To Helen Johnson
Licensing team leader

I would like to make an appeal to the decision made by the licensing department to revoke our licence.

The grounds of our appeal are that this offence is alleged and the statement given from the chief superintendent in Durham Constabulary is biased. Nowhere in his statement does he say that the offence is alleged, is there no innocent until proven guilty, is there no correct way of conduct in the Durham Constabulary. As you can see this is a very biased and one sided statement should not be omissible.

In this case, we will provide proof of our conduct towards our customers and staff, by giving personal statements from our customers and staff that we run a very clean and family orientated premises. We have a strict policy that we do not accept any foul language or rude and boisterous behaviour, we have no gangs or yobs and no bad conduct. People who attend our premises are looked after to the point that we will refuse to serve someone that if we think they are in danger to the customer a member of the public or themselves. We would like you to take our letter into consideration when making your decision we have added copies of the statement made by the police, if you look closely you can see a very biased opinion.

We always strive to achieve to achieve the four licensing objectives

- The prevention of crime and disorder
- Public safety
- The of public nuisance
- The protection of children from harm

All the allegations made against us are FALSE and will be proven to be FALSE

Yours sincerely
