Subject: New Premises Licensing Application (The Co-op at Former Cooperage Public House, Durham Road, Bowburn)

Dear Karen,
Good afternoon!

Members of Cassop-cum-Quarrington Parish Council discussed the above-mentioned Licensing Application at their Monthly Meeting on Wednesday, July 19th 2017.

Members of the Parish Council wish to object to the Application for the following reasons:

The Cooperage Building is right in the centre of Bowburn and it is surrounded by numerous residential properties on Durham Road and other neighbouring streets.

Members have concerns that the granting of such long licensing hours (6 a.m. to 11 p.m. daily) will lead to greater early morning and late evening noise disruption from delivery vehicles and customers buying drink for consumption off the premises. It is understood that other existing off licensed premises are situated on the outskirts of Bowburn well away from residential streets. In addition, we understand that those other off licences run from 7 a.m. to 10 p.m. each day.

Peter Thorpe,
Parish Clerk,
Cassop-cum-Quarrington Parish Council

**APPENDIX 5 – STATEMENT OF LICENSING POLICY
& FRAMEWORK OF HOURS**

DURHAM COUNTY COUNCIL STATEMENT OF LICENSING POLICY

9.0 Prevention of Public Nuisance

9.1 Licensed premises, especially those operating late at night and in the early hours of the morning, can cause a range of nuisances impacting on people living, working or sleeping in the vicinity of the premises.

9.2 The concerns relate, amongst other things, to litter, light pollution, noxious odours and noise nuisance resulting from music, human voices, ventilation equipment and vehicles. The Licensing Authority will expect applicants to demonstrate that suitable and sufficient measures have been identified, and will be implemented and maintained, with the intention of preventing public nuisance relevant to the individual style, location and characteristics of the premises and events.

9.3 If an external structure or area is to be used by customers, whether for consumption of alcohol or for smoking, the applicant will be expected to offer measures designed to minimise its impact on local residents in respect of both public nuisance and crime and disorder. These measures may include a restriction on hours that areas / structures will be used, appropriate signage requesting customers to consider local residents and monitoring of such areas by staff.

9.4 The placement of tables and chairs outside of licensed premises may give rise to public nuisance including noise and litter. When tables and chairs are situated on the public highway relevant consents will often be required. Enquiries for such consents should be made to the Council's Highway's Section of the Regeneration and Economic Development Department. In predominantly commercial areas such as shopping centres the Licensing Authority, the use of tables and chairs outside may be allowed however, the Council will normally expect them to be removed before the premises close, and any resulting litter/ debris cleared away.

9.5 Applicants should give consideration to reducing potential noise nuisance by, for example (this list is not exhaustive):

- Assessment of likely noise levels in the premises.
- Assessment of likely noise levels if outdoor drinking is allowed.
- The sound insulation the building would provide (e.g. double glazing, double doors / lobbies to entrances, windows used for ventilation).
- The distance and direction to the nearest noise sensitive premises.
- Likely noise sources outside of the premises (e.g. emptying bottle bins, taxis, unruly customers leaving the premises).
- Dispersal of patrons – where necessary the Licensing Authority will expect a dispersal policy for patrons at the end of the evening. The policy will specify such issues as alterations to the style and volume of music played, public address announcements and use of appropriate signage at exits.
- Ways to limit noise / disorder from patrons leaving the premises.

9.6 The extent to which the above matters will need to be addressed will be dependent on the nature of the area where the premises are situated, the type of

premises concerned, the licensable activities to be provided, operational procedures and the needs of the local community.

9.7 Applicants are advised to seek advice from Durham County Councils Environmental Health Team and incorporate any recommendations in their Operating Schedule before submitting their applications.

9.8 Takeaways and fast-food outlets: The Licensing Authority expects takeaways and late night refreshment premises to take reasonable steps in clearing litter from outside their premises and along the pavement in either direction as necessary, whilst the premises are open and at the end of the working day. These premises should maintain clean, dirt or grease free frontages. Such premises should also provide notices displayed advising customers of the location of bins and patrons should use the bins any provided.

Appendix B. Framework Licensing Hours - recommended hours for the operation of licensable activities (the sale of alcohol and the provision of late night refreshment) for categories of licensed premises situated within the County of Durham.

APPENDIX 6 – SECTION 182 GUIDANCE

Public nuisance

- 2.15 The 2003 Act enables licensing authorities and responsible authorities, through representations, to consider what constitutes public nuisance and what is appropriate to prevent it in terms of conditions attached to specific premises licences and club premises certificates. It is therefore important that in considering the promotion of this licensing objective, licensing authorities and responsible authorities focus on the effect of the licensable activities at the specific premises on persons living and working (including those carrying on business) in the area around the premises which may be disproportionate and unreasonable. The issues will mainly concern noise nuisance, light pollution, noxious smells and litter.
- 2.16 Public nuisance is given a statutory meaning in many pieces of legislation. It is however not narrowly defined in the 2003 Act and retains its broad common law meaning. It may include in appropriate circumstances the reduction of the living and working amenity and environment of other persons living and working in the area of the licensed premises. Public nuisance may also arise as a result of the adverse effects of artificial light, dust, odour and insects or where its effect is prejudicial to health.
- 2.17 Conditions relating to noise nuisance will usually concern steps appropriate to control the levels of noise emanating from premises. This might be achieved by a simple measure such as ensuring that doors and windows are kept closed after a particular time, or persons are not permitted in garden areas of the premises after a certain time. More sophisticated measures like the installation of acoustic curtains or rubber speaker mounts to mitigate sound escape from the premises may be appropriate. However, conditions in relation to live or recorded music may not be enforceable in circumstances where the entertainment activity itself is not licensable (see chapter 16). Any conditions appropriate to promote the prevention of public nuisance should be tailored to the type, nature and characteristics of the specific premises and its licensable activities. Licensing authorities should avoid inappropriate or disproportionate measures that could deter events that are valuable to the community, such as live music. Noise limiters, for example, are expensive to purchase and install and are likely to be a considerable burden for smaller venues.
- 2.18 As with all conditions, those relating to noise nuisance may not be appropriate in certain circumstances where provisions in other legislation adequately protect those living in the area of the premises. But as stated earlier in this Guidance, the approach of licensing authorities and responsible authorities should be one of prevention and when their powers are engaged, licensing authorities should be aware of the fact that other legislation may not adequately cover concerns raised in relevant representations and additional conditions may be appropriate.

- 2.19 Where applications have given rise to representations, any appropriate conditions should normally focus on the most sensitive periods. For example, the most sensitive period for people being disturbed by unreasonably loud music is at night and into the early morning when residents in adjacent properties may be attempting to go to sleep or are sleeping. This is why there is still a need for a licence for performances of live music between 11 pm and 8 am. In certain circumstances, conditions relating to noise emanating from the premises may also be appropriate to address any disturbance anticipated as customers enter and leave.
- 2.20 Measures to control light pollution will also require careful thought. Bright lighting outside premises which is considered appropriate to prevent crime and disorder may itself give rise to light pollution for some neighbours. Applicants, licensing authorities and responsible authorities will need to balance these issues.
- 2.21 Beyond the immediate area surrounding the premises, these are matters for the personal responsibility of individuals under the law. An individual who engages in anti-social behaviour is accountable in their own right. However, it would be perfectly reasonable for a licensing authority to impose a condition, following relevant representations, that requires the licence holder or club to place signs at the exits from the building encouraging patrons to be quiet until they leave the area, or that, if they wish to smoke, to do so at designated places on the premises instead of outside, and to respect the rights of people living nearby to a peaceful night.
