26 July 2016

Health and Wellbeing Board Big Tent Engagement Event 2016

Report of Andrea Petty, Strategic Manager – Policy, Planning and Partnerships, Children and Adults Services, Durham County Council

Purpose of Report

- 1 The purpose of this report is to present the Health and Wellbeing Board with details of the Big Tent Engagement Event 2016 and the proposed agenda, attached at Appendix 2, for agreement.

Background

- 2 The Health and Wellbeing Board host an annual Big Tent Engagement Event to gather the views of stakeholders. This will be the fifth annual engagement event.
- 3 In 2015, the Big Tent Event was attended by over 260 stakeholders ranging from service users, patients, carers, representatives from the voluntary and community sector and other NHS and local authority partners.
- 4 The four previous Big Tent events have been facilitated by a representative from the Local Government Association (LGA), as part of the LGA's 'Health and Wellbeing System Improvement Programme' for Health and Wellbeing Boards, local authorities, Clinical Commissioning Groups and local Healthwatch organisations.

Big Tent Engagement Event 2016

Date and Venue

- 5 The Big Tent Engagement Event 2016 will take place on 5th October 2016, 12.00 pm – 4.00 pm. This date has been held in the diaries of Health and Wellbeing Board members.
- 6 The event is booked for 200 delegates, which will include service users, patients and carers.

Proposed programme for the event

- 7 A proposed draft programme for the Big Tent event 2016 is attached at Appendix 2 for agreement with further details outlined below.

Facilitation

- 8 John Tench from the LGA has agreed to facilitate the event. He will provide a broad national overview which includes a policy update, and feedback from their “State of the Nation” report which reviewed Health and Wellbeing Boards and found a small but significant number, including County Durham Health and Wellbeing Board, function effectively and play a genuine leadership role across the local health and care system.
- 9 He will also ensure there is continuity throughout the day and introduce the workshops as well as a valuable external perspective on the issues being discussed and points raised throughout the day in providing observations as part of the final session.

Key Note Speaker

- 10 Duncan Selbie, Chief Executive, Public Health England and Chair of the NHS/North East Combined Authority Commission for Health and Social Care Integration in the North East has accepted the invitation and confirmed that he will provide the key note speech at the Big Tent event.

Themes/Workshops

- 11 Suggestions for the themes of workshops are mapped against the Joint Health and Wellbeing Strategy objectives and outlined below.

Objective 1: Children and young people make healthy choices and have the best start in life

- **Child Poverty/Welfare Reform (Led by Roger Goodes, Head of Policy and Communications, Durham County Council)**

County Durham has higher levels of child poverty than the England average, with 21.5% of children and young people aged between 0-19 years living in relative poverty, compared to the England average of 18.1%.

A poverty action plan for County Durham is in place which has the vision “To work together to reduce and prevent poverty as far as possible across County Durham”. This workshop will look to share information and gather views from participants in relation to the partnership actions to reduce child poverty, with a particular focus on health.

Objective 2: Reduce health inequalities and early deaths

- **Oral Health (Led by Chris Woodcock, Public Health Portfolio Lead)**

The Health and Wellbeing Board received an update on the progress of the development of an Oral Health Strategy for County Durham at their meeting in March 2016. A draft Oral Health Strategy has been developed which will be subject to wider consultation and engagement. This workshop will be part of the engagement process. The Oral Health Strategy for County Durham is due to be presented to the Health and Wellbeing Board for agreement in November 2016.

This workshop will focus on issues which impact upon children, young people and adults.

- **Reducing obesity (Led by Gill O’Neill, Interim Director of Public Health County Durham and Julie Russell, Strategic Manager, Culture and Sport, Durham County Council)**

Following the publication of the Director of Public Health’s Annual Report, ‘Obesity – An issue too big to ignore ... or too big to mention’, this workshop will outline progress made in developing the report and gather views on how the key actions within it can be implemented. Links to the Healthy Weight Strategic Framework and the Physical Activity Framework will be explored.

This workshop will focus on issues which impact upon children, young people and adults.

- **Work of the Community Wellbeing Partnership (Led by Graeme Greig, Senior Public Health Specialist, Durham County Council)**

A workshop on Housing and Health took place at the Big Tent Engagement Event 2015 following feedback from the LGA Peer Challenge which recommended building stronger links between health and wellbeing and housing. This workshop will include feedback since the last event in relation to housing and health and the work taking place through the Community Wellbeing Partnership with a specific reference to social isolation and housing.

This workshop will focus on issues which impact upon children, young people and adults.

Objective 3: Improve the quality of life, independence and care and support for people with long term conditions

- **Integration (Led by Michael Houghton, Director of Commissioning and Development, North Durham CCG and Paul Copeland, Strategic Manager, Durham County Council)**

An Integration workshop was held at the Big Tent Engagement Event 2015 and this year’s workshop will look to consolidate progress made in the intervening period. The Health and Wellbeing Board focused on Health and Social Care integration at their development session in May 2016.

This workshop will focus on issues which impact upon adults.

- **Post Winterbourne transformation of Learning Disabilities services (Led by Lesley Jeavons, Head of Adult Care)**

The Health and Wellbeing Board received a report on the Fast Track Plan - Transforming Care for People with a Learning Disability in November 2015. This set the intention to redesign in-patient and community services to meet the needs of individuals with a learning disability following the Winterbourne Report. This workshop will explore the impact across health and social care services and how the work will be progressed across partner agencies.

This workshop will focus on issues which impact upon adults.

- **MacMillan partnership project (Led by Kirsty Wilkinson, Public Health Portfolio Lead, Durham County Council)**

People with a cancer diagnosis are now living longer and cancer is becoming more of a long term condition. Durham County Council has partnered with Macmillan in the first Local Authority Partnership Project in England. The project, currently in its early planning stages, will ensure people who have a cancer diagnosis have a holistic needs assessment around practical, physical, family/relationships, emotional, spiritual and lifestyle concerns and meet the needs of people living with cancer and their carers' at key transitions in their cancer journey. The project will build on the assets already available within the communities and develop a new service to ensure people living with cancer and their carers/families have a better experience and improved quality of life with or beyond cancer. This workshop will launch the consultation process to make sure that the design of the new service is right for the people of County Durham.

This workshop will focus on issues which impact upon adults.

Objective 4: Improve the mental and physical wellbeing of the population

- **Mental Health Services in County Durham (Led by Alison Ayres, Joint Commissioning Manager, Mental Health, North of England Commissioning Support, David Shipman, Strategic Commissioning Manager Learning Disabilities/Mental Health, Durham County Council, and Catherine Richardson, Public Health Portfolio Lead, Durham County Council)**

This workshop will look at the promotion of mental health, wellbeing and preventions services in County Durham for children and adults.

This will include tackling stigma and discrimination and the role of physical activity, arts and culture as part of the approach to improving mental health and wellbeing and reducing social isolation.

Attendees

- 12 A list of organisations / groups that are proposed to be invited to the Big Tent Event is attached at Appendix 3, although it should be noted that this is currently under review.

Recommendations

13 The Health and Wellbeing Board is requested to:

- Agree the proposed programme for the Big Tent Event 2016 (Appendix 2);
- Agree or make comment on the themes for workshops;
- Provide any comments on proposed organisations / groups to be invited to the Big Tent Event (Appendix 3);
- Provide any further comments to Andrea Petty, Strategic Manager, Policy, Planning and Partnerships by **5th August 2016**.

Contact: Julie Bradbrook, Partnership Manager – Policy, Planning and Partnerships, Durham County Council

Tel: 03000 267325

Appendix 1: Implications

Finance – No direct implications.

Staffing – No direct implications.

Risk - No direct implications.

Equality and Diversity / Public Sector Equality Duty - The key equality and diversity protected characteristic groups are considered as part of the process to identify the groups/organisations to be invited to the Big Tent Event 2016.

Equality Impact Assessments will be completed for both the Integrated Needs Assessment (INA) 2016 and Joint Health and Wellbeing Strategy (JHWS) 2017-20.

Accommodation - No direct implications.

Crime and Disorder – The JSNA provides information relating to crime and disorder.

Human Rights - No direct implications.

Consultation – Feedback from the Big Tent Event 2016 will inform the Joint Health and Wellbeing Strategy 2017-20 to ensure the strategy continues to meet the needs of the people in the local area and remains fit for purpose. It will also influence other relevant plans and strategies of partner organisations of the Health and Wellbeing Board.

Procurement – The Health and Social Care Act 2012 outlines that commissioners should take regard of the JSNA and JHWS when exercising their functions in relation to the commissioning of health and social care services.

Feedback from the Big Tent Event may lead to changes in service delivery as part of the relevant plans and strategies of partner organisations of the Health and Wellbeing Board. Any procurement implications will be considered as part of the individual potential changes to service delivery.

Disability Issues – The needs of disabled people are reflected in the JSNA and JHWS. The Durham Centre has disability access and a hearing loop system is in place in the auditorium where main presentations and workshops will take place.

Legal Implications - The Health and Social Care Act 2012 places clear duties on local authorities and Clinical Commissioning Groups (CCGs) to prepare a JSNA and JHWS. The local authority must publish the JHWS. The Health and Wellbeing Board lead the development of the JSNA and JHWS.

Health and Wellbeing Board Engagement Event 2016**Wednesday 5th October 2016, 12pm – 4pm****The Durham Centre, Belmont Industrial Estate, Durham, DH1 1TN****Draft Programme**
