**Subject:** RE: Notice of Attendance - 22nd August 2017 @ 10.00am

Yvonne,

The licensing guidance suggests it would be helpful to committee members to provide maps to aid their understanding of the area where the proposed license is being sought. I have attached three documents to assist the committee members and other interested parties to understand the location and layout of Sheraton Park. The documents are:

1. A Google map identifying Sheraton Park within the local area.
2. A CGI created by the architects showing the two buildings Neville House and Sheraton House and illustrative of the walk students would take to walk from the bar/café in Sheraton House across to their accommodation in Neville House.
3. A more detailed map of the Sheraton Park site illustrating the two college buildings within the immediate locale.

As advised I will also bring hard copies of these maps to provide to all interested parties on the day.

Regards

Ian Mac.
