' Library. Following the Council Plan being approved by Council, both the Council Plan and Service Plans will be published on the council's website.

### **Recommendations and reasons**

20 Cabinet is asked to:

- i. Agree the content of the draft Council Plan and recommend it for approval by full Council on 13th April, subject to any final minor amendments by the Assistant Chief Executive.
- ii. Approve the content of the draft service plans, subject to any final minor amendments by the relevant Director and Portfolio Holder.
