Governance Review Process and Updated Local Code of Corporate Governance

John Hewitt, Corporate Director of Resources

Councillor Alan Napier, Cabinet Portfolio Holder for the Deputy Leader and Finance

Purpose of the Report

- 1 This report,
 - a) informs the Council of the outcome following the review of the process to develop the annual governance statement, and
 - b) seeks Council approval to update the Local Code of Corporate Governance.

Background

- 2 The Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. The Council also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way which functions are exercised.
- 3 In discharging this overall responsibility the Council is responsible for putting in place proper arrangements for the governance of its affairs and facilitating the effective exercise of its functions, including the management of risks.
- 4 The Accounts and Audit Regulations 2015 require a local authority to review, at least once a year, the effectiveness of its system of internal control. This requirement will be fulfilled if the review is conducted in accordance with the Delivering Good Governance (DGG) in Local Government Framework (2016).
- 5 The Council should be able to demonstrate that its governance structures comply with the core and sub-principles contained in the Framework and, to facilitate this, it should therefore develop and maintain a Local Code of Corporate Governance reflecting the principles set out.

Governance Review Process

- 6 The Council's governance review process has been re-assessed against the good practice features in appendix 2 and, while most requirements are met, four areas were identified as needing improvement:-

- a) Most assurance-gathering work by services is undertaken in a short period of intense activity during March and April. Senior management teams have now agreed to move towards continuous assurance by considering governance issues during quarterly risk reviews.
- b) The process for gathering assurance for around 30 corporate support functions is time-consuming and, often, the same arrangements are reported in successive years without change. Services presently maintain pages for some functions on the website, which contain some of the evidence required. Good examples include [performance management](#), [partnerships](#) and [consultations](#). Extending this practice would provide more scope for hyperlinking to meet the 'living document' and 'easily accessible' good practice features.
- c) The [Constitution](#) sets out the governance arrangements for a large range of subjects (around 48 articles, rules of procedure, codes, protocols, schemes, etc.) in a single, 476-page document. Consequently, individual items are not easily accessible and this does not facilitate the use of hyperlinks. The new Head of Legal and Democratic Services is aware of this issue and will seek to address it in the annual review of the Constitution.
- d) There remains significant scope for consolidating the Council's governance arrangements and presenting them in a more concise, reader-friendly style with the use of diagrams. To this end, we are working towards improving these aspects on the intranet before proposing similar developments on the Council's website.

Local Code of Corporate Governance

- 7 The Local Code of Corporate Governance is a public statement that sets out the way the Council will meet its commitment to demonstrating that it has the necessary corporate governance arrangements in place to perform effectively. It represents a key component of the Council's governance arrangements and applies to all Council members, officers, partners and stakeholders in their dealings with the Council. The current Code can be found in Part 5 'Codes and Protocols', of the Council's Constitution.
- 8 The Local Code was updated last year to meet the requirements of the new DGG in Local Government Framework (2016) and has recently been reviewed to ensure that it remains fit for purpose. An updated version is attached in appendix 3 and this includes one proposed change, which is detailed below.
- 9 To help address the points in paragraphs 6 (a) and 6 (b) above, the text highlighted in grey below should be inserted at paragraph 4.66 as follows:

*The Council seeks to provide **continuous** assurance with regard to its arrangements for governance and internal control by,*

- ***Maximising the amount of assurance available online.***

Recommendation

10 The Council is requested to:

- a) note and endorse the outcome of the governance process review; and
- b) approve the amendment to Local Code of Corporate Governance as set out at paragraph 9 above and delegate authority to the Head of Legal and Democratic Services to update the Council's Constitution accordingly.

4.4 Key good practice features of an annual governance statement are described below:

- The statement has been properly approved.
- It is regarded as a valuable means of communications which will enable stakeholders to understand the authority's governance arrangements.
- It is easily accessible by authority members and members of the public, for example:
 - through its prominent display on the authority's website
 - publishing it with, but separately from, the statement of accounts.
- It has been clearly thought out and reflects the vision, character and structure of the authority, ie the big picture and not the detail.
- It demonstrates ownership by the authority and has a high status within senior management.
- It is a genuinely shared effort with wide input from outside the finance and audit functions.
- It is a key document for showing how the authority is achieving its strategic objectives.
- It is in an open and readable style.
- It demonstrates challenge.
- Issues are clearly articulated and it communicates a clear and concise message.
- Weaknesses together with areas for improvement are highlighted.
- It clearly communicates what has been done to resolve significant control issues and what remains to be done.
- Actions identified are specific, measurable, achievable, realistic and time-related (SMART).
- Responsibility for those actions is clearly identified.
- It is a 'living' document, ie it is not focused exclusively on year end and communicates significant issues which may change from year to year.

4.5 Other innovative features might include the following:

- Good use of diagrams to communicate the message more effectively and reduce the need for text.
- Use of hyperlinks to key governance documents to facilitate a brief and more user friendly statement.

DURHAM COUNTY COUNCIL

LOCAL CODE OF CORPORATE GOVERNANCE

1. Introduction

- 1.1. The Accounts and Audit Regulations 2015 require a local authority to conduct a review at least once in a year of the effectiveness of its system of internal control. A statement reporting on the review must be included in an Annual Governance Statement published with the Statement of Accounts.
- 1.2. The Annual Governance Statement must be “prepared in accordance with proper practices in relation to accounts”. To help meet this requirement, this code has been produced in accordance with Delivering Good Governance in Local Government Framework (2016) , “The DGG Framework”.

2. What is Governance?

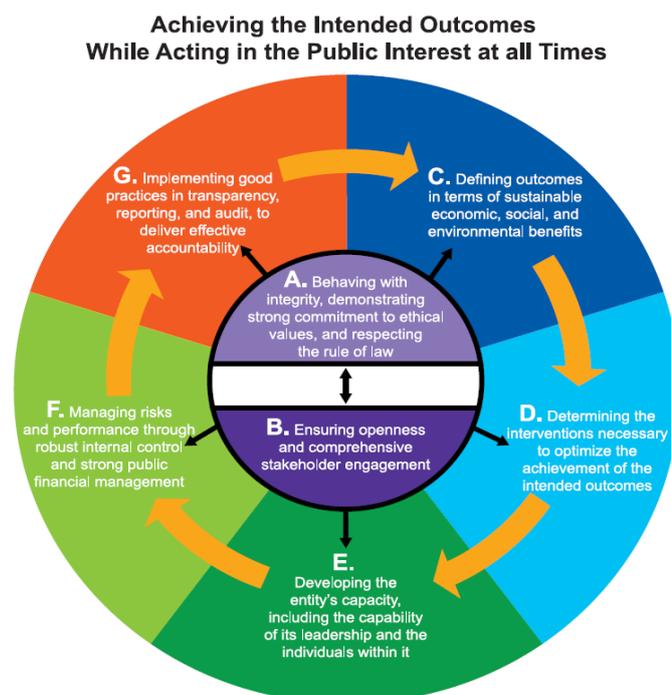

- 2.1. The International Framework: Good Governance in the Public Sector (Chartered Institute of Public Finance and Accountancy / International Federation of Accountants, 2014), the ‘International Framework’, defines governance as follows:

Governance comprises the arrangements put in place to ensure that the intended outcomes for stakeholders are defined and achieved.

- 2.2. The International Framework also states that:

To deliver good governance in the public sector, both governing bodies and individuals working for public sector entities must try to achieve their entity’s objectives while acting in the public interest at all times. Acting in the public interest implies primary consideration of the benefits for society, which should result in positive outcomes for service users and other stakeholders.

- 2.3. The diagram below, taken from the International Framework shows how the various principles of good governance in the public sector relate to each other.

3. The Principles of Good Governance

- 3.1. The DGG Framework requires governance processes and structures to focus on the attainment of sustainable outcomes for the economy, society and the environment. The Council acknowledges that sustainability and the links between governance and public financial management are crucial and pledges to take account of the impact of current decisions and actions on future generations.
- 3.2. Principles A and B spread through all other principles C to G and ensure that the Council achieves its intended outcomes while acting in the public interest at all times. This requires:
 - A. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law.**
 - B. Ensuring openness and comprehensive stakeholder engagement.**
- 3.3. In addition to the overarching requirements for acting in the public interest in principles A and B, achieving good governance in the public sector also requires effective arrangements for:
 - C. Defining outcomes in terms of sustainable economic, social, and environmental benefits.**
 - D. Determining the interventions necessary to optimise the achievement of the intended outcomes.**
 - E. Developing the Council's capacity, including the capability of its leadership and the individuals within it.**
 - F. Managing risks and performance through robust internal control and strong public financial management**
 - G. Implementing good practices in transparency, reporting, and audit to deliver effective accountability**

4. The Council's Local Code of Corporate Governance

- 4.1. The Council is committed to, and endeavours to maintain, an effective governance framework to meet the principles set out in this Code.
- 4.2. This Code also aims to ensure that the Council responds appropriately to sustained pressures from a variety of sources.
- 4.3. The components that make up the Council's governance framework are many and varied. They include:-
 - Internal and partner strategy documents that set out a longer term vision for the future of the County and identify the most important priorities;
 - Internal and partner policy documents and codes that regulate committee and business activities to ensure that they comply with the law and that the Council's objectives and values are supported;

- Committees and officer groups that regulate and/or monitor Council or business activities to ensure that they comply with the law and that the Council's objectives and values are supported;
 - Other systems, processes and documents, including self-assessment tools, that support or evidence the principles of good governance set out in The DGG Framework.
- 4.4. The key document supporting the Council's governance arrangements is the [Constitution](#), which sets out how we operate, how decisions are made and the rules and procedures we follow to ensure our work is efficient and transparent and that we are accountable to local people. The Constitution Working Group, which is chaired by the Leader of the Council and consists of the lead Members from each political party, co-ordinates proposed changes and these are approved by Full Council. A full annual review is carried out each year.
- 4.5. A fundamental feature of the Council's governance arrangements is the overview and scrutiny system, the role of which is to review policy and challenge whether the Executive has made the right decisions to deliver policy goals. Another key feature is the Standards Committee, which is responsible for promoting and maintaining high standards of conduct by councillors, independent members and co-opted members. Further details on the overview and scrutiny function and the Standards Committee are included under Principle A.
- 4.6. This section describes, with reference to the components of the Council's governance framework, how each of the principles and sub-principles of this Code will be met. In addition to the components listed above, where relevant, references to key legislation, professional standards and codes of practice are made.

Principle A: Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law.

Why this is important

- 4.7. The Council is accountable not only for how much it spends, but also for how it uses the resources under its stewardship. This includes accountability for outputs, both positive and negative, and for the outcomes it has achieved. In addition, the Council has an overarching responsibility to serve the public interest in adhering to the requirements of legislation and government policies. It is essential that, as a whole, it can demonstrate the appropriateness of all its actions and have mechanisms in place to encourage and enforce adherence to ethical values and to respect the rule of law.

How we meet this principle

- 4.8. Key governance documents supporting Principle A include:

[Constitution](#) – Codes of Conduct for Members and Employees (Part 5); [Confidential Reporting Code \(Whistleblowing policy\)](#) (Part 5); Contract Procedure Rules (Part 4); Decision Making (Article 12); Functions and Responsibilities of Key Officers (Article 11); Member Role Descriptions (Part 9); Overview and Scrutiny Arrangements (Article 6); Protocol on Member/Officer Relations (Part 5); Other Codes and Protocols (Part 5); Roles and Functions of Members (Article 2).

Other – [Competency Framework](#); [Corporate Complaints Policy](#); [Counter Fraud and Corruption Strategy](#); [Fraud Response Plan](#); Officer and Member Gifts & Hospitality Register and Procedures; [Overview and Scrutiny Handbook](#); [Sustainable Commissioning and Procurement Policy](#); Sustainable Buying Standards.

A1 Behaving with integrity

- 4.9. The Council ensures that its values are communicated and understood, and that members and officers behave with integrity and lead a culture where acting in the public interest is visibly and consistently demonstrated. This is achieved by:
- Setting out in codes of conduct the minimum standards expected of members and employees, and the implications of any code breaches.
 - Setting out in the [Competency Framework](#) the Council’s corporate values to underpin staff behaviours and competencies.
 - Seeking individual commitment to the codes from members and officers during induction, through annual, written reminders and in performance appraisals.
 - Assigning the Constitution Working Group, chaired by the Leader of the Council and consisting of the lead Members from each political party, to oversee the maintenance and approval of the codes and protocols in Part 5 of the [Constitution](#). The Codes of Conduct are intended to be consistent with the Seven Principles of Public Life* (the Nolan Principles), which must be observed by members and employees when conducting the business of the Council or acting as a representative of the Council.
* Selflessness, Integrity, Objectivity, Accountability, Openness, Honesty and Leadership.
 - Setting out in the Contract Procedure Rules how contracts for goods, works, services and utilities should be put in place and managed, and detailing the record keeping and reporting requirements related to procurement activity.
 - Members leading by example by adhering to these principles in decision making and during meetings with fellow members, employees, the community and partners.
 - Maintaining Registers of Interest for members and officers and formally registering interests at meetings and declaring gifts and hospitality.
- 4.10. The Council endeavours to demonstrate, communicate and embed its values through the following policies and processes, which are reviewed on a regular basis to ensure that they are operating effectively. This is achieved by:
- Providing guidance, through the [Fraud Response Plan](#), which supports the [Counter Fraud and Corruption Strategy](#), to employees and managers on the procedures that must be followed in the event of suspected fraud, theft or other irregularity.
 - Requiring the Chief Internal Auditor and Corporate Fraud Manager to verbally inform the Section 151 Officer, [Audit Committee](#) and External Audit of any serious cases of fraud.
 - Reporting the outcomes of anti-fraud and corruption work to [Audit Committee](#) as part of Protecting the Public Purse updates.
 - Enabling employees, through the [Confidential Reporting Code](#) to raise serious concerns within the Council rather than overlooking a problem or ‘blowing the whistle’ externally.

- Including in the [Durham Managers training programme](#) a course that explains how the [Confidential Reporting Code](#) should be used as a means to 'blow the whistle' where appropriate.
- Maintaining arrangements, through the [Corporate Complaints Policy](#), for non-statutory complaints about services, which are reported to [Corporate Issues Overview and Scrutiny Committee](#) along with details of investigations by the Commissioner for Local Administration.
- Maintaining arrangements for complaints against employees, which are referred to the Corporate Fraud Team, Human Resources and the respective Service Management to ensure a proper investigation.
- Assigning the [Monitoring Officer](#) to oversee the arrangements for conflicts of interest, gifts and hospitality for members and officers, who are required to review their declarations annually.
- Publishing the [Register of Gifts, Interests and Hospitality for Members](#) on the website under the relevant meeting or on the [Your Councillor webpage](#).

A2 Demonstrating strong commitment to ethical values

4.11. The Council seeks to establish, monitor and maintain ethical standards and performance, while underpinning personal behaviour with ethical values and ensuring they permeate all aspects of the organisation's culture and operation.

This is achieved by:

- Assigning the [Standards Committee](#) to promote and maintains high standards of conduct by councillors, independent members and co-opted members.
- Assigning the [Appeals and Complaints Committee](#) to determine appeals against decisions made by the Council.
- Maintaining an effective scrutiny function that encourages constructive challenge and enhances performance through the Overview and Scrutiny Management Board and Overview and Scrutiny Committees.
- The role, functions and scope of the Overview and Scrutiny Board and each of its six committees are set out in detail in the [Constitution](#) and the [Overview and Scrutiny Handbook](#). They allow a wider involvement in Council business by involving non-councillors from the wider public sector, voluntary and community groups to help them in their work. They may make reports and recommendations to the Executive and the Council as a whole on its policies, budget and service delivery.
- Review and scrutinise the conduct, decisions and actions of Police and Crime Commissioner through the Durham Police and Crime Panel, which is made up of members from Durham County Council and Darlington Borough Council.
- Providing, through the [Constitution](#), roles for independent members and co-opted members on the Standards Committee, Overview and Scrutiny Committees, [Audit Committee](#) and Police and Crime Panel.
- Reporting bi-annually, through the Internal Audit Service, to Corporate Management Team and the [Audit Committee](#) on investigations into misconduct, including any measures taken to enhance the control environment in order to prevent incidences happening in the future.
- Embedding ethical values through a variety of channels, including online training, briefings and news bulletins.
- Rewarding good ethical behaviour through the [Great Staff, Great Stuff Scheme](#), and awarding instant recognition certificates to those who make an exceptional contribution in this area.

- 4.12. The Council places emphasis on agreed ethical values by,
- Maintaining a range of key ethical codes and protocols, such as the codes of conduct for members and employees, and the Protocol on Member/Officer Relations, in Part 5 of the Council Constitution.
 - Using the above codes and protocols to set the tone for subsidiary policies and procedures in areas such as procurement, recruitment, staff discipline, gifts and hospitality and declarations of interest.
- 4.13. The Council requires external providers of services on its behalf to act with integrity and in compliance with ethical standards. This is achieved by:
- Including the Council's ethical values in protocols for partnership working.
 - Seeking, through the Sustainable Commissioning and Procurement Policy, to implement procedures that protect the long-term interests of the communities we represent, in line with the Public Services (Social Value) Act 2012. Instructing bidding organisations to bring the above policy to the attention of bidders.
 - Addressing ethical supply chain issues through Sustainable Buying Standards, which are mandatory in all relevant council contracts.
 - Vetting potential contractors for convictions and violations for specified offences, as required by the Public Contracts Regulations 2015.

A3 Respecting the rule of law

4.14. The Council endeavours to ensure that members and staff demonstrate a strong commitment to the rule of the law as well as adhering to relevant laws and regulations. It also seeks to create the conditions to ensure that the statutory officers, other key post holders, and members, are able to fulfil their responsibilities in accordance with legislative and regulatory requirements. This is achieved by:

- Through the Constitution,
 - Committing to exercise all powers and duties in accordance with the law;
 - Setting out Member Role Descriptions (Part 9) and the functions and responsibilities of key officers (Part 2, Article 11), recognising those posts that are statutory;
 - Committing, through Article 11, to provide the Monitoring Officer and Chief Finance Officer with such officers, accommodation and other resources as are in their opinion sufficient to allow their duties to be performed;
 - Designating the Chief Executive as Head of Paid Service in accordance with Section 4 of the Local Government and Housing Act 1989.
 - Designating the Corporate Director, Resources as the Section 151 Chief Financial Officer (CFO) to fulfil the governance requirements of the CIPFA * Statement on the Role of the CFO in Local Government (2010).

* Chartered Institute of Public Finance & Accountancy

- Maintaining, under the supervision of the Chief Executive, a chief officer structure that is equipped to respond to modern challenges faced by the Council.

- Making the CFO a member of Corporate Management Team, reporting directly to the Chief Executive and reviewing all reports to Cabinet which have financial implications.
 - Maintaining arrangements for members and officers to work together on the work programme of the Cabinet, which is managed through a system of Cabinet pre-agenda meetings, supported by regular briefing sessions held by Corporate Directors with Cabinet Portfolio Members and their support Members.
 - Providing specialist legal advice through Legal & Democratic Services.
 - Providing training, awareness and advice, through central support services, to meet general legal requirements in areas such as data protection, freedom of information, equalities and health and safety.
 - Making staff aware of relevant statutory provisions through formal training and written guidance, and implementing appropriate service-specific arrangements to ensure compliance.
- 4.15. The Council strives to optimise the use of the full powers available for the benefit of citizens, communities and other stakeholders by,
- Designating, in accordance with Section 5 Local Government and Housing Act 1989, the Head of Legal and Democratic Services as Monitoring Officer, who attends Corporate Management Team and advises on legal issues.
 - Authorising the Head of Legal and Democratic Services, under the [Constitution](#), Article 13, to institute, defend or participate in any legal proceedings to give effect to decisions of the Council or in any case where she considers that such action is necessary to protect the Council's interests.
- 4.16. The Council endeavours to deal effectively with corruption, misuse of power and breaches of legal and regulatory provisions by,
- Maintaining a dedicated Corporate Fraud Team to support its counter fraud arrangements.
 - Vigorously dealing with breaches of legal or regulatory provisions through disciplinary or criminal proceedings, as appropriate.
 - Enabling employees, contractors and suppliers, through the [Confidential Reporting Code \(Whistleblowing policy\)](#), to raise concerns about potential breaches of conduct in decision-making.
 - Thoroughly investigating and, if confirmed, vigorously pursuing any allegations of corruption and misuse of power, seeking the strongest possible sanctions against those who seek to defraud the Council, regardless of whether they are staff, members, contractors, external individuals and organisations.

Principle B: Ensuring openness and comprehensive stakeholder engagement.

Why this is important

- 4.17. Local government is run for the public good. The Council should therefore ensure openness in its activities. Clear, trusted channels of communication and consultation should be used to engage effectively with all groups of stakeholders, such as individual citizens and service users, as well as institutional stakeholders. Institutional stakeholders are the other organisations that local government needs to work with to improve services and outcomes (such as commercial partners and

suppliers as well as other public or third sector organisations) or organisations to which they are accountable.

How we meet this principle

4.18. Key governance documents supporting Principle B include:

[Constitution](#) – Audit Committee Role (Part 3); Decision Making (Article 12); How the Council operates (Part 2); Joint Arrangements and Partnerships (Article 10); Officer Scheme of Delegations (Part 3).

[Other](#) – Area Action Partnerships Terms of Reference; [Consultation & Engagement Strategy](#); [Consultations web page](#); [County Durham Compact](#); County Durham Partnership Community Engagement and Empowerment Framework; [Joint Health and Wellbeing Strategy 2016 - 2019](#); [notice of key decisions webpage](#); [officer decisions webpage](#) [Partnership Governance Framework](#); Partnership Performance Management Framework; Partnerships Register; [petitions webpage](#); [Risk Management Strategy and Policy](#); [Sustainable Community Strategy \(SCS\) 2014 – 2030](#); [Transparency and Accountability webpage](#).

B1 Openness

4.19. The Council maintains an open culture and encourages wide public involvement in determining the most appropriate and effective interventions and courses of action. This is achieved by:

- Encouraging a climate of openness, headed by the Council Leader who holds regular Cabinet meetings at various locations in the County.
- Maintaining a website that is designed to make it easy for users to find information and includes a [Transparency and Accountability webpage](#) to comply with the [Local Government Transparency Code 2015](#).
- Publishing information on the website about services provided, land and assets owned by the Council, organisational structures and salaries, counter fraud, how money is spent and how services are bought.
- Deploying a range of research, consultation and engagement techniques so that the selected approach is fit for each given purpose.
- Taking a planned approach to maximise participation and ensure that the public's views are incorporated into decision making processes.

4.20. The Council seeks to make decisions that are open about actions, plans, resource use, forecasts, outputs and outcomes, with a presumption for openness and, where relevant, giving reasons for keeping any decision confidential. Clear reasoning and evidence will be provided for decisions, being explicit about the criteria, rationale and considerations used, to ensure that the impact and consequences of those decisions are clear. These aims are achieved by,

- Setting out in the [Constitution](#) how the Council operates, how decisions are made and the procedures followed to ensure that these are effective, transparent and accountable to local people.
- Publishing on the website: advance [notice of key decisions](#) covering a rolling period of four months; decisions made by the Executive, within two days of the respective meeting; and all major decisions that are in the public domain.
- Publishing all [officer decisions](#) made under the Officer Scheme of Delegations ([Constitution](#), Part 3).
- Supporting the Council's decision-making processes with:

- A [Risk Management Strategy and Policy](#);
- An [Audit Committee](#) responsible for monitoring and reviewing processes for risk management, internal control, governance and associated assurance; and
- Arrangements to ensure that they comply with legal requirements and that all reports requiring a decision include the legal implications, confirm that legal advice has been obtained on proposals, and the source of that legal advice.
- Including in the Council's stated principles for decision making the giving of reasons for decisions and supporting them with references to legal or other professional advice and stating the potential implications in terms of finance, staffing, risk, human rights and several other factors.

B2 Engaging comprehensively with institutional stakeholders

4.21. The Council seeks to effectively engage with institutional stakeholders and, where necessary, develop formal and informal partnerships to ensure that the purpose, objectives and intended outcomes for each stakeholder relationship are clear. The aims of this approach are to ensure that outcomes are achieved successfully and sustainably, with efficient use of resources. This is achieved by:

- Heading the [County Durham Partnership](#) (CDP), chaired by the Council Leader, which is the lead partnership for most strategic partnerships in the County.
- Managing relationships with partners through the [Partnership Governance Framework](#) (PGF), which seeks to ensure that:
 - members are clear about their roles and responsibilities;
 - there is clarity about the legal status of the partnership;
 - representatives both understand and make clear to all other partners the extent of their authority to bind their organisation to partner decisions.
- Providing support and oversight, through a [Chief Officer Group](#), to chief officers across all statutory agencies of the safeguarding arrangements for children and adults services. The Group has an independent Chair and includes officers from the Council, NHS and the Police.
- Maintaining, in accordance with the [Partnership Performance Management Framework](#), a register of active partnerships and regularly reviewing them to assess and evaluate their governance and effectiveness.
- Allowing, through the [Constitution](#), joint arrangements to be established for specific purposes such as the provision and maintenance of crematoria, and setting out details of existing joint arrangements, including purpose, parties and effective dates.
- Shaping and supporting a common vision and approach for community engagement through the [County Durham Partnership Community Engagement and Empowerment Framework](#).
- Providing, through the [County Durham Compact](#), a framework for partnership and engagement with the voluntary and community sector.
- Including in the [CDP](#) a range of key public, private and voluntary sector organisations that work together to improve the quality of life for the people within County Durham.
- Structuring the [CDP](#) into five thematic partnerships based on the economy, children and families, health and wellbeing, community safety and the environment.

- Managing, within service groupings, informal, collaborative working arrangements with external organisations.
- Ensuring, through the [Partnership Governance Framework](#) that partnerships are based on:
 - trust
 - a shared commitment to change
 - a culture that promotes and accepts challenge among partners

and that the added value of partnership working is explicit.

B3 Engaging with individual citizens and service users effectively

4.22. Through the [Consultation & Engagement Strategy](#), the Council seeks to establish a clear policy on the type of issues on which it will consult with or involve communities, individual citizens, service users and other stakeholders. The Council aims to ensure that the views of local people are used to set priorities, influence policy and decision making, and that service provision is contributing towards the achievement of intended outcomes.

4.23. The Council endeavours to ensure that communication methods are effective, and that members and officers are clear about their roles with regard to community engagement, in order to collect and evaluate the views, experiences and future needs of people and organisations of different backgrounds. This approach is combined with effective feedback mechanisms to demonstrate how views have been taken into account and balancing feedback from more active and other stakeholder groups to ensure inclusivity. This is achieved by:

- Assigning the [Corporate Communications and Policy Team](#) to lead on communications with external audiences through local, regional and national media with direction and guidance provided through communications protocols.
- Welcoming [petitions](#) and recognising that they are an effective way for people to voice their concerns.
- Engaging with the community, through 14 multi-agency Area Action Partnerships, to identify and address local priorities and utilise locality budgets to drive improvements to the local area.
- Using the consultation process to involve a range of stakeholders in refreshing the [Joint Health and Wellbeing Strategy 2016 - 2019](#).
- Publishing results of [consultation and engagement campaigns](#) on the website with explanations of what has been changed as a result of the views and comments collected.
- Selecting appropriate consultation techniques and engaging through area action partnerships and the voluntary sector to involve all sections of the community effectively.
- Ensuring that selected techniques recognise that different sections of the community have different priorities and establish processes for dealing with these competing demands.
- Seeking, with guidance from the [Sustainable Community Strategy \(SCS\) 2014 – 2030](#), the [Joint Health and Wellbeing Strategy 2016 - 2019](#), supported by the decision making process, to manage resources in ways that do not compromise the quality of life of future generations or those in the wider world.

Principle C: Defining outcomes in terms of sustainable economic, social, and environmental benefits

Why this is important

4.24. The long-term nature and impact of many of the Council's responsibilities mean that it should define and plan outcomes and that these should be sustainable. Decisions should further the Council's purpose, contribute to intended benefits and outcomes, and remain within the limits of authority and resources. Input from all groups of stakeholders, including citizens, service users, and institutional stakeholders, is vital to the success of this process and in balancing competing demands when determining priorities for the finite resources available.

How we meet this principle

4.25. Key governance documents supporting Principle C include:

[Constitution](#) – Decision Making (Article 12); Protocol on Member/Officer Relations (Part 5).

[Other](#) – Asset Management Plan; [Children, Young People and Families Plan 2016 - 2019](#); [Consultation & Engagement Strategy](#); Corporate Capital Protocol; [Council Plan 2016 - 2019 and service plans](#); [County Durham Plan](#); [Customer First Strategy and Customer Services Charter](#); [Equality Policy](#); [Joint Health and Wellbeing Strategy 2016 - 2019](#); [Medium Term Financial Plan 2016 - 2019 \(MTFP\)](#); [Performance Management Framework](#); [Police, Crime and Victim's Plan 2016 - 2021](#); [Regeneration Statement 2012 – 2022](#); [Risk Management Strategy and Policy](#); [Safe Durham Partnership Plan 2016 - 2019](#); [Sustainable Community Strategy \(SCS\) 2014 – 2030](#).

C1 Defining outcomes

4.26. The [Sustainable Community Strategy \(SCS\) 2014 – 2030](#), which has been produced by the Council in conjunction with its partners on the [County Durham Partnership](#), and demonstrates its shared long-term vision for the future of County Durham. This vision for County Durham, namely 'Altogether Better Durham' outlines five priority themes, which represent the major issues identified by residents:

- Altogether wealthier – focusing on creating a vibrant economy and putting regeneration and economic development at the heart of all our plans. This theme is supported by the [Regeneration Statement 2012 – 2022](#) and the [County Durham Plan](#);
- Altogether better for children and young people – ensuring children and young people are kept safe from harm and that they can 'believe, achieve and succeed'. This theme is supported by the [Children, Young People and Families Plan 2016 - 2019](#);
- Altogether healthier – improving health and wellbeing, supported by the [Joint Health and Wellbeing Strategy 2016 - 2019](#);
- Altogether greener – ensuring an attractive and 'liveable' local environment and contributing to tackling global environmental challenges. This theme is supported by the [County Durham Plan](#);
- Altogether safer – creating a safer and cohesive county, supported by the [Safe Durham Partnership Plan 2016 - 2019](#) and the [Police, Crime and Victims' Plan 2016 - 2021](#).

- 4.27. In addition to the above arrangements, the Council defines outcomes by,
- Setting out, in the [Council Plan 2016 - 2019](#) and individual [service plans](#), supporting policies, plans and strategies, set out the key actions to be taken in support of delivering the longer term goals in the [SCS](#) and the Council's own improvement agenda.
 - Developing, through the [Medium Term Financial Plan 2016 - 2019 \(MTFP\)](#), a financial framework in line with the [Council Plan](#) that enables members and officers to ensure policy initiatives can be planned for delivery within available resources and can be aligned to priority outcomes.
 - Subjecting the delivery of the [Council Plan](#) and the [Medium Term Financial Plan](#) to detailed and frequent monitoring undertaken by Corporate Management Team and Cabinet.
 - Supporting decision making and project management processes with the [Performance Management Framework](#) and the [Risk Management Strategy and Policy](#).
 - Seeking, through the [Customer First Strategy and Customer Services Charter](#), which link to the wider priorities of the Council, to broaden accessibility to information and services in an economically efficient way, taking account of increased demand for services, changes to the welfare system and reducing budgets.

C2 Sustainable economic, social and environmental benefits

- 4.28. The Council considers and balances the combined economic, social and environmental impact of policies and plans when taking decisions about service provision, taking a longer-term view with due regard to the wider public interest and potential risks. The Council is committed to acting transparently where there are potential conflicts between the Council's intended outcomes and short-term factors such as the political cycle or financial constraints. This is achieved by:
- Pursuing economic and environmental benefits through the *Altogether Wealthier* and *Altogether Greener* themes respectively, and pursuing social benefits through the other themes.
 - Using decision making processes, which include management of performance and risks, to support the achievement of high level objectives in furtherance of economic, social and environmental benefits.

- Determining, through the [Consultation & Engagement Strategy](#), the wider public interest associated with balancing conflicting interests between achieving the various economic, social and environmental benefits, in order to ensure appropriate trade-offs.

4.29. The Council ensures fair access to services by,

- Using the [Equality Policy](#) to reinforce the Council's public sector equality duty and prevent negative outcomes from Council decisions for people with protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion and belief, sexual orientation).
- Supporting the [Equality Policy](#) with an impact assessment process, which ensures that the impact on equality is considered in the Council's decision making.
- Promoting equality and diversity across all of the Council's work through the Overview and Scrutiny Management Board and Scrutiny Committees.

Principle D: Determining the interventions necessary to optimise the achievement of the intended outcomes

Why this is important

4.30. Local government achieves its intended outcomes by providing a mixture of legal, regulatory, and practical interventions. Determining the right mix of these courses of action is a critically important strategic choice that local government has to make to ensure intended outcomes are achieved. They need robust decision-making mechanisms to ensure that their defined outcomes can be achieved in a way that provides the best trade-off between the various types of resource inputs while still enabling effective and efficient operations. Decisions made need to be reviewed continually to ensure that achievement of outcomes is optimised.

How we meet this principle

4.31. Key governance documents supporting Principle D include:

[Constitution](#) – Budget and Policy Framework Procedure Rules (Part 4); Decision Making (Article 12); Financial Procedure Rules (Part 4); Overview and Scrutiny Arrangements (Article 6).

[Other](#) – [Capital Programme](#); [Council Plan and service plans](#); [Medium Term Financial Plan 2016 - 2019 \(MFTP\)](#); [Partnership Governance Framework](#); [Performance Management Framework](#); [Overview and Scrutiny Annual Report](#); [Risk Management Strategy and Policy](#); [Sustainable Community Strategy \(SCS\) 2014 – 2030](#); [Sustainable Commissioning and Procurement Policy](#).

D1 Determining interventions

4.32. The Council ensures that decision makers receive objective and rigorous analysis of a variety of options, indicating how intended outcomes would be achieved and highlighting associated risks, in order to secure best value regardless of the service delivery method. This is combined with considering feedback from citizens and service users about proposed service improvements or where services are no longer required in order to prioritise competing

demands within limited resources available including people, skills, land and assets and bearing in mind future impacts. This is achieved by:

- Embedding the pursuit of value for money into all of the Council's decision making processes through the 'effective use of resources' objective under the Altogether Better Council theme.
- Frequently undertaking reviews to provide assurance that value for money services are being provided.
- Using residents' and other stakeholders' views with high level analysis of the equalities impact to shape proposals in the [Medium Term Financial Plan](#).

D2 Planning interventions

4.33. The Council's arrangements for planning the interventions for the achievement of its intended outcomes are,

- Establishing and implementing, through the [Council Plan](#) and [Medium Term Financial Plan](#) monitoring, robust planning and control cycles that cover strategic and operational plans, priorities and targets.
- Engaging with internal and external stakeholders, through participative budgeting and other consultation techniques, in determining how services and other courses of action should be planned and delivered.
- Considering and monitoring risks facing each partner when working collaboratively, including shared risks, through the [Partnership Governance Framework](#) and the [Risk Management Strategy and Policy](#).
- Ensuring, through the [Council Plan](#) and business continuity planning, that arrangements are flexible and agile so that the mechanisms for delivering goods and services can be adapted to changing circumstances.
- Determining, during the development of the [Sustainable Community Strategy](#) and the [Council Plan](#) how the performance of services and projects will be measured, and linking these arrangements to a locally led [performance management framework](#), which ensures that attention is focused on Council priorities.
- Using key target indicators in areas where improvements can be measured regularly and can be actively influenced by the Council and its partners.
- Comparing performance with that of other Councils using a recognised, online tool.
- Undertaking, through the Overview and Scrutiny Committees, in-depth, evidence-based reviews of services, the findings of which are outlined in the [Overview and Scrutiny Annual Report](#).
- Preparing budgets in accordance with the [Sustainable Community Strategy](#), the [Council Plan](#) and the [Medium Term Financial Plan](#).
- Informing medium and long term resource planning by determining, through Cabinet in consultation with the Chief Financial Officer, the general budget strategy and issuing annual guidelines to Members and Chief Officers on preparing:-
 - A detailed revenue budget for the following year and the [MTFP](#);
 - The [Capital Programme](#);
 - The timetable for developing and agreeing the Council's revenue and capital budget.

D3 Optimising achievement of intended outcomes

- 4.34. The Council optimises the achievement of its outcomes by,
- Developing, through the [Medium Term Financial Plan](#), a financial framework in line with the [Council Plan](#) to deliver policy initiatives within available resources and aligned to priority outcomes.
 - Developing the budgeting process in line with Budget and Policy Framework Procedure Rules, to ensure that it is all-inclusive, and takes into account the full cost of operations over the medium and longer term.
 - Ensuring, through the development of the [MTFP](#) and [Council Plan](#) that partners and stakeholders have a clear view of the Council's priorities, targets and financial plans over the forthcoming period of four years.
 - Seeking, through the [Sustainable Commissioning and Procurement Policy](#), to implement procedures that protect the long-term interests of the communities we represent, in line with the Public Services (Social Value) Act 2012.
 - Instructing bidding organisations bring this policy to the attention of bidders.

Principle E: Developing the Council's capacity, including the capability of its leadership and the individuals within it

Why this is important

4.35. The Council needs appropriate structures and leadership, as well as people with the right skills, appropriate qualifications and mindset, to operate efficiently and effectively and achieve its intended outcomes within the specified periods. It must ensure that it has both the capacity to fulfill its own mandate and to make certain that there are policies in place to guarantee that its management has the operational capacity for the organisation as a whole. Because both individuals and the environment in which the Council operates will change over time, there will be a continuous need to develop its capacity as well as the skills and experience of the leadership and of individual staff members. Leadership in the Council is strengthened by the participation of people with many different types of backgrounds, reflecting the structure and diversity of communities.

How we meet this principle

4.36. Key governance documents supporting Principle E include:

[Constitution](#) – Decision Making (Article 12); The Executive (Article 7); Financial Procedure Rules (Part 7); Officer Scheme of Delegations (Part 3); Overview and Scrutiny Arrangements (Article 6); Protocol for Chairman and Vice-Chairman (Part 5); Protocol for member of the public wishing to ask a question at Council.

4.37. The Council ensures the continuing effectiveness of its operations, performance and use of assets by,

- Regularly monitoring the condition, suitability, sufficiency and accessibility of property under the [Office Accommodation Strategy](#) and the [Corporate Asset Management Plan](#) to ensure that best use is made of assets in terms of service benefit, financial benefit and value for money.
 - Setting out in the [Property Strategy](#) the main principles to ensure that opportunities to share the use of property are identified, and to make sure that assets are fit for purpose, cost effective and used to support regeneration and economic development.

 - Maintaining [Service Asset Management Plans](#), which include any heritage assets of the holding service.
 - Advising Cabinet on the [Capital Programme](#) through the Member Officer Working Group for Capital, which is responsible for scrutinising capital budget revisions and monitoring progress on schemes.
- 4.38. The Council strives to improve the use of its resources to ensure that they are allocated in a way that realises outcomes effectively and efficiently. This is achieved by:
- Using benchmarking data from statutory returns to inform programmes of VFM reviews and savings options in various service areas in order to ensure that defined outcomes are achieved effectively and efficiently.
 - Using data from commercial benchmarking clubs, to facilitate meaningful comparisons with other Councils.
 - Providing, through the [County Durham Compact](#), a framework for partnership and engagement with the voluntary and community sector where added value can be achieved.
 - Including in the [County Durham Partnership](#) a range of key public, private and voluntary sector organisations that work together to improve the quality of life for the people within County Durham.

- 4.39. The Council maintains an effective workforce plan, through the [Organisational Development Strategy](#), to enhance the strategic allocation of resources.

E2 Developing the capability of the Council's leadership and other individuals

- 4.40. The Council ensures that elected and appointed leaders negotiate with each other regarding their respective roles early on in the relationship and that a shared understanding of roles and objectives is maintained. This is achieved by:
- Setting out in the [Constitution](#) how the Executive is made up and how appointments to this committee are made.
 - Electing the Leader under the terms of the [Constitution](#), and making appointments to a number of committees with various regulatory and scrutiny responsibilities.
 - Setting out in the [Constitution](#) a protocol for the Chairman and Vice-Chairman of the Council that includes an expectation of political neutrality and acting as the conscience of the Council.

- Allocating, through the Leader under the terms of the [Constitution](#), roles and responsibilities to individual members and the Executive Committee as a whole.
 - Supporting the above arrangements with a number of formal member and officer working groups.
- 4.41. The Council makes a clear distinction between the types of decisions that are delegated and those reserved for the collective decision making of the Council in the [Constitution](#), which is published on the website.
- 4.42. The Council clearly defines in the [Constitution](#) the respective roles of the leader and the chief executive, whereby the chief executive leads in implementing strategy and managing the delivery of services and other outputs set by members and each provides a check and a balance for each other's authority.
- 4.43. The Council continually seeks to develop the capabilities of members and senior management to achieve effective leadership and to enable the organisation to respond successfully to changing legal and policy demands as well as economic, political and environmental changes and risks. This is achieved by:
- Ensuring, through the [Members Learning and Development Strategy](#) and the [Organisational Development Strategy](#), that members and staff are provided with induction training tailored to their role and individual training and development plans.

 - Inviting members of the public to attend Council meetings.
 - Including a protocol for member of the public wishing to ask a question at Council.
- 4.45. The Council ensures that the leadership's own effectiveness is considered and that leaders are open to constructive feedback from peer review and inspections by,
- Monitoring the decisions of the Executive through the Overview and Scrutiny Management Board, which has the power to:-
 - "call-in" decisions which have been made but not yet implemented; and
 - recommend that their decisions are reconsidered.

- Consulting the Overview and Scrutiny Management Board on forthcoming decisions or the development of policy.

Focusing on rehabilitation, through the [Attendance Management Policy](#) and a procedure for managing short-term absences, to support attendance at work using an early intervention procedure with assistance from Occupational Health.
- Supporting employees through change processes with confidential counselling services through the [Employee Assistance Programme](#).

Principle F: Managing risks and performance through robust internal control and strong public financial management

Why this is important

4.47. The Council needs to ensure that the organisations and governance structures that it oversees have implemented, and can sustain, an effective performance management system that facilitates effective and efficient delivery of planned services. Risk management and internal control are important and integral parts of a performance management system and crucial to the achievement of outcomes. Risk should be considered and addressed as part of all decision making activities.

4.48. A strong system of financial management is essential for the implementation of policies and the achievement of intended outcomes, as it will enforce financial discipline, strategic allocation of resources, efficient service delivery, and accountability.

4.49. It is also essential that a culture and structure for scrutiny is in place as a key part of accountable decision making, policy making and review. A positive working culture that accepts, promotes and encourages constructive challenge is critical to successful scrutiny and successful delivery. Importantly, this culture does not happen automatically, it requires repeated public commitment from those in authority.

How we meet this principle

4.50. Key governance documents supporting Principle F include:

[Constitution](#) – Councillor Call for Action Procedure (Part 4 Overview & Scrutiny Procedure Rules); Decision Making (Article 12); Financial Procedure Rules (Part 4); Overview and Scrutiny Arrangements (Article 6).

[Other](#) – [Budget Report](#); [Council Plan](#); [Data Protection Policy](#); [Data Quality Policy](#); Delivering Good Governance in Local Government Framework; [Internal Audit Plan, Strategy and Charter](#); [Medium Term Financial Plan](#); [Performance Management Framework](#); [performance reports](#); [Risk Management Strategy and Policy](#); [service plans](#).

Principle G: Implementing good practices in transparency, reporting, and audit to deliver effective accountability

Why this is important

4.59. Accountability is about ensuring that those making decisions and delivering services are answerable for them. Effective accountability is concerned not only with reporting on actions completed, but also ensuring that stakeholders are able to understand and respond as the Council plans and carries out its activities in a transparent manner. Both external and internal audit contribute to effective accountability.

How we meet this principle

4.60. Key governance documents supporting Principle G include:

[Other](#) – [Annual Governance Statement](#); [Annual Statement of Accounts](#); [Local Government Transparency Code 2015](#); [Partnership Governance Framework](#); [Transparency and Accountability webpage](#).

G1 Implementing good practice in transparency

4.61. Writing and communicating reports for the public and other stakeholders in a fair, balanced and understandable style appropriate to the intended audience and ensuring that they are easy to access and interrogate.

4.62. The Council aims to strike a proper balance between providing the right amount of information in a manner that is transparent and enhances public scrutiny while not being too onerous to provide and which readers can interpret. This is achieved by:

The Annual Governance Statement provides an overall assessment of the Council's corporate governance arrangements and an appraisal of the key controls in place to manage the Council's principal governance risks, together with proposed improvements that will be made. This governance review process helps inform any amendments required to this Code of Corporate Governance.

5.4. The Annual Governance Statement will be published as part of the Council's Annual Statement of Accounts and will be reviewed by our External Auditors as part of their annual audit process.

5.5. The [Standards Committee](#) is responsible for promoting high ethical standards across the Council, overview of the Member and Officer codes and other relevant protocols.
