

Health and Wellbeing Board

26 July 2017

Health and Wellbeing Board Big Tent Engagement Event 2017

Report of Andrea Petty, Strategic Manager – Policy, Planning & Partnerships, Transformation & Partnerships, Durham County Council

Purpose of Report

1. The purpose of this report is to present the Health and Wellbeing Board (HWB) with details of the HWB Big Tent Engagement Event 2017 and the agenda for the event, attached at Appendix 2, for agreement.

Background

2. The Health and Wellbeing Board host an annual Big Tent Engagement Event to gather the views of stakeholders. This will be the sixth annual engagement event.
3. In 2016, the Big Tent Event was attended by over 200 stakeholders ranging from service users, patients, carers, representatives from the voluntary and community sector and other NHS and local authority partners.
4. The five previous Big Tent events have been facilitated by a representative from the Local Government Association.
5. The event will also provide HWB partners with an opportunity to inform the attendees about the services and projects which are being delivered, as part of the HWB priorities. There is also opportunity for stalls for example past events have included the Integrated Needs Assessment, Health Checks and Locate. County Durham and Darlington NHS Foundation Trust (CDDFT) have requested a stall with the aim of recruiting new public membership to the Trust Board.

Sustainable Community Strategy

6. A review of the Council's strategic planning framework has taken place, incorporating the Sustainable Community Strategy (SCS), Council Plan and thematic plans.
7. The Big Tent Event 2017 will provide an engagement opportunity to inform the review of the JHWS for 2018-21, aligning priorities to the new vision of Durham County Council, the Sustainable Community Strategy (SCS), Council and thematic plans.
8. A revised vision is in development for the County Durham Partnership and will feature in the Big Tent event to engage partners and consider the implications for looking ahead.

Big Tent Engagement Event 2017

Date and Venue

9. The Big Tent Engagement Event 2017 will take place on 3rd October 2017, 12.00 pm – 4.00 pm at the Durham Centre in Belmont, Durham. This date has been held in the diaries of Health and Wellbeing Board members.
10. The event is booked for 200 delegates, which will include service users, patients and carers.

Programme for the event

11. A programme for the Big Tent event 2017 is attached at Appendix 2, with further details outlined below.

Facilitation

12. Kay Burkett from the Local Government Association has agreed to facilitate the event. She provide a broad national overview, and include any relevant areas of best practice.
13. She will also ensure there is continuity throughout the day and introduce the workshops as well as offer a valuable external perspective on the issues being discussed and points raised throughout the day in providing observations as part of the final session.

Key Note Speakers

14. The key messages from the Joint Strategic Needs Assessment, as part of the Integrated Needs Assessment (INA), have influenced the key note themes for the event:

1. Mental Health

Evidenced by:

- Approximately 10% of children aged 5-16 years have a classifiable mental health disorder.
- Estimates suggest that 1 in 4 adults will experience mental health problems at any one time. For County Durham, this represents over 100,000 people aged 18+.
- The number of referrals for Adult Mental Health Professional (AMHP) assessments for adults with mental health needs increased by 47.1% when comparing 2010/11 with 2016/17, and by 16.2% when comparing 2015/16 figures with 2016/17.
- The suicide rate in County Durham (15.7 per 100,000 population) is higher than the England average of 10.1 and the North East 12.4. (2013-2015)
- Nationally, life expectancy is on average 10 years lower for people with mental health problems due to poor physical health.
- People with a severe mental illness are:
 - 5 times as likely to suffer from diabetes.
 - 4 times as likely to die from cardiovascular or respiratory disease.

- 8 times as likely to suffer Hepatitis C.
- 15 times as likely to be HIV positive.
- Estimates suggest that around 7% or 22,000 people aged 18-64 in County Durham are socially isolated.
- Around 20% or 19,000 people aged 65+ in County Durham are lonely, with around 10% or over 10,000 of those experiencing intense loneliness.

2. Tobacco

Evidenced by:

- Smoking prevalence rates in County Durham are falling over time. The rate has reduced from 22.2% (2012) to 17.9% (2016). Rates are no longer statistically significantly different from England (15.5%).
- Smoking adds an additional £16.8 million spend on social care for adults aged 50 and over in County Durham.
- In County Durham, around 1,100 people a year die from causes attributable to smoking.
- Smoking attributable death rates per 100,000 (2013-15) were significantly higher in County Durham (381) than England (284) but are falling over time; between 2007-09 and 2013-15, the rate fell by 31.3 per 100,000 (8%)
- Between 2013 and 2015, 33% of all adult deaths (35+ years) in County Durham were smoking-related.
- For 2013-15, deaths from lung cancer (82.0 per 100,000) and chronic obstructive pulmonary disease (COPD, 80.4 per 100,000) were significantly higher in County Durham than England.
- Smoking attributable deaths from heart disease (35.1 per 100,000) and stroke (13.6 per 100,000) are significantly higher in County Durham than England for 2013-15.
- Levels of women smoking at time of delivery are worse than regional averages and significantly worse than the average across England.
- There is a national target for all areas to reduce smoking prevalence to 5% (for County Durham this was agreed to be by 2030).

Work is currently taking place to finalise the speakers for the event.

Health and Wellbeing Board Priorities Consultation

15. The draft Health and Wellbeing Board strategic priorities were discussed at a HWB development session on 5th July 2017. Further work will take place to develop these priorities and they will then be the subject to further consultation with wider partners and members of the public at the Big Tent 2017. Big Tent attendees will be asked to vote on their top priorities for Health and Wellbeing. Other consultation events take place, which feed into the development of the Joint Health and Wellbeing Strategy, including the Gypsy, Roma, Travellers fun day in the summer.

Themed Workshops

16. The themes for the workshops are outlined below:

1. Adult and Young Carers

- Inform people about the services which are available for carers in County Durham.
- Gather views on the issues affecting carers and the options and views on potential areas of development to improve services for carers and their families.
- The information gathered will inform the review of carers services which is due to take place in late 2017.

The workshop will be led by Paul McAdam, Commissioning Policy and Planning Officer, Durham County Council (DCC) working with colleagues in Durham County Carers Support and the Bridge Young Carers.

2. Children's Mental Health and Wellbeing

- Inform people about the "Thrive" model for children's mental health. This is a project led by the Healthy Child Programme Board and the Children and Young People's Mental Health Transformation Group which undertakes a "whole system" approach to meeting the needs of children and young people's emotional wellbeing and mental health.
- The workshop will discuss the Thrive model with the aim of identifying how it can be progressed in County Durham.
- How to implement Thrive to link mental health services together in a more cohesive way.

The Workshop will be led by Gill O'Neill, Consultant in Public Health working with Clinical Commissioning Group (CCG) colleagues.

3. Dementia

- Inform people about the Dementia Advisor Service and the Fire & Rescue Service's Dementia Friendly Communities project which is delivered in partnership with the Alzheimer's Society.
- The Dementia Advisor Service was launched in County Durham on 29th February 2016, being delivered by the Alzheimer's Society.
- The workshop will garner attendee's opinions on the service and suggest improvements which will be fed into the review of the service by commissioners.
- The Dementia Friendly Communities project is supported by the Dementia Advisor Service and will give a practical example of the work being done in communities.

The workshop will be led by Neil Jarvis, Strategic Commissioning Manager DCC along with colleagues from County Durham and Darlington Fire & Rescue Service.

4. Adults Mental Health and Wellbeing

- Inform people about the work being carried out which focuses on Adult Mental Health prevention and the promotional activities being delivered.
- Inform people about suicide prevention work which partners are delivering across the county.
- Discuss how physical health and mental health impact on one another.

The workshop will be led by David Shipman, Strategic Commissioning Manager DCC along with colleagues from Public Health.

5. Making Smoking History in County Durham

- Share evidence and explore the issues which will prevent partners from achieving the ambition of 5% smoking prevalence in County Durham by 2030 e.g. smoking in pregnancy and illicit tobacco sales.
- How can we work together to reduce smoking levels in more socially disadvantaged areas of County Durham.

The workshop will be led by Dianne Woodall, Public Health Portfolio Lead – Tobacco Control.

6. Healthy Weight and Obesity

- Inform people about the work of the Healthy Weight Alliance which emerged from a national whole systems obesity pilot.
- How we can work together to tackle the obesity issues which are prevalent across many parts of County Durham.
- Including in the workshop will be a focus on childhood obesity 0 – 2.
- The early years work will provide an overview on physical literacy and the physical activity environment.

The workshop will be led by Karen McKabe, Public Health Portfolio Lead with colleagues from Children and Young People's Services.

7. Active Durham Partnership

- Inform people about the work of the partnership how it engages with organisations across County Durham to promote and support physical activity. Encouraging people of all ages, background and abilities to 'Start, Stay and Succeed'
- Identifying how people being more physically active contributes to the county's wider strategic outcomes in addition to individual's health and wellbeing.
- The workshop will identify how a network of organisations can work together to improve the work of the partnership, through the maximisation of resources.
- The workshop will also identify how the partnership can work better to empower individuals and communities to change their behaviours and improve their lives.

The workshop will be led by Annie Dolphin, Independent Chair of the Active Durham Partnership, with support from DCC Culture and Sport colleagues.

Stalls

17. The event will also provide HWB partners with an opportunity to inform the wider network about the services and projects which are being delivered, and which link to the HWB priorities. These will include a stall to inform people about the Great North Care Record which provides information about the patient in a way which is accessible to professionals across health services, enabling the health care specialist to see the right information at the right time, so they can manage the patients care better; and County Durham and Darlington NHS Foundation Trust (CDDFT) have requested a stall with the aim of recruiting new public membership to the Trust Board.

Attendees

18. A list of organisations/groups that are proposed to be invited to the Big Tent Event is attached at Appendix 3, although it should be noted that this is currently under review.

Recommendations

19. The Health and Wellbeing Board are requested to:

- Agree the agenda for the Big Tent Event 2017 (Appendix 2)
- Agree the workshops and the two key note speakers for the event.
- Provide any comments on proposed organisations/groups to be invited to the Big Tent Event (Appendix 3)

Appendix 1: Implications

Finance – No direct implications.

Staffing – No direct implications.

Risk - No direct implications.

Equality and Diversity / Public Sector Equality Duty - The key equality and diversity protected characteristic groups are considered as part of the process to identify the groups/organisations to be invited to the Big Tent Event 2017.

Equality Impact Assessment will be completed for Joint Health and Wellbeing Strategy (JHWS) 2018-21.

Accommodation - No direct implications.

Crime and Disorder – No direct implications.

Human Rights - No direct implications.

Consultation – Feedback from the Big Tent Event 2017 will inform the Joint Health and Wellbeing Strategy 2018-21 to ensure the strategy continues to meet the needs of the people in the local area and remains fit for purpose. It will also influence other relevant plans and strategies of partner organisations of the Health and Wellbeing Board.

Procurement – The Health and Social Care Act 2012 outlines that commissioners should take regard of the JHWS when exercising their functions in relation to the commissioning of health and social care services.

Feedback from the Big Tent Event may lead to changes in service delivery as part of the relevant plans and strategies of partner organisations of the Health and Wellbeing Board. Any procurement implications will be considered as part of the individual potential changes to service delivery.

Disability Issues – The needs of disabled people are reflected in the JHWS. The Durham Centre has disability access and a hearing loop system is in place in the auditorium where main presentations and workshops will take place.

Legal Implications - The Health and Social Care Act 2012 places clear duties on local authorities and Clinical Commissioning Groups (CCGs) to prepare a JHWS. The local authority must publish the JHWS. The Health and Wellbeing Board lead the development of the JHWS.

Health and Wellbeing Board Engagement Event 2017

Tuesday 3rd October 2017, 12pm – 4pm

The Durham Centre, Belmont Industrial Estate, Durham, DH1 1TN
